PART I

General Information
Boise State College

HISTORY

Boise State College is the product of citizens in action. From the inception of the school, during the Depression 30's to February 1965 when it acquired four-year status as "Boise College," to its present status as a comprehensive state college, the institution has developed through district, regional, and state support.

When college seemed beyond the reach of many young people, in the spring of 1932, an Episcopal Bishop, the Right Reverend Middleton S. Barnwell, organized Boise Junior College. Its classes were held in St. Margaret's hall, a church-operated girls' academy. Several of the original faculty members are still with the school.

Two years later, in answer to an appeal from the Bishop, a group of visionary citizens formed a non-profit corporation to continue the operation of the fledgling school. The city of Boise, in turn, contributed land on which to build a campus, on a 110-acre tract south of the Boise River, the former municipal airport.

The Idaho Legislature helped lay the groundwork to make the college a public institution by passing an enabling act in February, 1939, permitting the formation of junior college districts. Within a month, the Boise Junior College District was formed by a large majority of the qualified voters, and the school opened that fall as a public institution. Another district vote, by a 10 to 1 majority, approved the necessary funds to start building a college plant.

The 1965 Legislature acted to form a new four-year degree granting institution, Boise College. The first upper division courses were offered during the summer session of 1965 and the first graduation from the four-year college was in the spring of 1967. By action of the Northwest Association of Secondary and Higher Schools in November, 1966, Boise College was accorded "Candidacy for Membership," constituting an interim accreditation for three years as a senior college.

To meet the educational needs of men and women of all ages Boise State College has a junior college division with one- and two-year courses of study including an Area Vocational-Technical School; and four-year curricula leading to the baccalaureate degree in a variety of fields.

The 1967 State Legislature voted for the integration of Boise College into the state system of higher education to be effective January 1, 1969 and changed the name to Boise State College.

INSTITUTIONAL MISSION AND OBJECTIVES

The paramount role of a college was set long ago. It is to educate the individual, to ensure his development, and to enlarge his opportunity. We must rededicate ourselves to these goals and thereby strengthen them in a world of restless political, social, technological and economic change.

We believe that every college student needs a broad education to equip him for mobility in employment, in social life, in community, state and national citizenry, and that each student deserves an environment that contributes to his total growth as an individual. Therefore, the college should help to create an intellectual atmosphere that encourages students to develop a scientific spirit of investigation that becomes a life-long approach to issues and problems—in essence, to provide the opportunity for a sound, liberal education for all of its students through formal classes and informal avenues of learning and, hopefully, to liberate their minds from stereotyped thought and shallow decision making.

The college should provide a range of opportunities for student-faculty dialogue in other than a classroom situation, as well as provide educational opportunities to its students through self-government and other student activities that enhance self-growth, and various individual services that correlate with instruction, such as counseling, guidance, placement, testing and health services.
We also believe strongly in the development of special educational areas to equip students with the professional or technical skills and knowledges necessary for entrance into employment upon graduation. In addition, we seek to help students gain respect for excellence of performance and to provide educational programs that prepare them to become workers and leaders in the professions, in business, in governmental positions, in teaching and in industrial occupations.

Teaching, knowledge and innovation must be advanced on every front—the arts, the sciences and the occupations. In these areas we should allot a greater proportion of our total effort to teaching, first, to extend still further each student's understanding of the world, and second, to enrich basic and applied research in the sciences, humanities, and technology so essential to the improvement of humanity in all respects. Therefore, we should encourage the faculty and administration to engage in personal and team research which contributes to institutional improvement of personal growth, and maintain effective communication with students, alumni and the general public in an attempt to assess continually the effectiveness of the college in fulfilling its mission.

The status of the individual must remain our primary concern, and we must further enhance the dignity of the individual student, promote the maximum development of his capabilities, stimulate their responsible use, and widen the range and effectiveness of opportunities for individual choice, self-development and self-expression.

We further believe that a state college must recognize its responsibility to the public it serves and should therefore assist in the state's growth and development by always making its resources available for solving problems, by making a variety of cultural, avocational and occupational experiences available through its publications, workshops, concerts, plays, speakers, conferences, evening course offerings and sports events, and by offering educational training and retraining programs needed by education, industry and business.

In essence, then, the prime purpose of this state college is influencing the thought and behavior of its students and its public, and the prime recognition is that both teaching and learning are best accomplished when a variety of techniques and skills are aptly employed.

THE PLAN

Courses of study are planned to meet the needs of high school graduates who desire additional training or education for the following reasons:

1. To obtain a baccalaureate degree by enrolling in a full four-year course; or to obtain pre-professional background.
2. To obtain a general or specialized junior college education beyond high school.
3. To qualify for business or professional positions through additional education and training.
4. To obtain new skills or retraining in present work, in evening classes.
5. To provide general educational and cultural opportunities to the public.

THE PLANT

The tree-studded campus south of the Boise River, opposite Julia Davis Park, is bounded on the west by Capitol Boulevard and on the east by Broadway Avenue. It is traversed on the north by a picturesque river road at the end of which stands a small historic chapel which was moved on campus for posterity. College Boulevard is the southern boundary line of the campus.

The college is within walking distance of the downtown area, below the hill from the Union Station. Opposite the campus on the south are several religious centers of various denominations.
The Administration Building was completed in time to accommodate the 1940 class, and was followed that same year by the Heating Plant, Music Auditorium, Vocational Shop, Gymnasium and Student Union Building (now being used as the Music-Drama Annex).

The Science Building was completed in 1955 with a new wing added in 1966. The building provides excellent laboratories, class and seminar rooms and a 260-seat theater-type lecture room.

The Liberal Arts Building was completed in 1967. It includes 33 classrooms, 7 Art Laboratories, 31 Faculty Offices, a Foreign Language Laboratory and a 322-seat lecture auditorium equipped with some of the most advanced training aids.

The Library, completed in 1964, is a modern, brick and glass structure overlooking the campus road and river on the north, with a south terrace facing the Liberal Arts Building. The Library accommodates over 400 students at reading tables and individual study desks. The book collection totals over 60,000 volumes, including about 3,000 reference volumes. Typing rooms and listening facilities are easily accessible, with approximately 1,500 phonorecords and 250 tapes available. The periodical department, centrally located on the second floor, receives over 500 periodicals and 15 newspapers. Microfilm readers are available for reading periodical and newspaper files on microfilm.

At present, the History and Education Departments and the Instructional Materials Center are also located on the second floor of the Library. Eventually, the total two-story structure, with the exception of space occupied by the Instructional Materials Center, will be utilized entirely by the Library.

The Instructional Materials Center (Educational Film Library) is owned cooperatively by the college and school districts in Southern Idaho and Eastern Oregon. The library now includes more than 1,100 films and 550 film strips valued at more than $100,000. These materials are used extensively not only in the College but in schools and by community organizations throughout the area. The latest projectors and other audio-visual equipment also are included in the Center.

Campus School is an elementary school built by the Boise Independent School District on the college campus. This unique arrangement provides student teaching for education majors, under the guidance of the college and Campus School instructors.

The Music Auditorium houses the Cunningham Memorial Organ, considered one of the finest of its kind in the Northwest. The building was remodeled in 1958 and seats 600 persons for college and community functions. The Music Department also is quartered here, including practice rooms and studios.

The Music-Drama Annex was used until 1967 as the Student Union Building. It was partially constructed through student fees and further financed by the Board of Trustees and a gift by H. W. Morrison. It provides expanded classrooms, and practice facilities for music students; speech and drama laboratory facilities; a radio broadcast studio; and the Student Health Services.

