and forty-nine....
The 1949 Les Bois has been assembled for the benefit of the students of Boise Junior College. It is our hope that it will serve as a record and reminder of this school year, 1948-49. By arranging the activities in seasons you may follow your school year as you have lived it and recall the part you have played in it with pleasure.
We take extreme pleasure in dedicating the 1949 Les Bois to our undefeated and untied football squad. Through good sportsmanship and the keen incentive the members and coaching staff of the team have helped to put Boise Junior College out in front as one of the more active Junior Colleges in the United States.
fall
To the Boise Junior College Board of Trustees the administration, faculty and student body again pay tribute. These civic-minded leaders, ever willing to expend their time and effort for the college, are the guiding spirits in a county-wide effort to place BJC among the leading educational institutions of the Gem State.
Every year, hundreds of thousands of young people attend the colleges and universities of this great nation. For some it proves to be an experience on which they build happy, successful lives; for others it proves a waste of time, little is learned and only limited benefits accrue to the individual and society.

The wide variance in results attained is not primarily due to a difference of abilities. One student has a definite goal in mind; knows where he is going and exercises the energy necessary to take him there. The other cares not where he goes, feels that he has muddled through thus far and fails to realize that this will probably be the only opportunity he has to build a foundation for later life. He has been protected and provided for by his parents and society and does not realize that he is approaching the end of that free ride.

These two attitudes provide the difference between success and failure in college and life. This is signaly illustrated by the G. I. student. We have had many who attended before the war, return after that conflict and universally such students have been markedly better than when they attended before. The intelligence is identical but the purpose and will have made them men with a future. The challenge is yours to accept.
I would like to use this space to congratulate the graduating sophomores and to express my appreciation for the part I have had in working with many of them on our activity program. No less has it been a privilege to work with the freshmen who certainly share in the credit for a fine year's record of accomplishment.

We can look back with justifiable pride on one of the best years in our history in athletics — of all kinds — drama, music, social activities, radio programs, club projects, the Round-Up and Les Bois, and the splendid leadership of the Student Council. Naturally, our sophomores have assumed the leadership of many of our activities, and their absence will be keenly felt. However, it is a credit to their wisdom that they have called on freshman cooperation this year more than ever before — so that we have a group of trained and experienced students who will be ready to take over their positions of responsibility next year.

Mrs. Ada P. Burke

As students of Boise Junior College for two years, you have stood on the mountain of knowledge, receiving challenges, inspiration, and information and have looked beyond to the promised land of life. You have learned much about yourselves and your fellowmen. You have gained a great deal in knowledge and in skills for work in the world.

Now you must leave the mountain and go out and possess the land. You will meet defeats as well as victories. At times you will be discouraged, while again you will feel exalted.

If you use the light, the skills, the knowledge you gained on the mountain, you cannot fail.

Remember it is not he who gets, but he who gives; not he that receives, but he who serves that wins the trophy.

The warm wishes of the administration and staff of Boise Junior College go with you in your pursuit. Go forth Graduates of Boise Junior College and possess the promised land!

Paul E. Baker
As this Spring Semester ends, it is quite possible that we will be saying goodbye to as many as three hundred fifty students. Our hope is that while we may say “goodby” as students we will be saying “hello” as lasting friends of the College. We hope that every student has caught the spirit of friendliness that we believe is unique here, and that he has caught the vision of what this institution is destined to become as a college in the Northwest.

Buildings and faculty cannot wholly determine the success of an institution of higher education. Our destiny will be largely fulfilled by students and former students. Each has had and can have in the future a very real part in the record we establish academically or in the extracurricular life of the College. Every alumnus can continue to help us have winning teams in major sports, lead in the cultural and educational life of the community, and build a campus that will be one of the show spots of the Valley. In short, this is an expression of confidence in the growth and development of Boise Junior College and an invitation to each of you to have a part in growing with it.

