INTRODUCTION

The Boise State University Student Union Building is a place for students, faculty, staff, alumni and university guests to come together to exchange ideas and information and to interact informally, adding to one's educational experience in ways not always available in the classroom.

The whole idea of the Union is to provide something of interest to everyone--different programs, varied services, all in a diverse set of facilities. The thousands of people who stream through the doors of the Union everyday show that these Union services and programs are needed and appreciated.

One of the foremost responsibilities of the Union staff is to ensure that the Union is financially sound in its operation. Although the Union is a non-profit organization, it must deal with many of the financial challenges which face private businesses. The students at Boise State University can take pride in the fact that the professional staff has worked hard in developing sound business procedures. As a result, the Union has been able to do a better job in supporting other service functions, which students have come to know and expect.

In the student activities area, the primary objectives are to give students an opportunity to become involved in the planning, presenting and evaluation of programs and services to their fellow students. Professional Staff assistance is provided, which facilitates opportunities for students to learn specific skills in leadership management and human development. In addition, it is hoped that student activities broadens the interest of students beyond specific academic preparation and into such areas as the arts, recreation or current events; thus enhancing their overall growth and development as individuals.

On behalf of the entire staff, I am pleased to present the 1980-81 Annual Report. As a staff, I think we can be pleased with our accomplishments but ever mindful of our increasing challenges in 1981-82.

Dennis Freeburn
Director, Student Union/
Student Activities

STUDENT UNION BOARD OF GOVERNORS

The Student Union Board of Governors convened five meetings during the 1980-81 academic year. Lisa Wilkins (Student Representative) was elected chairperson and Dr. Leo Knowlton (faculty) was elected vice-chairperson.

During the fall semester, the S.U.B. Director (Denny Freeburn) suggested several changes and additions to the S.U.B. Operating Policy. Changes included adding an indemnity clause for damages from off-campus organizations, and several revised room reservation changes. A Recreation Center "group" rental policy was also adopted.

Following considerable discussion and analysis a rental agreement for S.U.B. tables and chairs to outside agencies was also adopted, with rates to be determined in accordance with local practice.

One of the most difficult problems the Board dealt with this year involved the bringing of food into the building for meetings. The major problem focused on the approval process and to whom such approval was granted. The existing Student Union Policy permits only recognized student organizations to bring food and refreshments to serve at their meetings. By the beginning of the spring semester, a revised policy had been put in place with additional revisions to the Scheduling Form.

A request was made to have the S.U.B. Director investigate the space allocated to the Boise Police Department. Concerns expressed related to negative initial impression regarding signage and continual presence of the police car parked in front of the building. After discussing the matter with Sgt. Don Davis, an agreement was made to park police vehicles in the designated space at the rear of the building.

The Board was particularly interested in the use of the Student Union Building by noncampus groups and the extent of rate charges. A comprehensive review report was presented with noncampus hour and head count breakdowns.

The Board also discussed the proposed Housing Systems fee increase, alternate funding sources, differential fees on equipment and facility use, rental in the Recreation Center and promotional advertising in the S.U.B.

At their final meeting of the year, the Board raised concerns regarding the possibility of expanding the parking area by the S.U.B. As a result of this discussion, a meeting was held with Parking Division representatives who have agreed to change all of the spaces in the front of the S.U.B. to visitor's spaces. In addition, in order to alleviate problems that service vendors are having in the loading dock area, five reserved spaces will be eliminated in order to more easily

accommodate the vendors.

The Outdoor Activities Center has revised their rental structure with students receiving the most preferential rates. The Board approved these revisions effective June 1, 1981.

STUDENT ACTIVITIES

STUDENT PROGRAMS BOARD

1980-81 was a year of adjustment for the Student Programs Board. The Board struggled while it was adjusting to the new legislation which was passed by the A.S.B.S.U. Senate. It took a few months for the internal organization to begin to function as it was conceived. Once this occurred, they were able to see what parts of the legislation had to be amended in order for the students to get maximum effectiveness from the Board. Some changes in the Senate Act were made during spring semester. The bill passed the Senate but was vetoed by the new A.S.B.S.U. President who wanted to see some minor changes and additions with well streamlined operational procedures. The entire staff and student representatives are confident the bill and its addition will make for an efficient and responsible student programming organization.

In spite of the organizational transitions which were taking place within the Board, they were able to present a well-rounded series of programs for the Boise State University community. For the first time, the Board offered a Fine Arts series which was extremely successful in terms of the quality of programs presented and the response of audience members. The Film Series also received praise for the creative series they offered. In fact, they turned a larger profit than any other committee. The Concerts Committee produced a successful Coffeehouse Series for the first time in four years. The Lectures Committee again presented a diverse year of lectures as well as co-producing the Faculty, Wives and Women Lecture Series. The Special Events Committee reevaluated some programs and added many very successful projects to their year of fun.

The following is an overall view of the Board's activities during the last year:

MAJOR CONCERTS

November 9, 1980 - Hoyt Axton and the Kip Attaway Band

This fine country singer and composer played before two capacity crowds. This was the B.S.U. Homecoming Concert and was well accepted by all attending.

January 30, 1981 - Maureen McGovern Concert

This concert had a twofold special meaning to B.S.U. and the city of Boise. First, it marked the reopening (since 1977) of the B.S.U. gym to concerts and second, it was for the March of Dimes. The size of the audience was disap-

pointing but they thoroughly enjoyed this fine artist as she sang many of her "hit" tunes.

February 22, 1981 - Jackson Browne's "Water for Life" Concert

This extremely popular vocalist played before a sellout crowd of over 3,000 people. This was a real test for the S.P.B. as it was the first "rock" show in the gym in five years. The event happened without incident except some cleanup problems and a drinking problem by members of the band and road crew. The fire department was very satisfied with our security procedures and complimented us on them.

March 7, 1981 - Taj Mahal and Ramblin' Jack Elliott

These two excellent artists played before a capacity audience in the S.U.B. Ballroom. Unfortunately, a small wire overheated in the sound system which made for an annoying hiss throughout the last half of the Taj Mahal performance.

May 4, 1981 - The Dave Brubeck Quartet

This "living legend" played before some 600 jazz fans who would not let him quit. He was outstanding; what more can we say?

June 20, 1981 - J. J. Cale

This early summer concert by one of the nation's best known blues artists was a rousing success. The audience of 750 enjoyed his hour and a half concert.

COFFEEHOUSES AND MINI CONCERTS

The coffeehouse idea was again used and very successfully throughout the year. With the help of the University Food Service, the Programs Board presented a well-rounded slate of artists and a pleasant atmosphere at a very reasonable price. The following is a list of the performers who appeared:

September 25, 1980 - Wilson and Cain; two very popular local artists.

October 9, 1980 - Boden and Zanetto; touring artists who play 1920's jazz.

October 30, 1980 - Spike Ericson; a local performer and part-time student at B.S.U.

November 20, 1980 - Bud Humphrey; a full-time student at B.S.U. and a favorite of the Programs Board.

December 11, 1980 - B.S.U. Alumni member Sue Croner; a local professional who is a past winner of the Great American Talent Show.

February 12, 1981 - Local favorites Ruff n' Ready; this young duo are award winning banjo and guitar players.

February 24, 1981 - Pete and Paul Barkett; very popular artists among college students in the Pacific Northwest.

March 5, 1981 - Bud Humphrey; return appearance in the coffeehouse series.

March 31, 1981 - Morgan Whalen and Mark Dodge; contemporary artists performing

original folk and rock music.