The Student Union Building, opened in the fall of 1967 is a structure of modern design that is the social center of the campus. It includes a large snack bar with enough room for 500 students, a game room, a six lane bowling alley, a ballroom which may accommodate as many as 1,200 persons seated at a banquet, and a barber shop. Adequate parking is available. One of the largest college book stores in the intermountain area is located in the Student Union Building.

Gymnasium and Physical Education building constructed in 1955 is used extensively by the college and the community for events requiring a large seating capacity (up to 4,000). The gymnasium contains two full sized basketball floors and additional large areas adaptable for special training classes, testing and registration.

Bronco Stadium, completed in 1950, has a permanent seating capacity of 10,800 which frequently is augmented by temporary bleachers. Friends of the
General Information

college promoted the stadium which not only serves as "Home of the Broncos" football team but for track events, outdoor pageants and spectaculars, and for athletic events of high schools and other colleges.

Vocational Buildings are located on the southeastern section of the campus on Bellevue Avenue. Included are shops for auto mechanics, machine shop, welding, carpentry and auto body.

The Technical Education Building, completed in 1966, houses classes, laboratories, and offices of the rapidly expanding Vocational-Technical Education Program. Drafting-Design, Electronics, Office-Machine Repair, Horticulture, Nursing, and Dental Technician training are some of the activities conducted in this building.

Women's Residence Halls, Morrison Hall and Driscoll Hall were both completed in 1951 with identical construction of 48 single rooms and 15 double rooms. Central features are downstairs parlor and large recreation rooms. Each dormitory has 10 suites with small living room and lavatory facilities for the occupants. Laundry facilities also are available for the residents.

Opened in the fall of 1967, Chaffee Hall is a men's residence, designed to accommodate 300 students. This beautiful new addition to the campus includes a central unit that is air-conditioned and contains a carpeted lounge, TV room, recreation room, and Resident Directors' apartment. Students are housed in two separate three-story units with twenty-four double rooms, two single rooms and a Resident Advisor's room on each floor.

CULTURAL ADVANTAGES

The College increasingly is becoming the hub of cultural activities for the area, with many events presented at no charge, or for a nominal attendance fee. The College Lyceum Committee sponsors a series of lectures and entertainment featuring outstanding public figures or artists on tour to which the public is invited.

Dramatic offerings by student actors are presented each season, including plays in French, Spanish and German given by language students.

A full calendar of musical offerings includes recitals, concerts of the a cappella choir and the college band (both of which go on tour each year), the BSC-Community Symphony orchestra, and an annual Opera Workshop production.

As the state capital, Boise offers many additional advantages to the students who can observe first hand various governmental departments, where they frequently have an opportunity to work. The city is the hub of communications, with the largest daily newspaper in the state, two major television stations, two weekly newspapers and seven radio stations.

There are two modern hospitals, plus a renowned convalescent center. It is a city of churches, and civic organizations abound for both men and women.

Music opportunities for participants and audiences alike are here with a Philharmonic Symphony orchestra, the Community Concert series, in addition to several major musical show productions involving local talent given each year. There is an active Little Theatre group, an Art Association which sponsors an Art Gallery in Julia Davis Park, and a Historical Society in conjunction with the State Historical Museum also located in the Park, across the river from the college campus.

Boise Valley has a mild climate, only a few miles' drive to the mountains for abundant snow. Bogus Basin, the local ski area, is only 16 miles from the city. Family camping is a favorite recreation, with hunting and fishing practically at one's backdoor. Water sports are found at nearby Lucky Peak reservoir, Lake Lowell and many other recreation spots within a short drive of town.

ACCREDITATION

Boise College was first accredited as a junior college in 1941 by the Northwest Association of Secondary and Higher Schools. It was re-accredited
in 1956 and again in 1966. After the College was authorized by the 1965 Idaho Legislature to expand to four-year, degree-granting status, steps were taken immediately to gain accreditation for the junior and senior years. Acceptance of initial upper division courses was assured by the University of Idaho in July 1965, and Candidacy for Membership was granted by the Northwest Association in December 1966 providing an interim accreditation for a period of three years. The Higher Commission of the Northwest Association has recommended to other colleges and universities that transcripts of credits from Boise College be accepted in exactly the same manner as those from fully accredited institutions.

In September, 1968 Boise College will be examined by a committee from the Northwest Association, which will file a report with the Higher Commission of the Association relative to the College's application for full accreditation. Full accreditation will be determined in the Fall of 1968.

HONORS

Boise State College plans to initiate an Honors Program designed to give students of outstanding intellectual ability a comprehensive education in interdepartmental areas of study allowing for the development of individual programs leading to a baccalaureate degree.

The program will offer the exceptional student the privilege of studying challenging topics free from many of the restrictions inherent in the normal curricula. It also will offer him the opportunity to meet the added challenge of conflicting opinions and interpretations from fellow students and faculty in an atmosphere intended to stimulate him to the fullest possible development of his potential.

The Idaho Society of Professional Engineers selects a pre-engineering major to receive the honor of being the outstanding engineering student graduating from Boise College. The engineering faculty nominates candidates for this honor. An individual plaque is given to the recipient, and his name is also inscribed on a plaque in the Science Building. The name of the student receiving this honor is announced at Commencement each year.

SCHEDULES OF FEES AND CHARGES

All of the fees, tuition, and other charges are due and payable at the time of registration each semester. Board and room charges may be paid in advance for each semester or arrangements may be made to pay in advance on a partial payment basis by consulting the Business Manager.

Veterans who plan to attend on the GI Bill of Rights under P.L. 550 or P.L. 894 must, upon registration, present their certificates of eligibility. Those under P.L. 894 unable to present a certificate of eligibility at the time of registration will be charged tuition and fees. Upon presentation of said certificate, complete refund will be made. Veterans qualifying under P.L. 550 will pay all charges at time of registration.

Ten or more credit hours for students not attending on the GI Bill will be considered a full schedule for purpose of calculating charges:

Beginning with Spring Semester, 1969, any person, other than a staff member, who registers for more than six credits, or its equivalent, must pay the full registration fees.

All fees, tuition and other charges are subject to change without notice.

If student qualifies for County Tuition Aid, as provided by H.B. 121, as amended, Thirty-Ninth Session, Idaho State Legislature, 1967, deduct $210.70 $246.00 $0

| Total Tuition & Fees | $130.00            | $204.00              | $204.00                    | $450.00      |

The above estimates do not include the cost of laundry, bedding, books, or personal items which vary greatly depending on the tastes, demands, or financial means of the individual student. In addition to the above, some courses may require special fees.

**INTERPRETATION OF COUNTY TUITION AID**

*(FOR FALL SEMESTER ONLY)*

Idaho counties which will pay tuition aid:

Students from other Idaho counties may qualify if they meet the following conditions:

“Any student residing in the area of a county outside of a junior college district or in a county without a junior college district, who has been a resident of the county and state for not less than six (6) months continuously prior to the date of his first enrollment in a junior college, which residence may not be acquired while attending and enrolled in a junior college or other public school above the twelfth grade, may enroll in any junior college in the state, and the county of his residence shall pay that portion of his tuition as hereinafter set out. Provided, however, no student residing in a junior college area which has a junior college district may attend another junior college in the state, with the county of his residence paying a portion of that tuition, unless the student, if he be of legal age, or the parent or guardian of such student makes application to the board of trustees of the junior college district of the junior college area in which such student resides, which application shall request the attendance of such student at another junior college in the state, with the county of his residence paying a portion of the tuition, and shall set forth the facts and reasons why such attendance should be authorized and, further, shall specify the junior college at which attendance is desired. Such board of trustees shall, not less than ten days before the date of such application is to be heard, enter its order for a hearing and give notice by mail to the applicant as to the time and place thereof. After hearing the same, if the Board of Trustees shall determine it to be in the best interest of such student to attend another junior college, with the county of his residence paying a portion of the tuition, and if the other junior college has agreed to accept such student, the board shall make and enter its order to that effect. Any such decision by the board of trustees of the junior college district may be appealed to and heard by the State Board of Education.”

