BOISE STATE UNIVERSITY
Located in the heart of Idaho’s commercial, cultural and civic capital, Boise State University plays a crucial role in the region’s economic development and famed quality of life. Idaho’s largest institution of higher education offers nearly 200 degrees and certificates in seven colleges. While remaining committed to the strong teaching legacy that has resulted in 11 Idaho Professor of the Year awards since 1990, Boise State’s focus on innovation and creativity is fueling the fastest growing research program in Idaho. This robust growth contributed to U.S. News & World Report listing Boise State as one of the top emerging schools in the nation for the past two years.

Campus life offers adventure and activity. More than 200 student organizations, new residence halls along the Boise River Greenbelt and a state-of-the-art Student Recreation Center provide opportunities for individual development and fun.

“Destination Distinction: The Campaign for Boise State University” is bolstering Boise State’s role as an emerging metropolitan research university of distinction. Learn more at www.boisestate.edu/campaign/.

President Bob Kustra is in his eighth year as president of the largest public university in Idaho. He has led the university during a period of dynamic growth in student enrollment, new construction, fundraising and research. His tenure has been marked by an emphasis on research, upgrading standards for admission, improving the undergraduate experience, and increasing the number of graduate and doctoral programs. Since 2003 faculty awards and grants for research at Boise State have nearly tripled to $50 million. Dr. Kustra also advocated successfully for Boise State’s inclusion in the Mountain West Conference, beginning in 2011.