April 8 and 9, 1981 - Charlie Maguire; a popular artist who has played on the B.S.U. campus for the past four years. A real crowd pleaser.

April 25, 1981 - Nina Kahle and Scott Jones; although they played before a very small audience, they were well received and proved their talent to appreciative patrons.

LECTURES

Again this year, the S.P.B. teamed up with the Faculty, Wives and Women to present the Faculty Lecture Series. The S.P.B. included this with their regular lecture series which made for a good variety of lecture programs. The following is a list of the lectures presented this past year.

Dr. Monte Wilson - Spoke on the Mount St. Helen's volcano. He presented his information to a large crowd and kicked off the lecture series "with a bang."

Mr. Robert Randall - Spoke on his experiences with marijuana as a therapeutic drug he uses to combat an eye disorder.

Mr. Victor Marchetti - Spoke to a small audience about the evils of the C.I.A. This former agent was very interesting and presented the B.S.U. community with food for thought.

Dr. Dennis Donoghue - Made a very timely lecture on the Electoral Politics in 1980.

Mr. Richard Brautigan - Lectured and read poetry to a large crowd. This was the final event of Homecoming Week.

Dr. David Torbet - Spoke on the advantages and disadvantages of stress. This popular subject brought in a rather large crowd for the lecture.

Dr. Robert Behling - Spoke about the arrival of the computerized society.

Dr. Suzanne McCorkle - Spoke on the future of "Humankind: Myths, Dreams, Fantasy and Facts."

Senator Birch Bayh and Phyllis Schlafly - Debated the Equal Rights Amendment before a crowd of 850 people.

Dr. Charles Lauterbach - Spoke on the art of acting.

Mr. Basil Dahlstrom - Spoke on the activity of running as a method of obtaining physical fitness.

Mr. William Belk - Spoke on his experiences as an Iranian hostage.

FINE ARTS

1980-81 marked the first year of the new Fine Arts Series sponsored by the Student Programs Board. After much work, they presented a well-rounded season that met with praise and success. The following is a list of Fine Arts performances:

October 8, 1980 - Mr. David Grimes; presented an evening of classical guitar.

November 13 - 15, 1980 - B.S.U. hosted the Northwest Dance Symposium; this program was supported not only by the S.P.B., but by many local and on-campus contributors. It featured the dancing of Karen Attix and the Bill Evans Dance Co.

February 18-20, 1981 - The S.P.B. again cosponsored the B.S.U. Jazz Festival which featured Simon and Bard and the Art Pepper Band.

March 11-12, 1981 - B.S.U. and Boise Cascade hosted the Montana Repertory Theatre for two performances and four workshops. They presented "Arms and the Man" and "The Lion in Winter."

April 2, 1981 - The S.P.B. hosted the American Brass Quintet for one performance and two master classes.

April 12, 1981 - The S.P.B. hosted the world famous Pablo Casals Trio in concert and for three master classes.

May 5, 1981 - A special treat for Snack Bar goers was a performance of the Boise Philharmonic Quartet during the lunch hour.

FILMS

This was again the most popular form of entertainment on the B.S.U. campus. The 1980-81 selections were mostly classical and foreign in nature with a few popular films which made for a very pleasing package. Most films were well attended and presented in the Ada Lounge of the Student Union. This made for comfortable seating and a pleasant atmosphere for the patrons. The following is a list of the films shown at B.S.U. this year:

The Paper Chase; Small Change; Picnic at Hanging Rock; St. Jack; Cinderella Liberty; Story of Adelle H.; Cat and Mouse; Autumn Sonata; The Seventh Seal; Three Women; Citizen Kane; The Philadelphia Story; Nosferatu; A Man, a Woman and a Bank; The Sunshine Boys; A Simple Story; Derzu Uzala; Dr. Zhivago; Nanook of the North; Walkabout; The Lost Honor of Katerina Blum; The Passenger; The Conversation; An Unmarried Woman; Norma Rae; The Day the Earth Stood Still; 20,000 Leagues Under the Sea; Fantastic Voyage; The Fly; Lumiere; Patton; Foreign Correspondent; Suspicion, North by Northwest; Mr. Klein; Breaking Away; The Triumph of Will; Tin Drum; Cries and Whispers; The Effect of Gamma Rays on Man in the Moon Marigolds; Children of Paradise

SPECIAL EVENTS

Besides the 1980 Homecoming activities, the S.P.B.'s Special Events Committee kept busy with a well-rounded slate of events scheduled throughout the year. In September the lawn beside the Student Union became the sight of the Royal Lichtenstein Quarter Ring Circus. The traveling troupe of performers and animals played before 500 curious onlookers and succeeded in winning their hearts.

In December, one of the funniest women in the country graced our stage. Marsha Warfield kept the audience of about 250 laughing from beginning to end.

February marked an historic month as B.S.U. presented the first Women's Awareness Week featuring a very heated debate between Ex-Senator Birch Bayh and Phyllis Schlafly on the Equal Rights Amendment. A special movie and coffeehouse also took place during this week.

The S.P.B. cosponsored the third annual Spring-Fling which featured golf, tennis and frisbee tournaments. This took place during the first week of May and was well attended by both on and off-campus students.

HOMECOMING 1980

"Excellence in the 80's"

Boise State's first Homecoming celebration of the 1980's featured a tribute to one of B.S.U.'s living legends and a blend of social, academic and athletic events.

Lyle Smith was honored during the week long celebration by the 1951-1953 Boise Junior College football teams which he led to the post-season bowl games each year they played. Guests included many out-of-town alumni who traveled great distances to honor the man they loved and respected. The reunion culminated with a special presentation of a portrait of Lyle, which is to hang in the new Pavilion.

Homecoming 1980 was also graced by two nationally renown artists. They were country star, Hoyt Axton, and author, Richard Brautigan. Axton played before two capacity crowds in the Ballroom on November 7th. Brautigan spoke and read his poetry before a sellout crowd on Sunday, November 9th, in the Ballroom.

"Family Day" was teamed with Saturday's activities and made for a very busy morning and afternoon. Several B.S.U. departments had displays open during the morning hours with the day's activities culminating with the traditional Homecoming Dance held in the Crystal Ballroom of the Hoff Building. Needless to say, the dance was another great success with still another sellout crowd.

DAILY ACTIVITIES

November 5, 1980 - The Toilet Bowl This event was sponsored by the Tau Kappa Epsilon Fraternity and matched the all stars from the Intergreek Council and Residential Life in a flag football game. The Residential Life team won the game in the final seconds. The powderpuff game which matched the fraternity's little sisters against the Residential Life women was played just before the main event.

November 6, 1980 - The Great American Talent Show For the first time in the history of this event, it can be truly said that it was a student program. Not only did we again have tremendous student talent, but we also had a student master of ceremonies ("Jamin Jeff" from KBBK). The lights and sound were designed and operated by students, with an entire student committee formed especially for the talent show. The students can be very proud of their efforts in this event. Mr. and Ms. B.S.U. were crowned during the intermission of the show. The winners were Debbie Hall from Vo-Tech and Randy Moser from Residential Life. The Distinguished Faculty was also named--Mike Short from the School of Vocational Education.

November 7, 1980 - The Hoyt Axton Concert highlighted Friday of Homecoming week. Hoyt performed two shows in the Ballroom to about 1400 people.