BOISE STATE COLLEGE
TUITION AND FEE SCHEDULE

SPRING SEMESTER — 1969

Boise College becomes a state institution, Boise State College, on January 1, 1969. Tuition and fees have been determined by the State Board of Education, which will then be the governing body of Boise State College.

Practice Room with Piano for one hour daily, six days per week (per semester) 6.00
Organ Rental, one hour per day (per semester) 27.00
Key deposit for any music practice room (per semester) 3.00

*No early final examinations are allowed. Late final examinations can be arranged when extenuating circumstances exist—permission of the Dean of the school is required.
Physical Education; Towel and lock fees: (per semester) 3.75

All one credit physical education courses except PE-152, PE-153, PE-174, PE-175, PE-177, PE-187, PE-188, PE-189, PE-190, PE-191, PE-192, PE-193.

Swimming, PE 152, PE 153, PE 178, PE 179, PE 282, PE 283 (per semester) 10.00

Bowling:

PE-190 (per semester) $15.00

Vocational Course Fees:

Auto Body (per semester) 15.00
Auto Mechanics (per semester) 15.00
Carpentry (per semester) 15.00
Dental Assisting (per semester) 15.00
Drafting and Design (per semester) 15.00
Electronics (per semester) 15.00
Fashion Merchandising (per semester) 15.00
Machine (per semester) 15.00
Mid-Management (per semester) 15.00
Office Machine Repair (per semester) 15.00
Welding (per semester) 15.00

Other vocational courses not listed above will also carry the $15.00 fee.

Students carrying less than 12 credits or 30 clock hours per week will pay $1.50 per credit per semester on all shop courses.

Late Registration Fee: $5.00 to $15.00

To help defray the extra cost involved with late registration, a fee is charged at the rate of $5.00 per day after the regularly designated days for registration to a maximum of $15.00. The cashier is not authorized to accept a late registration without the payment of the late fee and any waiver shall be on a refund basis upon the recommendation of the Dean of Student Personnel Services. The acceptance of LATE REGISTRATION IS SUBJECT TO CONCURRENCE BY THE INSTRUCTORS WHOSE COURSES ARE AFFECTED.

ROOM AND BOARD SCHEDULE (PER SEMESTER)

| Morrison & Driscoll Halls: | 1968-69 | | |
|--------------------------|--------|--------|
|                          | Board  | Room   | Total |
| Single                   | $245.00  | $150.00  | $395.00  |
| Double                   | 245.00  | 135.00  | 380.00  |
| Chaffee Hall:            |        |        |        |

| Double                   | 245.00  | 135.00  | 380.00  |

All fees, tuition and other charges are subject to change without notice.

RESIDENCE

“Residence” as used in the statutes and rules of Boise College means a student’s permanent domicile. A student can have but one residence and such residence cannot be lost until another is gained. The statutes of the State of Idaho provide:

“A student in a junior college shall not be deemed a resident of the district or of the county or of the State of Idaho, unless such student shall have resided within said district, county or state, for at least six months continuously prior to the date of his first enrollment in said junior college, and no student who was not a resident of the district, county or state shall gain residence while attending and enrolled in said junior college. The residence of a minor shall be deemed to be the residence of his parents or parent or guardian.”

*Includes 3% Idaho Sales Tax ($7.14).
Refunds

Students who withdraw from the College during the first four weeks of a semester will be entitled to receive the following refund on tuition, general fees (except non-refundable) and student body fees (if activity ticket is returned) paid for that term:

If withdrawal is made within the first two weeks of a term, 75% will be refunded; after two weeks and within four weeks, 50%; after four weeks, no refund will be allowed.

Application for refund must be made to the Business Office at the time of withdrawal and within the time limits mentioned.

Delinquent Accounts

The cancellation of the registration and withholding of academic credit of any student with a delinquent account or an unsatisfactory financial relationship with the business office is authorized without notice if the student has been contacted. This regulation may be invoked at the discretion of the Business Manager in cases of disregard in the settlement of returned checks, loss of property or breakage in excess of the general deposit, dormitory or housing breakage, library fines and losses in excess of the general deposit, telephone toll charges, overdue notes, etc.

Dishonored Check Policy

A charge of $5.00 will be assessed each time a check is returned; this amount will be charged to the student and he will be notified. If not cleared within 10 days, a second notice will be sent and a “hold” placed on his records.

Any check that is registered in payment of registration fees and subsequently returned by the bank will result in automatic postponement of the student’s registration and the student will be subject to a late registration fee.

Auditing of Accounts

All funds for public purposes within the College and subject to the jurisdiction of either the College or the Associated Student Body and which are contributed to or collected by any student or faculty member shall be deposited with the Business Manager, subject to withdrawal upon written approval of the proper authorities. An accounting of all receipts and expenditures in the funds shall be made by those responsible for their collection immediately after they shall have been disbursed, this accounting to be audited by the Business Manager.

STUDENT PERSONNEL SERVICES

STAFF ORGANIZATION

The Office of Student Personnel Services encompasses all of the "out-of-class" services and programs that enhance the welfare of Boise State College students. The offices and activities responsible to the Dean of Student Personnel Services are: The Dean of Men; The Dean of Women; an Administrative Assistant who is responsible for Placement and Alumni Relations; the Director of Admissions and Records; the Registrar; Director of Financial Aids; the Director of Food Services (SAGA); the Director of Health Services; Director of the Student Union; Residence Halls programs; Student Government; Lyceum and other Faculty-Student Committees.

STUDENT ACTIVITIES

A. STUDENT GOVERNMENT

Every full-time student of Boise State College is officially a member of the "Associated Students of Boise State College" (ASBSC). This membership entitles each student to vote in all student body elections, to participate in a variety of extracurricular activities, attend all home athletic events free, and to receive the student newspaper without charge. The elected student officers of the ASBSC are the Student Body President, Vice President, Secretary, Treasurer, and the four class presidents. The Dean of Student Personnel Services is the official advisor to this group.

The various branches of Student Government are designed to promote democracy, scholarship, leadership, and interest in student activities through various committees, and assignments, such as: the Judiciary Council, Social Committee, Honor Council, Homecoming Committee, and all other activities included in the ASBSC Budget. The Student Government also appoints qualified students to many permanent Faculty-Student Committees of the College such as the Lyceum Committee, Admissions Committee and Student Conduct Board.

B. STUDENT PUBLICATIONS

The Boise State College Roundup is the official weekly newspaper of the ASBSC. The student leadership of the paper is divided between two editors selected by the Student Government. Staff positions are open to any full-time students interested in journalism, not necessarily journalism majors.

The Les Bois is the college annual or yearbook, published by the associated student body. The editor is appointed each year by the student government and other positions on the staff are open to all interested full-time students.

Impulse is a cooperative effort of the students and faculty of the Division of Arts and Letters in the form of a semi-annual book of poetry, verse, short stories, and art.

C. ORGANIZATIONS AND HONORARIES

Participation in departmental clubs and honoraries, service and fraternal organizations, and other campus activities is an important part of student life. Adequate opportunities are available for every eligible student to pursue his extracurricular interests. Student honorary and service honorary organizations include Phi Theta Kappa, open to students with an academic grade point average of 3.5 or higher; Tau Alpha Pi, a vocational honorary; Golden Z's, open to women with a 3.0 average or higher; Valkyries, a women's service honorary; Circle K, men's service honorary; and Alpha Psi Omega, national dramatic honorary. Other service organizations include the Esquires, open to ex-servicemen with two or more years of active duty and a 2.0 average; Pi Sigma Sigma, men's service club; Intercollegiate Knights, national men's service club; Life Lines, women's organization emphasizing the need for blood and pledges to blood banks; Associated Women Students, open to all women on campus. Approximately fourteen class organizations and seven religious clubs, plus five or more special interest groups carry on a large number of campus projects and activities.
D. RELIGIOUS ACTIVITY

There are ample opportunities for worship in the Capital City of Boise. The many churches welcome students into their fellowship and provide additional programs for the students. The interfaith Council, composed of representatives from each of the religious clubs on campus, coordinates and promotes religious programs at the College.

