General Information
BOISE JUNIOR COLLEGE

HISTORY

Boise Junior College was organized in the spring of 1932 in response to a demand for higher education in Boise. During the first two years the college was sponsored by the Episcopal Church, with the Right Reverend Middleton S. Barnwell, Bishop of Idaho, serving as president. In June 1934, in response to an appeal from Bishop Barnwell, a board of public-spirited individuals assumed the responsibility of directing the institution. As a result, a non-profit corporation was formed whose stockholders were Boise citizens interested in education. The buildings formerly housing the college had once been used for a girls' academy under the direction of the Episcopal Church.

In February, 1939, an enabling act permitting the formation of junior college districts was passed by the state legislature, and signed by the governor. In accordance with the provisions of this law, the qualified voters of the district approved by a large majority the establishment of the Boise Junior College District. The following fall the College began its first academic year as a public institution.

That same fall, a district bond election for funds to build a college plant was approved by a 10 to 1 majority. The City of Boise donated the old municipal airport on the south bank of the Boise River for the new campus.

THE PLAN

The program plans to meet the needs of those students who have graduated from high school and desire to continue their education with one of the following goals in view:

1. Those who plan to enter a senior college and desire courses of a general nature, university parallel or pre-professional courses.

2. Those who are interested in carrying their education a year or two beyond the high school level in preparation for immediate entrance into the general field of business and the professions.

3. Those who desire two years of general or cultural education beyond high school.

4. Adults who wish to continue general or special education; when it is desirable, night classes can be arranged for this group.

THE PLANT

The 110-acre campus is located between Capitol Boulevard on the west, Broadway Avenue on the east, and on the south bank of the Boise River across from Julia Davis Park. In this spacious and beautiful location, the campus is easily reached by plane, train, and bus, and is near the business district where many students find part-time employment.

The Administration Building was completed before the first classes were conducted in the fall of 1940. During that school year the Heating Plant, Music Auditorium, Vocational Shop, Gymnasium, and Student Union Building were constructed. The Student Union was financed by student fees and donations from members of the Board of Trustees.

In the spring of 1953, the Music-Auditorium was remodeled, providing space for 600 seats for audiences to view college or community functions. It houses the $40,000 Cunningham Memorial Organ, which is one of the finest instruments of its kind in the Northwest.
This building also quarters the Music Department with practice rooms and studios.

The Student Union Building is now the center of social and extra-curricular activities on the campus. It has two large dining rooms, a modern kitchen, a fountain, an attractive ballroom, and comfortable lounges.

Bronco Stadium, with a seating capacity of 10,800 was completed in 1950. It provides excellent facilities for football and track as well as outdoors pageants and other events. The structure was promoted by many friends of the college.

The two dormitories, Morrison Hall for women, and Driscoll Hall for men, were completed in 1951. They are identical in every respect, each providing 48 single and 15 double accommodations. A beautiful parlor and a large recreation room are the central features of each dormitory. There are ten suites, each with a small living room and lavatory facilities for the occupants. Laundry facilities are accessible to all residents.

The Science Building was completed during the summer of 1955 at a cost of about $500,000, including equipment. The first floor is equipped for the Life Science Division and the Home Economics Department with model kitchens and living facilities. Also on the first floor is a theater-type lecture room with a seating capacity of 260. Classrooms and laboratories, with the latest in modern equipment and ventilation, are located on the second floor where the Physical Science Division is located.

The college Gymnasium and Physical Education Building, constructed in 1955, contains two full size basketball floors and additional large areas for activities. This building is constructed and equipped in order that pageants and similar events may be sponsored by the college or community. The seating capacity ranges from 3,200 to 4,000, depending on the use of the floor space. The Vocational Buildings are located on the southeastern section of the campus, along Bellevue Avenue. They include shops for auto mechanics, machine shop, welding, carpentry and auto body. The new Technical Education Building was constructed in the fall of 1963 and it houses the Drafting-Design classes, the Electronics classes, and provides classrooms for Related Subjects instruction.

The Campus Elementary School, in which the student teaching program is conducted, is located on the college campus. The Boise Independent School District and the college cooperate in this program.

In the fall of 1964 the college library will be in its new quarters in the Library-Classroom Building made possible by the bond election of 1962. The building has about 41,000 square feet on two floors. The library will occupy 17,500 square feet on the ground floor. Seating is provided for about three hundred students and faculty at reading tables, individual study tables, and in three lounge areas. The book collection of 35,000 volumes is housed on open shelves, and includes 3,700 bound periodical volumes and 2,100 volumes in the reference collection.