The event was cosponsored by the Programs Board and Metroplex Productions. An entertainer of Hoyt Axton's caliber was a real plus for our week of events. Because of rain, the Burning of the "B" was very short and was sponsored by the Sigma Phi Epsilon Fraternity.

November 8, 1980 - The Homecoming Game was played at 1:30 p.m. The pre-game activities included the introductions of Mr. and Ms. B.S.U. and their court and the Distinguished Faculty award winner. This went smoothly and was well-received by the 20,000 fans in Bronco Stadium. B.S.U. beat Nevada, Reno with a 14 - 3 score.

November 9, 1980 - The highlight of the day after Homecoming was the lecture/poetry reading by Richard Brautigan. A crowd of approximately 500 enjoyed the two-hour event. Mr. Brautigan was available for an autograph session following the lecture and the Bookstore set up a display of his works so patrons could make purchases that evening.

SPECIAL PROGRAMS SPONSORED BY
THE OFFICE OF STUDENT ACTIVITIES

Several special programs were sponsored under the auspices of the Student Activities Office during the 1980-81 academic year.

Playfair, a high energy extravaganza was held on September 8th and resulted in the formation of hundreds of new friendships and good feelings among the 300 plus participants. Most of the participants were residence hall students, but there was also representation from the off-campus contingent. Playfair allowed the students to participate in non-competitive games as well as a brief orientation on how to survive university life. The energy and noise level of the participants was so high (the event was held in the gymnasium) that the activities brought curious onlookers off the street. They became so swept up by the emotions of the program they also wanted to play. Without a doubt, Playfair was one of the most popular programs to be presented on campus this year. The event was so successful that future playfairs will definitely be included in each year's programming plans by the Student Activities Office.

In early October, the Playfair experience was expanded by offering a two-day workshop on Leadership Training. The event was open to all students without charge, but was particularly aimed at student leaders involved in A.S.B.S.U. organizations. The experience was personally designed and facilitated by Matt Weinstein, one of the nation's most dynamic and influential educators, motivational speakers and founder of Playfair. Weinstein has facilitated hundreds of motivational programs for diverse audiences across the United States. His Boise visit was received in a very positive sense and some forty student leaders were exposed to a unique model of positive, supportive group interactions. Some powerful, sophisticated leadership techniques were explored which hopefully were transferred back to various entities within Boise State University.

In early November, the S.U.B., in cooperation with the Music Department, inaugurated the First Annual Boisean Lounge Holiday Concert Series. The series of twelve programs featured students and faculty members who performed over the lunch hour. Members of the B.S.U. community were invited to hear a variety of music at no charge, and could bring their own lunch or purchase same from the Snack Bar. The B.S.U. Bookstore set up a holiday display in an effort to attract holiday sales and this added to the festive atmosphere.

Programs presented in November were:

Joe Baldassare; Guitar, Voice

Shelley Moore; Guitar

The Jazz Quintet

John Romer; Guitar, Voice

Guitar Trios and Duos/B.S.U. Guitar Ensemble

Bud Humphrey; Guitar, Voice

December programs included:

Jerry Jensen and Steve Slaughter; Piano

Dan Green; Guitar and Debbie Coiner; Piano, Flute

Rebecca Jones and Nancy Galoin; Piano

Kelly Turk; Guitar

Rob Matson; Guitar

B.S.U. Brass Quintet

The series seemed to be well received; the S.U.B. Director was featured in a K.A.I.D. television interview which along with footage from one of the programs, was used in an effort to promote the event in the community.

Anticipating a heightened interest in the 1981 Presidential Inauguration, arrangements were made to secure a large screen video T.V. for viewing by the University community in the S.U.B. Ballroom. The inauguration festivities were covered from start to finish with people filtering in and out. Crowds were slim but attentive and thus, Ronald Reagan was duly inaugurated as the Fortieth President of the United States.

In February, 1981 a photo exhibition of "College Unions Around the World" was displayed in the Boisean Lounge. The exhibit consisted of thirty panels representing 240 universities and colleges all of whom are member institutions of the Association of College Unions - International. This exhibit was established by the Oregon State University Memorial Union in commemoration of its Fiftieth Anniversary in 1978.

Also initiated in the early spring semester was a series of four video tape programs, which were shown during three-day periods in January, February, March and April. These V.T.N. programs featured football follies and musical concerts and were jointly sponsored by the Video Tape Network, the Student Activities Office and the S.P.B. The actual cost of the programs was underwritten by the U.S. Navy with the S.P.B. renting the video monitor. Response was very positive to these free programs.

During early March, the program Mountain Visions was featured at Boise State University. Mountain Visions is a multi-image production team that provides spectacular and innovative programs. The program uses a combination of some twelve to fifteen slide projectors, dissolving units, stereo music and narration, project photographic images of wilderness scenery onto a 36-foot wide screen where viewers are transported from the top of Mount McKinley to the churning whitewater of the Salmon River. Mountain Vision producers Gary Grimm and Katy Flanagan treated the audience with their Multi-image Festival top award winner "Eclipse" and "South of Danali, Ski Trek in the Alaskan Range."

Grimm is the founder of the University of Oregon outdoor program and used as a model the "common adventurer" concept where each member of a leaderless group in the wilderness shares in the decision making. He has also instructed such environmental projects as Kenali Rehabilitation and Western Wild Rivers. Flanagan is the coordinator of a recent wilderness and individual freedom conference and has also participated in numerous wild river and mountain expeditions. Although there were several conflicting programs on the night of the Mountain Visions presentation, nearly 175 viewed the presentation. It is quite possible that Mountain Visions will be shown again at the Regional A.C.U.-I. Conference to be held in Boise in October, 1981.

In the late spring, the S.U.B. and Student Activities sponsored the distribution of approximately 3,000 magazines entitled "America." Provided free to college students, the 64-page, four-color magazine contained travel information, ideas and suggestions. Some 230 colleges and universities participated in the program this spring. The purpose of the magazine is to inspire students to explore America on their own by providing a free source of travel suggestions which point out interesting, and in many cases unusual, places to go. It also provides students interested in the fields of advertising and journalism a creative outlet for their talents, and the opportunity to develop professional skills through advertising and writing competitions.

UNION SHORT COURSE

This February a new program, the Union Short Course, was initiated by the Student Activities Office. This program offered noncredit, low-cost and short-term courses that enabled University members to develop new skills and interests. There were two sessions, Winter and Spring, starting consecutively in February and April; with a duration of five weeks.

The Winter Session was open to members of the B.S.U. community only, and had a total registration of \$2.00. There were nineteen classes offered ranging from Basic Meditation to Personal Money Management. Total enrollment was 275. Registration was high overall; with Marriage: Serenity or Survival, Camera Operation and Basic Meditation having the highest enrollments.

The Spring Session was open to the general public as well as members of the B.S.U. community. The cost was changed to an initial \$2.00 registration fee with an additional \$1.00 for every class a person added. Twenty-three classes were offered, with a total enrollment of 215. The low enrollment was attributed to the proximity to the end of the spring term and finals. The "fun" classes-- Jitterbug and Western Swing, Basic Sailing, and "Scardy Cat" Swim were the most popular.

Union Short Course has a promising future and will continue to be offered by the Student Activities Office. Our goal is to increase enrollment and expand courses to offer a wide variety of unique and informative mini-courses.

