BOISE STATE COLLEGE

STUDENT HANDBOOK

Published annually by the Office of the Dean of Men in cooperation with the Associated Students and the Center for Printing and Graphic Services.

Boise, Idaho

1970-1971
JOHN B. BARNES
President of Boise State College
Dear Student:

Emerson wrote: "There is properly no history: only biography." The history of our great nation certainly reinforces this view that what has been accomplished is due to the personal influence of men and women of wisdom, patience, and dedication.

The group, the organization, the political party, the government, the business is really as creative and productive as the individuals that comprise its membership. Before a person can possibly be an effective member of a group, he must be the master of himself. Self-identity, self-motivation, self-evaluation should precede the absorption of an individual into the groups of his choice. History, without individuals, is like the plot of a play which has no characters.

As a student of Boise State College, we want you to be acutely aware of your present and future influence as an individual. The world cries out for people who have skills, knowledge, and motivation to contribute. While you are here, develop as fully as possible all of these talents and attitudes. When you leave this college, give in full measure to whatever career you choose and in whatever city you live. Don't be content to let history shape you. Make your biography help shape the unwritten history that lies ahead.

Cordially,

JOHN B. BARNES
President
The Student Handbooks' purpose is to familiarize you with relevant policies and practices relating to student activities, conduct, services, and procedures that are a necessary part of College life. The handbook is the equivalent of the College Catalog insofar as it covers policies and practices relating to you as a citizen on the campus, and as a student. Good luck for your success as a student at Boise State College.

The amount of time an individual spends in College and his success is directly related to the emphasis he places on the pursuit of knowledge. This part of the Handbook is a guide to the procedures, requirements, and services that are important to your academic education.
Registration Week

Your first days on campus will be busy and confusing at times, but you will find other students, staff, and faculty willing to help you get acquainted with the campus and to answer your many questions.

Registration Week is held the week before classes begin to help orient new undergraduate students to settle in living organizations, meet advisors, take placement examinations if necessary, plan course schedules, see the campus, and above all, complete registration and fee payments.

Organization of the College

Boise State College is the product of citizens in action. From the inception of the school during the Depression 30's through February 1965 when it acquired four-year status as "Boise College" to its present status as a comprehensive state institution, Boise State College has developed as the fastest growing college in Idaho.

Within the last five years a progressive building program has taken shape and gained momentum with the addition of the Library, Liberal Arts Building, a new wing to the Science Building, Technical-Education Building, Men's Residence Hall, Student Union Building, School of Business and Public Administration Building, a Vocational-Technical Center, and a 26,000 seat new Bronco Stadium with an Astro-turf playing field. New construction is now underway on an addition to the Library, doubled expansion of the Student Union Building, an additional Physical Education Building, a 300 student seven story Residence Hall, plus additional smaller projects of about $400,000 such as an enlarged heating plant and campus lighting. Plans are also being drawn up for another 450 student Residence Hall and a 1,200 student Apartment Complex constructed by a private corporation on College owned property.

YOUR ACADEMIC PROGRAM

Registration takes place in the college gymnasium each semester generally during the last two days of registration week. Student registration times are listed alphabetically, Seniors first, in the "Class Schedule
and Registration Information Bulletin." The "Class Schedule Bulletin" may be picked up at the Registrar's office prior to registration week. Detailed information on all courses and examples are listed in the bulletin.

Each student should outline his semester's schedule of courses with his advisor prior to registering plus listing alternative classes in case a class section is closed. Be sure to review with your advisor registration procedures in advance to aid in a more rapid and efficient registration. Bring with you a pen or ball point pen with blue or black ink plus a check, money order, or money to pay all fees and charges. Full payment is due and payable at registration since the college has no way of extending credit and you cannot complete registration and be assured of obtaining the classes you sign-up for without it.

The "College Catalog," and the "Class Schedule and Registration Information Bulletin," are essential tools in planning your academic program. The "College Catalog" contains complete statements of College official policies and practices on nearly every aspect of the College operation. The Catalog lists and describes all of the courses offered as well as degree requirements and general requirements of each school and department.

The "Class Schedule Bulletin" tells you the times and places that classes meet plus credits received, instructor's names, prerequisites, and detailed examples and instructions on filling out your class cards.