E. MUSIC

Students interested in music are invited to participate in the Boise State College Orchestra, in the College Band, or A Cappella Choir, as well as smaller ensemble groups.

F. DRAMA

All students with the required grade point average are eligible to "try-out" for a large repertoire of student plays and drama productions. Students from a wide variety of major fields such as Engineering, Business, Psychology, etc., participate in these productions and many also earn points toward membership in Alpha Psi Omega, the national honorary dramatic fraternity.

ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

A. REQUIREMENTS

1. FOR INTERCOLLEGIATE REPRESENTATION:
In order to represent Boise State College or any student organization in any extracurricular activity of an intercollegiate nature such as: Debate, Model United Nations, Student Conferences, Business Education Day, fraternal or organizational conferences, Band, Orchestra, Choir, etc., trips, Cheerleader and/or Broncettes trips, etc., (except athletics) a student must:
   a. Not be disqualified or suspended from the College or on academic, social or conduct probation.
   b. Be currently enrolled as a full-time day student.
   c. Have earned at least a 2.00 GPA during his last previous semester at this College and carried a full-time load during said semester.
   d. Have a 2.00 Cumulative GPA or better.
   e. If a 1st semester Freshman, have written approval of his ACADEMIC Advisor.
   f. If a 1st semester Transfer student, have written clearance from the Student Personnel Services Office.

2. FOR MEMBERSHIP:
Membership in any of the Social/Service Clubs, Fraternal, Class and/or Special Interest Organizations (other than those required for credit), Activity Groups and/or Committees require the student:
   a. Not be disqualified or suspended from the College or on Conduct Probation.
   b. Be currently enrolled as a full-time day student.
   c. Meet the grade point requirements of the organization involved.

SPECIFIC REQUIREMENTS

3. TO HOLD ANY STUDENT OFFICE:
An applicant for ANY STUDENT OFFICE, (Student Executive Board, Senate, Committee Chairmanship, Club/Organizational Office, etc.) must have achieved a minimum of 2.00 Cumulative GPA in previous academic work at Boise State College, and must maintain a 2.00 GPA for the duration of tenure in office.

Specific Requirements
a. The Student Body President and Organizational Presidents or Chairmen must have a minimum 2.00 Cumulative GPA to qualify for candidacy.

b. A candidate for any student body office (SEB) must have completed 60 credit hours of academic work at the end of the semester in which he/she applies for candidacy.
c. The minimum requirements for class officers shall be:
1) 90 credit hours for senior offices
2) 60 credit hours for junior offices
3) 30 credit hours for sophomore offices
4) Freshman candidates shall be required to have a 2.50, Cumulative GPA or equivalent from high school.

B. FACULTY ADVISOR'S RESPONSIBILITY

It is the responsibility of the faculty advisor, director, or coach to see that the eligibility of all candidates for office is certified by and filed with the Student Personnel Services Office before such candidates run for office and at the end of each grading period.

HOUSING

All full time freshmen, not living at home, are required to live in the residence halls on campus. Students over twenty-one or married are not included in this regulation. In special cases written permission may be granted by the Dean of Men or the Dean of Women to live off-campus. Students who feel they have a special situation may petition either the Dean of Men or the Dean of Women. In the case of women under twenty-one, special permission will be granted only to live with a close relative.

ALL students are required to report any change of address (temporary or permanent) to the Student Personnel Services Office prior to moving.

Students living off-campus or at home are subject to the same standards of conduct expected of students living in College housing and residence halls.

A. ON-CAMPUS HOUSING: RESIDENCE HALLS

The College maintains three permanent residence halls with accommodations for approximately 450 students. Living conditions are comfortable and conducive to successful academic progress. They also contribute to and encourage participation in the wholesome activities of campus life. The women's residence halls (Morrison and Driscoll) will accommodate approximately 150 students while the new men's residence (Chaffee Hall) is designed to house 300 students.

Morrison and Driscoll halls are virtually identical, with forty-eight single and fifteen double rooms arranged into ten suites of from six to eight women each. Chaffee Hall is divided into two separate three-story units of approximately fifty men to a floor living in twenty-four double rooms, two single rooms and a Resident Advisor's room per floor. Both units are connected by enclosed corridors to a Central Lounge and Control Unit that includes a large carpeted formal lounge, recreation area, T.V. lounge, mail boxes, control desk, office, and the Resident Director's apartment. Each floor of Chaffee Hall is in a sense a separate living unit with a small informal lounge, study room, kitchenette, and laundry facilities.

Laundry facilities are available in each of the residence halls. Linen (sheets, pillow, pillow cases, and bath towels) are NOT provided and the student must also furnish blankets (2), iron, and a study lamp (lamps are not needed in Chaffee hall). All residents are required, as part of the housing contract, to take their meals in the new Student Union dining room. Students in the residence halls and others who have meal tickets are expected to dress for Sunday dinners.

Applications for room reservations should be made as early as possible before the opening of the school year. Contracts for residence hall accommodations are for room and board for the ENTIRE academic year. Applications must be made on an official contract form and accompanied by a security deposit of $25.00.

BOARD AND ROOM COSTS: By the semester

<table>
<thead>
<tr>
<th></th>
<th>BOARD</th>
<th>ROOM</th>
<th>TOTAL</th>
</tr>
</thead>
<tbody>
<tr>
<td>Single</td>
<td>* $245.00</td>
<td>$150.00</td>

<td>$245.00</td>
<td>$135.00</td>
<td>$380.00</td>
</tr>
</tbody>
</table>

MORRISON & DRISCOLL HALLS: women
Arrangements for the payment of Board and Room fees must be made IN ADVANCE with the Business Office before any room assignment can be officially confirmed. The application-contract is BINDING FOR THE ENTIRE ACADEMIC YEAR. Payments, however, are made by the semester. MEAL SERVICE CALENDAR for the year 1968-69:

- Fall Semester—August 19, 1968 through December 21, 1968
  (Except Thanksgiving vacation November 28 through December 1, 1968)
- Between Semesters—December 21, 1968 through January 12, 1969,
  (Meal Service will be suspended. The Snack Bar will be closed).
- Spring Semester—January 13, 1969 through May 18, 1969
  (Except Spring Vacation March 21 through March 25, 1969)

B. APPLICATION PROCEDURE

All inquiries and letters requesting information and application-contracts should be sent directly to:

RESIDENCE HALL SECRETARY
STUDENT PERSONNEL SERVICES OFFICE
BOISE STATE COLLEGE
1907 College Blvd.
Boise, Idaho 83707

Applications for residence halls will be processed as soon as the following procedures have been completed:

1) A completed application-contract is sent to the Boise State College Business Office with
   a. A $25.00 Security Deposit. Check or money orders should be made out to “BOISE STATE COLLEGE.” This deposit is not to be construed as a partial payment for the cost of room and board. It is held (after assignment) as a damage deposit and is refundable when the student permanently moves out of the residence hall. Security Deposits are forfeited if cancellation of a room assignment is not received prior to August 1st for the Fall semester and January 1st for the Spring semester.
   b. Signature of parent or guardian for students under twenty-one.

