THE PURPOSE OF THE Boise State University Bulletin, Catalog Issue, 1983-84, is to provide current, articulate and accurate information about Boise State University for the guidance of prospective students, for faculty and administrative officers, for students currently enrolled, and for other educational or allied agencies.

Catalogs, bulletins, course and fee schedules, etc., are not to be considered as binding contracts between Boise State University and students. The university and its divisions reserve the right at any time, without advance notice, to: (a) withdraw or cancel classes, courses, and programs; (b) change fee schedules; (c) change the academic calendar; (d) change admission and registration requirements; (e) change the regulations and requirements governing instruction in, and graduation from, the university and its various divisions; and (f) change any other regulations affecting students. Changes shall go into force whenever the proper authorities so determine, and shall apply not only to prospective students but also to those who are matriculated at the time in the university. When economic and other conditions permit, the university tries to provide advance notice of such changes. In particular, when an instructional program is to be withdrawn, the university will make every reasonable effort to ensure that students who are within two years of completing the graduation requirements, and who are making normal progress toward the completion of those requirements, will have the opportunity to complete the program which is to be withdrawn.

The foundation for Boise State was laid in 1932. The institution advanced for many years as a public institution financed by a local tax district. Since 1969, when Boise State entered the state system of higher education, significant progress has been made in the development of the campus facilities for instruction, research, and service to Idaho publics.

Boise State is organized into six schools: the School of Arts and Sciences, the School of Business, the School of Education, the School of Health Services, the Vocational-Technical Education School, and the Graduate School. Undergraduate degrees are offered in many fields, and graduate degrees are offered in elementary and secondary education, business administration and public administration.

The University has an extensive late afternoon, evening and weekend program which provides educational opportunity for full-time students who need to schedule classes at that time and for part-time students who are pursuing a degree while they are employed. The university provides many opportunities for professional and technical upgrading and retraining to the citizens of the Treasure Valley.
Institutional Mission & Objectives

The paramount role of a university was set long ago. It is to educate the individual, to ensure his development, and to enlarge his opportunity. We must re dedicate ourselves to these goals and thereby strengthen them in a world of restless political, social, technological and economic change.

We believe that every university student needs a broad education to equip him for mobility in employment, in social life, in community, state and national citizenry, and that each student deserves an environment that contributes to his total growth as an individual. Therefore, the university should help to create an intellectual atmosphere that encourages students to develop a scientific spirit of investigation that becomes a life-long approach to issues and problems — in essence, to provide the opportunity for a sound, liberal education for all of its students through formal classes and informal avenues of learning and, hopefully, to liberate their minds from stereotyped thought and shallow decision making.

The university should provide a range of opportunities for student-faculty dialogue in other than a classroom situation, as well as provide educational opportunities to its students through self-government and other student activities that enhance self-growth, and various individual services that correlate with instruction, such as counseling, guidance, placement, testing and health services.

We also believe strongly in the development of special educational areas to equip students with the professional or technical skills and knowledge necessary for entrance into employment upon graduation. In addition, we seek to help students gain respect for excellence of performance and to provide educational programs that prepare them to become workers and leaders in the professions, in business, in governmental positions, in teaching and in industrial occupations.

We further believe that a state university must recognize its responsibility to the public it serves and should, therefore assist in the state’s growth and development by always making its resources available for solving problems, by making a variety of cultural, vocational and occupational experiences available through its publications, workshops, concerts, plays, speakers, conferences, evening course offerings and sports events, and by offering educational training and retraining programs needed by education, industry and business.

In essence, then, the prime purpose of this state university is influencing the thought and behavior of its students and in public, and the prime recognition is that both teaching and learning are best accomplished when a variety of techniques and skills are aptly employed.

adequate proof of financial responsibility or sponsorship by a
reputable American citizen or organization for all financial obli-
gations while attending Boise State University.

Health and Accident Insurance: Boise State University
recommends that foreign students accepted for admission have
health and accident insurance. Boise State University makes
available such a policy to all registered full-time students.

Admission to Graduate School: Foreign students applying
for admission to the Graduate School must submit all of the
previously mentioned admission materials. Those wishing to
major in Business Administration must submit GMAT scores
(Graduate Management Admissions Test). The score on the
GMAT is considered together with the GPA to determine ad-
missibility of the student to the MBA Program. A TOEFL score
of at least 525 must be achieved.

Deadline for Application for Admissions: All foreign appli-
cants must apply for admission (to include the taking of all tests
and the filing of all required application forms credentials) by
the following dates:
For fall semester .................................. 1 January
For spring semester .................................. 1 September
For summer session .................................. 1 June

Upon completion of all the requirements and when final
acceptance is granted to the applicant, an I-20 form will be is-
sued to the applicant by the Foreign Student Admissions Officer.

B. ADMISSION AS SPECIAL UNDERGRADUATE
STUDENT
Persons who are unable to meet requirements as regular
students and desire to take special studies may be admitted on
special status upon presentation of satisfactory evidence that
they are qualified to do college-level work. Normally, special
status will not be granted to anyone less than 18 years of age
unless, following a personal interview with the Dean of Admis-
sions, it is deemed in the best interests of the student. Students
admitted on special status are encouraged to complete matricu-
lation requirements within the first semester of attendance. A
special student is not eligible to become a candidate for gradu-
a tion until he has satisfactorily met entrance requirements or un-
til he has completed 32 semester hours of work in the University
with a grade point of 2.0 or better.

C. ADMISSION AS GRADUATE STUDENT
See page 132 for specific requirements.

D. ADMISSION WITH ADVANCED STANDING
Students entering from other colleges must present proof of
honorable dismissal and official transcripts mailed directly to the
Dean of Admissions. Students entering from other institutions
must comply with the same scholarship regulations as are
applied to students previously enrolled in the university. After
evaluation of transcripts students are classified as Freshmen,
Sophomores, Juniors, Seniors or Graduates.

In accordance with Idaho statutes as approved by the State
Board of Education, the acceptance of credits from Junior College
is uniform for both certification and transfer purposes and no
more than 64 semester hours or 1/2 the total hour requirement
of the specific curriculum is established as the uniform maximum
limit effective September 1, 1950.

E. ADMISSION REQUIREMENTS TO UPPER
DIVISION
JUNIOR STANDING—A student must have earned 57
acceptable semester credit hours of college-level work before he
is classified a junior.

UPPER DIVISION COURSES—Upper Division courses are
open to a student who:
1. Has completed stated course prerequisites and
2. Has completed 57 semester credits of college work. Lower
Division students who have a G.P.A. of 2.0 or better may
take Upper Division Courses if:
1. The Upper Division course is required during the Sopho-
more year in a specific curriculum in which the student is
majoring, or
2. The student has the written permission of the Chairman of
the Department in which the course is offered and
concurrence of his advisor.

