

BOISE STATE UNIVERSITY

Located at the base of the Rocky Mountain foothills in Idaho's capital city, Boise State University is the largest institution of higher education in the state. As such, it plays a crucial role in the region's economic development and famed quality of life.

Students enroll in seven colleges and have a choice of nearly 200 degrees and certificates. Boise State has the largest undergraduate nursing program in Idaho and is the only university in the United States to offer a master of science degree in raptor biology.

While remaining committed to a strong teaching legacy, a focus on innovation and creativity is earning it a reputation as an emerging metropolitan research university and a key economic engine in the Treasure Valley.

Campus life offers adventure and activity. More than 200 student organizations, including 12 fraternities and sororities, residence halls across campus and along the Boise River Greenbelt, a state-of-the-art Student Recreation Center and Aquatic Complex provide opportunities for individual development and fun.

PRESIDENT

Dr. Bob Kustra is in his ninth year as president of Boise State. He has led the university during a period of dynamic growth in student enrollment, new construction, fundraising and research.

His tenure has been marked by an emphasis on research, upgrading standards for admission, improving the undergraduate experience, and increasing the number of graduate and doctoral programs. He also led the most ambitious fundraising campaign in university history that surpassed its \$175 million goal in 2011 by more than \$10 million.

Dr. Kustra represents the Mountain West Conference on the NCAA Board of Directors and serves as a member of the Bowl Championship Series Presidential Oversight Committee.