Both the Catalog and Class Schedule are available in the Registrars Office. Become familiar with both publications as you plan your academic program. You must consult with an advisor for his signature on your Proposed Course Schedule before registering and for information concerning long range plans in your major field of interest. He can also often foresee future scheduling difficulties, sequence of classes or good classes to take.

To earn a baccalaureate degree from BSC all students must meet the general college requirements listed in the back of Part II of the "College Catalog." For example; you must have two semesters of basic physical education and freshman English Composition, a minimum of forty upper division credits for a major and fifteen credits of electives outside the major for a total of 128 credit hours. The normal academic load per semester is between fifteen and seventeen credit hours.
Class Standing

A regular Lower Division student is classified as a freshman until he has earned at least 26 semester credit hours of academic work. From 26 semester credit hours through 57 semester credits he is a sophomore. A regular Upper Division student with 58 through 89 semester credits is a Junior and from 90 semester credit hours through 128 or more a Senior. Students classified as to class during the first semester are not reclassified at the beginning of the second semester. A full-time student is one carrying ten semester credit hours or more. A part-time student is one enrolled for nine or less hours.

Grading System

A  distinguished work - four quality points per hour.
B  superior work - three quality points per hour.
C  average work - two quality points per hour.
D  passing work - one quality point per hour.
F  failure - no quality point per hour.
Inc  Incomplete
W  withdrawal

Every student must maintain a minimum 2.00 grade point average.

Attendance and Absence from Class

Students are responsible for their attendance in the courses for which they are enrolled. No absences, whether approved by the college for participation in college-sponsored activities, or necessitated by sickness or other personal emergency, are “excused” in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence. It is his responsibility to arrange with his instructors to make up work which he is forced to miss.

A student who has been absent from a meeting of a class has lost some of the content of the course, regardless of the cause of the absence. If any student accumulates absences to the extent that further participation in the class seems to be of little value to him and detrimental to the best interests of the class, the instructor shall warn such student that further absence may cause him to fail the course.

Academic Probation and Dismissal

A student whose work is of such a character that it appears he cannot continue in the college with profit to himself and credit to the institution may be placed on probation and, subsequently, disqualified. In general, satisfactory performance means orderly progress toward graduation requirements with a cumulative grade point average of 2.0 or better.
Any student whose grade point average is 1.5 or lower following his first semester in college will be placed on probation. A student placed on probation for the second consecutive semester may, after a review of his record, be disqualified and dropped from the college.

A student may be denied permission to re-register in the college if, after at least two semesters, his cumulative grade-point average is twelve points below a grade-point average of 2.0. This calculation is made by multiplying by two the total credit hours in which he has been enrolled and subtracting twelve. If the answer so obtained is not exceeded by the student's total quality points, he will be subject to this regulation.Permission to re-enter may be denied.

A student disqualified for the first time for either of the above reasons may be permitted to re-register by one of the following methods:

1. Permitting a semester to elapse before applying for re-registration.
2. The student must obtain an official Application for Reinstatement form from the Dean of the School under which his major falls. If a student desires special consideration for the Fall Semester, his application must be on file no later than August 18, and no later than January 12 for consideration for the Spring Semester. In very special cases, a student who is disqualified as a result of his Fall Semester performance may have until noon of the first day of the following Spring Semester registration to file an Application for Reinstatement form, if his faculty advisor files a written petition on behalf of the student.

In the case of second or successive disqualifications, a student must follow item 2 above to secure reinstatement.

In either of the above instances, the student will re-register on probationary status.

Students on probation shall take minimum loads and are not eligible to represent the College in any extra-curricular activities. Students on probation during the second semester shall take a lighter load than formerly and should try other courses as a means of determining their aptitudes.
**Dropping or Adding Classes**

A student may drop and/or add a course by securing a permit from his advisor, which must be endorsed by his advisor and each instructor involved, then presented to the Registrar for signature, and then cleared with the Business Office. The date on which the Registrar signs the permit will be the official withdrawal date.

A fee of $1.00 per course is charged to the student for each change, of program accepted by the Registrar’s Office.

