MESSAGE FROM THE PRESIDENT

The campus is torn up again, a sign of progress and at the same time a torment to eye and limb alike. We glory in the new Boise College that expresses its burgeoning growth in added facilities.

We have additions to two buildings this fall: (1) Our Technical Education Building and (2) Our Science Building. They come in the nick of time since attendance has doubled in the past three years. During the ensuing academic year, we will construct our largest classroom building, the Liberal Arts Building; a 300-man dormitory; and an appropriate Student Center to take care of the horde of students constantly swelling our facilities.

These buildings will double our area for student use within a one-year period. The citizens of this city have responded generously to our surging growth by an 83 percent vote of real property owners.

New buildings are an obvious barometer of the development of this College. A much more subtle maturity exists in the change taking place within each of you. Your personality shows added wisdom, tolerance, and finesse. You are now men and women with the responsibility that accompanies such a status. No longer may you use the childish excuse for your failures. You must accept the responsibility for your acts. With this comes the freedom of a person who has loosed himself from the comforting, yet limiting, apron-string. Yes, you are adults with all the privileges and responsibilities that go with this status.

EUGENE B. CHAFFEE
President
You, as the freshman class, are now on the threshold of one of the most rewarding and satisfying periods in your life. It is a time for important decisions which will walk with you throughout your entire lifetime. Our college is a workshop that builds men and women for future years when they must stand as leaders of our nation.

Our college is growing in many areas. It grows in size of student body and in faculty, in buildings and in equipment. It enlarges in curricula to increase its public service. But most of all it grows in cultural life. These are things of the spirit which make men and women fine, strong, and rational.

This student handbook will greatly assist you in programming your future at Boise College. It serves as a guide to many questions which will arise.

It is now your responsibility, to yourself and to Boise College, to grasp the opportunity which awaits you. You must meet your new goals and objectives with pride and loyalty which is traditional at Boise College.

I. BRIEF HISTORY

Boise Junior College was organized in the spring of 1932 in response to a demand for higher education in Boise. During the first years, the school operated as a private institution, first under the Episcopal Church and then as a non-profit corporation controlled by a board of public spirited individuals.

In September of 1939 BJC began its first academic year as a public institution. In February of 1939 an enabling act permitting the formation of junior college districts was passed by the legislature and signed by the governor.

In the fall of 1939 a district bond election for funds to build a college plant was approved by a 10 to 1 majority. The City of Boise donated the old municipal airport on the south bank of the Boise River for the new campus. By September of 1940 the Administration Building had been completed. During that school year a heating plant and gymnasium were built, followed by the erection of the Student Union Building, financed by the Student Body and the Board of Trustees of the Junior College, the Assembly-Music Building and Vocational Shops.

Following the Science Building, Dormitories, other Vocational Shops, and Physical Education Building were completed on the 110-acre campus. Also constructed were a 10,800-seat stadium and a campus elementary school. The latter was built by the Independent School District on ground provided by Boise Junior College and is used for the teacher education program. The addition of the Library-Classroom Building and the Technical-Education Building followed in 1963.

Year before last Boise Junior College became, by legislative action, a part of a more inclusive institution, Boise College, now beginning its career as a four-year degree granting school. New buildings under construction are a Student Union, new dormitory, a Liberal Arts classroom building. Additions have been made to the Science Building and to the Technical-Education Building.

The enrollment at the college in 1965-66 was 2886 day students, and 2462 attended classes during the evening program. These students came from 32 states and 14 foreign countries.

II. STUDENT GOVERNMENT

Your student body card makes you a member of the Associated Students of Boise College (ASBC) and entitles you to a vote in all student body elections. The operation of the body is controlled by the constitution of ASBC.
The governing body of ASBC is the Executive Board (SEB). The president, vice president, secretary, treasurer, and Junior class representatives are elected each spring, as are the Sophomore class officers. Freshman class president, vice president, secretary-treasurer, and the freshmen representatives are elected each fall. The Dean of Student Personnel Services, or his representative, is the advisor for the Executive Board.