NATIONAL STUDENT EXCHANGE

The 1980-81 academic year marks B.S.U.'s fourth year of participation in the National Student Exchange. Six additional colleges and universities joined N.S.E. at the beginning of the 1980-81 year. A fourth California campus was added with membership for Sonoma State University. Trenton State College joined the consortium, increasing New Jersey's N.S.E. representation to three campuses. With the addition of Northeastern Illinois University and Winthrop College, the Exchange expanded representation in Illinois and South Carolina to two campuses in each state. Expanding its educational opportunities into two new states the Exchange was pleased to welcome Kearney State College in Nebraska and Oakland University in Michigan.

This year marked an increasing interest in the N.S.E. program. During the fall semester, twenty-four B.S.U. students exchanged to other campuses, while we hosted twenty-one students from various institutions across the country. During the spring semester, seventeen students from B.S.U. exchanged to other campuses, while nineteen students attended B.S.U.

This year's Student Coordinator, Julie Woodall, greeted the 1980-81 exchange students with a welcoming reception at the beginning of each semester. This event, which included various A.S.B.S.U. officers, N.S.E. Advisory Committee Members, and other campus officials serves as a great icebreaker in order to make new students feel comfortable at B.S.U.

A variety of special activities were planned for incoming N.S.E. students this year, including a tubing experience on the Boise River, two trips to McCall (including the Annual Winter Carnival), a skating party, a rain-shortened spring picnic and a Christmas party which included the exchange of gag gifts.

It appeared that this year's group of N.S.E. students developed an exceptional camaraderie and this tended to enhance individual experiences. The only real negative thing that seemed to be expressed by those attending B.S.U. was our lack of winter snowfall in the mountains. Too little.....too late!

Despite the increasing impact of inflation on student budgets, there seemed to be more interest in the N.S.E. program than at any time in the previous three years. According to information compiled, individual inquiries and brochure distribution was up rather substantially. The number of orientation meetings was increased and there seemed to be better awareness of the N.S.E. program.

B.S.U. was represented at the March Placement Conference in Nashville, Tennessee by Julie Woodall and Dennis Freeburn. N.S.E. Coordinators work very hard at the spring conference. There are a number of policy questions to address and

much information to share. It is also a challenge to identify placements for approximately 2,000 students in five or six hours. This year B.S.U. placed all 31 students, 26 of whom went to their first choice institution and five of whom received their second choice school. Since the conference, we have placed two additional B.S.U. students at N.S.E. member institutions. At this writing, we have 39 students coming to B.S.U. during the 1981-82 academic year. This establishes a new high for the number of incoming N.S.E. students. Several new schools will be represented at B.S.U. next year, including California State University at Bakersfield, Pittsburg State University in Kansas, University of Alabama, University of Hawaii-Manoa, University of South Florida and Kearney State in Nebraska.

This year, some 1,872 students were placed at the National Convention. The growth of N.S.E. is exemplified by the placement of 1,761 students in 1980 and 1,527 students in 1979.

Although historically participation has been limited to students from public colleges and universities, N.S.E. will begin recruiting at private colleges for another national exchange program to begin in July of 1982. In the future, there is hope that the public and private will mix, but the differentials in tuition between the public and private sectors create problems that the consortium is not ready to deal with.

At this writing, the consortium has accepted Indiana University of Pennsylvania and the College of Virgin Islands as new member schools beginning July 1, 1981.

A.S.B.S.U. JUDICIARY COUNCIL

The A.S.B.S.U. Judiciary Council serves the entire University community and has original jurisdiction for all cases involving alleged violations of A.S.B.S.U. and University regulations or policies. They hear all cases except academic violations and are an appellate body for the Residence Hall Judicial Councils.

This year the Judiciary Board was utilized by the A.S.B.S.U. more than ever. They rendered many decisions concerning many topics such as Presidential powers, meeting procedures, etc. They also reviewed many constitutions for student organizations and rendered decisions in five cases.

The Board also reviewed and improved their sample constitution which was made available to student groups so they might facilitate their process in becoming recognized by utilizing it as a guide in writing a constitution.

This year the Judiciary swore in four new justices and two new faculty justices. They are:

Associate Justices -- Brad Garner
Brett Sullivan
Shannon Molenaar
Shelly Orme
Faculty Justices -- Dr. Alan Brinton
Dr. John Hoge

Marlyss Meyer was selected Chief Justice following the resignation of Lisa Engleman.

The following is a summary of this year's actions taken by the Judiciary Council:

CONSTITUTIONS APPROVED

9/4/80	Sonlife
9/18/80	Geology Club
12/18/80	Students for a Libertarian Society
12/18/80	Soccer Club
2/12/81	Alpha Tau Omega
3/5/81	Data Processing Management Association
3/5/81	Baseball Club
3/19/81	Mid-Management Club
4/16/81	University Community News Service
4/16/81	Aquabronx Swim Club
4/16/81	B.S.U. Field Hockey Club

4/30/81 Powerlifting Club

4/30/81 Alpha Psi Omega

SENATE BILLS APPROVED

Senate Bill #2 to amend Senate Act #25

Senate Bill #3 to amend Senate Act #4

Senate Bill #8 to amend Senate Act #8

Senate Bill #7 to amend Senate Act #15

Senate Bill #5 to amend Senate Act #14

Senate Bill #6 to establish a Health Advisory Committee

Senate Bill #11 to amend Senate Act #22

Senate Bill #15 to amend Senate Act #8

Senate Bill #12 to amend Senate Act #26

Senate Bill #24, Part V, amended

FORMAL OPINIONS RENDERED

2/9/81 Election Board Functions

2/12/81 Opinion requested by Tony Lund on Election Violation

3/13/81 Financial Advisory Board Meeting Procedures

4/30/81 Roles and Powers of Legislative and Executive Branches

FORMAL COMPLAINTS

10/17/81 Oliver Odedo found not guilty

10/24/81 Michael Gollaher placed on fall election ballot

1/23/81 Gordon Epperson appeal approved, previous sentence and decision overturned

4/10/81 Peter Robin (Election Board Chairman) decision upheld

4/17/81 Presidential veto upheld

A.S.B.S.U. ELECTION BOARD

While voter turnout was lower during the fall elections, there were several very close and, at times, heated races.

Eleven people ran for the five senate seats available in the primary election. All received at least seven votes; thirty-three people received write-in votes. One person was removed from the ballot because of campaign violations, and one person was placed on the general election ballot by the A.S.B.S.U. Judiciary. This was because he did not have enough notice during the petition pickup period. Fortunately, the problem was solved before the spring election.

The fall general election was successful due to the fact that all senate seats were filled with five hundred and ninety-three students casting their votes. Also during the general election, the 1980 Homecoming royalty was elected. Debbie Hall and Randy Moser were elected Mr. and Ms. B.S.U. from a field of twelve registered candidates. They reigned over the Homecoming week's activities and represented the A.S.B.S.U. at other functions throughout the year. Noteworthy was the fact that the winners received a service award for their contribution to the student body at B.S.U. This was a first.

Also during the fall election the students voiced their opinions on whether they wanted a yearbook or annual. By a two-to-one margin the students favored the concept of an annual but did not want to pay for it.

The 1981 spring primary election had a field of five presidential candidates, three vice-presidential candidates and six senatorial candidates. The election was extremely close with only twenty-two votes separating the top two presidential candidates. The race for the Senator for the School of Business was also very close with only two votes separating the candidates.