The library receives currently about 380 magazines and 14 daily or weekly newspapers. A collection of nearly 750 phonorecords and 200 tapes for use in English, humanities and language classes, is available for student use in a listening room providing two stereo turntables and two tape decks with earphones. Other facilities include a small typing room in which the students may use their own machines, and two microfilm readers for use with the rapidly growing collection of periodical volumes on microfilm. The library is open 68 hours per week. Additional library facilities in Boise are available to college students through the courtesy of the Boise Public Library, the State Historical Society, and the State Law Library.
The English, Art, and Speech Departments along with the Instructional Materials Center will be located on the second floor of the Library-Classroom Building.

Included in the Instructional Materials Center is the Educational Film Library, which is owned cooperatively by the college and school districts in Southern Idaho and Eastern Oregon. The library consists of approximately 1,200 films and 550 film strips valued at more than $60,000. These are used extensively in the instruction program of the college and are also made available to schools and community organizations throughout the area. The college owns a wide variety of projectors and other audio-visual equipment.

CULTURAL ADVANTAGES

Boise Junior College is located in the state capital, where students have the opportunity to observe the operation of all phases of the state government, legislature and courts, and many phases of the federal government, including the District Court. Students may use the state library of 75,000 volumes or the Boise Public Library of approximately 72,000 volumes.

Boise enjoys a mild climate and is a city of beautiful homes. Those interested in sports and other forms of recreation find the Boise area offers a wide range of activities from which to select. There are splendid hotel and motel facilities, many wide awake civic organizations, churches of all the leading denominations, seven radio stations, two TV stations, two well-equipped hospitals, and an art museum. The community is favored by membership in the Community Concert series featuring artists of national and international fame.

The Junior College Lyceum Committee, composed of faculty and students, sponsors a series of lectures and entertainment each year and the general public is invited to attend. The College A Cappella Choir and the College Band present a number of programs each year and they annually tour through Idaho and Eastern Oregon. On occasions they have attended national conventions in the Middle West and in Southern California.

GENERAL EDUCATION IN BOISE JUNIOR COLLEGE

Being cognizant that, as a result of man's continual progress and advancement in all branches of learning and activity, society is today confronted with problems broader and more complex than those that have been presented to any other age for solution; and sensing, in part at least, some of the serious implications of such scientific discoveries as those involving atomic energy; and realizing that, in such complex and hazardous world conditions, the well-being of the individual, of the nation, and of the world can be promoted only by intelligently cooperative actions of individuals and groups who are alert to the problems before them and who are informed about them; and knowing that attitudes and habits acquired in school form the foundation for actions in later life, it is the policy of Boise Junior College to strive to give to its students what assistance it can in preparing them to take their places in such a society.

This the College aims to do through various methods, some of which are:

1. The avoidance, in so far as possible, of narrowly specialized curricula; and the inclusion of general courses in the arts, humanities, and sciences, to accompany the necessarily specialized courses in some curricula.
2. The offering of some survey courses in various curricula, whose purpose is primarily to acquaint students with the broader aspects of the various branches of learning.

3. A conscientious guidance program, participated in by all faculty members and students, to assist students to find the fields in which they can achieve the greatest personal success and happiness, thereby contributing most effectively to the well-being of society.

4. Democratic relationship between administration, faculty, and students in the conduct of student affairs, through which students are encouraged and assisted to assume citizenship responsibilities for the direction and promotion of student activities.

5. An awareness on the part of all the faculty of the need for general education for effective citizenship, and a conscious effort by all faculty members to incorporate, wherever possible in all courses, such concepts, ideals, and attitudes as will promote this end.

HOUSING

All out-of-town students attending college are required to live in the residence halls unless special permission is given by the Dean of Men or Dean of Women. Such permission will be given women students only to live with a close relative. Any change of residence must be reported to the Deans immediately; two weeks notice is standard business procedure.

Standards of conduct will be made explicit to all students. Any student who violates these standards may be removed from his place of residence and may be dismissed from the college.

ON-CAMPUS HOUSING, RESIDENCE HALLS

The two residence halls—one for men and one for women—are virtually identical in every respect. Each building has 48 single and 15 double accommodations. These buildings incorporate modern features of dormitory living, such as pleasing furnishings, necessary recreational facilities, ample storage space, enjoyable surroundings, and an adjacent dining hall in the Student Union.

The residence halls are located at the heart of the campus, near the library, classrooms, auditorium, and athletic fields.

A beautiful parlor and a large recreation room are the central features of each building, and there are 10 suites, each with a small living room and lavatory facilities for eight occupants. Laundry facilities are accessible to all residents.

Board and room costs, by the semester, are:

<tr>
<td>Single Room</td>
<td>$322.50</td>
</tr>
<tr>
<td>Double Room</td>
<td>$300.00</td>

(Charges are subject to change without notice.)

Bedding is not furnished by the college. Students who live in the residence halls must take their meals at the Student Union. Opening and closing dates for dormitories are listed on the college calendar (inside front cover of the college catalog).

Meal service calendar for the school year 1964-65:

Fall Semester—September 7, 1964 through January 22, 1965 (except Thanksgiving vacation, November 26 through November 29; and Christmas vacation, December 19 through January 2.