ACCEPTANCE INTO THE PROGRAM
A student must declare his major upon entering the upper
division. The Registrar will evaluate the student's transcripts for
acceptance into the university. The student will be sent to an
advisor for assistance in formulating a program to fulfill all
requirements for his declared major. The student is ultimately responsible for the selection of courses for his major and the degree.

F. CHALLENGING COURSES & CREDIT BY EXAMINATION

It is possible for a student to challenge a university course when he feels that because of his past background, education, and experience, he can pass an examination covering the subject matter of a course. Requests for consideration are made through the Chairman of the Department in which the course is offered.

Each department shall have the option to allow or not to allow credit by examination for each course in the department. In those courses where credit by examination is allowed, the department shall have the option of using a standardized examination or an examination prepared within the department. The student attempting to earn credit by examination shall, upon receiving his score for the examination, consult with the Department Chairman and determine which one of the following options will be selected:

1. For a regular grade;
2. On a credit/no-credit basis whereby the student receives credit or no grade for the course if he passes the examination or no credit and no grade if he fails the examination.

G. CREDIT VS. AUDIT REGISTRATION

If you take a course for credit, you will be expected to attend class regularly, complete required assignments, and take the necessary examinations. If you take a course on AUDIT basis, completing assignments, and taking examinations are optional. Courses may be taken only once for credit; however, they may be audited again, if desired.

A student auditing a course may change his status from audit to credit up to and including the last day allowed for registering for courses for credit (see Calendar, page 4). If a change is made, the student must pay any difference in the course cost and an additional $3.00 change-in-status fee. All changes must be initiated by the student.

A student may change from credit to audit until after mid-semester examinations (see specific date on College calendar).

After that date and up to and including the last day to withdraw from classes, a student may change from credit to audit only if he is passing at the time of the request. If a change is made, the student may request a refund of the difference between the fees due for audit registration and the fees paid for credit registration; such refund will be prorated in accordance with published BSU refund policies pertaining to general fees.

H. STUDENT RECORDS

When a student enters the University and submits the requested personal data, there is an assumed and justifiable trust placed upon the University to maintain security of that information for the protection of the rights of the student. In order to protect students against potential threats to their individual rights inherent in the maintenance of records, and the many disclosures requested regarding them, and in compliance with the Family Educational Rights and Privacy Act of 1974, the University has adopted BSU Policy 5-1 (Student Records). The policy statement in its entirety is contained in the Administrative Handbook of Boise State University. Any students, faculty, or staff who have questions regarding the records policies of Boise State University may consult with the Vice-President for Student Affairs.

I. RESIDENCY REQUIREMENTS FOR FEE PURPOSES

The legal residence of a student for fee purposes is determined at the time of initial application and will be reconsidered, thereafter, upon appeal by the student. Appeal affidavits shall be acquired in the Admission's Office. Section 33-3717, Idaho Code, specifies that a resident student shall be:

Domicile is deemed to exist when the parent or guardian has established residence in Idaho for an indefinite time and the former residence is abandoned. To qualify under this section, the parents or guardian, must be residing in the state on the opening day of the term for which the student matriculates.

(b) Any student, legal voting age or older, who has continuously resided in the state of Idaho for twelve (12) months next preceding the opening day of the period of instruction during which he proposes to attend the college or university.

(g) A person under the legal voting age, married, and who together with spouse has continuously resided in the state of Idaho for twelve (12) months next preceding the opening day of the period of instruction during which he proposes to attend the college or university.

(h) A person separated, under honorable conditions, from the United States armed forces after at least two (2) years of service, who at the time of separation designates the state of Idaho as his home of record and enters a college or university in the state of Idaho within one (1) year of the date of separation.

*Legal voting age is defined to be 18 years of age or older.

Regulations adopted by the State Board of Education and Board of Regents for the University of Idaho.

In compliance with Section 33-3717, Idaho Code, the State Board of Education and Board of Regents of the University of Idaho, "meeting in regular session July 8, 1970" adopt the following uniform and standard rules and regulations applicable to all state colleges and universities now or hereafter established to determine "residence status of any student" and to establish procedures for review of that status. To Wit:

1. A student is deemed to be "attending" an institution of higher education when he is paying regular fees required of a full-time student at the institution concerned. (See (b) above).

2. The State Board of Education and Board of Regents of the University of Idaho shall deny resident status to any student who is not a citizen of the United States, unless he complies with the definition of a permanent resident established by the United States Immigration and Naturalization Service. A foreign student whose sole purpose for being in the state of Idaho is attendance at a higher education institution shall not be classified as a resident student.

3. Any student classified as a resident for purposes of higher education by one institution shall be so classified by all other institutions in the State under the jurisdiction of the State Board of Education and Board of Regents for the University of Idaho.

PARKING

LIMITED PARKING is available on campus for faculty, staff, and students. All persons parking on campus are required to register their vehicles with the Parking Control Office and obtain a parking decal.

The City Of Boise administers the parking control program as adopted by the University, and all tickets are payable to the City of Boise.
The four story Library-Learning Center is located in the center of the campus facing the Memorial Fountain and Mall. It has been planned to provide an attractive setting for reading, study, and research.

The Library occupies about 100,000 square feet of the building with the remaining 45,000 square feet given over to the School of Education, Educational Television studios, Educational Media Services, the Counseling Center, the Graduate Dean's Office, the Honors Program, faculty offices, and classrooms.

Seating is provided for about 1400 readers at large tables, individual study carrels, and lounges areas scattered throughout the open stacks. Small study rooms and typing rooms are available for group or individual use on each floor. Book stacks provide space for about 350,000 volumes with the present collection numbering over 230,000 volumes. The building includes numerous features to facilitate use by handicapped students.

The general reference collection and a reserve reading room are located on the ground floor near the circulation and card catalog areas.

The Curriculum Resource Center, housed on the second floor of the library addition, features a collection of multi-media and non-book materials, along with the children's and young adult literature collections. Curriculum and special education materials are available to teachers in the Boise area, as well as to university students and faculty. Electronic and stereo carrels provide listening facilities.

The library's map collection, a major portion of the general book collection, and several special collections, including Senator Len B. Jordan's senatorial papers, the Earl Wayland Bowman and Paul E. Tracy collections are located on the third floor.

The Periodical and Documents department, located on the fourth floor, receives over 2,000 current periodicals and over 50 newspapers, including Idaho, national and foreign newspapers. The Library is a partial depository for U.S. government publications, Idaho state documents, and Rand Corp. Publications.
EDUCATIONAL OPPORTUNITIES AT BOISE STATE UNIVERSITY

Today improved and accelerated public school programs help increasing numbers of students to enter American colleges and universities with skills traditionally expected after college-level work. To assure each student the opportunity to develop at his own pace and bypass rehearsing of material already mastered, Boise State University offers several options for educational advancement.

Individual cases might allow several approaches to determining relative placement. Following are the general alternatives available. Further details may be obtained from Dr. William P. Mech; phone 385-1122, or from the BSU Administrative Handbook.