The official results of the general election were not as close, but the winning candidates won by only a small margin. Tony Lund was elected as the new A.S.B.S.U. President with Kay Kemp elected as the Vice-President. The following is a rundown on the official results of the fall and spring general elections:

<u>PRESIDENT</u>	Tony Lund	451
	Mike Mead	302
	Darrel Hammond	66
<u>VICE-PRESIDENT</u>	Kay Kemp	542
	John Lincoln	219

<u>SENATE RACES</u>	<u>Fall Semester</u>		<u>Spring Semester</u>	
School of Arts & Sciences	Burt Worrell	42	Deanna Gibler	134
School of Business:	Mike LaTour	102	Tracy Lefteroff	187
	Mike Klappenbach	43	Dave DeHaas	166

<u>SENATE RACES cont..</u>	<u>Fall Semester</u>		<u>Spring Semester</u>	
School of Education	Todd Barnes	29	Don Baldwin	22
	Bob Stroud	18	Cindy Brown	18
School of Health Sciences:			Kent Dunn	8
	Helen Holt	51	Lisa Bivens	41
	Mike Gollaher	47		
School of Vo-Tech	Dave Hambright	198	Robert Barnhill	42
			Ted Ecker	34

1980-81 also saw an attempt to rewrite Senate Act #15 which governs the A.S.B.S.U. Elections. A special subcommittee was established to rewrite the act. This was accomplished, but the act was vetoed by President Thomas and sent back to committee. The bill is now in the process of being discussed within committee and should be ready by the fall semester of 1981.

STUDENT ORGANIZATIONS

Student organizations at B.S.U. continued to grow during the 1980-81 school year. The student senate recognized eleven new student organizations. Now it is more true than ever when we say the student body's interests are well represented on campus, and that the lives of the participants are truly enriched by their involvement with such groups.

The Student Activities Office extended its involvement with student organizations this year by offering programs in leadership development to all organizational members. This teamed with the support and advisement we already offer, makes the office a very complete resource center for these groups.

At the beginning of the semester the Activities Office sponsored an organizational meeting for all student groups. At this meeting the recognition process was discussed which included the process for updating the office organizational files. This allowed us to weed out organizations that are now inactive and to update the files of the active groups. Also at this gathering the Organizational Faire was discussed and planned which allowed for a more effective Faire that can be used as advertising and in recruiting new members for these groups. It was also discovered that the organizations actually look forward to this event and depend on it to recruit their new members.

Also this year, the Activities Office sponsored a leadership development workshop for all organizations. This teamed with the mini-workshop offered by Beta Sigma Lambda Eta, allowed student organizations to develop their internal structure which will lead to a stronger group overall.

The Activities Office again published two organizational directories and a student activities brochure which listed each group and their purposes for quick reference. We also updated the Certificates of Recognition in the Senate Chambers to reflect the existing organizations on campus.

FOURTH ANNUAL STUDENT ORGANIZATIONAL FAIRE

The Fourth Annual Organizational Faire was by far the most successful of all time. It was planned, coordinated and executed by a variety of people within the Student Activities Office. The Faire is designed to promote student organizations, aid in membership recruitment, inform the students of various groups on campus and to offer a festive atmosphere during the early weeks of the fall semester. This year the Student Activities Office secured the use of the large parachute that is used for the Arts Festival in Julia Davis Park. This enabled us to cover a very large area of the green next to the Student Union.

Over 100 organizations participated in the event including many off-campus non-profit organizations such as the American Lung Association, the Allied Arts Council, The American Cancer Society, etc. This year the site of the faire was again changed back to its original site next to the Student Union. It was also held later in the semester, which gave all the organizations ample time to plan quality booths and activities.

The area chosen along the sidewalk leading toward the S.U.B. and on the grass area next to the sidewalk offered the greatest accessibility and visibility we have ever had. This teamed with the colorful parachute, the hot air balloon rides and the band which played during the event made this the best faire ever. The event was promoted by posters, flyers, three ads in the Arbiter, and a carnival and festive setting. Helium balloons, ten foot banners, the large parachute, and multicolored flags added to the atmosphere.

Curious students from all schools attended the event. Saga Foods sold hot dogs and drinks and conducted their own bake sale. All the organizations participating were extremely pleased with the outcome of the event. Students who visited the faire were able to buy tickets for artistic events at both the University and in the community, play a simultaneous chess game with the Idaho State Champion and witness the harmful effects of smoking which was demonstrated by the American Cancer Society.

All groups who were actively recruiting members during the faire reported a good turnout of prospective members. Music for the event was provided by Kip Attaway and his band; who played from 11:30 to 1:30 p.m. and had literally hundreds of students enjoying their music. Hot air balloon rides were provided by Idaho Balloon Adventures, Inc. The tethered balloon took approximately seventy students up to about 50 feet in the air. These two additions to the faire added so much they will be included in the organizational faires in the future. All in all, the 1980 Student Organizational Faire was a tremendous success for all involved!

TRAVEL CLUB

The Student Activities Office is concerned with serving the travel needs of B.S.U. students. The two major areas of need, that of local and group travel, have been determined and met.

To serve the needs of local base travel, the Share-A-Ride Board is still active.

In response to the need of group travel, the B.S.U. Travel Club planned a trip to Yellowstone Park with Dr. Kenneth Hollenbaugh assisting. The trip included five days and four nights, and one geology credit was offered as an option for participants. The fourteen students stayed in both Yellowstone and Lake Hotels (with some of the more adventuresome camping at the campsites) and an overnight stay at Motel Six in Jackson Hole, Wyoming wrapped up the event. Based on its popularity, another trip is being planned for August of 1981. This last fling before the beginning of school in the fall allowed the students to relax and earn their geology credit at the same time.

Next, the Travel Club planned a trip to Ashland, Oregon for the Shakespearean Festival. The trip was made from June 12 through 15, 1981, and included a night in Bend, Oregon. The twelve participants enjoyed the plays "Two Gentlemen of Verona," as well as "Henry IV, Part I." Also included in the package was a visit to Bend's Lava Lands Visitor Center, a backstage tour of the Black Swan Theater, making their own brass rubbings at the Medieval Gallery, and a trip through the Exhibit Center. The total cost of the four-day, three-night trip was \$80.00.

THE GREEKS

Overall, the fraternities and sororities had another successful year with a high involvement in on-campus activities. In addition to participating in the Student Organizational Faire, Homecoming, Family Day and philanthropic projects, the Greeks planned and participated in their annual B.S.U. Greek Week. Some of the week's activities included an All-Greek picnic and songfest in Municipal Park, Gamma Phi Beta Car Rally, the Greek Bar Hop, and the Tau Kappa Epsilon Raft Race.

FRATERNITIES

1980-81 was an extremely successful year for the fraternity system at B.S.U. The greatest achievement was the establishment of the Alpha Tau Omega colony on campus. The entire fraternity system grouped together and offered help as this young group recruited members and developed their internal organization. The ATOs received much help from their local alumni and their national office which spent time in Boise on several occasions in order to lend assistance. The B.S.U. community is very fortunate to have such a fine group of young men forming together. The ATOs have already been very active in campus and community affairs. They plan to become chartered sometime during the fall semester, 1981.

The Interfraternity Council continued to grow this year. They have begun to develop some recruitment goals which should benefit all fraternities in the long run. They again sponsored events during Greek Week and Homecoming. For the first time they sponsored the Greek teams for the annual Toilet Bowl football game.

All fraternities have their own houses except the ATOs, but they are looking for one and hope to move into a nearby house early in the fall. The TKE's have decided to sell their large house on Warm Springs and move into a smaller and more practical home.

All in all, even though the fraternities are still very young in comparison to other campuses, they are establishing themselves as true leaders on our campus

and we expect even greater leadership from them in the future.