Between semesters, January 23 through January 30, 1965, meal cards will not be honored; however, the Snack Bar will be open for cash business.

Inquiries concerning the residence halls should be directed to “Residence Hall Secretary, College Administration Building.” Returning students have priority; otherwise, applications will be processed as soon as the following requirements have been met: (1) The student's application to enter Boise Junior College has been accepted. (2) An Application-Contract is filed with the Residence Hall Secretary. (3) A $25.00 security deposit is paid. (4) Security deposit will not be returned unless room reservation is cancelled on or before Aug. 31 of any year. (Since there may be a delay in obtaining acceptance into the college, the student should note that steps two and three may be completed before step one.)

COLLEGE COURTS

Eighty housing units are available for married students. They are located one block off campus and rents are low. Rates for apartments are $60.00 to $65.00 for one bedroom, $80.00 for two bedroom, and $65.00 for three bedroom. (Charges subject to change without notice.) Electric refrigerators and ranges are installed in each apartment. Coin-operated washing machines and dryers are located on the site. Heat, water, hot water, and garbage disposal are furnished. Other facilities are not furnished.

Applications for these units should be made directly to Housing Manager, Boise Junior College. A $50.00 security deposit is required. If notification for a cancellation of a reservation is not received by August 31, the security deposit is forfeited and no longer refundable.

OFF-CAMPUS HOUSING

Unmarried men students under 21 years of age must obtain the approval of the Dean of Men to live off campus. Lists of available housing units are on file in this office.

Students over 21 or married need not obtain approval but are welcome to use the housing lists and must report their current address.

HEALTH SERVICE

Boise Junior College provides a health service for students in attendance. Each student will be required to take a complete physical examination before entering Boise Junior College for the first time. This physical examination report must be furnished on medical form mailed to prospective student by the college.

The medical advice of the college physician, Dr. Bruce Budge, is available one hour daily at the Health Center, without charge, to all students. Also between the hours of 9:00 and 12 noon a nurse will be on duty. The student may receive, as well as medical advice, treatment for any minor ailment or injury requiring bandaging and medication. In addition, all full time students automatically are participants in a health and accident insurance program providing coverage from the beginning to the end of each semester. The health and accident program provides for liberal hospitalization as well as medication, laboratory service, and the major portion of medical and surgical fees.

The treatment of pre-existing illnesses is not included under either of the programs. Responsibility for providing any special care required by a physically handicapped student rests with that student or with his parent or guardian.

GUIDANCE PROGRAM

The guidance program at Boise Junior College is designed to reach every student. Regardless of the nature of his problems the student at Boise Junior College is afforded the opportunity to discuss
them with a faculty advisor of his choice, or with a professional counsellor.

The student in need of vocational guidance finds at his disposal the services of a specialist at no extra cost. In addition to knowledge gained from the entrance tests, taken before his registration, information is available through tests that range from inventories of his interests to measures of his various aptitudes and abilities.

Each full-time student is required to take the standard American College Testing program test battery before entering Boise Junior College as a first-time freshman. Students who take these tests during their senior year in high school will not be retested at the College.

All tests are used for guidance and placement rather than for selective admission.

ACCREDITATION

Boise Junior College has been an active member of the American Association of Junior Colleges since 1932. It is a member of the Northwest Association of Secondary and Higher Schools, and is fully accredited by that organization, by the State Board of Education, and the University of Idaho.

HONORS

The Idaho Society of Professional Engineers selects a pre-engineering major to receive the honor of being the outstanding engineering student graduating from Boise Junior College. The engineering faculty nominates candidates for this honor. An individual plaque is given to the recipient, and his name is also inscribed on a plaque in the Science Building. The name of the student receiving this honor is announced at Commencement each year.

A limited number of tuition scholarships are granted each semester to both freshman and sophomore students, based on scholastic achievement, character, leadership, and demonstrated need. Funds are provided by anonymous donors and scholarships are awarded upon application to the Committee on Scholarship Awards.
LOAN FUNDS

Students needing financial assistance to take care of school expenses may borrow from one of the student loan funds. Application forms are available in the Office of the Vice President and should be filed a week in advance where out-of-town references are given. Part-time students are not eligible to apply. With few exceptions, loans must be repaid by the end of the semester and are generally limited to $100. A 50¢ service charge is made for each loan.

Citizens Loan Fund: Four Boise civic organizations have made possible this fund, which was established in 1938 by the Kiwanis Club. Since that time, the fund has increased almost ten-fold with contributions from the Rotary, Exchange, and Lions Clubs as well as the Kiwanis Club.

Ballantyne Loan Fund: Established by the late Mr. Sam Ballantyne of Boise, with additional contributions from his wife, Mrs. Grace A. Ballantyne.

Preston Capell Loan Fund: Established by a gift from Preston Capell of Nampa.