For the second consecutive year, the Broncos ran through a tough nine-game schedule without a setback, giving them 18 straight victories over a two-year span. This enviable record found them listed fourth in the nation, among Junior Colleges.

Once again Boise was considered by the Little Rose Bowl committee, for that coveted game. However we were not selected and, as a result, our gridiron warriors were unable to prove their right to further glory.

Head Coach Lyle Smith, the "Frank Leahy of the West", was ably assisted by George Blankley, who took over in the vacated spot of Bill Richter. They moulded together a team which produced 233 points in their favor, while limiting the opposition to a mere 67. Much credit should be given to these two masterminds, who spent many a long evening perfecting the Broncos into a powerful machine which spelled — "TOUCHDOWNS."

End Ben Jayne received the honor and distinction of being picked on Paul Williamson's Junior College All-American, while Phil Iriondo, stellar guard, and Jack Frisch, pile-driving fullback, received honorable mention. These three boys received their awards at BJC's first annual football banquet, sponsored by the Boise Athletic Association.
Ben has played two years of athletics at BJC, and this year was chosen as a Junior College All-American End by Paul Williamson.

Jayne came from Enid, Oklahoma, where he played three years of varsity sports in high school. He came to Boise to visit relatives, and liked it so well, that he decided to stay here, and go to school.

Ben will continue his education at the University of Idaho.

The blending of fourteen voices made up the music of the Women's Ensemble this year. Under the direction of Mrs. Lucille Forter, the ensemble sang at several civic groups in Boise. The girls wore white blouses and dark skirts and have become a familiar sight in Boise.

The fine cooperation and keen spirit to fight of the Boise Junior Pep Band this year, brought out a greater degree of enthusiasm of the student body at all the football and basketball games during this school season. The success of this peppy group is due largely to the efforts of its versatile director, Mr. Jack Best. The band has also played at several of the school assemblies and introduced the school song to the student body at the beginning of the year.
The BJC a Cappella Choir consisting of approximately sixty mixed voices has concluded a most successful year. Starting with their annual Christmas Carol Service at St. Michael's Cathedral, the assembling and producing the annual all music show of Bach to Boogie, their trips to communities in the Boise Valley vicinity climaxed with their journey to Ogden, Utah, and their final presentation during Music Week of Bill Johnston's operetta, "Artists Life".

The success of this group is attributed to its director, C. Griffith Bratt, head of the Boise Junior College Music Department.
winter
The Les Bois Staff and Editor wish to thank all students who furnished snapshots, information and other material which made the year book possible. We also wish to sincerely thank Mr. Len Simpson for his guidance and advice with the staff in connection with the annual which made the work on the book easier for the entire staff. A tip of the hat and orchids to Mr. Franklin Carr for the fine class pictures which appear in this annual and to Mr. J. Russell Ludwig for the excellent group photographs.

We sincerely apologize for misrepresentations, mistakes and omissions which we tried to keep at a minimum.

If in the publication of this work we have added to the happiness of the students or in any way reminded them of any fond memories that BJC has given them, then, we the staff, will feel that we have succeeded in having a purpose for this chronicle.

Henry, Edith, Ellyn, George and Lola also want to thank each of the other members of the staff who helped in publishing this book and who helped pass a number of pleasant hours in the process of publication. These students are Ray Coley, Barbara Gilkey, Doris Aston, Roy Magdon, Chuck Stewart, Eileen O'Toole, Margaret Taylor and Wally Curtis.
Flash! Who knows all the latest news and gossip? Why the Roundup Staff, of course. The Roundup Staffers are always where they shouldn't be getting the latest tips. The Staff room is always buzzing, and we do mean buzzing with voices of hard-working future newspaper reporters.

The Roundup was headed by Rexene Sproat as Editor this year and Philip Sciara as Business Manager. At the beginning of the year the paper was published once a week but because of a lack in finances it has been reduced to twice a month. All members of the Journalism class were considered reporters for the paper.