SORORITIES

This year the Panhellenic Council at B.S.U. made great strides. Once again the question of sorority membership total (ceiling of 30) was raised. After several discussions, the sororities decided to postpone voting on raising the ceiling until the first Panhellenic meeting in the fall. There are strong indications that the ceiling will be raised to 40.

In an effort to be more self-supporting, the President of Panhellenic approached the Senate Committee for a grant to cover the cost of Rush and some old outstanding debts. The \$700 grant was approved and Panhellenic is now financially sound.

Publicity of Greeks included large posters for high schools, public service announcements, Greek displays, and a talk at Freshman Registration.

OPERATIONS / SCHEDULING

OPERATIONS/SCHEDULING

The Student Union Operations Office has had another year where the level of business continued to grow beyond our projections. The scheduled activities held in the Union and the attendance at various meetings as well as the rental income for room usage, have both shown increases from the prior fiscal year. (See appendix A, Room Utilization Report.)

	<u>1979-80</u>	<u>1980-81</u>	<u>Increase</u>
Rental Income	\$19,730.52	\$24,822.25	26%
Total Attendance	106,103	140,558	32%

This increase in usage has been absorbed into the daily operations without any increase in staffing. It has, however, caused a strain on facility maintenance as well as a demand for new services not currently available. The increasing demand for more audio/visual services at conferences, workshops and meetings is forcing us to look for new approaches in meeting those audio/visual requirements.

The 1980-81 year also brought back a former annual event of the Idaho Governor's Office, "The Governor's Prayer Breakfast." This event required diligent planning and vast amounts of physical labor to prepare to feed over 900 guests a full course breakfast. This difficulty was compounded by the fact we also had to serve our regularly scheduled brunch to 750 resident students only thirty minutes later. The event was completed successfully and it is hoped the Prayer Breakfast will be held at B.S.U. in the years ahead.

The Union Operations Office produced two new brochures to help acquaint users with available services. The first is directed toward the casual user and general student and describes the various Union departments. The second brochure is specifically written to help facility schedulers and conference planners with their tasks. It addresses facility availability and also lists contacts for scheduling each facility.

The 1980-81 fiscal year was also a time when numerous staff changes and turnovers brought many new people to the Union staff. The most noteworthy of these changes was the retirement of our Senior Maintenance Craftsman, Eldon Wallace. His vacancy is now being absorbed by our Custodial Foreman, Alice Bock and her custodial staff. This change has taken place without any difficulty whatsoever.

A new senior clerk was also hired to replace Mary Foley at the Union's Information Center. Also initiated was the changing of the Information Center name. The new name is "Union Station," which features a new train motif as its trademark. Dorothy Hegele will be operating the new Union Station beginning July 1, 1981.

One new position was created for a summer gardener by eliminating one student custodian for the May through August months. It was felt the condition of the exterior planters and shrub beds was very poor and without adequate part-time funds available, the University Physical Plant grounds crew could not maintain the areas properly. The student gardener has performed the much needed daily maintenance of the Union's immediate grounds.

The Union completed a few capital improvements that have not only enhanced the building's appearance, but also solved some difficult maintenance problems for our custodial crews. These improvements include a vinyl deck coating on the third floor patio which solved our leaking roof problem and extensive floor and wall improvements in the Recreation Center. The Union's Ballroom also had a new sound booth designed and installed by Lee LeBaron and Eldon Wallace. The lighting improvements are scheduled for 1981-82.

It should also be noted that the chandelier over the main stairwell is finally operational after nine and a half years of darkness! Electricians from Quality Electric were selected to help do the rewiring and repair. A low voltage dimmer was also installed as a portion of this repair project.

The trophy cases in the Main Lobby were relocated to the second floor in hopes the added visibility of the Snack Bar entrance would improve sales.

The University Food Service Committee on Snack Bar Renovation completed its

preliminary design phase and accepted the final schematics of that project. The committee employed the architectural firm of Kolbo, Pfaff & Smallwood and included a local food service consultant, VanBrunt & Associates. The new design will provide for a better traffic flow, a well-balanced decor and also some labor savings in food production. The cost estimate of \$150,000.00 was arrived at in total agreement of all Renovation Committee members. Students, staff and Saga Corporation management representatives have all assisted in the project's early development phases. It is now hoped that funding will be approved for the renovation design and that construction can begin in May of 1982.

The Housing System requested and received approval for a fee increase in both full-time and part-time student fees for the Housing System. The increase will commence in the fall of 1981. This increase was approved after months of income and expense analysis as well as extensive consultation with student government leaders. This increase will begin to provide a more secure financial planning base for a variety of much needed capital improvements in all Housing System facilities. The facilities are all now at the age where substantial amounts of original equipment are needing replacement as well as structural repairs.

In summary, the 1980-81 year was very successful in all areas of Union Operations and we look forward to the new challenges of serving the increasing demands of our growing institution and community in 1981-82.

SPECIAL REPORTS - ADMINISTRATION

1. Ticket Handling
2. Night Manager Job Revisions and Reorganization
3. Building Traffic Count and Preference Survey

TICKET HANDLING

Ticket handling policies of Boise State University were scrutinized by an ad hoc committee appointed by A.S.B.S.U. President, Sally Thomas. The committee was formulated by President Thomas after a shortage of student football tickets for the Homecoming Game with the University of Idaho caused students to question existing policy. The committee contained representation from the Athletic Department, Student Union, Student Activities and Student Government offices. The chairman, Ron Stephenson, advised the committee to not only look at ticket allocation procedures, but also at the admission policies, I.D. requirements, cost and uniformity of student ticketing for various events. The committee requested changes in the University I.D. system for full-time and part-time students which the A.S.B.S.U. will look into this next fiscal year. More stringent I.D. requirements helped to eliminate some ticket pick-up violations in football tickets for the fall semester. It was also noted that the University does not have a comprehensive ticketing policy and each department is "on its own." This was a recommendation for President Thomas to consider for student senate action.

NIGHT MANAGER JOB REVISIONS AND REORGANIZATION

The Night Managers' job description was rewritten this year to give the Union a better management position to operate the evening and week-end hours. The Night Managers are now reporting to the Assistant Director of the Union. They are responsible for all operations and staff during these hours. Their duties involve all cash handling and balancing of registers. They are responsible for assuring that all positions are staffed as scheduled. They are in total control of all scheduled events and responsible for audio arrangements for these events. They additionally lock the building, turn off all lights and perform various other management tasks as required.

About midyear the Night Managers assisted in administering an energy check each night. The energy check was designed to reduce heating and electrical costs caused by unnecessary lighting and poor use of existing building equipment. Managers were asked to turn off lights, close drapes, turn off unattended electrical

equipment and to report any faulty equipment or hardware they encountered. Each office in the Union was also asked to help out by remembering to do these daily tasks. This was audited each evening and energy reports were included in the Night Manager check-out report.

BUILDING TRAFFIC COUNT AND PREFERENCE SURVEY

On February 18, 1981, the Union attempted to estimate a traffic count of patrons entering the building on any given day. The "traffic counting day" was selected because of its average level of scheduled activities during a moderately busy month. The Interfraternity Council assisted the Union. They were stationed at each entrance from 7:00 a.m. until 12:00 midnight. As well as counting patrons, the Interfraternity Council members passed out a questionnaire on the desirability of certain Union services for each patron to complete. The results of the study are shown below. The traffic count will certainly be done again next year and results will be compiled and compared to the previous year.

