Green Room Gossip - Facts about Theatre at BSU

Did you know that the Subal Theatre will be six years old on April 17th of this year? The present theatre was formally dedicated on April 17, 1968 at 6:30 p.m. The first production in the new facility opened that night - William Shakespeare's "A Midsummer Night's Dream".

The children's theatre class is preparing two plays, "Peter and the Wolf" and an original script entitled "The Day That Time Stopped". The productions will tour the local area after the spring vacation.

Theatre education at BSU is greatly aided by the televising of dramas on station KAID. The current series "Theatre in America" is especially helpful. From time to time the theatre arts department and KAID combine talents to do local productions. However, KAID needs money to continue and expand local telecasting. Your contribution in any amount will help KAID serve theatre and the other arts in the Treasure Valley.