Any student may challenge a BSU course offering, subject to department determination of appropriate courses, when he feels confident that he has acquired sufficient knowledge (as the result of previous background, education, or experience) to pass an examination which covers the content of the course.

The specific details and examination are determined by the course, level, and occasionally, the student’s individual situation. Some courses are challenged through a standardized (CLEP) examination, while others employ a departmental test. Contact: Department Chairman.

ACADEMIC INFORMATION

CLEP

CREDIT BY EXAMINATION (CHALLENGE)

The present policy at BSU for awarding credit on the basis of CLEP examinations is as follows:

CLEP SUBJECT MATTER EXAM

Boise State will accept CLEP Subject Matter Examination scores at a Department-determined percentile score for equivalent courses. The student who submits official CLEP Subject Matter Examination scores must make application and enroll at Boise State at the time of submission of CLEP scores.

If the scores submitted are at or above the percentile scores indicated by the University, the student will receive credit for the equivalent credits so designated. The entries on the transcript will show the specific Boise State score requirement met with no letter grade. The heading will show CLEP SCORES on the transcript. The credit awarded will count toward the graduation requirements at Boise State and will reduce by the number of credits awarded, the number of credits still required to graduate.

CLEP Subject Matter Examinations will not be officially released on a Boise State transcript to other agencies or institutions until the student has successfully completed 15 academic credit hours with Boise State.

Boise State currently accepts test scores of CLEP in the following subject matter areas. (Minimum passing scores are indicated after each examination title):

GENERAL INFORMATION
Many colleges and universities, including Boise State, accept the General Examinations and the Subject Matter Examinations as an alternate way by which a student may satisfy certain general education requirements or specific course or premajor requirements.

Students generally become prepared to take the exams by:
1. Studying independently
2. Having advanced High School courses that parallel those offered by the college
3. Having previously audited the courses
4. Attending non-accredited schools, etc.
5. Correspondence- extension work
6. Educational Television courses
7. Travel
8. Study in the Armed Forces or at proprietary schools
9. On-the-job training and experience

You may not repeat a Subject Examination within a year. If you do, your scores will not be reported and your test fees will be forfeited. You may repeat the General Examinations once within a year's time if you make special arrangements.

Cost
General Examinations (5 tests) $20 for each test
or $30 for 2 tests, $40 for 3 or 4 or 5 tests
Subject Examinations
Cost/ Fees must be paid by check or money order - not by cash - and made payable to College-Level Examination Program.

For information related to taking a CLEP Examination, contact Darlene Pline at the Counseling and Testing Center located in the Library Building, Room 247, phone 385-1601. Students seeking information about this and other advanced placement policy should contact Dr. William P. Mech, Director, Honors Program, Library Building, Room L408G, phone 385-1122.

ADVANCED PLACEMENT
The Advanced Placement Examinations offered through the College Board are generally accepted by the appropriate department when a score of three or higher is attained; in some cases the essay or problem portion is requested for review.

If an academic department prefers to use a specific form of advanced placement, that department has the option of using its own examination, a standard test, recommendations from high school instructors, or past experience. In this instance, the gathering of materials upon which the granting of credit will be determined may begin during the student's last semester in high school. Contact: Director, Honors Program.

CREDIT FOR PREREQUISITES NOT TAKEN
Students who are deemed qualified may take designated courses without having taken the listed prerequisites. In some cases, the student may receive credit for the prerequisite course or courses bypassed.

INDEPENDENT STUDY
The availability of independent study opportunities for graduate students, all upper-division students, and Honors Program lower-division students represents one of several unique curricular choices at Boise State University. It is a project which must be primarily conceived and initiated by the student.

The independent study experience provides individual study opportunities of a reading or project nature, allowing the student to explore in depth a specific aspect of a discipline or professional field. Such study experience affords students the opportunity to exhibit scholarly competencies on an independent basis.

The Honors Program or any department of the university which fields a baccalaureate degree program or graduate program is authorized to offer independent study. The course numbers for independent study are not listed in the schedule of classes printed each term. This does not, however, preclude their availability based on mutual agreement between student and professor and approval by the Department Chairman. Contact: Department Chairman.

SECOND B.A. AND/OR DOUBLE MAJOR
A minimum of 30 additional semester hours of resident work beyond the hours required for the first degree are required for each subsequent degree.

A student may be granted a single baccalaureate degree with more than one major, providing that he satisfied all requirements for each major field as well as satisfying all requirements for the degree sought.

STUDENT ADVISMENT CONSIDERATION
As a general practice, it is essential that advisors program lower-division students into lower-division courses and schedule upper-division students into upper-division courses.

MATHEMATICS PLACEMENT EXAMINATION POLICY
Tentative placement in the 100-level courses will be based on the ACT mathematics subscore. This placement is, however, only tentative and final placement will depend on the results of a test given the first meeting of the course.

HONORS PROGRAM
The Honors Program is designed with general education in mind. Its main objective is to provide a broad and comprehensive liberal arts background which complements the specialized education and training which one obtains through the major departments. This includes topics in the sciences, humanities, and social sciences as generally indicated by the standard degree requirements. However, the catalog requirements are to be considered as minimal guidelines which can, and should be amended when a stronger alternative is suggested.

While the Honors Program aims at enrichment more than acceleration, it is possible through Advanced Placement, Summer Reading, and extra courses for an Honors student to accumulate enough credits to graduate in less than the usual four years.

ELIGIBILITY
Qualified students from all departments may participate in the program. Freshmen who have demonstrated unusual scholastic ability and intellectual attainment in high school are encouraged to take part. Each year approximately the upper five percent of the entering freshmen are eligible for the Honors Program. Such students are selected on the basis of high school grade point average, ACT scores, and recommendations of their counselors or teachers.

Students who are not admitted to the Honors Program upon initial enrollment at Boise State may apply at any time after the completion of the first semester. An Honors student may drop out of the program at any time within the existing university rules, and the Honors courses he has taken will be applied toward the General University Requirements for Graduation.

HONORS COURSES
Each Honors student takes special honors courses, some of which are expected of all those enrolled in the program. These courses are taken in lieu of, rather than in addition to, the standard requirements. In every case, the student pursues work in his own major department that will prepare him for a professional career. The Honors Program works cooperatively with the major department in providing the opportunity and stimulus for the student to realize his potential.

REQUIREMENTS
All Honors students will take two courses in English Composition plus 18 hours of joint listed departmental honors courses with at least one honors course from each area, i.e., Area I, Area II, Area III, in addition to any student-directed honors seminars from these areas. To meet the English Composition requirements, the honors students will take two courses from the following: E 111, E 112, E 201, or any other writing courses with permission of the Honors Director. Each honors student will complete a minimum of 30 semester hours of honors credit.