7:00 a.m. to 10:00 a.m.	1,049
10:00 a.m. to 1:00 p.m.	2,117
1:00 p.m. to 4:00 p.m.	975
4:00 p.m. to 7:00 p.m.	952
7:00 p.m. to 10:00 p.m.	327
10:00 p.m. to midnight	<u>61</u>
TOTAL	5,481

The attached Preference Survey (Appendix B) was administered to building patrons on February 18, 1981.

RECREATION CENTER

RECREATION CENTER

The 1980-81 fiscal year was successful from both a revenue and program basis. We were able to increase our revenue and the majority of our programs were well received. We are presently changing our name from "Games Area" to "Recreation Center." We feel this new name better reflects the activities and facilities that we have to offer.

AREA IMPROVEMENTS

We are continually working to update and improve our facilities. During the 1980 summer we refinished our bowling lanes; completed a maintenance check of our lanes, pinsetters, billiard tables, and other equipment; completed building of our dart board area; recovered our billiard tables; and painted the walls. We installed carpet in the office and lounge during Christmas break and then installed carpet in the bowling and billiard areas during spring break. All carpet installations went well including moving and relocating the billiard tables. We are presently working on this summer's maintenance program which includes sanding and refinishing of the bowling lanes and recovering our billiard tables.

BOWLING AND BILLIARDS

Bowling and billiards were both integral parts of the Recreation Center's activities for this part year. Revenue was steady in both areas with many students participating in our classes. Several classes were scheduled through the Physical Education Department.

Class Schedule

Summer 1980

- 2 beginning bowling classes (Summer Youth Program) taught by Janis Ogawa

Fall 1980

- 2 beginning bowling classes taught by Colleen Sweeney
- 1 beginning and 1 advanced bowling class taught by Ross Vaughn

Fall 1980, cont.

- 4 billiard classes taught by Janis Ogawa
- 1 varsity participation class in bowling taught by Greg Hampton

Spring 1981

- 3 beginning and 1 advanced bowling classes taught by Colleen Sweeney
- 3 billiard classes taught by Janis Ogawa
- 1 varsity participation class in bowling taught by Greg Hampton

Besides our regular classes we held a short class in bowling and billiards through the Union Short Course Program. The billiards class was held February 17 through March 10, on Tuesdays from 2:30 - 4:30 p.m. The bowling class was held April 7 through April 28, on Tuesdays from 6:00 - 8:00 p.m. Both classes were taught by Greg Hampton. Next year Greg Hampton is planning a beginning bowling class for Monday evenings.

Two life-time sports classes from the Boise Public Schools system held bowling classes during the year. We provided three bowling leagues for students: 1) Monday Night Mixed, 2) Thursday Night Mixed, and 3) Varsity Singles. All leagues were sanctioned through the American Bowling Congress, Women's International Bowling Congress, and the ABC/WIBC Collegiate Division.

VARSIITY BOWLING TEAM

The Boise State University Varsity Bowling Team had a very successful year. The men's team advanced to the National Collegiate Bowling Championships in St. Louis by winning the Boise Sectional. We finished seventh in the field of twelve teams. The team gained a lot of experience and we are all looking forward to a chance again next year. Team members for the national tournament were Tim Durnil, Ed Coleman, Fred Davis, Mike Taylor, Dwayne Newkirk, and Chris Williams.

Tournaments this year included:

Washington State University, October 31-November 1, Men 3rd Place, Women 3rd Place

Brigham Young University, November 7-8, Men 3rd Place

Montana State University, November 21-22, Men 2nd Place, Women 3rd Place

Tournaments, cont.

Boise State University, December 5-6, Men 1st Place, Women 6th Place

U.C.L.A. (Riverside), December 27-28, Men 6th Place

Las Vegas Invitational, December 30-31, Men 10th Place

Idaho State University, January 30-31, Men 5th Place, Women 2nd Place

A.C.U.-I. Region 14 (Meridian), February 13-14, Men 2nd Place, Women 5th Place

University of Idaho, February 20-21, Men 3rd Place, Women 3rd Place

Utah State University, April 10-11, Men 1st Place, Women 2nd Place

N.B.C. Sectional (Boise), April 3-4, Men 1st Place, Women 5th Place

N.C.B. Ch. (St. Louis), May 6-9, Men 7th Place.

The varsity bowling program is an integral part of the Recreation Center activities. Last year we hosted three bowling tournaments.

On December 5th and 6th we hosted the Annual B.S.U. Invitational at Twentieth Century Lanes. Twenty-two teams participated. Boise State won first place in the Men's team event. Brigham Young Universtiy won first in the women's division with Boise State finishing 6th. Besides the regular team, doubles, and singles tournament at Twentieth, we held a "draw for partner" doubles tournament at the Boise State lanes. The tournament is scheduled for December 4-5 next year.

On February 13-14 we hosted the A.C.U.-I. Region 14 Eastern Bowling Tournament at Meridian Lanes. Next February we are planning to host the A.C.U.-I. Region 14 Tournament which will include bowling, backgammon, billiards, table tennis, table soccer, darts, chess, frisbee, and video games.

For the fifth consecutive year Boise State was selected by the National Bowling Council to host one of the twelve sectional tournaments to determine the teams for the National Collegiate Bowling Championships. In the Boise Sectional first place teams were the Boise State men's team and the Washington State Women's team. All of these tournaments were directed by Greg Hampton.

The varsity teams are selected through the bowling classes and leagues, thus encouraging student participation. Boise State has gained national recognition

through its varsity bowling program. Another plus from our varsity program is the close working relationship we have developed between Boise State and the area bowling centers. An example of this good relationship is the scholarships given to Boise State bowlers by the Boise men's and women's bowling associations.

Individual highlight of the season was earned by Shane Brown. Shane rolled two perfect 300 games this year, one in the B.Y.U. tournament in Provo, Utah and one in our varsity league on Bronco Lanes. This is the first sanctioned 300 game ever bowled at Boise State. Shane also gained national recognition by placing second in all events at the Las Vegas Collegiate Invitational, the largest collegiate tournament with over 750 bowlers.

Varsity Team members this year were:

Men
Dwayne Newkirk
Mike Taylor
Fred Davis
Chris Williams
Ed Coleman
Tim Durnil
Shane Brown
Robert Shafer
Bob Harvey
Dan Alexander
Mike Fleischer
Terry Dotson
Ron Hampton
Warren Farbach

Women
Debbie Clausen
Karen Wolfe
Becky Lowber
Karen Link
Cindy Roberts
Michelle Hunt
Claudia Montgomery
Cindy Coonradt
Kristin Galdabini
Cathy Mingus
Linda Woolnough
Robin Ripley

SPECIAL EVENTS AND TOURNAMENTS

The Recreation Center participated in the new student orientation program last August by setting up volleyball and badminton equipment during the barbeque.

On October 10, we held our annual Jack White Billiard Exhibition in the Boisean Lounge. Jack held his pocket billiard clinic and eight-ball tournament October 13-17, in the Recreation Center. Cues and trophies were awarded to the first three places. Results were: Men's Division - 1st Place, Vince Huerta; 2nd Place, Bill Thomas; 3rd Place, Fred Davis. Women's Division - 1st Place, Janet Ramsey; 2nd Place, Ronnie Huerta; 3rd Place, Jackie Jonas.

On February 13-14 we hosted the A.C.U.-I. Region 14 Eastern Bowling Tournament. Next February we plan to host the A.C.U.-I. Region 14 Recreation Tournament. Several events will be included as listed in the varsity bowling team section of this report. The all events portion of this year's tournament was held at Pacific Lutheran University on February 6-7.

