Spring is right around the corner and before we know it, another academic year will have passed. Where does the time go?

The calendar is full of events, meetings and projects. I am looking forward to going to Sun Valley in April to attend my third Idaho Association of Educational Office Professional Conference (IAEOP). As in the previous years, the IAEOP conference has great speakers on the agenda and worthwhile workshops. The state conference is a great opportunity to network with members from around Idaho, meet new people and learn something new. I hope to see many of you there.

Another event, to which I look forward every year is coming up soon! Bosses Breakfast! Be sure to mark your calendar for May 8 and join us for our annual tribute to our bosses. This event draws participants from across campus and is one of our best-attended events. Last year over 400 people gathered at the annual breakfast! Those numbers will be hard to beat, but we are looking forward to the challenge!

Also, nominations and elections coming up. Please consider getting involved by running for an open position on the Board or by volunteering to chair a committee or volunteer to be a member of a committee. Being involved in BSUAOP is a great learning experience and a worthwhile cause. I highly recommend becoming more involved. If you have questions, please don’t hesitate to contact me at 426-1996 or scritht@boisestate.edu

The 36th Annual Idaho Association of Educational Office Professionals (IAEOP) Meeting and Spring Conference will be held in Sun Valley on April 11 & 12.

“Why should I attend a State conference,” you ask?

Attending a conference is more than an opportunity to learn new or improve current job skills, it is an opportunity to further your career. We have all heard the statement, “It’s who you know, not what you know.” Well, the reality is that what you know is pretty important— but who you know will provide opportunities of which you might not otherwise be

IAEOP CONFERENCE—SUN VALLEY

aware. A conference is an opportunity to introduce yourself to network with knowledgeable, hard-working, focused, dynamic people who have similar career interests. Why would you not want to enjoy the company of your colleagues and increase your life experiences? Isn’t that what learning is all about—new experiences? What other professional person do you know who doesn’t participate in their professional organization? There is simply no other experience or growth opportunity like attending a conference!

For the IAEOP Conference, there are six workshops scheduled. Each day of the conference, participants will listen to a different keynote speaker. I have attended many state and national conferences and I have never been disappointed or gone away from any of them feeling as though it wasn’t worth my time or the effort to go. When I share my experiences and the schedule of these conferences with faculty and other professionals, I often hear the remark that we are “crazy” for keeping the rigorous schedule of workshops and meetings that we do. And yet, somehow, everyone with whom I’ve shared those experiences agrees that we come back rejuvenated and excited. Due to the high cost of the location, this could be the last year that the conference will be in Sun Valley—so don’t miss a wonderful opportunity being held in one of the most scenic parts of our beautiful and diverse state!

Don’t take my word for it—attend this year’s conference and discover for yourself! For registration information please visit www.idahoaeop.org

MAY 15—DEADLINE FOR PSP!

The Professional Standards Program (PSP) is a voluntary program established by the National Association of Education Office Professionals (NAEOP) to encourage education office professionals to grow professionally. The privilege of participation will be open to active and retired members only.

The program is designed as a series of five levels in Option I and nine levels in Option II. The awarding of a certificate based on education, experience and professional activity recognizes each level of achievement in the program. The current highest-level certificate must be recertified five years from issue date or upgraded according to the guidelines to be considered current by NAEOP.

A member who holds the Advanced III, Option I, or Associate Degree or higher under Option II is qualified to apply for the distinction of Certified Educational Office Employee (CEOE).

The program is governed by the Professional Standards Program governing body, referred to as the Governing Board. The PSP Committee makes recommendations to the Governing Board. The final decision is made by the NAEOP Board of Directors.

Members who would like to earn their PSP should meet with the PSP chair to begin the process.

LIVELY CONVERSATIONS

Live Long, Live Well, Die Quick

A small group of BSUAOP members gathered at our February meeting to participate in this interactive session with Terry-Ann Spitzer Gibson, Kinesiology. Gibson introduced important aspects of health aging focusing primarily on simple exercises that can promote life long physical function. Gibson led participants in simple exercises and responded to questions.

Co-author of Idaho’s Fit and Fall Proof Curriculum, Gibson is also a consultant for the Idaho Department of Health and Welfare. Her primary research involves resistance and balance training to improve strength and function in the older adult population.

Take Care of Yourself!

Got the mid-semester blahs? Our March 11 meeting is all about taking care of yourself! Members of BSUAOP and our guests will gather at Elmer’s on Capital Boulevard to indulge ourselves.

Vendors from Body Shop @ Home, Park Lane Jewelry, Arbonne Skin Care, Mary Kay and Home and Garden will be available to answer questions and demonstrate their product.