Head positions on the staff were held by Ellyn Johnston as News Editor; Sports Editor, Dick Nelson; Feature Editors, Mickey Mathews and Sammy Artis; Staff Artist, Bob Oviatt. At the beginning of the year the staff was quite small with approximately ten members but as second semester rolled around the enrollment increased to twenty-six students. Ken Pecora was named Advertising Manager and John Breckenridge served as Circulation Manager second semester.

Many pictures were used in the Roundup this year. The Homecoming, Christmas and Final Issue of the paper were extra large for the enjoyment of the students.

Each member of the staff has had a great deal of knowledge of Journalism added to his list of credits this year besides the barrel of fun everyone has had working on the paper together with such a gay staff. The Staff has functioned efficiently this year and has made the Roundup a most important must on the campus. The Roundup was directed by Len Simpson, advisor.
The Associated Student Body of Boise Junior College is led by the Student Council. In their hands lie all the financial worries and proposals that see the student body through each year. The Student Council was headed this year by the able leadership of John Elorriaga as President. Marjorie Beebe served as Vice President; Noel Fletcher, Secretary, and Colleen Locke, Treasurer. Barbara Thurston and Ralph Hill were the Freshman representatives to the Council. The group has had a very successful year under the able leadership of Mr. Willis L. Gottenburg, faculty advisor.
The Social Committee under the able guidance of Mrs. Ada P. Burke has had but one objective in mind and that is to present better and bigger entertainment for the student body. The committee has worked hard and has met with many disappointments in connection with the Spring Formal this year. It was hoped that they could have a name band for the dance but due to circumstances beyond the control of the committee they were not able to do so. The Spring Formal went on as planned, however, with the fifteen piece orchestra of Louie Ventrilla and the entire dance proved a truly great success. Merle Carpenter served as chairman of the committee.

Betty Matthews, Merle Carpenter, June Stille.
2nd row: Harry Goebel, Suzanne Craven, John Urban.
Boost Boise — Boost Broncos — Boost B. J. C. is the well served motto of the B-Cubes. The little sisters of the Valkeries, the B-Cubes is the freshman girls organization designed for the purpose of promoting school spirit and school activities.

An impressive sight in their orange and blue garb, the girls were very successful in promoting organized pep at the football games. Especially impressive was their marching performance during half-time at the "Homecoming" game.

Sponsoring several varied activities, their year was climaxed by the annual "Cotton Swing". This was a sport dance held April first with many amusing consequences. At the end of the year, the girls gave a tea for all senior high school girls from Boise and surrounding vicinity who plan to enter B. J. C. the following fall.

By the peppy leadership of its president, Virginia Dunn, the club was able to present one of its most successful years. Virginia was assisted by her fellow officers: Connie Obenchain, vice-president, and Joan Jones, secretary-treasurer. Miss Margaret Doyle is the advisor.
This is the third year of the organization of the out-of-town girls club, commonly known as the Travelettes. They are very proud of the fact that the Club is fast becoming one of the most popular clubs on the Campus.

All meetings are conducted on a social basis, because the purpose of the club is to get the out-of-town girls acquainted with each other, so they will mutual friends in school.

The first meeting of the year started in a rollicking good time with a Swimming Party and Chili Feed. In October, there was a Halloween Party, held at Mrs. Mary Bedford’s home at which everyone had a lovely time. Both November and December meetings were Pot Luck Dinners and everyone got plenty to eat, if nothing else. January was left out for some unknown reason, but was picked up in March and April. February brought forth a Valentines Day Party. Rosita Alegría was guest speaker and told about her experiences in Mexico.

All out-of-town girls are members of this club and are welcome to attend all meetings.

Officers for 1948-49 were: Helen Kreizenbeck, President; Sylvia Cusick, Sec.-Treas.; Barbara Bedal, Vice-President; and Darlene Sara, Social Chairman. Mrs. Thelma Allison was the advisor.

The I.K.'s of Boise Jr. College is a fraternal organization of select men from the student body, who have shown a willingness to carry out and to help carry out all the student affairs which make life on the campus enjoyable.