Capital City Kiwanis Loan Fund: Established by The Capital City Kiwanis Club of Boise.

Elmer S. Chaffee Memorial Loan Fund: Established by gifts from Boise Junior College faculty members.

Fern Hart Memorial Loan Fund: Established by a group of students and teachers from the schools of Ada County in memory of Mrs. Hart. The fund is especially for students who plan to make teaching their profession.

Intercollegiate Knights Loan Fund: Established by the Boise Junior College men's service organization.

The Janeal Fitzsimmons Memorial Loan Fund: Established by members of the Student National Education Association of Boise Junior College in memory of one of its members.

Robert T. McEwan Memorial Loan Fund: Established by friends of a Boise Junior College student in his memory.

The Jennie McFarland Fellowship Loan Fund: Established by Purity Rebekah Lodge No. 67.

H. Albert Neal Loan Fund: Established by Mrs. Iona E. Neal of Phoenix, Arizona, in memory of her husband, Mr. Albert H. Neal, to assist students in the Education Department who plan to become teachers.

Otto T. Gottenberg Memorial Loan Fund: Established by Mrs. O. T. Gottenberg in memory of her husband.

Sears-Roebuck Loan Fund: Established by Sears-Roebuck and Company of Boise.

Warner Memorial Loan Fund: Established in memory of Ida Martin Warner by Ada County elementary teachers and Mr. James Warner for Boise Junior College students majoring in Education.

Dale E. Watts Memorial Loan Fund: Established by friends and business associates in memory of a Boise Junior College instructor. Applicants from Vocational Education Division will be given preference.

Lucille T. Forter Loan Fund: Established by Mrs. Lucille T. Forter, a member of the original Boise Junior College faculty, who retired in June, 1961.

Alice J. Pecora Memorial Loan Fund: Established by members of the Boise Junior College staff in memory of Mrs. Pecora, whose
daughter-in-law has been an employee of the College for a number of years.

John E. Voorhees Memorial Loan Fund: Established by Mr. and Mrs. Dale E. Voorhees in memory of his father.

John B. Chatburn Memorial Loan Fund: Established from gifts made by Boise Junior College staff, friends and relatives.

Physicians Memorial Loan Fund: Established by Boise Physicians to honor the memory of fellow physicians, with Dr. A. C. Jones and Dr. Richard Simonton as the first designees. Limited to the use of students of professional and practical nursing.

Myrtle McClary Memorial Loan Fund: Established by friends of the McClary family.

Gilbert M. Mathison Memorial Loan Fund: Established by his family, friends and fellow employees of the State Highway Department.

National Defense Loans: The Congress of the United States passed in 1958 the National Defense Education Act which provides funds and enables colleges to participate in making loans primarily to students in the fields of Science, Mathematics, Engineering, Foreign Language, and Education. A loan may be obtained in the amount of $1,000.00 for each year of full-time enrollment at Boise Junior College. Need and a superior scholastic average are prerequisites. Interest in the amount of 3% begins to accrue twelve months after the student ceases to be a full-time student in an institution of higher education. Actual repayment of principal and interest will be due twenty-four months after such date of separation. Students training to become teachers will have one-tenth of loan principal and interest cancelled for each year up to and including five full academic years of teaching work. Information and application blanks may be obtained from the Office of Vice President.

The P.E.O. Sisterhood offers loans to girls who have completed satisfactorily one semester of college work. The amount is $500.00 for one year or $1,000.00 to be used over two years. Applications may be made by contacting any P.E.O. member.

SCHOLARSHIPS TO GRADUATES

The Jack Simplot Scholarships of $200 to the College of Idaho are granted annually to two students selected from the graduating class of Boise Junior College. These awards are announced at Commencement. Application should be made to the Committee on Scholarship Awards.

The Zonta Club of Boise awards yearly the Genevieve Turnipseed Scholarship to a graduating sophomore member of the Golden Z Club with the highest grade average, in the amount of $300, toward the last two years of her education, to be used in an institution in one of the six Western states. A scholarship committee consisting of the chairman of the Scholarship Awards Committee at Boise Junior College, the Golden Z Advisor, and one member from the Zonta Club of Boise, determines the recipient of this award. Application should be made to the Advisor of the Golden Z Club.

The Valkyries, women’s service organization at Boise Junior College awards a yearly scholarship of $400 to one of its sophomore members to use at a senior college. Selection is made by the Valkyries and their advisor.

The Boise Panhellenic Association awards yearly scholarships to graduates of Boise Junior College. Application should be made to
the Dean of Women. This scholarship must be used at an institution of higher learning in the State of Idaho. Other scholarships are offered by outstanding colleges and universities to graduates of Boise Junior College who rank high in their classes.

**SCHEDULE OF FEES AND CHARGES**

All of the fees, tuition, and other charges are due and payable at the time of registration each semester. Board and room charges may be paid in advance for each semester or arrangements may be made to pay in advance on a partial payment basis by consulting the Cashier.