Flexibility is an indispensable feature of the Honors Program. This is true of the Honors courses as well as of the individual Honors student's program. Accordingly, the precise description and content of a specific course may vary from semester to semester. Current descriptions of Honors courses and Seminars are available in the regularly updated Honors Program Newsletter. The Newsletter and/or further information can be obtained by writing:

ACADEMIC INFORMATION

Regulations

The grade of incomplete can be given in cases where the student's work has been satisfactory up to the last three weeks of the semester. The returning student must contact the instructor and consider the following options:

1. Make up the work within the first half of the current semester.
2. Request of both instructor and department chairman an extension of time.
3. Retake—repeat the courses.
4. Request that the Incomplete be changed to a W.

If the student fails to contact the instructor by mid-semester, the instructor can, at that time, change the Incomplete to a "W" or elect to extend the Incomplete into the next semester. Within that next semester if the student contacts the instructor, the procedure outlined above can be followed. If there is no contact by the student, the instructor by mid-semester will change the Incomplete to a "W".

A student who receives a grade of "F" in a given course (if the course is still offered), may elect to retake that course to raise the grade. In respect to a course in Independent Study where the instructor refuses to permit the student to retake the study; where the student cannot secure permission from another instructor to accept the program of study; or, where the instructor has left the institution, the grade of "F" upon recommendation of the department chairman, reverts to a "W".

A student who received a grade of D in a given course may repeat that course to raise his grade, if in the meantime he has not taken an advanced course for which the first course is prerequisite. Degree credit for courses so repeated will be given only once but the grade assigned at each enrollment shall be permanently recorded.

Courses in which a student receives a grade of "D" or "F" may be repeated/retaken only once. If a student receives a grade of "D" or "F" a second time, the course cannot be repeated at Boise State University. Independent studies, internships and student teaching may be taken only once and are not repeatable. A grade of "C" or better must be attained in the course if required in the students major area.

In computing the grade point average of a student with repeat courses, only the most recently received grades and quality points shall be used for the first 16 credits repeated. In the case of further repetitions the grade point average shall be based on all grades assigned and on all credits carried.

B. CLASSIFICATION OF STUDENTS

After registration students are classified as Freshmen, Sophomores, Juniors, Seniors or Graduate.

Freshman—From 0 semester credits through 25.
Sophomore—From 26 semester credits through 57.
Junior—From 58 semester credits through 89.
Senior—90 semester credits and over, but has not received B.A. Degree.
Graduate—Has received B.A. degree.

A student enrolled and classified during the first semester is not reclassified at the beginning of the second semester.

A student enrolled for 8 semester hours or more will be considered a full-time student for fee paying purposes only. See Page 6 for further information.

A student who is carrying less than 8 hours will be classified as a part-time student.

C. ATTENDANCE AND ABSENCE FROM CLASS

Students are responsible for their attendance in the courses for which they are enrolled. No absences, whether approved by the University for participation in university sponsored activities, or necessitated by sickness or other personal emergency, are "excused" in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence. It is his responsibility to arrange with his instructors to make up work which he is forced to miss.

A student who has been absent from a meeting of a class has lost some of the content of the course, regardless of the cause of the absence. If any student accumulates absences to the extent that further participation in the class seems to be of little value to him and detrimental to the best interests of the class, the instructor shall warn such student that further absence may cause him to fail the course.

D. ACADEMIC PROBATION DISQUALIFICATION

The student whose academic work indicates that he cannot continue in Boise State University with profit to himself and credit to the institution will be placed on probation; and if he continues to fail, he will be subject to dismissal from Boise State University. Satisfactory performance means the orderly progression toward graduation maintaining a cumulative grade point average of 2.0 or better. The Cumulative Grade Point Average will be computed on all credits attempted.

The student who has a cumulative GPA of 1.5 or lower and who has not been enrolled in a college or university as a full-time student for a period of two consecutive years, may upon returning full-time to Boise State University credit status and completing a semester of full-time work (12 hours or more) with a grade point average of 2.25 for that first semester, make application to the dean of the school for removal of any grade below 1.0 given by this institution. With the approval of the dean of the school in which the student is majoring, the GPA would be recomputed to include all grades with the exception of those dismissed. No change will be made in the transcript of record. This instrument will only affect the GPA.

The student will be placed on probation whenever the cumulative GPA falls 12 points below a GPA of 2.0. This calculation is made by multiplying by two the total credit hours in which he has been enrolled and subtracting twelve. If the answer so obtained is not exceeded by the student's total quality points, he will be subject to this regulation.

Two successive probations will result in dismissal from Boise State University, unless special permission to continue in attendance is obtained from the dean of the school in which the student was placed on probation. Three successive probations will result in dismissal for two semesters with no opportunity for appeal of the decision. Regardless of his cumulative GPA, no student will be dismissed if his GPA for the most recent semester is 2.25 or higher.

The entering freshman whose high school GPA is 1.50 or lower will be limited to a maximum course load of 12 units including noncredit courses.

All students on probation will be limited to a maximum course load of 12 credits including noncredit courses, retakes, and repeats.

Students on probation are ineligible for participation in University sponsored extra-curricular activities (see Eligibility for Extra-Curricular Activities section in the BSU Student Handbook).

E. ADMISSION ON PROBATION

Students wishing to transfer to Boise State University from other colleges and universities must have a GPA of 2.00 or above on all prior collegiate work completed or have cleared the probationary provision outlined in the preceding section D. Academic Probation and Disqualification.

F. WITHDRAWAL

Withdrawal from Individual Courses. A student may withdraw from individual courses by securing a change in registration card from his advisor, which must be endorsed by the advisor and each instructor involved, then presented to the Registrar for clearance and signature. The date on which the Registrar signs the change card will be the official withdrawal date.

J. UNDERGRADUATE ENROLLMENT IN 500-LEVEL COURSES

Undergraduate students at Boise State University may apply up to a total of two 500-level courses (they would enroll under special status) toward the credit requirements for their undergraduate degree. Undergraduates in 500-level courses must have senior standing. 500-level courses may be applied to the required 40 hours of upper-division credits.

K. VETERANS

The VA requires veterans who request G.I. Bill benefits to submit official transcripts from all previously attended colleges, whether the veteran is full or part-time.

Veterans attending under the G.I. Bill (Chapter 34) or under the Dependence Educational Assistance (Chapter 35 - widows, orphans and wives and children of 100% disabled veterans) can apply for their benefits through the Office of Veterans Affairs on the B.S.U. campus.

Those attending under Chapter 31 (Rehabilitation Program) must present an Authorization of Entrance or be charged tuition and fees. Upon presentation of this Authorization, complete refund will be made.

Veterans (Chapter 34) and Eligible Persons (Chapter 35) who plan to attend on the G.I. Bill must, upon registration, pay all required charges. Veterans (Chapter 31) must present, upon registration, an Authorization of Entrance. Twelve credit hours for undergraduate students and nine credit hours (500 level or 400G level) for graduate students will be considered full time for educational benefits by the Veterans Administration as a full schedule. Note: Audits and repeats may not be counted toward these hours.