With the motto "Service, Sacrifice and Loyalty". Many events were sponsored by this organization and much assistance was given to other campus activities. Some of these were: publishing the Student Directory, working at football and basketball games, the Golden Plume Ball, the building and lighting of the homecoming "Flaming B" and the collection of rubbish for the bonfire, and the Old Dance.

The officers this year were: Bill Hochstrasser, Duke; Elmer Sandy, Exchequer; Tom Brandon, Scribe; and Jerry Davis, Recorder. Harry Goebel was Sergeant-at-arms. Dr. Joseph Spulnik was faculty advisor.

Miss Joyce Wardle was crowned Honorary Duchess at the Golden Plume Ball.
collegiate knights
The Future Teachers of America is an organization made up of prospective teachers and others who are interested in the teaching profession. Membership reached an all-time high this year. Twenty-six students were enrolled.

The aim of this organization is to aid the "Future Teacher" in reaching his goal and to promote interest in the teaching field.

Many fine socials were held this year as well as the necessary business meetings and one of the highlights of the social calendar was the assembly put on by the teachers.

Mr. A. H. Chatburn and Alvin J. Ritter were advisors.

Officers were: Bill Hochstrasser, President; Barbara Thurston, Vice-President; Verda Hochstrasser, Sec.-Treas.; Lee Higgins, Betty Howard, and Jeanie Dove: Program Chairmen.

The Red Cross at Boise Junior College is a regularly charted unit which cooperates with the Boise Chapter of the American Red Cross, under the direction of Mrs. Charles Chaffee, Jr., President of the local chapter.

This year the Club entertained the veterans at the Veterans Hospital with many interesting programs and parties, and are gathering material and making notebooks for overseas students.

The unit conducted the annual drive for funds on the campus and give aid to the local chapter at any time they may need it. They solicited donors for the regional blood bank, and do motor corp. work.

The officers and all the council members went to Salt Lake, from the 5th to 7th of November, to attend the Red Cross workshop presented by the University of Utah.

The officers for the year were: Darlene Sara, President; Betty Matthews, Secretary; Kay Larsen, Vice-President; Colleen Law, Treas.; Margaret Doyle, Advisor; and Suzanne Craven and Rose Murdock as council members.
associated women
Any girl who owns an ASB activity ticket is automatically a member of the Associated Women’s Club. The purpose of the organization is to promote good will and friendship among all girls of the student body at BJC.

This year, they sponsored the traditional Sweetheart Ball, a formal girl ask boy Valentine dance; the Big Sister Tea, held at the beginning of the year to help the freshmen girls get acquainted and also several money-making projects during the year so that a scholarship to some out of town girl could be presented by the club. The organization also furnishes the girls’ lounge and Mrs. Burke, Dean of Women, is the advisor.

Officers for this year included: Beverly Nelson, President; Celesta Dahlberg, Vice-President; June Stille, Secretary; Lucille Teilman, Treasurer; Mary Louise Bachman, Social Chairman; June Sawyer and Margaret Taylor, Freshmen representatives; Ruth Buettner and Shirley Fowler, sophomore representatives.

May 10, the Associated Women entertained all Boise High School girls at a tea in the Student Union and a tour of the College Campus was made. It was at this tea that the announcement of next year’s officers was made.
Active and interesting, the Spanish Club is one of BJC's most popular language clubs. It meets monthly and presents an entertaining and different program to its members so they understand better the language, customs, and culture of the Latin people, and oft times guests from Spanish-speaking countries are present. Besides the regular monthly meeting, the students may practice their Spanish table manners at the "Mesa de Espanol" which is held at noon three times weekly—in the Student Union. Membership to the club is limited to those having an equivalent of one semester of college Spanish.

The seventeenth annual Spanish play, "La Careta Verde," a hilarious comedy of mistaken identity, was presented March twenty-fifth. Starring were Tom Miller, Jean Hammer, Al Salazar, and Barbara Crowley. During the intermission of the two-act comedy, a program of Spanish dancing and music was presented, and all was well received by an enthusiastic audience.