2) After the items above are processed a tentative room assignment is made and the student notified.

3) This room assignment is officially confirmed after the student contacts the Business Office to pay or make arrangements for room and board fees.

C. OFF-CAMPUS STUDENT HOUSING

All unmarried students under 21 years of age must petition and obtain the written approval of the Dean of Men or the Dean of Women to live off campus. Lists of available housing are on file in these offices. The College does not inspect the accommodations; parents and students must accept full responsibility for the selection. The College recommends that students and parents make written agreements with landlords concerning the obligations and expectations of each party.

Students over 21 years of age and/or married need not obtain approval but are welcome to use the Dean’s Housing Lists.

All students are required to report any change of address, both temporary and permanent.

D. MARRIED STUDENT HOUSING (COLLEGE COURTS)

Eighty-four housing units are available for married students. Rates for apartments are $55.00 to $60.00 for one bedroom $65.00 for two bedroom and
$70.00 for three bedroom. (Charges are subject to change without notice.) Electric refrigerators and ranges are installed in each apartment. Coin-operated washing machines and dryers are located on the site. Heat, water, hot water, and garbage disposal are furnished. Other facilities are not furnished.

Applications for these units should be made directly to "Married Student Housing Office Student Personnel Services, Boise State College." A $50.00 security deposit is required. If notification for a cancellation of a reservation is not received by August 1, the security deposit is forfeited and no longer refundable.

**COLLEGE HEALTH SERVICE**

All students are required to file a completed physical examination form before they are admitted to Boise State College for the first time. The medical examination form is included in the student's Application for Admission packet or brochure.

Limited medical care is provided at the Student Health Center located between the new Student Union and the Residence Halls. Medical care is available between the hours of 8 A.M. to 12 noon and from 1 P.M. to 4 P.M., Monday through Friday for minor ailments and injuries. The Health Service is closed during normal vacation periods and between semesters.

All full-time students are required to participate in the Student Health and Accident Insurance Program which provides coverage on or off the campus from the beginning to the end of each semester. The health and accident insurance provides for liberal hospitalization, medication and laboratory services, as well as a major portion of medical and surgical fees.

The treatment of pre-existing illnesses is not included in either program. The responsibility for providing any special care required by a physically handicapped student rests with that student and/or with his parents or guardian.

**GUIDANCE PROGRAMS**

The guidance program at Boise State College is coordinated by the School of Education and is designed to reach every student. Regardless of the nature of his problems, the student at Boise State College is afforded the opportunity to discuss them with a faculty advisor of his choice, personnel dean, or with a professional counsellor.

The student in need of vocational guidance finds at his disposal the services of a specialist at no extra cost. In addition to knowledge gained from the entrance tests, taken before his registration, information is available through tests that range from inventories of his interest to measures of his various aptitudes and abilities.

Each full-time student is required to take the standard American College Testing program test battery before entering Boise State College as a first-time freshman. Students who take these tests during their senior year in high school will not be retested at the College.

All tests are used for guidance and placement rather than for selective admission.

**PLACEMENT SERVICE**

A. SENIOR PLACEMENT

The Boise State College Placement Services' primary purpose is to assist all students, as well as Seniors, in obtaining interviews with prospective employers. Seniors are requested to register early during the first semester of their senior year in order to participate in employer interviews throughout the year. Candidates from the School of Education are required to file a ten dollar fee when they register with the Placement Service.

B. GENERAL PLACEMENT

All students seeking information concerning various careers and professions, are welcome to use the facilities of the Placement Service.
Part-time as well as permanent employment opportunities are available to all students upon request. Summer jobs are also listed with the Placement Service and many require an early application during the spring semester.

The initial contact with this service must be made by the student.

**ALUMNI ASSOCIATION**

The Boise State College Alumni Association, incorporated in 1965, is a voluntary organization of all former students and graduates. All members are urged to keep the Alumni office informed about changes in address, employment status, marriages, births, and other information of interest to their fellow class members. The Alumni Office is located in the College Administration building.

**SCHOLARSHIPS**

The Scholarship Awards Committee administers a variety of scholarship funds provided through the generosity of individuals and a number of business, labor, fraternal and professional organizations. Applications for scholarships may be secured from the Director of Financial Aids and should be completed and returned to the Chairman of the Scholarship Awards Committee by March 15th of the preceding year. A student will be considered for all awards for which he is qualified through one application.

A listing of available scholarships may be found near the back of the catalog.

**LOAN FUNDS**

Students needing financial assistance to take care of college expenses may borrow from one of the student loan funds. Application forms are available in the Director of Financial Aids Office, Administration Building, and should be filed a week in advance where out of town references are given. Part-time students are not eligible to apply. With few exceptions, loans must be repaid by the end of the semester and are generally limited to $150.00. A $50 service charge is made for each loan.

Boise State College students are eligible to participate in the National Defense Student Loan Program as provided in the National Defense Education Act, passed by the Congress of the United States in 1958. Loans may be obtained in the amount of $1,000.00 for each year of full-time enrollment at Boise State College. Need and a superior scholastic average are prerequisites. Interest in the amount of 3% begins to accrue nine months after the student ceases to be a full-time student in an institution of higher education. Actual repayment of principal and interest will be due twelve months after such date of separation. Students training to become teachers will have one-tenth of loan principal and interest cancelled for each year up to and including five full academic years of teaching work.

Boise State College students are eligible to participate in the Federally Insured Loan Program. These application blanks may be secured from any bank which participates in this program.

A listing of available loan funds may be found near the back of the catalog.

**CONDUCT**

Students of the college are considered representatives of the college and are expected to conduct themselves in a manner which will bring credit to the college. Standards of behavior should reflect good taste, courtesy, consideration and respect for the rights and privileges of fellow students. Drinking and gambling are not permitted on the campus or in college-managed facilities.

Being a student at Boise State College does not relieve the student of obedience to society, the laws of the city, state, and nation. Any action taken in a criminal court or juvenile proceeding does not render a student immune from disciplinary action by the college and may be independent thereof.
Disciplinary action for misconduct on or off campus shall include:

1. admonition
2. censure
3. conduct probation
4. disqualification
5. suspension
6. expulsion

Payment of damages may also be assessed.

Admonition and censure are expressions from the administration that the standard of conduct is not being maintained.

Conduct probation is a status of warning signifying that additional disregard for the standard of conduct will constitute grounds for further action by the college.

Disqualification is a disciplinary action which excludes the student from participation in specified activities for a prescribed period of time.

Suspension is a student-faculty committee action terminating registration for a prescribed period of time.

Expulsion is a student-faculty committee action which is a final termination of a student's registration at the institution. Readmittance is possible only by action of the president of the college.

The behavior and activity of students, individually or in groups, shall in no way constitute physical or emotional hazards to other students.

Dishonest conduct is unacceptable. In cases of cheating, a student will be dismissed from the class and a failing grade will be issued. The student must petition the Dean of the School in which he is enrolled and be accepted before the course can be repeated.
ADMISSION REQUIREMENTS TO THE COLLEGE

Applicants for admission must be at least 16 years of age and must present satisfactory evidence of good moral character.

CREDENTIALS

Students applying for admission to Boise State College are required to furnish credentials as follows:

1. An Application Processing Fee of $10.00 will be assessed for new enrollees to Boise State College (non-refundable).
2. An original transcript or transcripts of high school credits showing four completed years of school, signed by the principal, superintendent, or other authorized official. Early acceptance may be obtained at Boise State College on the basis of a six-semester high school transcript showing cumulative Grade Point Average of 2.50 (C+) or better assuming other factors in matriculation are satisfactory.
3. Official transcripts and statements of honorable dismissal from each institution attended after high school graduation.
4. Personal data on the regular application-for-admission blank.
5. Complete physical examination on form provided by the College.
6. Two photographs—billfold size, approximately 2” x 3” (optional).
7. Character references on form provided by the College if the student is transferring from another college or if he has been out of high school for more than one year.
8. Official score card from American College Testing Program (ACT). Tests are administered five times each year to high school seniors throughout the nation. Students who miss the regular tests will be tested during registration week for an additional $9.00 fee.
10. Students who plan to enroll in the Nursing, Dental Assistant, Data Processing, or Vocational-Technical programs must arrange for a personal interview with the directors of these programs prior to acceptance.