All veterans pursuing a second baccalaureate degree must have an official evaluation. Official copies of the evaluations are furnished to the VA Regional Office, the veteran, and Boise State University. Only those courses that are applicable for the degree objective will be considered in determining VA educational payments.

Veterans enrolled in graduate programs are required to file a Program Development Form with the Graduate Admissions Office. Only those courses that are applicable for the degree objective will be considered in determining VA educational payments.

The following schedule will be adhered to in certifying veterans to receive benefits from the Veterans Administration:

1. If the veteran is a graduate student, his benefits will be determined by the number of hours he enrolls according to the following schedule:
   - 9 or more semester hours - full time
   - 6 - 8 semester hours - 3/4 time
   - 4 - 5 semester hours - 1/2 time
   - Less than 4 semester hours - Registration fee only

2. If the veteran is an undergraduate student, his benefits will be determined by the number of hours he enrolls according to the following schedule:
   - 12 or more semester hours - full time
   - 9 - 11 semester hours - 3/4 time
   - 6 - 8 semester hours - 1/2 time
   - Less than 6 semester hours - Registration fee only

L. SERVICEMAN'S OPPORTUNITY COLLEGE

The necessary mobility of people in military service has always been an obstacle to the completion of an educational program. The Serviceman's Opportunity College Program (SOC) represents a network of nearly 300 institutions of higher learning that recognizes the needs of servicemen and women and have indicated their intention to cooperate as to policies on admissions, transfers of credits and residency requirements. Their participation in an organized effort geared to opportunities...

for program completion represents a new commitment to education.

Boise State University endorses the Servicemen’s Opportunity Society with the following qualifications:

1. Entrance into this program by a serviceman will be through a signed agreement between the student and the University, specifying responsibilities of both the student and the University.

2. The agreement shall terminate six years from date of approval or six months after serviceman's separation from active duty; whichever comes first.

3. The agreement (and thus the SOC Program) will be made available to only those servicemen who have successfully completed (with a GPA of 2.25 or above) fifteen (15) or more hours of college credit through B.S.U.

4. Residency requirements other than the initial 15 hours prior to the signing of the contract will be waived.

5. Acceptance of any serviceman into the SOC Program is contingent upon the agreement of the given department in which jurisdiction that program lies.

6. No school or department shall be compelled to offer a SOC Program — such programs are voluntary.

For information concerning the G.I. Bill contact the Office of Veterans Affairs in Adm-114, (208) 385-1679.

1. Block transfer of vocational-technical and/or academic credits:
   - Block transfer of vocational-technical credit from accredited or State approved vocational-technical schools in the State of Idaho into specific departmental program or general elective credit at Boise State University may be awarded as determined by the appropriate academic department and approved by the college.

   Similarly, block transfer of academic program credit from an accredited institution of higher education into a specific vocational-technical program at Boise State University may be awarded as determined by the appropriate academic division, department, or committee.

   No grade shall be assigned and such transfer applies only to the agreed upon transfer program.

2. Transfer of equivalent vocational-technical course credits and/or academic credits:
   - Credit for specific vocational-technical school courses may be awarded when equivalency has been validated by the appropriate academic department and approved by the college offering the equivalent course work.

3. Transfer of non-equivalent vocational-technical and/or academic unit course credits:
   - Reciprocal exchange of non-equivalent prior learning such as course work training or work experiences between vocational-technical and academic institutions shall be at the discretion of the appropriate division or department.

   If a student transfers from one program in vocational-technical education or an academic program to another, the receiving department or division will reevaluate the appropriateness of such vocational-technical training or experience and/or academic course work.

STUDENTS UNDECIDED ON MAJOR

Many students have not determined a major field of study at the time they enter college and wish to enroll in general courses until such time as they decide upon a major. Often it is not necessary to determine a major until the beginning of the junior year.

The following course suggestion for the freshman year includes those basic requirements for a Bachelor of Arts Degree. Within this program a student may choose from several courses listed in each area. An elective course should be chosen from the School of Business. These courses will be counted toward graduation either as electives or possibly as requirements in the major field once it has been chosen. For minimum requirements on the Bachelor of Arts, Bachelor of Science, Bachelor of Business Administration, Bachelor of Music, and Bachelor of Fine Arts Degrees, please refer to pages 32 of this bulletin.

**NOTE: PRE-LAW CURRICULUM**

Boise State University does not prescribe a pre-law curriculum; the student's plans should be based on his own interests and his own personal objectives in studying law. In general, the pre-law student should place emphasis not only on the acquiring of knowledge of the fundamental elements which define the nature and character of society but also on the development of methods of study, thought, and communication. Present-day law students have undergraduate degrees in political science, English, business, natural science, history, linguistics, communications and a host of other disciplines.

For additional information, see the current PRE-LAW HANDBOOK, published annually in October and prepared by the Law School Admission Council and the Association of American Law Schools. This book includes material on the law and lawyers, pre-law preparation, application to law schools, and the study of law, together with individualized information on most American law schools. It may be ordered from Educational Testing Service, Princeton, New Jersey.

Special Services include the coordination and supervision of the Office of Veterans Affairs (OVA), the Educational Talent Search satellite office (ETS), the University Tutorial and Study Skills Referral program, publication of the BSU Student Handbook, the Servicemans Opportunity College program (SOC), and the Campus Locator File. Facilities and liaison are also provided for the Veterans Administration's "Veterans Representative on Campus" program.

STUDENT AFFAIRS
Career & Financial Services

Tutorial Assistance

Student Advisory and Special Services provides tutorial services for many lower division and some upper division courses. Tutors are trained to work with individuals and small groups of students having difficulty and in need of additional help outside of the classroom. A regularly scheduled "Drop-In-Groups of students having difficulty and lin need of additional centers" is located on campus in the Vocational-Technical Learning Center free of charge. A "Referral System" has also been established whereby the student can arrange their own tutorial time schedule and pay the tutor out of their own funds.

Educational Talent Search

A satellite office of the Educational Talent Search program has been established in Student Advisory & Special Services to aid the low income youth (ages 14-27) in gaining entrance to the post-secondary school of their choice. Assistance is given in completing the necessary admissions application forms and securing financial assistance.

STUDENT UNION

The Student Union Building is designed to offer students, faculty, staff, and the community a wide variety of facilities for social, recreational, study, dining, and meeting needs. Services available on the first floor of the Union are the snack bar, information center, which handles ticket sales to Boise State activities, Scheduling Office, a full-service Bookstore, and Barbershop. Also located on the first floor is the games area which has six lane bowling alley, pool tables, coin machines, a quiet games area, rental equipment area, and a special outdoor recreation program.

Two spacious student lounges are available, one located on the first floor and one on the second floor. Both are equipped with fireplaces and provide a view of the entire campus. On the second floor of the Union are numerous meeting rooms and banquet facilities, a T.V., lounge, the Main Dining Room for boarding students, and the Ball Room with a capacity of 500 and offices for the Student Activities and Student Union Director, Associated Students, student organizations, Arbiter, and Alumni Office.