Officers of the club were Jean Hammer, president; Charles Griffin, vice-president; Rosita Alegria, secretary; and Dana Pelegren, treasurer. Mrs. Camille Power was the faculty advisor assisted by Aranzta Cazalis.
Le Cercle Francais is for all students studying French. The purpose of the organization is to bring about a better understanding of the French people, their language, culture and customs. Interesting and colorful programs comprise the monthly meetings held in the Student Union. Original conversations, songs, records, foreign films and prominent speakers create authentic French atmosphere. Under the guidance of Mrs. Pivornick, who has contributed much toward advancing an interest in French, the club has become one of the most active on the campus.

Christmas packages of food and clothing were sent to a French war orphan. Members assisted in the reception of the Idaho Merci train. French students participated in a statewide letter writing project to the people of France who donated gifts to the Gratitude train. A delightful interlude of continental music and song was presented for the Spring Formal intermission and concluded the year’s activities.

Officers of the club are: Archie Lozier, president; June Stille, vice-president; Richard Rustay, secretary and Mrs. Pivornick, advisor.

1st row: Shuey, Patterson, Emmons, Arrambide, Cottle.
2nd row: Fowler, Rustay, Stille, Pivornick, Lozier, Beebe.
3rd row: Lish, Pond, Rich, Bradshaw, Elder, Qualey, Wahle.
4th row: Atwood, Smith, Gratin, Swope, Robbins, Bryant, Hammer, Payne, Jalley, Greenlee. 5th row: Goul, Anderson, Mays, Obenchain, Wilson, Burchett, Taylor, Jones, Cooper.
The German Club got off to an early start last fall and has continued through the year as an active organization. All activities of the club were aimed at providing members with an opportunity to use the language they were learning. At their monthly meetings they conversed in German. The German Club sent two food packages to needy families in Germany at the Christmas season.

Warren Stevens was president with June Sawyer as vice-president and Bob Brower as secretary-treasurer. Mickey Matthews was appointed to fill the position left by Bob Brower at the beginning of second semester. Dr. de Neufville, German Professor, acted as their advisor again this year.

Under Dr. de Neufville's direction the club staged "Die Kleinen Verwandten" a one-act comedy. Roles were played by June Sawyer, Mickey Matthews, Gail Morgan, Les Slater, Frank Davidson, and Richard Fritschle.

The Valkyries, an honorary service club dedicated to fostering the spirit of cooperation and friendliness, perhaps deserves the greatest credit for activities on the BJC campus during the past year.

Under the able leadership of President Colleen Law, the 27 sophomore girls, all of whom have a C average or better, participated in such activities as conducting a book store, selling season football tickets, purchasing and decorating the Christmas tree in the main hall of the Administration building and offering $200 in scholarships to deserving girl students.

Valkyries ushered at curricular and extra-curricular events, assisted in March of Dimes, Cancer and Blood Bank drives, sponsored a matinee dance for sale of Christmas seals, gave Thanksgiving and Christmas baskets to needy families and gave a Valentine’s party for the Children’s home.

Socially, the Valkyries were prominent, too. They held their annual Christmas reunion luncheon, gave a dinner dance at the Elks’ ballroom on May 21, held their annual mother-daughter tea at the Student Union and joined with the Intercollegiate Knights in an Ad dance.

Other officers were Helen Lyman, vice president and treasurer; Patty Downend, secretary; Gaynor Dorrien, bookstore librarian; Helen Kreizenbeck, historian, and Eloise Cusick, Valkyrie of the day chairman. Miss Helen Moore is faculty advisor.
valkyries
The dream of every Boise Junior College student who is even in the smallest way intellectually minded is to become a member of the Theta Mu Chapter of Phi Theta Kappa, a national honorary scholastic society, which was chartered at BJC last year. The society is limited to students with a grade point average of B or better.