Blanks for furnishing personal data may be obtained on application to the Director of Admissions. High school and college records should be furnished on the transcript blanks of the institution at which the work was taken. All credentials must be sent directly to the Director of Admissions of the Boise State College at Boise, Idaho, not through the student. Prompt attention to these details will avoid delay in registration.

Permit to Register—Applicants for admission whose credentials have been accepted will be given permission to register for the following semester. Students should plan to have all credentials submitted one month before registration to settle any questions that may arise and to receive by mail a Permit to Register one week before registration. Before a student may register, he must have a permit signed by the Director of Admissions.

Students who complete matriculation after the cut off date must pick up their PERMIT TO REGISTER in the Director of Admissions Office.

Veterans attending under the G.I. Bill of Rights (Chapter 34) or under the War Orphans Act (Chapter 35) must, upon registration, present a Certificate of Eligibility. Those attending under Chapter 31 (Rehabilitation Program) or any other provision of Title 38 United States Code, must present an Authorization of Entrance or be charged tuition and fees. Upon presentation of this Authorization, complete refund will be made.

For information concerning the G.I. Bills contact the Veterans Administration Center first.

A. ADMISSION AS REGULAR STUDENTS

By Certificate.—Admission to the College is based upon credentials showing graduation from an accredited high school and presentation of 15 acceptable units earned from the ninth grade through the twelfth as listed below under Summary of High School Requirements. Twelve units must have been earned during the tenth, eleventh, and twelfth grades.
A "unit" represents a high school subject taught five times a week in periods of at least 36 weeks. A certificate of secondary school record should be filled out and signed by the superintendent, principal, or other official of the school in which the work was done. It should show the length of each course in weeks, the length of each recitation, and the grades of scholarship attained, including a record of all failures and conditions. All certificates accepted toward admission to Boise State College become the property of the college, and are permanently filed among its records. They cannot be returned to the student.

Academic units shall be defined as English (composition and literature), foreign language, mathematics, social studies, and natural science. Elective units may be taken from the academic subjects named as well as from vocational and other subjects commonly given in high schools with the following exceptions:

(a) Spelling, penmanship, reviews, project work in conjunction with regular courses, and work which is primarily of the nature of extra curricular activities.
(b) Less than one unit in foreign language, shorthand, typing or bookkeeping.
(c) Less than one-half unit in any subject.
(d) More than one unit in physical education and one in ROTC or two in ROTC.

Requirements for admission to the College are summarized below. Students planning to attend senior college after completing lower division work should present evidence of having had the high school courses listed under the title of the proposed senior college course. (For provisions to make up high school deficiencies, see page 31).

Freshmen students who have graduated from an accredited high school will be considered for admission upon receipt of the various application materials and a high school transcript showing a date of graduation and signed by a certified member of the school district. If the student under consideration is below a 1.50 accumulative high school grade point average and does poorly on the ACT Series, he would then be asked to define in writing or through a personal interview his personal goals. Students who fall in this category are encouraged to work closely with the Admissions office and Counseling Center.

A transfer student, whether resident or non-resident, should have a minimum accumulative grade point average of 2.00 from all other schools attended prior to being allowed to enter Boise State College. Borderline cases will be decided by the Admissions Committee with the exception of foreign students, who will be counseled by the Foreign Student Advisor. Transfer students must also meet additional requirements for admission to upper division. See page 32.

*For students who do not plan to pursue an academic course in a senior institution or for those who plan to transfer to an institution which does not require geometry from high school, one unit of other academic work will be acceptable.
†General Science is acceptable as an academic unit but not as a natural science.
B. ADMISSION BY EQUIVALENCY CERTIFICATE

Any application that is accompanied by a High School Equivalency Certificate will be processed exactly as it would be if a high school diploma were presented. Inquiries should be addressed to the State Department of Education, State House, Boise, Idaho.

C. ADMISSION BY EXAMINATION

Applicants who have attained the age of eighteen years and who have achieved passing scores (45 or above) on all five of the General Educational Development tests will be admitted as Special Students (see below) in lieu of a high school diploma or an equivalency certificate, providing that the applicant has been away from high school for at least one year preceding his application.

D. ADMISSION AS SPECIAL STUDENT

Persons over twenty-one years of age who are unable to meet requirements as regular students and desire to take special studies may be admitted on special status upon presentation of satisfactory evidence that they are qualified to enter upon the work. Save in very exceptional cases, students will not be admitted directly from the secondary schools to this status. In such cases, the principal of the last high school attended will be consulted. All persons who have not completed secondary school are urged to do so before applying for admission to the College.

Graduates of accredited high schools are expected to qualify for regular undergraduate standing in accordance with the general rules.

A special student is not eligible to become a candidate for graduation until he has satisfactorily met entrance requirements or until he has completed 32 semester hours of work in the college with a grade point average of 2.5 or better.

E. ADMISSION TO VOCATIONAL-TECHNICAL COURSES

Any person who is seriously interested in becoming a skilled craftsman or technician will be admitted to these courses if he complies with all admission requirements and meets the qualifications for the designated program. Graduation from high school is not necessary provided the student has been out of high school at least one complete semester. Certain prerequisite courses are required for various programs, such as one year of high school algebra and one year of high school geometry for entrance to the Drafting and Design or Electronics Technology programs. The College does not admit applicants under eighteen years of age who are attending high school at the time of application. In rare instances, however, a high school student may be admitted provided his high school principal requests his admission. Students in the Vocational-Technical program who plan to enter certain extra-curricular activities must meet regular entrance requirements. (See eligibility requirements). Credits in Vocational Shop or Technical Education courses are not transferable toward an academic degree.

F. ADMISSION WITH ADVANCED STANDING

Students entering from other colleges must present proof of honorable dismissal and official transcripts mailed directly to the Director of Admissions. Students entering from other institutions must comply with the same scholarship regulations as are applied to students previously enrolled in the college. After registration students are classified as Freshmen, Sophomores, Juniors, Seniors and part-time.

G. ADMISSION WITH DEFICIENCIES IN GROUP REQUIREMENTS

Students who qualify for admission to the College but who fail to meet specific group requirements may be admitted with deficiencies to take courses for which they are prepared. All such deficiencies must be removed before graduation. Students entering with deficiencies will remove them by taking college courses, generally without college credit, or by taking work in a secondary school while taking part-time work at the college. College courses cannot be substituted for high school algebra and geometry. When college courses are taken to make up deficiencies, the time spent in such classes shall count twice as much toward making up deficiencies as does an equal amount of time spent in high school.
H. CHALLENGING COURSES—GRANTING CREDIT BY EXAMINATION

It is possible for a student to challenge a college course when he feels that because of his past background, education, and experience he can pass an examination covering the subject material of a course. Requests for consideration are made through the Office of the Dean of the School in which the course is offered.

ADMISSION REQUIREMENTS TO UPPER DIVISION

A. JUNIOR STANDING

A student must have earned 64 acceptable semester credit hours of college-level work before he is classified a junior.

B. UPPER DIVISION COURSES

Upper Division courses are open to a student who:
1. Has completed stated course pre-requisites and
2. Is not on academic probation and
3. Has completed 60 semester credits of college work.

