

Corpus Christi Day Shelter

“Homelessness can happen to anyone.” - M. Fritz

Quotes from Shelter Volunteers

➤ “The best way for people to understand, is to strip them of I.D., S.S card, birth certificate, cash and credit cards. Give them a change of clothes, a sleeping bag and a list of services around town and turn them loose for 30 days. That would give them a taste of what homeless is like!”

➤ “I have personally helped and enabled individuals to no longer be homeless.”

➤ “I have a special care for underprivileged and mentally slow people, people who are trying to exist after illness, addiction, or past wrong living who are trying to recover.”

“My service experience increased my compassion of the everyday needs of homeless men, women and children. I am more thankful for my warm shower, full plate of food and safe bed to sleep in.”

Nicole Underwood

Michelle Nielsen, Nicole Underwood
Social Studies Methods 330- Dr. Teresa England

The learning objective for this course was to demonstrate how teachers can integrate service-learning into the elementary social studies curriculum.

“From my service at Corpus Christi I gained new appreciation for a sandwich with meat and cheese. We felt quite blessed when a generous donation of sandwiches arrived. Being homeless reflects the money in one’s wallet not the value of their soul.”

Michelle Nielsen

Providing Boise’s Homeless:

The mission of Corpus Christi House is to offer hospitality and services to those in need in the city of Boise.

- Mail services
- Local phone services
- Showers
- Monthly storage
- Laundry
