Reminder: All employees* will be required to work Veteran’s Day, Thursday, November 11.

All state agencies, including Boise State University, are allowed to provide no more than eight (8) hours of holiday pay for full-time employees for any holiday, regardless of schedule; part-time employees receive pay based on their standard hours (i.e., a half-time employee would receive 4 hours holiday pay). Consequently, the University suspends flex schedules (anything over 8 hours worked on a day) for classified employees on holidays.

- Classified employees who are overtime eligible will receive compensatory time for hours worked based on a time and one-half rate (this would amount to 24 hours for a full-time employee for Columbus Day and Veteran’s Day).
- Classified employees that work Veteran’s Day will report the holiday hours worked as “HOA” on the University’s Time and Labor System. The holiday hours worked will accrue as Compensatory (Comp) Time. When the Comp Time is used, the employee will report these hours as “CPT.”
- Professional staff and exempt classified employees working Columbus Day and Veteran’s Day will have two days applied for use the day after Thanksgiving and during Christmas week.

If you choose to take November 11th off for any reason (vacation, sick etc) please record the time off as usual in Time and Labor.

Classified staff will be required to use any unused compensatory time for November 26, December 27, 28, 29 and 30. Employees with no compensatory time will be requested to use annual leave for these five days. Professional staff and exempt classified employees will use comp time November 26 and December 27 and use annual leave for December 28, 29 and 30. Departments who must have employees working on the above mentioned dates should request prior approval from the President, Provost or appropriate Vice President.