A Lower Division student who has a G.P.A. of 2.0 or better may take Upper Division courses if:
1. The Upper Division course is required during the Sophomore year in which the student is majoring, or
2. The student has the written permission of the Dean of the School in which the course is offered.

C. CONTINUING STUDENTS

Continuing students at Boise State College have first preference in entering the upper division as juniors provided they have earned 64 credit hours of college-level work and have G.P.A.'s of 2.0 or better. Students need not re-apply to the College but must inform the Registrar's Office of their intention to return.

D. FORMER STUDENTS

Former students who have not attended any other accredited higher education institution since leaving and who wish to enter as juniors must:
1. Have earned 64 semester credit hours of college-level work;
2. Have a Grade Point Average of 2.0 or better;
3. Have completed the College's Application for Admission Form;
4. Have physical examination completed and reported on the College's Physical Examination Form if the last physical examination on file at the College is more than four years old.

E. TRANSFER STUDENTS

Transfer students from other colleges and universities who wish to enter as juniors must:
1. Have earned 64 semester credit hours of college-level work;
2. Have a Grade Point Average of 2.0 or better;
3. Have completed the College's Application for Admission Form;
4. Have transcripts from all other accredited higher education institutions previously attended sent directly to the Registrar from the school officials responsible;
5. Have physical examination completed and reported on the College's Physical Examination Form;
6. Have character references on forms provided by the college, completed and sent to the admissions office;
7. Not be under disqualification at another college or university;
8. Submit two 2"x3" recent photographs (no snapshots) (optional).

F. ACCEPTANCE INTO PROGRAM

A student must declare his major upon entering the upper division. The Registrar will evaluate the student's transcripts for acceptance into the College. The student will be sent to an advisor for assistance in formulating a program to fulfill all requirements for his declared major. The student is ultimately responsible for the selection of courses for his major and the degree.
G. PERMIT TO REGISTER

Applicants for admission whose credentials have been accepted will be given permission to register for the following semester. Students should plan to have all credentials submitted one month before registration to settle any questions that may arise and to receive by mail a Permit to Register one week before registration. Before a student may register, he must have a permit signed by the Director of Admissions. The $10.00 application fee must be sent before application material will be processed.

REGULATIONS

A. GRADING SYSTEM

A. Distinguished work—Four quality points per hour.
B. Superior work—Three quality points per hour.
C. Average work—Two quality points per hour.
D. Passing work—One quality point per hour.
F. Failure. No quality points per hour.
Inc. Incomplete may be given in cases where work has been satisfactory up to the last three weeks in the semester. Work not made up within the first half of the semester after the student returns to college automatically becomes a failure unless special extension of time is granted by the instructor and Dean of the School. If an incomplete has been awarded and the student returns after a two years’ lapse the automatic F rule does not apply. He may elect to remove the incomplete, re-enroll in the course or allow the incomplete to remain on the record.

W. Official withdrawal during the first four weeks of the semester (including registration week) or while doing passing work. For procedure, see regulations below.

A student who receives a grade below C in a given course may repeat that course in residence to raise his grade, if in the meantime he has not taken an advanced course for which the first course is a prerequisite. If a course is repeated the first grade remains upon the record, but the last grade only is counted in computing the student’s grade points.

Grade point average (G.P.A.) is computed by dividing the total number of quality points earned by the total number of semester hours carried.

B. CLASSIFICATION OF STUDENTS

After registration students are classified as Freshmen, Sophomores, Juniors, Seniors and part-time.

Freshman — From 0 semester credits through 27.
Sophomore — From 28 semester credits through 64.
Junior — From 65 semester credits through 96.
Senior — 97 semester credits and over.

A student enrolled for 10 semester hours or more will be considered a full-time student.

A student who is carrying less than 10 credits but has met entrance requirements for regular students will be classified as a part-time student.

C. ATTENDANCE AND ABSENCE FROM CLASS

Students are responsible for their attendance in the courses for which they are enrolled. No absences, whether approved by the college for participation in college-sponsored activities, or necessitated by sickness or other personal emergency, are “excused” in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence. It is his responsibility to arrange with his instructors to make up work which he is forced to miss.

A student who has been absent from a meeting of a class has lost some of the content of the course, regardless of the cause of the absence. If any student accumulates absences to the extent that further participation in the class seems to be of little value to him and detrimental to the best interests of the class, the instructor shall warn such student that further absence may cause him to fail the course.
D. ACADEMIC PROBATION AND DISMISSAL

A student whose work is of such a character that it appears he cannot continue in the college with profit to himself and credit to the institution may be placed on probation and, subsequently, disqualified. In general, satisfactory performance means orderly progress toward graduation requirements with a cumulative grade point average of 2.0 or better.

Any student whose grade point average is 1.5 or lower following his first semester in college will be placed on probation. A student placed on probation for the second consecutive semester may, after a review of his record, be disqualified and dropped from the college.

A student may be denied permission to re-register in the college if, after at least two semesters, his cumulative grade-point average is twelve points below a grade-point average of 2.0. This calculation is made by multiplying by two the total credit hours in which he has been enrolled and subtracting twelve. If the answer so obtained is not exceeded by the student’s total quality points, he will be subject to this regulation. Permission to re-enter may be denied.

A student disqualified for the first time for either of the above reasons may be permitted to re-register by one of the following methods:

1. Permitting a semester to elapse before applying for re-registration.
2. The student must obtain an official Application for Reinstatement form from the Dean of the School under which his major falls. If the student desires special consideration for the Fall Semester, his application must be on file no later than August 12, and no later than January 1 for consideration for the Spring Semester. In very special cases, a student who is disqualified as a result of his Fall Semester performance may have until noon of the first day of the following Spring Semester registration to file an Application for Reinstatement form, if his faculty advisor files a written petition on behalf of the student.

In the case of second or successive disqualifications, a student must follow item 2 above to secure reinstatement.

In either of the above instances, the student will re-register on probationary status.

A student may be dropped from the college rolls at any time his character and conduct are found to be generally unsatisfactory.

The President reserves the right to handle special cases involving probation or dismissal.

Students on probation shall take minimum loads and are not eligible to represent the College in any extra-curricular activities. Students on probation during the second semester shall take a lighter load than formerly and should try other courses as a means of determining their aptitudes.

E. ADMISSION ON PROBATION

Transfer students from other colleges and universities who have failed to clear the probationary provisions outlined above may, upon petition, be granted permission to enroll on probation by the Admissions Committee.

F. WITHDRAWAL

Withdrawal from Individual Courses. A student may withdraw from individual courses by securing a permit from his advisor, which must be endorsed by the advisor and each instructor involved, then presented to the Registrar for signature, and then cleared with the Business Office. The date on which the Registrar signs the permit will be the official withdrawal date.

Complete Withdrawal from College. A student may officially withdraw from college (all courses) only by securing a withdrawal permit from the Dean of Men or Dean of Women, and having it signed by same. The student then goes directly to the Dean of Student Personnel Services for signature and is then sent to the Registrar. After clearance with the Registrar the student is sent to the Business Office for final clearance.

Withdrawal Grades. If the student withdraws after the first four weeks of the semester (including registration week) he may receive a grade of “W”
only if his work is passing as of the official withdrawal date; otherwise, a grade of “F” must be awarded. During the last three weeks of the course (including final examination week) a student may not withdraw from individual courses or college totally with the grade(s) of “W”. In cases where a strict application of this regulations seems—in the opinion of an instructor, or advisor, or a student—to work an unreasonable hardship, the matter will be presented to the Dean of Student Personnel Services. A student who discontinues a course without having completed an official withdrawal shall be awarded a grade of “F”.

G. MAXIMUM LOAD

No student shall be allowed to enroll for more than 17 hours without special permission, unless more hours are specified in his curriculum.