The third floor of the building consists of an elegant student lounge — "The Lookout" — with a panoramic view of the city of Boise, the campus, the mountains, and the Boise River.

The Student Union is governed by the Student Union Board of Governors, which consists of ten student members, three faculty members, six administrative members, and an Alumni representative. The Board recommends policy to the President regarding building usage and general programs. A full-time Director and staff are employed to operate the Student Union Building and coordinate the student activities and organizations program.

Your Campus Store

Located on the first floor of the Student Union Building, the Campus Store supplies all textbooks, study aids, general school supplies and other necessary campus merchandise. Students may also buy paperback, magazines, toiletry items, cosmetics, stationary, clothes, novelty items, candy, art supplies, and a variety of other commercial items. The BSU Campus Store also provides a check cashing service, key duplicating, rubber stamp making, and photo service for all members of the University community.

The management advises students to buy the textbooks required for their classes within 20 days after registration because excess books have to be returned to the publishers within a specified period of time after the beginning of classes. If students wait too long to buy their books they may find there are no textbooks available at the store.

The store has an excellent security system and shoplifters are prosecuted.

The Campus Store is open Monday through Friday from 8 a.m. to 5 p.m. with hours extended during the beginning of each semester.

HEALTH SERVICE

The Student Health Service assists the academic goals of students by providing health education, preventive medicine, and therapeutic care. We attempt to help the student achieve optimal health with quality medical care at a reasonable cost.

All full-time students should be familiar with the location of the Health Service, 2121 College Boulevard. It is directly across from the Campus School. The health fee entitles the student to receive medical care and consultation during regular clinic hours. Additional community services are utilized when necessary. Some services deemed to be the responsibility of the student, and not included in the health plan, are dental care, eye glasses, allergy tests, routine physical examinations, and pregnancy.

The Student Health Service exists for full-time students only. Inquiries regarding the pre-admission medical examination and services rendered can be made directly to the Student Health Service, Boise State University, 385-1459.

CENTER FOR COUNSELING, TESTING AND GUIDANCE

The Center for Counseling is a service designed to help students with personal, educational, vocational and social problems. Professional counselors work with the student in a setting that allows confidential discussion of the student's concerns. This service is based on the premise that many normal individuals have, at some times, problems that they cannot resolve alone. The student may concentrate on a specific problem or he may work on his general adjustment to the academic life. Psychological tests may be used for self-evaluation and information. Occupational information is available.

All students are eligible for counseling. Appointments may be made by phone — extension 1601 or in person at the Counseling and Testing Center, second floor, Library Building, room 247.

ALUMNI AFFAIRS OFFICE

The Alumni Office is located on the second floor of the Student Union Building. The function of the office is to coordinate activities of the Boise State University Alumni Association, a voluntary organization incorporated in 1967. Membership includes all individuals who have completed two semesters or more and entitles them to receive alumni news publications, placement services, use of the Student Union, Library and swimming pool facilities. The objectives and goals of the association are to maintain contact with graduates and former students and to promote their interest in and support of the University. The office publishes a newsletter and periodical mailings keep the alumni informed of campus activities. All members are urged to keep the Alumni Office informed about changes of address, employment status, marriages, births, and other information of interest to fellow class members. Students and alumni are welcome to visit at any time during office hours.

CAREER AND FINANCIAL SERVICES

Career and Financial Services provides a program of advising and assisting students regarding financing their education, determining what they want to do when they graduate, and obtaining career employment upon graduation. The office is located in Room 117, Administration Building.

1. Career Services

Career and Financial Services provides career planning and placement assistance to students and alumni. This is an equal opportunity service. Basic services include:

1) Career Planning and Information. Professional staff are available to provide information and assistance regarding career choice and placement opportunities.

Career and Financial Services maintains a career resource center in room 124, Administration Building, containing a growing library of career information, recruiting literature, the College Placement Annual, and other career references.

2) Credential Service

By establishing a placement file with Career and Financial Services, students may assemble a permanent file containing all the vocationally significant data at a time when instructors and
administrators remember them best. Once a file is established, copies may be sent to prospective employers. Students are encouraged to establish credential files early in the year they plan to graduate.

3) On-Campus Interviews

Students and alumni are also welcome to interview with the employers recruiting on campus. Each year, representatives from business, government and educational institutions arrange for interviews in the Career and Financial Services office.

II. Financial Services

Boise State University has a comprehensive financial assistance program which includes a variety of types of scholarships, loans, grants, and part-time jobs. Contact the Career & Financial Services office for application forms or additional information in Room 117, Administration Building.

NON-DISCRIMINATORY POLICY

It is the policy of Boise State University to provide equal educational and employment opportunities, services, and benefits to students and employees without regard to race, color, national origin, or sex, in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972 and 1976, and Sections 799A and 845 of the Public Health Service Act, where applicable, as enforced by the U.S. Department of Health, Education, and Welfare.

PURPOSE AND POLICY

The primary purpose of the financial aid program at Boise State University is to provide financial assistance and counseling to students who would be unable to attend without such help. Scholarships may be offered singly or in various combinations with grants, loans, and employment (College Work-Study).

Financial aid is available only for filling the gap between the student's potential resources and yearly educational expenses. It is the policy of the University that the primary responsibility for meeting the cost of education rests with the individual student and/or his or her family. The expected contribution from parents and the student, individually, is determined by careful evaluation of a family's financial strength based on information furnished in the financial statement as analyzed by ACT Student Assistance Program. The ACT analysis is one of several systems utilizing the uniform methodology approved by the U.S. Office of Education for determination of a student's financial need. The ACF (ACT Common Form) is required to insure reasonable and equitable distribution of the limited resources available to the University.

APPLYING FOR AID

Because of differences in the various forms of assistance available through Career & Financial Services, three application forms are required.

Students seeking aid on the basis of financial need should complete the ACF, the Basic Educational Opportunity Grant application (BEOG) and the Boise State University Application for Financial Aid. Those seeking an award based on scholarship must submit the ACT and the Boise State University Application for Financial Aid 1977-78 and attach a grade transcript for use by the awards committees.

1. ACF (ACT Common Form) The ACT Common Form (ACF) for 1977-78 collects the family financial information needed to calculate ability to pay for college. The student (and family) completes the ACF, and the information provided will be used in evaluating the financial strength of the family/individual. All information will be treated confidentially. It is essential the ACF is completed accurately. To insure the accuracy of the data, the analysis report will be sent to Boise State University. Incomplete or unsigned ACFs cannot be processed and will be returned to the student for completion. ACFs received without the proper fee will also be returned. Follow the instructions carefully to avoid delays in processing.

The ACT code listing for Boise State University is 0914.