Officers for 1949 were: Floyd Jones, president; June Stille, vice-president; Mary Morton, Secretary; Patricia Wyrick, treasurer and Noel Fletcher, council member.

The organization has enjoyed several dinners and parties throughout the year under the direction of their officers for this season.
One of the most active social organizations on the Boise Junior College campus during the past year was the Square Dance club. Sponsored by Dr. Donald Obee, known for and wide as one of the area's leading "callers", the club gained membership through the year.

In addition to staging several square dance parties, the club also provided instruction to other students and faculty members.

The members have but one goal: "To put square dancing on a par with football as a major sport on the BJC campus".

1st row: Geobel, Larsen, Mrs. Obee, Mr. Obee. 2nd row: Mrs. Ryals, Austin, Brodd, Sawyer, Mrs. Nyberg, Geisinger, Dove. 3rd row: Ryals, Jayne, Grader, Nyberg, Emmons, Coley.
Familiar echoes at Bogus Basin on Friday afternoons were “Bend your knees! Shift your weight!” or “Counterswing!”—The results of the afternoon classes conducted by the advanced skiers of the Bronco Ski Club.

Organized for the purpose of promoting skiing for all interested students, the club has been active in creating an interest among the beginning as well as serving the advanced enthusiasts.

Despite a few casualties, the club enjoyed a profitable year engaging in many of the skiing activities and sponsoring an all-school dance. It is especially interested in competitive skiing, both intercollegiate and within the student body, and its annual four-way International Meet was held at Bogus Basin in March.

Capable Keith Taylor is the president of the club, assisted by Harry Goebel, vice-president; and Colleen Locke, secretary-treasurer. Dr. Robert DeNeufville lends his assistance as the club’s faculty advisor.
ski club
The Women's Athletic Association, organized to promote good sportsmanship and encourage interest in girls athletics, has had a very active year under the presidency of Barbara Leighton. Their main event of the year was the intercollegiate field hockey tournament held in Seattle. The whole organization went copping one of the games and tying the other two.

Another proud achievement was the award of first place for their float in the homecoming parade. The social side of their organization spotlighted their annual Progressive Party and the annual banquet for the new officers. Assisting officers were Kay Larsen, vice-president and treasurer; Ruth Buettner, secretary; Pat Downend, sports manager; Rosita Alegria, social chairman; and Mrs. Margaret Larsen, faculty advisor.
To become a member of the Delta Psi Omega, national honorary dramatic society, is the ambition of every drama-minded student. Membership in Delta Psi is based on a point system. By working on play production a student may earn sufficient points to become eligible for membership in the society. These people are picked for the organization upon their ability and experience in all phases of dramatic production. It would be difficult to produce a major play at BJC without the services of the members of the national dramatic society. The members supply actors, stage prop men, and other dramatic talent.

One formal initiation was held this year with twelve new members being initiated.

Officers of the organization this year were: Ferris Weddle, president; Kay Larson, vice-president; and Rose Mary Hill, secretary-treasurer. Mrs. Helen Farrer, head of the drama department at BJC, served as faculty advisor of the group.
1. Full cast of the Cradle Song.
2. Faye Spilsbury and Barbara Thurston, of the Cradle Song.
3. Roi Piper and Tar Bachman from the Glass Menagerie.
4. The Christmas assembly.
5. Full cast of the Glass Menagerie.
6. Roi Piper, Glass Menagerie.
One of the fast-developing organizations at BJC is the Newman Club. A branch of the national organization, the Newman Club Federation, was born at Boise Junior College this spring. It fosters the spiritual, intellectual, and social interests of the Catholic students of the college. At present, there are sixty-eight members and their meetings are held twice a month. The club’s major activity at present is developing their club into what they hope to be a more active organization next year.

Following their business meetings, their lighter moments are spent during the coffee hour, when they chat over a cup of coffee, play cards or make records. The club also plans dances and parties for its members.