H. COURSE PRE-REQUISITE WAIVER

Specific course pre-requisites may be waived upon written approval of the Dean of the School in whose area the course is offered.

A student seeking to have pre-requisites waived must justify his request on the basis of background, education, and experience to the satisfaction of the Dean of the School.

Upper division students are equally bound by all rules, regulations, and policies that apply to the other college students regarding petitions, challenging courses, grading system, eligibility for extracurricular activities, attendance and absence from class, academic probation and dismissal, admission on probation, withdrawal from courses or college, and maximum loads.

PETITIONS

Individuals or groups of students always have the privilege of petition. Academic petitions should be addressed to the Dean of the appropriate school. Other petitions should be directed to the appropriate administrative officer.

BOISE STATE COLLEGE GRADUATION REQUIREMENTS

Requirements for graduation are checked in accordance with the requirements in one college catalog. A student is not permitted to combine programs from different catalogs, but he may choose to graduate on the basis of the catalog of any year in which he has been registered providing that said catalog was in effect not more than 6 years prior to the year of graduation.

A. ASSOCIATE OF ARTS

Boise State College confers the title of Associate of Arts upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in the curricula of art or music or who have majors in other fine arts, the social sciences, or humanities.

*Completion of this curriculum does not necessarily meet upper division requirements in any specific field in case of transfer to another college or university.
**Two semesters of basic Physical Education Activities with no substitutions are required for graduation from Boise State College. Exceptions will be made for veterans (cleared by the Registrar to receive Basic Training credits,) married women over 20 years of age, and students upon waiver from the Boise State College Physician (waiver must be secured by the student during the semester covered by the waiver.)
***Completion of English Composition for Advanced Students, E-105 with a grade of C or better fulfills the English Composition Requirement.
D. Area III Requirements ........................................... 6
Not fewer than 6 credits from Natural Sciences and/or mathematics offerings.
E. Other Requirements ................................................ 6
An additional 6 credits credits from any of the Area I, II, or III offerings.

B. ASSOCIATE OF SCIENCE
Boise State College confers the title of Associate of Science upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in one of the professional or pre-professional curricula; see specific requirements within appropriate school listings.

Minimum Graduation Requirements for Associate of Science (Credits)
A. General College Requirements .................................. 5-8
1. Physical Education* ........................................... 2
2. English Composition ........................................... 6
or
English Composition for Advanced Students** .................. 3
B. Associate of Science Core ..................................... 18
Six credits in each of three of the following groups:
1. Humanities
   English offerings other than English Composition
   Foreign Language
   Fine Arts
2. Social sciences
3. Natural science and/or mathematics
4. Business
5. Home Economics
C. Other Requirements .............................................. 6
An additional 6 credits in any one of the 3 groups chosen for B. above.

C. DIPLOMA
A diploma is granted to any student completing 64 semester hours of work for which the College gives credit. These must include two hours of physical education activities* and six hours of English composition or Communication Skills. Semi-professional courses meet the requirements for a diploma. A cumulative grade point average of 2.0 or better is required.
Vocational-Technical Education students are not required to take the two hours of physical education activities to qualify for a diploma.

D. BACCALAUREATE DEGREES
MINIMUM GRADUATION REQUIREMENTS FOR ALL BACCALAUREATE DEGREES
I. General College Requirements (minimum)
A. Total credit hours ............................................. 128
Must include:
1. Physical Education* ........................................... 2
2. English Composition ........................................... 6
or
English Composition for Advanced Students** ................. 3
3. Upper Division credit hours ................................ 40
B. Grade Point Average for all courses taken .................. 2.0
II. Other College Requirements
A. Minimum requirements for one of the degrees offered.
B. Specific requirements for a departmental major.
C. A minimum of 15 credit hours of electives outside of the major field.

*Two semesters of basic Physical Education Activities with no substitutions are required for graduation from Boise State College. Exceptions will be made for veterans who are cleared by the Registrar to receive Basic Training credits in lieu of Physical Education and Health and for those presenting to the Registrar a waiver signed by the Boise State College Physician. The waiver must be secured by the student during the semester covered by the waiver. Further exemptions will be made for married women over 20 years of age.

**Completion of English Composition for Advanced Students, E-105 with a grade of C or better fulfills the English Composition requirement.
III. Minimum Credit Hours in Residence
Minimum credit hours in residence: 30 credit hours of which the last 15 credit hours prior to graduation must be taken at the College during the regular or summer sessions.

IV. Extension and Correspondence Courses
Total hours of extension or correspondence courses that may be allowed; not more than 24 credit hours of which not more than 12 credits may be in correspondence study. Permission to take correspondence courses while in residence at Boise State College must be received in advance by filing an application for such courses with the Dean of the appropriate School.

Such correspondence courses must be completed and the transcript filed with the registrar prior to mid-term of the semester in which the last 15 hours of residence credit is started.

**BACHELOR OF ARTS DEGREE**

*Minimum Requirements (Credits)*

A. General College Requirements

1. Physical Education .................................................. 2
2. English Composition .................................................. 6
   or
   English Composition for Advanced Students ..................... 3

B. Area I Requirements

1. Literature ...................................................................... 6
2. Other Courses
   a. Introduction to Humanities sequence, or
   b. Two of the following:
      Introduction to Music*
      Introduction to Art
      Introduction to Drama

C. Area II Requirements

1. Lower Division History Sequence .................................. 6
2. Other courses
   Not fewer than 6 credits chosen from:
   Political Science
   Sociology
   Anthropology
   Psychology
   Economics
   Geography

D. Area III Requirements

1. A years sequence chosen from:
   Biological Science
   Mathematics
   Physical Science
2. Additional credits chosen from a field other than used to satisfy D.1.

E. Additional Requirements in one of the following options:

Option A

   a. Foreign Language .................................................. 0-8
      A years sequence of a Foreign Language or equivalent.
   b. Introduction to Philosophy or Ethics .......................... 3

Option B

   a. Two semesters in a single Area II field other than History.
   b. Additional hours in Area II fields, to include at least one course in a third field.

Option C

   a. Foreign Language .................................................. 0-8
      A years sequence of a Foreign Language or equivalent.
   b. Additional hours in Area II fields.

F. Departmental Major.

G. In addition to the above Degree requirements, a minimum of 15 credit hours is required for graduation in electives outside the major field.

*Music majors will substitute Music Literature for Introduction to Music.*
BACHELOR OF SCIENCE DEGREE

Minimum Requirements (Credits)

A. General College Requirements ............................................... 5-8
   1. Physical Education ..................................................... 2
   2. English Composition ................................................... 6
      or
      English Composition for Advanced Students ...................... 3

B. Area I Requirements .......................................................... 12
   1. Literature ............................................................... 6
   2. Other courses ............................................................ 6
      Not fewer than 6 credits chosen from:
      a. Introduction to Humanities sequence, or
      b. Two of the following:
         Introduction to Music
         Introduction to Art
         Introduction to Drama
         Introduction to Philosophy or Ethics

C. Area II Requirements .......................................................... 12

- SPEECH-DRAMA, SECONDARY EDUCATION OPTION

### COURSE NUMBERING SYSTEM CODE

The course numbering system code uses one or two letters to indicate courses within specific areas of interest. In many cases the letters used will suggest the courses indicated but should not be considered abbreviations. Areas of interest may be grouped by departments within the schools of instruction but not in all cases. The number in parenthesis following each area of interest code shows the previously used code number—refer to Boise College Catalog 1967-68.

#### I. School of Arts and Sciences

**Division of Arts and Letters**
- **AR** Art (16)
- **DR** Drama, Theater, Radio, TV. (18)
- **J** Journalism. (26)
