With nearly 18,600 students, Boise State University is the largest institution of higher learning in Idaho. It is located in the middle of one of the most vibrant and up-and-coming cities in America and the governmental and commercial heart of the Gem State. In 2007 Boise State will celebrate its 75th anniversary.

Long heralded as an institution devoted to classroom teaching, Boise State now seeks to add another dimension to its mission — that of a metropolitan research university of distinction. During Boise’s early stages of growth, it was sufficient for the university to play the role of a traditional comprehensive higher education institution with a strong teaching mission and a limited research role.

But as the Boise economy changed into a dynamic marketplace of ideas and products — especially with its highly sophisticated technology sector — and as the city became a major metropolitan region, it was inevitable that the city’s university would need to make the transition to a metropolitan research university.

Today, the breadth of programs and services Boise State offers and its unique location make it one of the nation’s best places to live and learn. Boise State has academic programs in eight colleges — Applied Technology, Arts and Sciences, Business and Economics, Education, Engineering, Graduate Studies, Health Sciences and Social Sciences and Public Affairs — with a full-time faculty of more than 500.

UNIVERSITY HISTORY

1932 - Boise Junior College founded by Episcopal Church
1934 - BJC governed by board of directors after Episcopal Church
        ends affiliation
1940 - Campus moved from original site at St. Margaret's Hall to
        its present site
1965 - School attained four-year status and became Boise College
        with implementation of baccalaureate degrees
1969 - School moved to state system of higher education and
        named Boise State College
1974 - Boise State College gained university status and became
        Boise State University
Dr. Bob Kustra took the helm as Boise State’s sixth president on July 1, 2003. His administration has been marked by an emphasis on upgrading admissions standards, improving the undergraduate experience, retention of first-year students, and increasing the number of graduate and doctoral programs.

University milestones during his tenure have included the first fully endowed professor’s chair, the Capital Scholars program offering scholarships to Idaho’s top high school students, opening of new residence halls and apartments, and the expansion to the BSU West campus in Nampa. Dr. Kustra also serves as host of his radio program, New Horizons in Education, a weekly interview show aired on KBSU, the university’s NPR affiliate.

He previously served as president of Eastern Kentucky University. Immediately prior to joining Boise State, Dr. Kustra fulfilled a one-year term as president of the Midwestern Higher Education Commission, the regional compact of 10 Midwestern states responsible for advancing higher education through interstate cooperation.

He served two terms as lieutenant governor of Illinois, which followed a 10-year career in the Illinois Legislature.

President Kustra received his bachelor’s degree from Benedictine College in Atchison, Kan., his master’s from Southern Illinois University, and his doctorate from the University of Illinois. All of his degrees are in political science.

He and his wife, Kathy, have three grown children and two grandsons.
FACILITIES

Situated less than a mile from Boise’s bustling downtown, Boise State is located on a 175-acre main campus in the middle of Idaho’s largest city and state capital.

On campus, six residential halls house more than 1,000 students in shared and single rooms. Near campus, five university-owned apartment complexes house mostly one- and two-bedroom units that offer various amenities.

Facilities where various entertainment and athletic events are held include Bronco Stadium (30,750 capacity), Taco Bell Arena (12,400), Morrison Center Main Hall (2,000) and Centennial Amphitheatre (800). Two venues in the Student Union are the Grace Jordan Grand Ballroom (1,000) and Special Events Center (435). The Student Union also houses the BSU Bookstore and Bronco Shop.

Facilities that offer sports and recreation opportunities include the Student Recreation Center, the auxiliary gymnasium

Yellow buildings represent future construction projects in Boise State’s Campus Master Plan.
connected to Taco Bell Arena, Bronco Gym, the Appleton Tennis Center, the Baos Tennis and Soccer Complex, an indoor pool in the Kinesiology Annex building, and a 1.5-acre athletic and intramural field with a permanent softball backstop.

In summer 2005, Boise State opened its first academic building at BSU West, a 150-acre site in Canyon County earmarked for significant expansion and enhanced academic opportunities. The university also operates the Canyon County Center, where a variety of academic, non-credit and applied technology courses are offered. In addition to its two Canyon County sites, Boise State operates centers at Mountain Home Air Force Base, Gowen Field and Twin Falls.

In early 2006 the Caven-Williams Sports Complex, an indoor training facility next to Bronco Stadium, was completed. The university's current major construction project is the Interactive Learning Center, a four-story, 54,000-square-foot building adjacent to the Multipurpose Classroom Building. The $13.5 million facility will include a 200-seat lecture hall and 12 standard classrooms in addition to a multi-media lab, multi-purpose/distance learning classroom, visualization classroom, experimental classroom, and numerous study lounges.

In addition to academic functions, the Interactive Learning Center will include a food-services area, a convenience store and a coffee bar featuring a cyber cafe/study lounge. A wi-fi network for wireless Internet connectivity will also serve the entire building.
TUITION AND FEES, FALL 2005

(Per Year)  Resident  Non-Resident
Undergraduate*  $4,778  $12,186
Graduate  $5,530  $12,938
Part Time (Undergraduate)  $195 per credit hr.
Part Time (Graduate)  $236 per credit hr.

* An additional health insurance fee of $906 per year will be included on a student's official bill; however, students with comparable insurance coverage can request to waive this fee.