**Withdrawal From College**

A student may withdraw officially from College (all courses) ONLY by securing a withdrawal permit from the Dean of Men or Dean of Women and clearing various offices to close his account or records.

Failure to make a proper withdrawal from a course or from College will result in recorded “F” grades.

**Withdrawal Grades**

Students may add new courses for credit only during the first week and a half after classes begin. They may drop courses without penalty for failing work through the first nine weeks of a semester or prior to midsemester exams. After the end of midsemester exams he may receive a grade of “W” for each class dropped only if his work is passing as of the official withdrawal date — otherwise, a grade of “F” must be recorded.

During the last three weeks of the course (including final exam week) a student may not withdraw from individual courses or from college totally with grade(s) of “W”. In cases where a strict application of this regulation seems—in the opinion of an instructor, advisor, or a student—to work an unreasonable hardship, the matter will be presented to the Dean of Student Personnel Services.

The Director works closely with the ASB Officers in all areas of student government and with other college administrators. He is responsible to the Vice President for Financial Affairs and to the Dean of Student Personnel Services.

Director of Financial Aids

Many students find after beginning their education, that they need financial assistance beyond what they can earn themselves or receive from their parents. The place to seek information about financial assistance through the College is the office of the Director of Financial Aids in the Administration Building. Here you can talk personally with the director or his assistants and find out which loans, scholarships or other programs are available.
College Work-Study Program and Campus Employment: If your parents can make little financial contribution to your education, you may qualify for part-time employment made available by a grant called the College Work-Study Program in work on-campus, or a few off-campus opportunities. A considerable number of jobs are provided by the campus program. To participate, you must maintain satisfactory academic standing and be a full-time student.

Referrals for employment with employers in the Boise community may be obtained by contacting the Placement Services in the Administration Building.

Scholarships: The Scholarship Committee makes awards according to merit and financial need of applicants. One application for scholarship assistance is all that you need to fill out, because you will be considered for every award for which you are qualified. Scholarships are given by groups, firms, individuals, and from funds of Boise State College Fund, Inc. The filing date for application or renewal of scholarships is March 1. (Some scholarships from specific departments and schools must be applied for separately.)

Although most of the scholarships are awarded prior to the fall semester, some awards are made at the end of the fall semester. Applications for these must be received in the Financial Aids Office by November 1.

Loans: A number of loans, varying in amounts, interest rates, and stipulations, are available to Boise State College full-time students. Sources of loans are the National Defense Student Loans (NDEA), Nursing Student Loans, Law Enforcement Education Program, and Federally Insured Loans. Any student who has been enrolled in the College and has at least a 2.00 GPA may apply for a short-term loan, repayable during the semester.

Information on all of the above programs is available from the Director of Financial Aids. You are encouraged to stop in and talk about your own financial needs. It is extremely important to plan far ahead of your actual need.

The Center for Counseling is a service designed to help students with educational, vocational, personal, and social problems. Professional counselors work with the student in a setting that allows confidential
discussion of the student's concerns. The student may concentrate on a specific problem or he may work on his general adjustment to the academic life. Psychological tests may be used for self-evaluation and information. Occupational information is available.

All active students are eligible for counseling, and limited services are available for pre-college students. Appointments may be made by phone or in person at the Center for Counseling, Boise State College, 1907 Campus Drive, Boise, Idaho 83707.

Alumni Affairs Office

The Boise State College Alumni Association, incorporated in 1965, is a voluntary organization of all former students and graduates. All members are urged to keep the Alumni Office informed about changes in address, employment status, marriages, births, and other information of interest to their fellow class members. The Alumni Office is located in the SUB.

Placement Service

The Boise State College Placement Services primary purpose is to assist all students, as well as Seniors, in obtaining interviews with prospective employers. Seniors are requested to register early during the first semester of their senior year in order to participate in employer interviews throughout the year.

Students are placed in off-campus part-time and summer jobs through this office and should come to the Administration Building when their class schedule is known if they desire employment. No fee is charged for any of these services.

Bookstore

The bookstore is operated by the College as an official source all textbooks, study aids, and other school supplies needed by students.

Located in the Student Union, the bookstore has textbooks available for every course offered by the College. Used books are stocked for resale as they become available.