Veterans who plan to attend on the GI Bill of Rights under P. L. 550 or P. L. 894 must, upon registration, present their certificates of eligibility. Those under P. L. 894 unable to present a certificate of eligibility at the time of registration will be charged tuition and fees. Upon presentation of said certificate, complete refund will be made. Veterans qualifying under P. L. 550 will pay all charges at time of registration.

Ten or more credit hours for students not attending on the GI Bill will be considered a full schedule for purpose of calculating charges.

Any person auditing a class or classes will pay the same tuition and fees as those students enrolled on a credit basis.

All fees, tuition and other charges are subject to change without notice.

The above estimates do not include the cost of laundry, bedding, books, or personal items which vary greatly depending on the tastes, demands, or financial means of the individual student. In addition to the above, some courses may require special fees.

REFUNDS

Students who withdraw from the College during the first six weeks of a semester will be entitled to receive the following refund on tuition, general fees (except non-refundable) and student body fees (if activity ticket is returned) paid for that term:

- If withdrawal is made within the first two weeks of a term, 80% will be refunded; after two weeks and within four weeks, 60%; after four weeks and within six weeks, 20%; after six weeks, no refund will be allowed.

Application for refund must be made to the Business Office at the time of withdrawal and within the time limits mentioned.

DELINQUENT ACCOUNTS

The cancellation of the registration and withholding of academic credit of any student with a delinquent account or an unsatisfactory financial relationship with the business office is authorized without notice if the student has been contacted. This regulation may be invoked at the discretion of the Business Manager in cases of disregard in the settlement of returned checks, loss of property or breakage in excess of the general deposit, dormitory or housing breakage, library fines and losses in excess of the general deposit, telephone toll charges, overdue notes, etc.

AUDITING OF ACCOUNTS

All funds for public purposes within the College and subject to the jurisdiction of either the College or the Associated Student Body and which are contributed to or collected by any student or faculty member shall be deposited with the Business Manager, subject to withdrawal upon written approval of the proper authorities. An accounting of all receipts and expenditures in the funds shall be made by those responsible for their collection immediately after they shall have been disbursed, this accounting to be audited by the Business Manager.
PART II
Admission Requirements
Regulations
Graduation
ADMISSION REQUIREMENTS

Applicants for admission must be at least 16 years of age and must present satisfactory evidence of good moral character.

Credentials.—Students applying for admission to the Junior College are required to furnish credentials as follows:

(a) An original transcript or transcripts of high school credits showing four complete years of school, signed by the principal, superintendent, or other authorized official.

(b) Official transcripts and statements of honorable dismissal from each institution attended after high school graduation.

(c) Personal data on the regular application-for-admission blanks.

(d) Complete physical examination on form provided by the college.

(e) Three photographs—billfold size (approximately 2" x 3").

(f) Character references on form provided by the college if the student is transferring from another college or if he has been out of high school for more than one year. Character references are required of all students who plan to live in a dormitory.

(g) Official score card from American College Testing Program (ACT). Tests are administered four times each year to high school seniors throughout the nation. Students who miss the regular tests will be tested during registration week for an additional fee. (See SCHEDULE OF FEES AND CHARGES).

(h) Applicants for Vocational-Technical programs must take the General Aptitude Test Battery (G.A.T.B.) at any State Employment Security Agency. The ACT tests are not required for Vocational-Technical applicants.

(i) Students who plan to enroll in the Nursing, Dental Assistant, and Vocational-Technical programs must arrange for a personal interview with the directors of these programs prior to acceptance.

Blanks for furnishing personal data may be obtained on application to the Registrar. High school and college records should be furnished on the transcript blanks of the institution at which the work was taken. All credentials must be sent directly to the Registrar of the Junior College at Boise, Idaho, not through the student. Prompt attention to these details will avoid delay in registration.

Permits to Register.—Applicants for admission whose credentials have been accepted will be given permission to register for the following semester. Applicants will be saved much inconvenience and uncertainty if all their credentials are received by the Registrar in sufficient time for the settlement of any question through correspondence and the receiving of permits to register before the proposed date of admission. Before a student may register, he must have a permit signed by the Registrar.

Provisional Permits to Register—A provisional registration fee of $15.00 (non-refundable) will be charged those students who are allowed to register without a clear permit to register. The fee applies to applicants who have not filed all application papers at least one week before regular registration and who are therefore being admitted provisionally pending the receipt of all necessary forms.

An applicant wishing a provisional permit to register may make application to the Registrar who will make the necessary arrangements after the applicant has presented a receipt from the Cashier showing payment of the fee.
Veterans who plan to attend on the G.I. Bill of Rights under P.L. 550, P.L. 894, or Veterans Orphans under the War Orphans Act, must, upon registration, present a certificate of eligibility. Those under P.L. 894 unable to present a certificate of eligibility at the time of registration will be charged tuition and fees. Upon presentation of the certificate, complete refund will be made.