The Executive Board has several committees that carry out major assignments during the academic year.

One of the major functions of the Executive Board is the operation of the ASBC budget. The activity ticket, which is purchased by students each semester for $13.11 is allocated on the following basis:

- Athletics: 30.9%
- Publications: 28.8%
- Publicity: 10.0%
- Social: 9.0%
- Entertainment: 5.4%
- Music: 4.0%
- Debate: 0.5%
- Pep Organizations: 3.3%
- Incidental: 2.1%
- Contingencies: 6.0%

Some of the benefits of being a member of ASBC are:

1. Free admission to all regularly scheduled athletic events at home.
2. Reduced rates at athletic and social events held at other colleges.
3. Reduced rates on many college functions, productions and publications.
4. The right to vote in class and student body elections, AWS and club elections.
5. Eligibility for membership in campus organizations.
6. Free admission for lectures and assemblies.
7. Various special benefits and privileges created during the year as a result of efforts of ASBC.
III. FRESHMAN CLASS OFFICERS

One of the first duties of the freshman class each fall is to elect class officers.

Any freshman member of the Associated Students of Boise College (ASBC) who is registered as a full-time student (ten or more semester hours) and has the recommendation of his advisor is eligible to run for election as one of two representatives of the freshman class or class president.

Elections for freshman class officers are held not less than two (2) weeks nor more than five (5) weeks after the beginning of the fall semester.

IV. HOW TO RUN FOR OFFICE

A student wishing to run for office must file a petition with at least 25 signatures of full-time students with the election board. The petition must be filed one week before the election in the office of the Vice President. This applies to all ASB offices. Individual organizations have their own regulations.

V. ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

To be eligible to represent the College or student organizations in extracurricular activities a student must comply with the following:

A. For intercollegiate athletics:

1. General eligibility for participation: Eligibility will be granted if a student complies with each of the following:
   a. Is enrolled as a full-time student.
   b. Earned at least ten (10) hours of credit in his most recently completed semester or if an entering freshman, has the approval of his academic advisor.
   c. Not be on academic or social probation.

2. Eligibility to hold an office or chairmanship: Eligibility will be granted if a candidate complies with each of the following:

---
a. Is enrolled as a full-time student.

b. Has a GPA of 2.00 or better.

c. Has a GPA of 2.00 or better for the semester immediately preceding.

b. Elected officers of all officially recognized clubs (including residence hall organizations) exclusive of religious organizations.

d. Participants in school-sponsored, class-centered extracurricular activities unless such participation is required to earn credits in catalog courses. Such activities include plays (both all-school and language), publications, choir, band and orchestra, debate, and radio and television appearance. Not included in the regulation are periodic school promotion programs on radio and television, talent shows, and other special Student Body assemblies.

e. Any other official representation of the school either by election or appointment.

4. Eligibility will be determined at the end of each semester grading period and will continue for the semester following.

Faculty Advisor's Responsibility:

It is the responsibility of the faculty activity advisor, director or coach to see that the eligibility of all candidates is certified by the registrar and filed with the Dean of Student Personnel Services before such candidates are eligible to participate in extracurricular activities.

VI. GENERAL INFORMATION — ACADEMIC

A. Grading System

A — Distinguished work (Four quality points per credit hour)

B — Superior work (Three quality points per credit hour)

C — Average work (Two quality points per credit hour)
D — Passing work (One quality point per credit hour)
F — No quality points per credit hour
Inc. — Incomplete may be given in cases where work has been satisfactory up to the last three weeks in the semester. Work not made up within the first half of the semester after the student returns to college automatically becomes a failure unless special extension of time is granted by the instructor and Dean of Faculty.
W — Official withdrawal during the first four weeks of the semester or while doing passing work. For procedure, see regulation below.