Also offered is a wide variety of merchandise for sale. This ranges from precision drafting equipment and writing materials needed for class use to toilet articles and the latest books.
Individually, students might avail themselves of services provided by the College for the protection of health. The Health Service is staffed by a physician and a nurse who provide health services to students.

The student's own responsibility for his health is made easier by the provision for care through regular College personnel and services. Health Service personnel will cooperate with the student and his family physician to continue good health practices during his college career.

**Individual Student Responsibility**

**Student Conduct**

The College attempts to create an environment that is conducive not only to learning and the advancement of knowledge, but also to the development of ethically sensitive and responsible persons. The College seeks to achieve these goals through a sound educational program and policies governing student conduct that encourage independence and maturity.

Students at Boise State College are expected to be mature, law-abiding, and responsible in their general behavior both to the College and the Communities requirements as a citizen. The conduct and social action of students, either on or off campus is of concern to the College. The College does not provide a protective shelter for its students. The responsibility for discipline and self-control is based on the students and their parents. If a student commits a crime in the larger community, he receives no special consideration because he is a College student. He is subject to city, state, and national laws, just as any other offender is. It’s important to note that violations of national, state or local laws make a student not only liable to prosecution and punishment by civil courts but also to possible disciplinary action by the College.

If a student interferes with the College’s educational objectives or expectations, or with the health or safety of others in the college community, his case may be referred through one of the colleges discipline boards or committees or handled by the appropriate Student Personnel Dean.

It is the responsibility of each student to be familiar with the all-college regulations listed in Part 3 of this Handbook.
Currently, the college maintains three on-campus residence halls for single students and one off-campus complex. Five sororities and four fraternities are also under college supervision, however, only two of the sororities and two fraternities have houses. Normally, all full-time freshmen, not living at home, are required to live in the residence halls subject to availability of space. Students twenty-one and over or married are not included in this requirement. Housing for married students is provided in eighty-four unfurnished family dwelling units owned and operated by the college.

Regulations governing student housing are listed in Part 3 of the Handbook.

If you operate a car, motor scooter, motorcycle, or any motor-driven vehicle on campus, you are subject to the rules and regulations governing the use of motor vehicles. The first regulation is that your motor vehicle must be registered and must display a Parking Decal. This can be taken care of during registration. At that time you will receive a complete list of regulations.
A total college experience encompasses a great deal that occurs outside the classroom. The student activities program at BSC is planned and coordinated to provide the maximum opportunity for student participation in student government, fraternities, sororities, special interest groups, service clubs, and a wide variety of activities. Take advantage of your opportunities to participate in student life—but not at the expense of your studies. The most successful student leaders are usually those who establish themselves as good students first.

The Senate is presided over by the ASBSC Vice President and is composed of the Executive Cabinet, one President from each of the four classes, and twelve Senators from the various Schools of the College. The Class Presidents and School Senators are elected by the third week of the fall semester. Anyone who meets the standard activity eligibility requirements as outlined in the ASBSC Constitution and the College Catalog may run for office in the primary elections. All registered full-time students with student body cards are eligible voters.

The Student Judicial Council consists of five student Justices, one of whom is designated Chief Justice plus one non-voting faculty or administrative member who serves as procedural advisor. The student justices are appointed by the ASBSC President and the procedural advisor by the President of the College.
The Student Judicial Council hears appeals from all other student judicial or regulatory bodies, other than the Student Conduct Board to which it is subordinate; it interprets the Constitution and By-Laws; annually re-apportions the school Senators among the Schools of the College; and has final authority on all disputes arising from elections conducted under ASB authority. Petitions for positions on the council are available in the ASB offices. Appointments are made from these petitions by the ASBSC president.

Student Union Board

The purpose of the Student Union Board is to contribute to the social, recreational, educational, and cultural well-being of the associated students of BSC, through coordinated programming and service conducted primarily in the Student Union. The SUB board cooperates and assists the Student Union Director in deciding policies concerning the type, variety and scheduling of activities and the rules and regulations concerning conduct in the SUB. It assists the Student Union Director in deciding policies for use of space and/or facilities within the Student Union.