A. ADMISSION AS REGULAR STUDENTS

By Certificate.—Admission to the Junior College is based upon credentials showing graduation from an accredited high school and presentation of 15 acceptable units earned from the ninth grade through the twelfth as listed below under Summary of High School Requirements. Twelve units must have been earned during the tenth, eleventh, and twelfth grades.

A "unit" represents a high school subject taught five times a week in periods of at least 36 weeks. A certificate of secondary school record should be filled out and signed by the superintendent, principal, or other official of the school in which the work was done. It should show the length of each course in weeks, the length of each recitation, and the grades of scholarship attained, including a record of all failures and conditions. All certificates accepted toward admission to Boise Junior College become the property of the college, and are permanently filed among its records. They cannot be returned to the student, but certified copies will be issued if needed.

Academic units shall be defined as English (composition and literature), foreign language, mathematics, social studies, and natural science.

Elective units may be taken from the academic subjects named as well as from vocational and other subjects commonly given in high schools, with the following exceptions:

(a) Spelling, penmanship, reviews, project work in conjunction with regular courses, and work which is primarily of the nature of extracurricular activities.

(b) Less than one unit in foreign language, shorthand, typing or bookkeeping.

(c) Less than one-half unit in any subject.

(d) More than one unit in physical education and one in ROTC or two in ROTC.

Requirements for admission to the Junior College are summarized below. Students planning to attend senior college after completing work in the Junior College should present evidence of having had the high school courses listed under the title of the proposed senior college course. (For provisions to make up high school deficiencies, see page 36.)

For Semi-Professional Curricula:

For students not planning to qualify for an Associate of Arts or Associate of Science title, but whose intention it is to complete 64 hours in one of the Semi-Professional curricula, or in an undesignated field, the requirement for entrance is graduation from high school with 15 acceptable units.

SPECIAL NOTE.—Students from accredited secondary schools who have completed the required number of units, but have not been graduated, may be admitted subject to the same regulations as graduates.

B. ADMISSION BY EQUIVALENCY CERTIFICATE

Any application that is accompanied by a High School Equivalency Certificate will be processed exactly as it would be if a high school diploma were presented. Inquiries should be addressed to the State Department of Education, State House, Boise, Idaho.

C. ADMISSION BY EXAMINATION

Applicants who have attained the age of eighteen years and who have achieved passing scores on all five of the General Educational Development tests will be admitted as Special Students (see below) in lieu of a high school diploma or an equivalency certificate, providing that the applicant has been away from high school for at least one year preceding his application.

D. ADMISSION AS SPECIAL STUDENT

Persons over twenty-one years of age who are unable to meet requirements as regular students and desire to take special studies may be admitted on special status upon presentation of satisfactory evidence that they are qualified to enter upon the work. Save in very exceptional cases, students will not be admitted directly from the
secondary schools to this status. In such cases, the principal of the last high school attended will be consulted. All persons who have not completed secondary school are urged to do so before applying for admission to the Junior College.

Graduates of accredited high schools are expected to qualify for regular undergraduate standing in accordance with the general rules.

A special student is not eligible to become a candidate for graduation until he has satisfactorily met entrance requirements or until he has completed 32 semester hours of work in the college with a grade point average of 2.5 or better.

E. ADMISSION TO VOCATIONAL-TECHNICAL COURSES

Any person who is seriously interested in becoming a skilled crafts- man will be admitted to these courses. Graduation from high school is not necessary; neither are there any prerequisite course require- ments, provided the student has been out of high school at least one semester. The college does not admit any applicants under eighteen years of age who are attending high school at the time of application. In rare instances, however, a high school student may be admitted provided his high school principal requests his admission. Students in the vocational curricula who plan to enter certain extracurricular activities must meet regular entrance requirements. (See eligibility requirements.) Credits in Vocational Shop and Technical Education courses are not counted toward an academic degree.

F. ADMISSION WITH ADVANCED STANDING

Students entering from other colleges must present proof of honor- able dismissal and official transcripts mailed directly to the Registrar. Students entering from other institutions must comply with the same scholarship regulations as are applied to students previously enrolled in the college.

G. ADMISSION WITH DEFICIENCIES IN GROUP REQUIREMENTS

Students who qualify for admission to the Junior College but who fail to meet specific group requirements may be admitted with deficien- cies to take courses for which they are prepared. All such deficiencies must be removed before graduation. Students entering with deficiencies will remove them by taking college courses, generally without college credit, or by taking work in a secondary school while taking part-time work at the college. College courses cannot be sub- stituted for high school algebra and geometry. When college courses are taken to make up deficiencies, the time spent in such classes shall count twice as much toward making up deficiencies as does an equal amount of time spent in high school.