A Student Confirmation Report (SCR) will be sent to the students at the time the ACF is sent to the University. There is no additional charge for this report. The SCR is sent to acknowledge the receipt and processing of an ACF and to confirm that an analysis has been sent to Boise State University.

II. BSU Application for Financial Aid 1977-78 covers the period beginning with Second Summer Session 1977, Fall and Spring semester 77-78, and ending with the First Summer Session 1978. Application deadline for scholarships is February 1, 1977. Application priority date for other aid is March 1, 1977. All applications received after March 1 will be considered in the order of date received provided funds are available. Scholarship procedures and policies are the responsibility of a standing committee of the BSU Faculty Senate, the Financial Aids Committee. A list or guide to various scholarship offerings may be obtained on request to Career & Financial Services.

III. Basic Education Opportunity Grants (BEOG) are an entitlement program intended as the basis for other types of financial aid awarded to undergraduates. To apply the student (and parents) must complete the BEOG application form and send it to the address indicated in the application (envelope provided). In five-to-six weeks, the student will receive a Student Eligibility Report. The SER must be sent to BSU, Career & Financial Services, where the student will prepare an award letter. A student must be admitted or enrolled at least as a half-time student (6 credit hours per semester). The amount of the grant is determined by: 1) your Eligibility Index; 2) the costs of attending BSU; and 3) the number of credits you enroll for each semester. The awards are reduced proportionately for less than full-time students (12 credit hours per semester is considered full-time). Basic Grants may be received for up to eight semesters, if found eligible from year to year. (Basic Grants to Idaho residents ranged from $200 to $938 in '76-77.)

IDENTIFICATION OF SELF-SUPPORTING (OR INDEPENDENT) STUDENT

Under Federal regulations, a student is eligible for consideration as an "independent student" for Federal student financial aid who:

1) has not and will not be claimed as an exemption for Federal income tax purposes by any person except his or her spouse for the calendar year(s) in which aid is received and the calendar year prior to the academic year for which aid is requested.

2) has not received and will not receive financial assistance of more than $600 for the period listed in 1) above-calender years 1976, 1977.

3) has not lived or will not live for more than two consecutive weeks in the home of a parent for the above periods.

RESPONSIBILITY FOR VALID DATA - Parents, student applicants, and spouses should be prepared to certify that to the best of their knowledge the information contained in the ACF and BEOG are correct and complete. The University reserves the right to request copies of U.S. or State Income Tax Returns.

WARNING: ANY PERSON WHO KNOWINGLY MAKES A FALSE STATEMENT OR MISREPRESENTATION SHALL BE SUBJECT TO A FINE, OR TO IMPRISONMENT, OR TO BOTH UNDER PROVISIONS OF THE UNITED STATES CRIMINAL CODE.

SUMMER SESSIONS

The University has financial aid available on a restricted basis during the summer. Priority for summer funds is given to continuing students. Students in need of financial aid who are planning to attend summer sessions should consult Career & Financial Services advisors when summer plans are being made in order to secure a summer award.

EXPENSES

Federal and state guidelines define "need" as the difference between the costs of education and the expected family/student contribution. The cost of education includes registration and incidental fees, room and board, books and supplies, allowances for personal expenses to cover clothing, laundry, recreation, transportation, medical and dental, insurance, and child care. Maximum allowed budgets are established for various categories of students. Allowances are made for dependents and extraordinary expenses under some circumstances. Actual expenditures vary depending on a student's spending habits and may be considerably more or less than the budget approved for financial aid purposes.

Students from states other than Idaho are expected to apply to their own state commissions for assistance as well as file the documents (ACF, BEOG, Application for Financial Aid 1977-78) discussed earlier.

STUDENT EMPLOYMENT

The College Work-Study Program enables the University to offer employment to financially needy students, accepted or enrolled for at least half-time course of study. The on-campus jobs seldom exceed 20 hours per week. An ACF and BSU Application for Financial Aid 1977-78 is required.

Local funds and grant funds are sometimes used by departments having these funds to employ students. These funds are not allocated through Career and Financial Services. However, departments utilizing such funds to employ students must (1) clear the hiring of any student with Career and Financial Services; (2) comply with prevailing wage rates for other student employees; and, (3) utilize the same time card procedures as outlined in the Student Employment Manual.

College Work-Study Program (CWSP) funds make up more than two-thirds of all monies available for student employment at Boise State University. This is a federally funded program to provide jobs for students who have demonstrated financial need for student assistance is only a secondary consideration. Federal regulations require that Boise State University determine the maximum amount of Federal funds a student can receive during a given year and that the University not allow the student to exceed that amount through any funds administered by the University. Thus a student having received in a given year the maximum amount through Federal loans, grants, and/or CWSP cannot receive additional monies through scholarships or through any other employment involving funds administered by the University irrespective of their source without decreasing their Federal assistance. Therefore, in the awarding of financial assistance to students a definite earnings limit is established for students on the College Work-Study Program.

Students are expected to carry at least 12 semester hours and must be enrolled for a minimum of 6 credits per semester and have at least a 2.00 GPA for the previous semester. A financial aid application and needs analysis statement are required each year to determine eligibility. Employment is not guaranteed, but every effort will be made to place all eligible students.

The Boise State University Program (BSUP) is a student employment program funded by appropriated dollars allocated through Career and Financial Services. BSUP funds represent only about 25% of all monies used to employ students at BSU. Though students do not have to meet the strict financial need requirements of the College Work-Study Program, the application and referral procedures are identical. As in CWSP the student funded through BSUP will have a set maximum earnings level and is given no guarantee that he or she will earn the maximum awarded under the program.

Students must be enrolled for a minimum of 6 credits per semester and have at least a 2.00 GPA from the previous semester to be eligible. A financial aids application and needs analysis document must be filed each year.

UNAUTHORIZED EMPLOYMENT ON-CAMPUS - Students who begin work on campus prior to receiving authorization from Career & Financial Services must arrange to receive payment directly with the Department involved, and not by Career and Financial Services.
OTHER PART-TIME EMPLOYMENT

Off campus part-time and vacation employment services are available to full-time students and their spouses and part-time students who are working towards a degree from Boise State University.

A great variety of types of jobs and hours to work are listed each year. Applicants must meet the qualifications established by the various area employers who list these positions with Career and Financial Services.

This job referral service is located in Room 177, Administration Building.

GRADUATE STUDENTS

Students who have earned a baccalaureate degree may be aided with National Direct Student Loan funds, College Work-Study or scholarships. The BSU Application and the AFC must be filed. Information regarding graduate assistantships or the Whittenberger Fellowships should be requested from the Dean of the Graduate School.

INTERNATIONAL STUDENTS

Foreign Students, in applying for student visas, have to demonstrate that they have resources for the entire period of intended study. They should request from the Assistant Dean, Admissions & Records, the CSS/CEEB Financial Aid Application for Students from Foreign Countries and Confidential Declaration and Certification of Finances.