Communications Board

An ad hoc committee approved by the ASB Senate will have as it’s objective the establishing of a permanent Communications Board in 1970-71 that will have the responsibility for recommending policy to and supervising the operations of all student communications media other than college handbooks and brochures. Student media include all publication and broadcast outlets under the authority of the Associated Student Body (ASB) and financed either in part or in whole by student funds.

The Board will establish the qualifications for editorial and managerial positions; review the performance of student media staff; mediate any conflicts between student staffs and other interests, and encourage adherence to professional standards. The Board will not act as censor nor will it permit censorship from other sources.

The Board will possibly be composed of four faculty members appointed by the BSC Faculty Senate and five students appointed by the ASB Senate from nominations by the Board. Students interested in seeking an appointment to one of the communications media should submit a written application to the Chairman of the Communications Board.
### Appellate Traffic Council

The Appellate Traffic Council comprised of five members called Magistrates was established March 2, 1970 to recommend decisions to the Campus Security Office in respect to fines assessed for parking and traffic violations on campus. The five Magistrates of the Council are four student members representing the three Schools of the College and the Vocational Division plus one Faculty member. The Council generally meets every Tuesday and Thursday at 3:00 p.m. to hear appeals from students, staff, and faculty of tickets received for traffic violations. The complete policy and procedures for appeal can be found in the STUDENT TRAFFIC & PARKING REGULATIONS Brochure.

### Assemblies and Lyceum Committee

The Assemblies and Lyceum Committee consists of one faculty member from each major division of instruction plus five students selected by the ASBSC Senate. This Committee is primarily responsible for selecting outstanding Lyceum programs and special assemblies scheduled during the school year. The college budgets funds annually that are matched by an annual grant from the ASBSC budget.

### Bookstore Committee

The Bookstore Committee's objective is to establish clear lines of communication between management and clientele, to promote as complete and efficient service to students as possible. The Committee is composed of the bookstore manager, four faculty and four students representing each class.

### Student Conduct Board

The Student Conduct Board is responsible for the investigation of circumstances that contribute to the violation of a college regulation or misconduct. The Board also recommends preventive and/or corrective action, and in specific cases, renders decisions relative to suspension or expulsion from the College. The ASBSC Student Judicial Council and all other student regulatory bodies are subordinate to the Student Conduct Board.

The Student Conduct Board is composed of the Dean of each school or his faculty representative (3), the four ASBSC Executive Officers or their student representatives i.e., President, Vice President, Treasurer, Secretary, and the Dean of Student Personnel Services who is the permanent chairman of the Board. The Dean of Men and the Dean of Women are non-voting members of the Board. The Dean of Men serves as administrative advisor to the Board.
The Panhellenic Council is the advisory-governing organization for all sororities and sorority activities. It is an inter-sorority council composed of two representatives from each of the five sororities whose purpose is to promote Greek life on campus and unity between the sororities and with all other campus organizations and activities. The Council meets bi-monthly to initiate various programs and to organize and execute rush rules and procedures.

The purpose of the Interdormitory Council is to promote the best interests of the residence hall students. To further the aims of good government, to foster the spirit of unity, and to coordinate the physical, political and aesthetic activities of the residence halls. The responsibilities of IDC are divided among the Council (Legislative), the IDC Activities Board, and the IDC Judiciary Board. The members of IDC consist of the President and Vice President of each hall Council plus one representative per each seventy-five residents. Currently there are four representatives for the men and four for the women residents.

Publications

The student publications and broadcast outlets administered by the Student Communications Board provide students with excellent training and valuable experience. Any student may apply to work on any of the publications, regardless of major field of study or previous experience.

Arbiter

Printed weekly during the regular school year the Arbiter is one of the chief sources of information and interpretive news comment on campus. The Arbiter is the officially recognized Campus newspaper funded through the ASBSC budget and advertising.

Les Bois

The college's yearbook is published as a single, hard cover publication once each year normally during the spring semester. The cost of printing is paid for through funding by the ASBSC budget, student picture funds, and advertising.

Impulse

A literary magazine published by interested and talented students with assistance from the Humanities faculty. Students desiring to work on the staff or in submitting original work should contact the English Department.
Upon enrollment the student and the college enter into an agreement of mutual responsibility for maintaining order as well as preserving the purpose and function of that relationship. The college is obligated to advise the student of established policies and procedures; to provide the opportunity for participation and representation in areas of direct concern. The student is obligated to act as a responsible member of the college and larger community; to accept established college policies and respect national, state, and local laws.