This promising club is under the active leadership of Larry Sandmeyer, president; Clarence Burchett, vice-president; Mary Jane Houston, recording secretary; Pat Balcolm, corresponding secretary; Joe Dietrich, treasurer; Sally Robbins, historian, and Jim Byrne, marshall. Their faculty advisors are Miss Margaret Doyle and Dr. Joseph Spulnik, and their sponsors is Father Peplinski.
One of the finest clubs on the Campus is that of International Relations. Students in this club learn to understand students of other nations, their customs and problems. The club sold hot dogs and coffee at the football games to raise funds to send two representatives and Dr. Paul Baker to Eugene, Ore., for the I. R. C. Conference in December. They participated in a discussion pertaining to International affairs. Bill Roden and Marianne Cook were representatives.

In October the club was invited to Caldwell, by the College of Idaho, to hear two speakers, Miss Margaret Sinclair and Miss Margaret Boone, speak about their trip to Europe.

In February, the Club invited the College of Idaho here for a Pot Luck Dinner, after which the China Problem was the topic of the panel discussion.

Discussions of international affairs are held every three weeks. They have covered the North Atlantic Alliance, Latin American affairs and the American Foreign Policy in Western Europe.

Officers for the year were: Bill Roden, President; Tony Arrambide, Vice-President; and Lola Howard, Secretary-Treasurer. Dr. Paul Baker was the advisor.

basketball
The Boise Junior College basketball team had a very successful season this year, winning 17 of 28 games.

Head Coach George Blankley, in his first year as skipper, turned out a fine team which was, indeed, a credit to the college.

The Broncos participated in the Intermountain Athletic Conference this year, finishing in a tie for the Northern Division crown with Ricks College. The conference title was won by Ricks, when they defeated Boise in the championship game, 60-50. Snow finished third and Branch Agricultural College fourth, in the four-team playoff at Ephraim, Utah, February 25-26.

Boise also took part in the Regional Junior College Tourney, held at Weber College, March 3-5. The Broncos were harassed by bad luck in this tournament, when three players from the starting five were injured in the opening game, and finished fifth.

With only two veterans returning, Coach Blankley had to mold practically an entire new team. Two Ohio boys, Joe Deitrich and Roger Bauman; Allen Hubinger, 6-foot seven-inch center from Florida; Earl Williams from Vale; Jack Gibbs, a Kansan; Jim Terry and Dick Kloepfer, local stars; and Ray Coley and Jack Grader, veterans, constituted the Varsity.

Ray Coley with 339 points, Joe Deitrich with 308 points, and Allen Hubinger with 305 points, were the leading scorers for the team, which averaged better than 54 points per game, while Jack Grader and Earl Williams were the mainstays on defense.

The Boise Junior College tennis team under the able supervision of Dr. Obee has had a very successful year. The team led by Ralph Hill and Johnny Schober, won three matches from Albion, NNC and the C. of I. The other two positions of the four man team were held alternately by Tom Brandon, Nick Karagianes, Keith Taylor and Willie Quong. The College sent two men, Hill and Schober to the Intermountain conference meet at Cedar City, Utah, where they swept over all opposition to win both the singles and doubles championships.
The baseball season at the Junior College is off to a fine start. At this writing, the Broncos have won six of their first seven games. Undoubtedly the sweetest victory to date, was the one over the College of Idaho Coyotes. This was the first Bronco victory over the Coyotes in ten successive games.

April 5, Boise traveled to Nampa, and defeated the Northwest Nazarene Crusaders, 11-8. Jack Grader and Dee Taylor was the starting battery with Billy Mays and Harry Howerton taking over in the sixth inning. The following afternoon, Boise journeyed to Caldwell, where the College of Idaho won, 10-2. Dick Patterson started for the Broncos, and Jim Fuller relieved him in the sixth. Boise’s next game was April 11, when the Broncos defeated C. of I., 9-5, at home. Grader relieved Patterson in the second for the Broncos, and allowed only one scratch hit over the remaining seven innings. BJC took three straight from the invading EOCE nine. The first game ended 8-3, with Grader and Mays doing the hurling. The other two games also went to Boise, 13-9 and 6-2. Patterson and Mays were the winning pitchers.