H. CHALLENGING COURSES—GRANTING CREDIT BY EXAMINATION

It is possible for a student to challenge a college course when he feels that because of his past background, education, and experience he can pass an examination covering the subject material of a course. Requests for consideration are made through the Office of the Dean of Faculty.
REGULATIONS

A. GRADING SYSTEM

A. (90-100) Distinguished work—Four quality points per hour.
B. (80-89) Superior work—Three quality points per hour.
C. (70-79) Average work—Two quality points per hour.
D. (60-69) Passing work—One quality point per hour.
F. Failure. No quality points per hour.

Inc. Incomplete may be given in cases where work has been satisfactory up to the last three weeks in the semester. Work not made up within the first half of the semester after the student returns to college automatically becomes a failure unless special extension of time is granted by the instructor and Dean of Faculty.

W. Official withdrawal during the first four weeks of the semester or while doing passing work. For procedure, see regulations below.

A student who receives a grade below C in a given course may repeat that course in residence to raise his grade, if in the meantime he has not taken an advanced course for which the first course is a prerequisite. If a course is repeated the first grade remains upon the record, but the last grade only is counted in computing the student's grade points.

Grade point average (G.P.A) is computed by dividing the total number of quality points earned by the total number of semester hours carried.

Students on probation shall take minimum loads and are not eligible to represent the college in any extra-curricular activities. Students on probation during the second semester shall take a lighter load than formerly and should try other courses as a means of determining their aptitudes.

B. ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

1. For intercollegiate athletics: Eligibility will be based on the rules and regulations of the Intermountain Collegiate Athletic Conference. Such eligibility will be determined at each nine week grading period and will remain in effect until the next nine week grading period.

2. For other extra-curricular activities:
   a. General eligibility for participation: Eligibility will be granted if a student complies with each of the following:
      (1) Is enrolled as a full-time student.
      (2) Earned at least 10 hours of credit in his most recently completed semester or if an entering freshman, has the approval of his academic advisor.
      (3) Not be on academic or social probation.

   b. Eligibility to hold an office or chairmanship: Eligibility will be granted if a candidate complies with each of the following:
      (1) Is enrolled as a full-time student.
      (2) Has a cumulative GPA of 2.00 or better.
      (3) Has a GPA of 2.00 or better for the semester immediately preceding.
      (4) If an entering freshman, has the recommendation of his academic advisor.
The activities governed by this section include:

1. Elective or appointive Student Body Officers, including heads of committees.
2. Elected officers of all officially recognized clubs (including residence hall organizations) exclusive of religious organizations.
3. Committee chairman appointed by the Social Committee of the SEB.
4. Participants in school-sponsored, class-centered extracurricular activities unless such participation is required to earn credits in catalog courses. Such activities include plays (both all-school and language), publications, choir, band and orchestra, debate, and radio and television appearance. Not included in this regulation are periodic school promotion programs on radio and television, talent shows, and other special Student Body assemblies.
5. Any other official representation of the school either by election or appointment.

d. Eligibility will be determined at the end of each semester grading period and will continue for the semester following.

3. It is the responsibility of the faculty activity advisor, director, or coach to see that the eligibility of all candidates is certified by the Registrar and filed with the Dean of Men before such candidates are eligible to participate in extra-curricular activities.

C. CLASSIFICATION OF STUDENTS

After registration students are classified as Freshmen, Sophomores, special, and part-time.

1. A student with less than 28 semester credits at the beginning of the semester will be classified as a Freshman.
2. A student with 28 credits or over will be classified as a Sophomore.
3. A student enrolled for 10 semester hours or more will be considered a full-time student.
4. A student who is carrying less than 10 credits but has met entrance requirements for regular students will be classified as a part-time student; a special student is one who is unable or who for other reasons does not wish to qualify for regular status regardless of the credit or clock-hour load.

D. ATTENDANCE AND ABSENCE FROM CLASS

Students are responsible for their attendance in the courses for which they are enrolled. No absences, whether approved by the college for participation in college-sponsored activities or necessitated by sickness or other personal emergency, are "excused" in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence. It is his responsibility to arrange with his instructor to make up work which he is forced to miss. Absences are reported through the Registrar's office to the student's advisor and to the Dean of Faculty.

A student who has been absent from a meeting of a class has lost some of the content of the course, regardless of the cause of the absence. If any student accumulates absences to the extent that further participation in the class seems to be of little value to him and detrimental to the best interests of the class, the instructor shall
warn such student that further absence may cause him to fail the
course or be dropped.

E. PROBATION AND DISMISSAL

A student whose work is of such a character that it appears he
cannot continue in the college with profit to himself and credit to the
institution may be placed on probation and, subsequently, disqualified.
In general, satisfactory performance means orderly progress toward
graduation requirements with a cumulative grade point average of
2.0 or better.