The faculty and administration rely strongly on the students to discipline themselves, individually and as a group, using common sense and good judgement so that conduct is consistent with that expected of a mature, responsible individual. Each student is responsible for being familiar with college regulations governing actions on or off campus.
STUDENT CONDUCT

General Policies

1. Students of the College are considered representatives of the College and are expected to conduct themselves in a manner which will bring credit to the College. Standards of behavior should reflect good taste, courtesy, consideration and respect for the rights and privileges of fellow students.

2. Being a student at Boise State College does not relieve the student of responsibility to society, the laws of the city, state, and nation. Any action taken in a criminal court or juvenile proceeding does not render a student immune from disciplinary action by the College.

   a. The college will not request or agree to special consideration for a student apprehended for a violation of a law of the community, state, or nation, because of his status as a student. Having college student status does not relieve an individual of his obligations as a citizen.

   b. Additional disciplinary action may be imposed on a student apprehended by a law enforcement agency or appearing in a civil court, where his conduct significantly interferes with the college's educational responsibility to all members of the college community. This responsibility includes the health and safety of any student, faculty, or staff, and the protection of institutional and personal property.

3. The College has the authority to deny admission to or expel a student for a violation of its regulations or those of other accredited educational institutions. This authority, however, emphasizes the responsibility to educate and counsel wherever possible in preference to ultimate administrative action.

   a. Disciplinary action is intended to be the result of serious and thorough deliberation in which the best interests and rights of the student, college, and community are considered, and where justice is served.

4. Procedural due process and fairness is basic to the proper enforcement of all college regulations. Major disciplinary action (suspension or expulsion) will not be taken without:

   a. Providing the student an opportunity to hear (or read) the charges against him.

   b. Providing the opportunity to appear or be present to offer information in his own behalf.

   c. Providing the right to appeal for good cause and with justification.
Because the focus is on education of students, disciplinary hearings are conducted as informal inquiries and do not follow formalized courtroom procedures.

All-College Regulations

1. Expulsion or suspension from the college, or any lesser disciplinary action may result for the following misconduct:
   a. Academic Dishonesty
      Cheating or plagiarism is unacceptable. The course instructor is responsible for handling each case of dishonesty in the classroom except where a major or repeated offense is involved. In any case he has the right to refer the offense to a higher authority—though his department chairman, division chairman, and/or Dean of the School and ultimately to the Student Conduct Board.

      In cases of cheating, a student will be dismissed from the class and a failing grade issued. The student must petition the Dean of the School in which he is enrolled and be accepted before repeating the course.

   b. Alcoholic Beverages
      Possession, furnishing and/or use of alcoholic beverage on College owned or controlled property, in College related housing for single students, or at any college sponsored or supervised function is prohibited. This includes disorderly conduct or irresponsible behavior due to the use of intoxicants.

   c. Drugs
      Possession, manufacture, distribution, use or sale of drugs or narcotics classified as illegal except those taken under a doctors prescription is prohibited on college owned or controlled property, in college related housing for single students, or at any college sponsored or supervised function.

   d. Falsification of College Records
      Willful falsification of official records or documents or omission with the intent to deceive is subject to dismissal or suspension. Included in this regulation is the forgering, alteration, or misuse of college documents, records, identification cards, meal tickets, etc.

   e. Hazing
      Any practice by a group or individual that degrades a student, endangers his health, jeopardizes his safety, or interferes with class attendance or the pursuit of educational objectives is prohibited.
f. Illegal Entry
   Any student who is involved in actual or attempted unauthorized or forceful entry into any college building, office, laboratory, residence hall or room, shall be subject to suspension.

g. Theft
   Theft or the conversion of another's property, personal, public, or institutional is subject to disciplinary action.

h. Disorderly Conduct
   Physical abuse of another person in the college community, malicious destruction, damage, or misuse of college or private property, including library materials, vandalism, obstructive and riotous acts are subject to immediate disciplinary action.

i. Lewd or Indecent Conduct

j. Gambling in any form

k. Firearms
   1. Because of their recognized danger, firearms will not be kept in student living quarters. Possession of explosives, loaded or unloaded firearms on campus is strictly prohibited. Possession of explosives or a loaded weapon on campus will result in immediate dismissal from the college. The City Code interprets air rifles, pellet, or BB guns as being weapons or firearms.