B. Changing Program or Withdrawals from a Class

A student may withdraw from a course or add a new course before or on September 16, 1966, and February 3, 1967, without any penalty. If a student withdraws from a course after the above dates and before November 30, 1966 or April 20, 1966 and is passing at the time, he is awarded a “W” on his official transcript; if he is failing, he must be awarded a mark of “F.”

During the last three weeks of a semester (including final examination week) a student may not withdraw from any course.

To withdraw from one class and enter another a student secures a signed permit from his advisor, and has it endorsed by each instructor involved. The permit is then presented to the Registrar for signature and then cleared with the Business Office. The date on which the Registrar signs the permit will be the official withdrawal date.

C. Withdrawal from College

A student may officially withdraw from College only by securing a withdrawal permit from the Dean of Men or Dean of Women and having it signed by same. He then must be cleared by the Dean of Student Personnel Services, President’s or Vice President’s office, the Registrar’s office and the Business office.

During the last three weeks of a semester (including final examination week) a student may not withdraw from college.

D. Attendance and Absence from Class

Students are responsible for their attendance in the courses for which they are enrolled. No absences whether approved by the College for participation in college-sponsored activities or necessitated by sickness or other personal emergency are “excused” in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence.
E. Closed Period

The week prior to and the week of semester exams is a closed period, i.e., no events may be scheduled.

F. Academic Probation and Dismissal

A student, whose work is of such character that it appears he cannot continue in the College with profit to himself and credit to the institution, may be placed on probation and, subsequently, disqualified. In general, satisfactory performance means orderly progress toward graduation requirements with a cumulative grade point average of 2.0 or better.

He will be automatically placed on probation at the end of any semester in which he fails to achieve a passing grade in at least ten credit hours, exclusive of required physical education, if a full-time student, or, if he is a part-time student, fails to pass two-thirds of his courses.

G. Transcripts

Students transferring to another college should request a transcript from the Registrar’s office. The first copy is free; thereafter, the cost is $1.00 for the first and 50¢ for each additional copy. Payments must be received before transcripts are mailed. Only unofficial copies (without the signature of the Registrar and Seal of the College) are given to students.

A. Student Conduct

1. In order to be admitted to Boise College a student must present satisfactory evidence of moral character. The development of character is regarded as a primary aim in education and is emphasized at all institutions of higher learning.

Students are expected to show proper respect for order, morality, and integrity.
2. Conduct must at all times be in keeping with the standards that identify a lady or a gentleman.

3. Students are held responsible for any breach of the recognized rules of conduct.
   a. It is the attitude of the College that regardless of where they occur, the actions of any currently enrolled student are a matter of concern to Boise College.
   b. Disciplinary action for misconduct shall be in accordance with Boise College policies and regulations.
   c. While on conduct probation or under suspension a student is not eligible to represent the College or any student organization in any extracurricular activity.

B. Intoxicating Beverages

In formulating a policy with respect to alcoholic beverages, Boise College recognizes its obligation, as a district-public supported institution, to provide a wholesome atmosphere for its students. This policy also takes into consideration the fact that a large percentage of its students are minors.

The College does not sanction the use or serving of any alcoholic beverages by students. Users are subject to strict accountability for any breach of law or propriety as a result of any violations.

1. Boise College Regulations

The College policy in regard to alcoholic beverages is based on moral and legal obligations as defined by Idaho State law and the Boise City Code.

Major infractions are referred to the Dean of Faculty who will hear and decide all cases brought to him by instructors or appealed to him by students. He may convene a board or committee of Administration and/or Faculty, if he deems it necessary, to hear and decide any individual case.

      No vehicle will be operated on this campus without a muffler and other safety devices required by State and City law.

      No vehicle (particularly motorcycles and scooters) will be driven on the grass or sidewalks, nor operated in a hazardous manner. All City or State traffic laws, regulations, or codes are applicable on the College campus.