This is a no-pressure event designed to be similar to a home event without the stress of hosting the gathering.

Join us to visit with members, talk with the vendors, enter to win prizes and pamper yourself!

For more information regarding future meetings and speakers, please contact:

Linda Hamson, Program Chair, 426-1551 or lhamson@boisestate.edu

NEWS FROM THE TREASURER

As Treasurer of BSUAOP, it is my responsibility to maintain the monthly financial records and balance to PeopleSoft. With that in mind, I would like to explain what documentation I will need to process expenses and revenue. Of course, when there is to be a reimbursement to you, I will need the original receipt when I submit a payment request form. For P-card payments, a copy of the statement with the charge highlighted and a copy of the original receipt are necessary. When a travel form is processed with charges to the AOP ORG, I need to have a copy of the receipts and a copy of the travel form that is returned to you with the voucher number, date and breakdown by ORG and account number. There may be others who need the same documentation, therefore, a copy will suffice. Our organization is no different than any other department on campus; we must comply with the rules and regulations regarding documentation for all expenses and revenues. It is an honor for me to be able to hold this position. I want to maintain accurate records and can do so with the help and understanding of all members of the Association. Thank you for your confidence in my abilities and your cooperation and help.

Debbie Porter, BSUAOP Treasurer

Among of the joys of membership in a professional organization are the opportunities for personal and professional growth. One opportunity is to participate in workshops, attend luncheons, enjoy the speaker and/or read about our group activities in the newsletter. Another method is to volunteer. Giving one’s time to the organization is a great way to meet people, learn new skills and to step into new and exciting roles within the organization.

Another possibility is to run for office. Leslie Black is our Nominations Committee Chair. She and her committee are actively seeking candidates to fill positions within our organization. Please contact Leslie at lblack@boisestate.edu to find out more about the opportunities available.

Leslie is currently at home recuperating from a broken ankle, but we hope she will be back with us soon.

AREA REPRESENTATIVE NEWS

AREA III REPRESENTATIVE: Valencia Garrett

Having served BSUAOP in several capacities, it is my pleasure this year to serve as Area III representative. I encourage all of the educational office professionals in my area to contact me for information regarding our organization and to investigate the opportunities available to them through membership.

AREA VII REPRESENTATIVE: Suzan Raney, CEOE

Suzan, our Area II representative, has been an active member of BSUAOP for many years. She has held several offices and served on many of the committees which make our organization run smoothly. Please contact Suzan to learn more about our great organization and the opportunities of membership.

LIBRARY CORNER

As a member of IAEOP and NAEOP, I have had the pleasure of reading the newsletters from our sister organizations. Some of the joys of taking time to read a newsletter or professional journal are the questions, answers, insight and humor that is shared by others who are caught up in the same pell-mell race which occupies my days.

Conferences and other opportunities membership in our sister organizations provide, may overshadow the resource provided by professional journals and newsletters produced by each organization.

Ok, I confess. I just like to read.

One of the benefits of membership in an organization is the wealth of knowledge possessed by the members. This month’s question stems from the frustration caused when Word makes a simple thing—like making address labels—harder. To make labels in Word, Open Word, select Tools, select Letters & Mailings, select Mail Merge and select Labels.

Next: Start Document, select Label Option (ex: 5160 Avery), click OK.

Next: Select recipients, click Browse to find your Excel file, select the worksheet or file with the information for your labels, click “Select all” or select those you need. Click OK.

Next: Arrange labels. Click “More Items” select Name, Address, etc. as necessary for your labels. When finished, click Close. Click “Update all labels.”

Next: Review your Labels. If they look ok, continue.

Next: Complete the Merge. At this point, you may print your labels or you may choose to “edit individual labels.” (This is the one I choose to be sure all of my labels fit the space.) Click Select all & click OK. Edit labels, if necessary. Once your review is complete, Click Print. Oops! Don’t forget to put the label sheet in your printer.

Each year at our Annual Bosses’ Breakfast, BSUAOP honors an administrator who has been supportive of educational office professionals and their professional development. If you would like to nominate an administrator for this award, please follow the guidelines listed below.

To be eligible, the nominee must currently be employed as an educational administrator at Boise State University. The form, which is available on the website, must be typed and signed by a current member of BSUAOP.

The criteria for judging include,

1) interest shown in education office personnel,
2) the recommendation of the sponsoring individual,
3) letters of recommendation (minimum of three),
4) achievement in the field of education,
5) experience in the field of education,
6) educational background,
7) membership/achievement in professional associations.

Nominations must be received no later than March 15, 2008. For more information: visit our website or contact:

Marian Graham, Awards Chair
426-3789, MS1840