Harry Goebel is hitting a robust .576, with Ray Coley next at .413 and Jack Gibb .357. Grader has four of Boise’s victories, with Patterson and Mays one each.

The lineup: Goebel 1st, Gibb 2nd, Coley ss, Fuller 3rd, Karn, Mays, Knowles, Kloepfer, Hochstrasser and Miller of, Howerton and Taylor c, Grader, Mays, and Patterson p.
The sport of track at Boise Junior College is slowly but surely being revived to its maximum level. There is still much room for definite improvement, insofar as the number of candidates who try out. Still and all with only a few die-hards carrying the load, the track team has shaped up considerably well this season.

Coach George Blankley has a really sensational star in Ed Troxel. Ed runs the 100, 220, and still finds enough energy to broad jump. In all three he usually winds up first or second. Harlan Towne, veteran from last year, is our hurdler, and he can really “top the timbers”. Kenny Pecora carries our colors in the pole vault, and always finishes “in the money”. Ben Jayne handles the field events, throwing the discus and putting the shot, while Ray Newman can really hurl the javelin. In the middle distances, we don’t have too many boys interested. Jake Peterson runs the 440, and our relay team of Troxel, Jayne, Towne and Peterson, will give any opponent a run for their money.

Our thin-clads started their season in March, and it will be climaxed by a conference meet in May. So far they have participated in a triangular meet at Caldwell, with C. of I. and NNC.

This year, for the first time, letters will be awarded to our track team.

*Left to right: Jim Goodwin, Carlyle Rosso, Dick Black, Harry Lentz, Harlan Towne, Ed Troxel, Ken Pecora, Ben Jayne, Al Cooper, George Blankley.*
MISS PRAXEDES VOLOSO

A most interesting student at BJC this year was Miss Praxedes Voloso, a teacher from the province of Samar. Miss Voloso, a petite dark-haired girl, is a graduate of a normal school in Manila, and she came here to further her education.

She says Manila is like a little America with nearly the same signs and languages. On some of the islands, such as that of Samar, however, there are as many as eighty dialects, therefore English is becoming the universal language of the Philippines.

Miss Voloso liked Idaho except the winter coldness, therefore she transferred to another school at the close of the semester. We were very sorry to lose such a welcome addition as Miss Voloso.

MISS ARANTZA CAZALIS

Not only the Spanish students but all of BJC welcomed the feminine addition of Arantza Cazalis, the new student-instructor in the Spanish department who entered the College in January.

Her nineteen years has enough exciting history to fill a novel. Escaping the Franco regime, she fled to France, Casablanca, Santo Domingo, thence to Cuba to live with her uncle who was a professional jai alai player. At sixteen she moved to Mexico to live with another uncle. In three years she finished grammar and high school and graduated from a business school.

The students feel they have not only made a gain by Arantza's instruction but for her companionship also, which is evident from her popularity.

MOTOR CENTER
In less than fifty years, the desert character of southern Idaho has changed remarkably. Today, huge dams, water storage reservoirs, irrigation canals and vast expanses of green blend with the landscape. Today, 2,500,000 acres of lands are under irrigation in Idaho, most of them in the Snake, Boise and Payette river valleys. Idaho stands third among the states in irrigated acreage. More than half of the state's annual $234,000,000 of agricultural production comes from irrigated lands. Southern Idaho's bountiful farms, progressive cities and towns, schools, colleges, libraries, churches, hospitals, commercial enterprises and other essentials of a permanent and thriving economy are a remarkable tribute to the ambitious and energetic character of Idaho's people, who have demonstrated anew the blessings of our free enterprise system of government. Plans in preparation for bringing water to Idaho's remaining 2,000,000 acres of irrigable lands assure Idaho's further development and new opportunities to its younger citizens.