   2. Possession and use of fireworks in any College building or on campus is prohibited.

   3. Occupants in College housing and off-campus housing, living within the city limits, are subject to Boise City ordinances and State laws.

l. Traffic-Parking
   Traffic and parking violations are processed in the Building and Grounds office according to the rules and regulations distributed by that office.

m. Group Offenses
   Living organizations, societies, clubs and similarly organized groups are responsible for compliance with college regulations. Upon satisfactory proof that the group encouraged, or did not take satisfactory steps, or make a reasonable attempt, as a group, to prevent violations of college regulations, that group may be subject to permanent or temporary suspension of recognition or charter, social probation, or other action.
Disciplinary Sanctions

Disciplinary action for misconduct on or off the campus may include one or a combination of the following:

1. Admonition
   An expression from the administration, generally in the form of a verbal warning or caution, that the expected standard of conduct is not being maintained. Used principally with the first time minor infractions.

2. Censure
   An expression of disapproval or condemnation of a specific act against the standard of conduct—generally in writing—with the possible loss of minor privilege.

3. Conduct Probation
   Generally a written warning, with or without a judicial hearing signifying that additional disregard for the standard of conduct will constitute grounds for suspension or expulsion. Usually a minimum time period is specified.

4. Disqualification
   Disciplinary action excluding the individual from participating in certain activities or privileges for a prescribed period of time. A loss of privilege, i.e. relinquishing a student office.

5. Suspension
   An administrative or Student Conduct Board action terminating registration, with a possible loss of academic credit, for a prescribed period of time. Re-enrollment must be requested by petition.

6. Expulsion
   An administrative or Student Conduct Board action permanently terminating a student’s registration at the institution. Re-admittance is possible only by action of the President of the College.

Procedural Due Process and Right of Appeal

Fair play in all situations involving serious disciplinary actions is a right of every student. This is especially true in cases where conduct probation, suspension or expulsion are imposed or where an adverse notation may be made on a permanent record. In such cases, due process will consist of:

1. Adequate written notice of the charges. Normally said notice is sent from the appropriate Dean’s office.
2. The opportunity for a fair hearing by allowing the student to appear or be present to hear the evidence, its nature and source, and to offer information in his own behalf.

3. The right of the student to question the source of the evidence and to be heard by those in charge of the hearing.

4. The right of the student to appeal the decision to the next highest authority and to be advised of the procedure.

By delegation of the President of the College the Student Conduct Board under the chairmanship of the Dean of Student Personnel Services is designated as the primary agency which has original responsibility and jurisdiction for the student conduct program and administration of the college rules and regulations. The Board is responsible to the President for recommending policies relating to student conduct, for approving rules, enforcement procedures, and new subordinate regulatory bodies. It is also responsible for disposing of such individual or group cases or appeals that may properly come before it. The board will review all cases involving possible suspension or expulsion other than for academic disqualification.

The Student Conduct Board is composed of the Dean of Student Personnel Services as Chairman. The Dean of Men and the Dean of Women as non-voting members of the Board. The Deans, or their faculty representatives, of the three Schools of the College (Arts and Sciences, Business and Education). The Associated Student Body President, Vice President, Treasurer, and Secretary or their student representatives. The Dean of Men serves as administrative advisor and assists the Board in the discharge of its responsibilities.

The ASB Judicial Council, IDC, Appellate Traffic Council and all other judicial or minor tribunals that may be established are subordinate to the Student Conduct Board and normally have specific areas of responsibilities. The Dean of Men and the Dean of Women have the authority to establish residence hall council or standard committees, Panhellenic, IFC, AWS, AMS, or ICC Committees to hear cases concerning violations of group rules and regulations, disputes between groups or individuals within specific groups. The councils or committees may recommend to the Dean of Men or Dean of Women disciplinary actions such as admonition, censure, specific group probation or disqualification and/or loss of privilege.
Violations of college regulations with the exception of traffic violations, should be reported to the Dean of Men or Dean of Women or both, depending upon the circumstances.