He will be automatically placed on probation at the end of any
semester in which he fails to achieve a passing grade in at least ten
credit hours, exclusive of required physical education, if a full-time
student, or, if he is a part-time student, fails to pass two-thirds of his
courses. A student placed on probation for the second consecutive
semester may, upon recommendation of the Scholarship Standards
Committee after a review of his record, be disqualified and dropped
from the college.

A student may be denied permission to re-register in the college
for a third semester if, after two semesters, his cumulative grade-
point average is twelve points below a grade-point average of 2.0.
This calculation is made by multiplying by two the total credit
hours in which he has been enrolled and subtracting twelve. If the
answer so obtained is not exceeded by the student's total quality points,
he will be subject to this regulation. Permission to re-enter will be
denied by the Dean of the Faculty on the recommendation of the
Scholarship Standards Committee.

A student disqualified for either of the above reasons may be
permitted to re-register by one of the following methods:
1. Permitting a semester to elapse before applying for re-registra-
tion.
2. Securing the approval of the Scholarship Standards Committee
with the concurrence of the Dean of Faculty.

In either of the above instances, the student will re-register on
probationary status.

A student may be dropped from the college rolls at any time his
character and conduct are found to be generally unsatisfactory.
The President reserves the right to handle special cases involving
probation or dismissal.

F. ADMISSION ON PROBATION

Transfer students from other colleges and universities who have
failed to clear the probationary provisions outlined above may, upon
petition, be granted permission to enroll on probation by the Dean
of Faculty upon recommendation of the Scholarship Standards Com-
mittee.

G. WITHDRAWAL

Withdrawal from Individual Courses. A student may withdraw
from individual courses by securing a permit from his advisor, which
must be endorsed by the advisor and each instructor involved, then
presented to the Registrar for signature, and then cleared with the
Business Office. The date on which the Registrar signs the permit
will be the official withdrawal date.

Complete Withdrawal from College. A student may officially
withdraw from college (all courses) only by securing a withdrawal
permit from the Dean of Men or Dean of Women, and having it
signed by same. The student then goes directly to the President for signature and is then sent to the Registrar. After clearance with the Registrar the student is sent to the Business Office for final clearance.

Withdrawal Grades. If the student withdraws after the first four weeks of the semester (including registration week) he may receive a grade of "W" only if his work is passing as of the official withdrawal date; otherwise, a grade of "F" must be awarded. During the last three weeks of the course (including final examination week) a student may not withdraw from individual courses or college totally with the grade(s) of "W". In cases where a strict application of this regulation seems—in the opinion of an instructor, an advisor, or a student—to work an unreasonable hardship, the matter will be presented to the Dean of Faculty, who may refer it to the Scholarship Standards Committee for recommendation of action to be taken. A student who discontinues a course without having completed an official withdrawal shall be awarded a grade of "F".

H. MAXIMUM LOAD

No student shall be allowed to enroll for more than 17 hours without special permission, unless more hours are specified in his curriculum.

GRADUATION

ASSOCIATE OF ARTS

Boise Junior College confers the title of Associate of Arts upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in the curricula of art or music or who have majors in other fine arts, the social sciences, or humanities providing that they meet the requirements in the General Curriculum.* For the Associate of Arts these requirements are: six hours of English composition, four hours of physical education activities,** and six hours in each of the following three groups: humanities including English, foreign language, and fine arts; social sciences; and natural sciences and/or mathematics; PLUS an additional six units in any one of the three.

ASSOCIATE OF SCIENCE

The title of Associate of Science will be conferred upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in one of the suggested professional or pre-professional curricula listed on pages 42 to 54 or in a general curriculum.* These curricula are Business Administration, Secretarial Science, Education, Engineering, Forestry, Home Economics, Dental Hygiene, Pre-Dental, Pre-Medical, Pre-Medicine, Pre-Veterinary, Nursing, Medical Technology, and Physical Education. Students with majors in the natural sciences and mathematics will also receive this title provided that they meet the requirements in the General Curriculum. These requirements are: six hours of English composition, four hours of physical education activities,** and six hours in each of three of the following groups: humanities as listed above; social sciences; natural science and/or mathematics; business; and home economics; PLUS an additional six hours in any one of the three selected.

* Completion of this curriculum does not necessarily meet upper division requirements in any specific field in case of transfer to another college or university.

** To be selected only from P.E. 21, 33, 23, 24, 32, 34, 36, 51 or 53.
DIPLOMA

A diploma is granted to any student completing 64 semester hours of work for which the Junior College gives credit. These must include four hours of physical education activities* and six hours of English composition or Communication Skills. Semi-professional courses meet the requirements for a diploma. A cumulative grade point average of 2.0 or better is required.

Vocational-Technical Education students are not required to take the four hours of physical education activities to qualify for a diploma.

*To be selected only from P.E. 21, 22, 23, 24, 32, 34, 36, 51 or 53.