Students representing Boise State this year were:

Tim Durnil	Backgammon
Dave Paulsen	Backgammon
Guy Barnett	Frisbee
Vince Huerta	Billiards
Grant Ellegarde	Billiards
Jeannie Davison	Billiards
Richard Burchett	Chess
Craig Moore	Chess
Jeff Roland	Chess
Carlos Garcia	Table Soccer
Mario Torres	Table Soccer
Cathy Mingus	Table Tennis
Calvin Quinowski	Table Tennis
Craig Smith	Table Tennis
Fred Davis	Bowling
Robert Shafer	Bowling
Ed Coleman	Bowling
Mike Taylor	Bowling
Chris Williams	Bowling
Mike Fleischer	Bowling

We could not list the awards earned by these students since we have not as yet received the final report of the tournament winners.

The Varsity Bowling Team sponsored a "pinball giveaway." The Game Table donated a pinball machine to the bowling team. The team gave the machine to the person with the highest score as of April 1. Winner of the pinball machine was John Ballard.

During April the Alpha Omicron Pi sorority sponsored a Greek Week bowling tournament. We hope this will become an annual event. Results were:

<u>Men</u>		<u>Women</u>	
Tau Kappa Epsilon	1643	Alpha Omicron Pi	1323
Alpha Tau Omega	1491	Gamma Phi Beta	1153
Sigma Phi Epsilon	1390	Alpha Chi Omega	1129
Kappa Sigma	1249	Alpha Omicron Pi (2)	991

On April 29, we held our annual Sole Survivor Bowling Tournament. Results were: 1st Place, Mike Taylor; 2nd Place, Ed Coleman.

GROUPS USING THE RECREATION CENTER

Numerous groups use our area. By prior arrangement some groups are given special group rates and discounts.

Special Olympics	Torch
Boy Scouts	Football Camp
Girl Scouts	Basketball Camp
Brownies	Wrestling Camp
Cub Scouts	Boy's State
Drill Teams	Y.C.C.
Parents Without Partners	Y.M.C.A.

Boise Schools Special Education
Cystic Fibrosis Foundation
Idaho State Mental Health
Boise School Field Trips
High School Athletic Teams
Collegiate Athletic Teams
Booth Memorial Home
Faculty Wives
Morot Therapy Classes
Job's Daughters
Tennis Camp
B.S.U., R.O.T.C.

Y.W.C.A.
Fraternities
Sororities
Church Groups
Life-Time Sports Classes
Chess Club
Birthday Party Groups
New Student Orientation
Civitan
Business Week
Travel Club

OUTDOOR ACTIVITIES CENTER

The Outdoor Activities Center sponsored two major events this year. Last November they presented the Warren Miller ski film "Ski People." Due to a problem with film and the projector, the showing was not a success and had to be cancelled. On March 5, the O.A.C. presented "Mountain Visions," a multi-image concert by Gary Grimm and Katy Flanagan.

We are presently working on an idea of setting up an Outdoor Activities Resource Center separate from the rental equipment area in the Recreation Center. We hope the Resource Center will be utilized by students in broadening their outdoor recreation knowledge and as a center for planning and organizing outdoor recreation trips.

SPECIAL EVENTS CENTER

SPECIAL EVENTS CENTER
(through August 1981)

To merely say that FY 1980 was a good year in the Special Events Center would be a gross understatement. As one of the community's finest performing arts and meeting places, the SPEC continued to shine with an average of one program every day and a half, thus making this another record setting year with \$13,000 in revenue.

The SPEC was the site this year for the Church-Symms debate which was televised statewide. Ceremonies also marked the introduction of a new series of "First Day Issue" stamps and participation in the first worldwide big screen satellite telecast of a Christian revival program.

The staff of the Center also reached new ground in providing technical support for the Student Activities Office, new student orientation and the annual Organizational Faire. The Student Programs Board also utilized the stage crew in concerts such as Dave Brubeck, Jackson Browne, Maureen McGovern, and all of the Java Nite series performances. The films program benefited by using our projectionists when needed. The Passion of Christ was staged at St. Pauls with the SPEC stage crew directing their backstage function.

Community sponsored events led both our building revenue (\$11,678) and time utilization (90 days). Users included:

- L.D.S. Church productions of "Saturday's Warrior," "Within These Walls," the L.D.S.S.A. "Christmas Show," movies, and Dance & Company's spring show
- The Trinity Fellowship held services in the SPEC during the 1980 summer session which insured a weekly income.
- Ms. Boise Annual Pageant held in August
- the First Church of Christ Scientist Lecture
- the annual rally of T.O.P.S.
- The Istan Nadas concerts and classes
- National Theater of Performing Arts presentation--Vincente Romero Tablao Flamenco Dances
- the League of Women Voters sponsored Symms/Church Debate
- Idaho Right to Life Rally
- the Sweet Adelines annual concert presentation
- Idaho Folklore Society sponsored three concerts: Rosalie Sorrels, Utah Phillips and Ferrel & Levy.
- Amway Association business meeting
- Muscular Dystrophy Association held a benefit mime show with Mike Young.
- Dance Spectrum, a local dance studio, held its fall and spring recitals.
- Dreambuilders International held four rallies.
- American Society of Mining Engineers sponsored a lecture.

- Governor's Prayer Breakfast used the Center for a post-breakfast meeting
- Idaho Beef Council Cookoff Awards with Merl Ellis and his program of "Cutting up in the Kitchen"
- General Electric sponsored a microwave cooking school.
- Boise Gallery of Art held a seminar, "Drawing With the Right Side of the Brain."
- Madrigal Club Spring Concert was a smash.
- Idaho Statesman State Spelling Bee Championships
- United States Post Office introduction of a First Day Issue stamp series
- Idaho Statewide Solar Energy Conference
- Ken Kopeland Ministry Worldwide Satelite Ministries
- Idaho Catholic Charismatic Conference
- Annual B.S.U. Musical
- Ms. Boise Pageant

On campus groups and cosponsored events created a total of 86 use days and \$1,262 in revenue. Users included:

- Boise State Opera Theater Productions of "Gypsy," "Pirates of Penzance," and "Finian's Rainbow"
- President's Office coordinated the program for Business Week, Youth in Government, and the State School Superintendents Conference.
- Communications Department sponsored a high school debate workshop.
- Economics Department held seven exams in the Center.
- Business Department sponsored four public lectures -- Dick Pournell, Tax Practioners Institute, John A. Young, and Michael Kami.
- Student Programs Board leased the facility for Dr. Zhivago, the Northwest Dance Symposium, the David Grimes classical guitar concert, the American Brass Quintet, the Pablo Casals Trio and the Montana Repertory Theatre.
- Driscoll Hall sponsored the "Dating Game."
- Music Department sponsored a piano recital, the Idaho State Jazz Festival, the Idaho State Inservice Workshop for Teachers and the High School Music Festival.
- The Great American Talent Show was an integral part of Homecoming.
- The S.U.B. sponsored the Mountain Visions Multimedia Presentation.
- Theater Arts Department staged two dance recitals and sponsored a puppet show.
- Dr. Keiser addressed the University community on two occasions.
- B.S.U. Classified Employees met
- History Department presented an evening of Russian chamber music.
- Home Economics Department hosted the tri-state dietetic conference.
- Idaho State Fretted Instrument Society held a concert.