1. Investigation of Incident
   Interviews are conducted and statements taken from the individuals involved and from witnesses, if any. A report is then compiled of the statements, evidence, and reports of the incident.

2. Determination of Status
   The report is reviewed by the Dean’s Committee consisting of the Dean of Student Personnel Services, Dean of Men, Dean of Women, and an ASB Senate appointed senior student representative. The Dean’s Committee determines what procedure or action the case warrants.

3. Procedural Referral
   a. The report may indicate insufficient facts or basis for further action.
   b. The case may be referred to a specific group council or committee or handled by the Dean of Men or Dean of Women.
   c. The case may be referred to the ASB Judicial Council or other judicial committee.
   d. The case may be handled by the Dean’s Committee or referred on to the Student Conduct Board.

4. Appeals Procedure
   a. Appeals concerning traffic violations are submitted through the Director of Buildings and Grounds office to the Appellate Traffic Council.
   b. Appeals from a lower judicial body should be made to the next higher body, i.e. Judicial Council, or Student Conduct Board, through the Dean of Student Personnel Services Office. All appeals must be in writing and submitted within one week (7 days) of the decision with copies to the original and last judicial body. The appeal should include the reason and/or new information not considered by the original committee or council.
   c. Appeals from decisions of the Student Conduct Board may be made to the President of the college through the Dean
of Student Personnel Services office. The appeal must be in writing giving full details of the case and specific information or justification for the appeal within one week (7 days) of the previous decision.

5. Procedure for Reinstatement of Suspended Students
A suspended student, after completing his period of suspension, must apply for reinstatement by writing to the office of the Dean of Student Personnel Services. The written request must state the reasons for seeking reinstatement, commendable activities since suspension and other pertinent information the student may wish to submit. The request will be reviewed by the Dean’s Committee and the student notified of the decision.

CLOTHING TIPS

General Comments

“All students and guests of students or student organizations are expected to dress in good taste and in a manner appropriate to the occasion.”

If an individual’s general appearance fails to meet a "reasonable standard" expected of a college student he or she may be refused admittance to various areas on the campus; i.e., the library, student union, classroom, dining room, administrative offices, etc. There are a few items of apparel that are not appropriate for campus wear for reasons of sanitation, health, and safety. Specifically, they could not be worn in the above mentioned areas, but obviously may be appropriate for certain leisure time activities.

Items considered not appropriate

Bare feet, thongs, short-shorts, no shirts, unhemmed cut-offs, dirty or torn T-shirts or sweatshirts, high school letter sweaters or jackets, and any worn, torn, or dirty clothing.

Suggested examples of appropriate dress

Women

Casual for campus and class-skirts and sweaters, sport and casual dresses, jumpers, flats, tennis-runners, sporty coats.

Informal for dances, football games, mixers-Skirt-sweater sets, sport or wool suits or dresses with hose, stacked or french heels or heels.

Semi-formal for dressy functions - Homecoming - Dressy crepe, cotton, after-five or cocktail dresses, gloves heels, dressy coat.

Formal for Sweetheart Ball or Spring Formal Dances - Formal gowns, floor length or short dresses, gloves, heels, dressy or formal coat.
STUDENT REGULATIONS

Men
Casual for campus and class - Sport Coats and blazers, slacks and polished cottons, sweaters and sport shirts with oxfords, lowcuts and socks.
Informal for dances, football games, mixers - sport coat and blazers with slacks, or suits with ties.
Semi-formal for dressy functions - Homecoming - Dark business suits and dark socks.
Formal for formal dances or dinners - Tuxedos or dinner jackets with proper accessories (black tie and socks).

Exceptions - For costume, carnival, or other organized student functions (i.e., picnics, pep rally, Greek week) whereby specific apparel (Grubbies, i.e., sweatshirts, cut-offs, jeans, tennis runners) may be appropriate, the "reasonable standard" expected of a college student will apply.

It is the responsibility of the student group sponsoring a social function to publicize via approved mass communication media information on the appropriate dress for that event.