Foreign students who have completed one or more semesters at Boise State University may compete for University scholarships by filing the BSU Application for Financial Aid 1977-78. They may apply for a waiver of non-resident tuition after one year, by filing updated forms named in the previous paragraph.

Since most funds at the disposal of Career & Financial Services are from Federal programs, they are not available for non-U.S. citizens. Emergency loan funds in the W.L. Gottenberg Foreign Student Loan Fund and the Boise Rotary International Student Loan Fund are available upon recommendation of the foreign student advisor and approval by Career & Financial Services. Repayment to the University within a specified time is mandatory.

Students who submit Form 1-538 (application by Nonimmigrant Student for Employment Authorization To Accept Employment) may have a job under the University program until after the job has been listed and remained unfilled with Career & Financial Services for five (5) working days.

IDAHO RESIDENT HIGH SCHOOL SENIORS

University Club Awards - A limited number of University Club Awards are available for incoming Freshmen. These awards are given annually in recognition of academic achievement, leadership, performing arts, or special talent. Applicants should contact the office of the Coordinator of High School and University Relations, Boise State University, 1910 University Drive, Boise, ID 83725.

State of Idaho Scholarship Awards - Idaho resident high school seniors should obtain the State of Idaho Scholarship Program application from their counselor or Office of the State Board of Education, 650 West State Street, Boise, ID 83702.

OTHER SOURCES OF AID

Federally Insured Student Loan (7 percent Bank Loans) - The Federally Insured Student Loan program provides guaranteed loans made by authorized lenders to students. Loans are made at the discretion of the lender. Career and Financial Services will provide OE Forms 1154 and 1260 and advise applicants which lending institutions in the area are participating. (The ACF must be filed when the ADJUSTED family income is $25,000 or greater.) Portions of OE Form 1154 and OE 1260 must then be completed by the Career and Financial Services Office.

Oregon residents should obtain the Oregon State Scholarship Commission Application and Certificate for Student Loan.

Nevada residents should file the United Student Aid Funds Form 1152-74.

Idaho National Guard Educational Encouragement Fund Program will provide up to $2,500 per year not to exceed one-half of the semester or term registration fee. For good standing with his or her unit and enrolled for a minimum of 12 credit hours or 30 hours per week in vocational-technical courses. Application forms may be obtained from unit commanders or Idaho National Guard, Adjutant General's Office, P. O. Box 1098, Boise, ID 83701.

STUDENT ACTIVITIES

Program Office

The Program Office, located on the second floor of the Student Union, acts as the central office for all campus activities. It houses the Student Union Program Board (SUPB) Offices, and has mailboxes for the various campus organizations. Come to the Program Office to obtain any information regarding campus activities.

Student Union Program Board

The Student Union Program Board (SUPB) is composed of 9 student committees which have the responsibility for planning and implementing a well-rounded activities program at Boise State. There are about 150 positions available to students each year on the various SUPB committees such as Pop Concerts, Pop Films, Foreign Films, Lectures, Coffeehouses, Art Shows, Outdoor Activities, Special Events, Publicity, etc. Students are urged to apply in the Program Office.

Student Organizations

On the Boise State University campus there are a large number of student organizations covering almost every area of student interest. There are student chapters of professional organizations, special interest groups and other extracurricular organizations. These organizations and groups provide broad opportunities for student participation.

Further information on student organizations may be found in the student handbook or by contacting the Program Office in the Student Union.

Student Government

Every full-time student is officially a member of the Associated Students of Boise State University (ASBSU).

The fee that each full-time student pays to student government is used to fund a complete social program, a student newspaper, a complete men's and women's intramural and recreational program.

Other related programs administered by student government would include Homecoming, a part-time lawyer available to all students, a campus beautification program and the funneling of student opinion into every faculty or administrative committee dealing with the governance of the University.

Additional information regarding student government may be obtained from the Student Handbook or in the ASBSU Offices on the second floor of the Student Union.

Religious Activities

Students are encouraged to participate in local churches. Several religious groups have buildings for students near the campus. Most groups affiliated with Boise State University meet in the Student Union for discussions and fellowship.

The Inter-Faith Council is composed of student representatives or recognized religious organizations on campus. The Council promotes and coordinates religious activity. The Council encourages and assists new groups to form on campus and receive recognition from the Student Senate.

Student Publications

A number of student publications are printed during each school year to serve as sources of information for new students, to report the many events of interest to the campus community, and to record the year's activities.
Activities

The Arbiter is the official newspaper of the students of Boise State University. Staff positions are open to full-time students interested in journalism, not necessarily journalism majors.

Les Bois is the university annual published by the Associated Students. The editor is appointed each year by the ASBSU President and other positions on the staff are open to all interested full-time students.

Boise State University Student Handbook is the official guide to all University policies, procedures, activities, and organizations. The Handbook is published annually by the Student Advisory and Special Services Office in cooperation with the ASBSU Student Handbook Committee.

Social Fraternities and Sororities

Boise State University has a number of national social fraternities and sororities. Local chapters of Alpha Chi Omega, Alpha Omicron Pi, Delta Delta Delta, and Gamma Phi Beta for women, as well as Kappa Sigma, Sigma Nu, and Tau Kappa Epsilon for men are active on campus. Membership in these fraternities and sororities is by invitation only. Students interested in obtaining more information about them should write directly to the Activities Center, Student Union Building.

Band, Orchestra, and Choir

The Music Department provides opportunity for music students, as well as other interested students who can qualify, to participate in the Boise State University orchestra, bands, choirs, and smaller ensembles. Particulars are noted in the various course descriptions found in the ME (Music, Ensemble) section of the Music Department course offerings elsewhere in this Bulletin. For additional information contact the Music Department office.

Theatre

All members of the Associated Students are admitted without charge to a full season of theatre productions. All students of BSU who have the required grade point average are eligible for participation in all respects of these extra-curricular activities.

Debate

Members of the Debating Team travel many thousands of miles each year to engage in intellectual competition with schools from across the country. Proficiency in critical thinking, public speaking and the ability to investigate and intensively analyze significant contemporary issues are the goals sought by students involved in this activity. Debate is open to all students who wish to participate.

Athletics

The University encourages athletics as a part of its educational program, with all intercollegiate sports directed and controlled by the Athletic Director, and his staff.

Teams have been organized in football, cross-country, basketball, wrestling, baseball, track, and tennis. Intercollegiate varsity and freshman athletic events are played under the rules of the National Collegiate Athletic Association (NCAA), of which organization the University is a member. Eligibility to participate is determined by the Boise State University Athletic Board of Control.

The ASBSU and the Department of Physical Education through the Recreation Board provide intramural sports as a recreational opportunity for all students not actively engaged in intercollegiate athletic competition. Intramural participation is free to all students.

ELIGIBILITY FOR EXTRA-CURRICULAR ACTIVITIES

1. In order to represent Boise State University or any student organization in any extra-curricular activity of an intercollegiate nature such as: debate, student conferences, fraternally or organizational conferences, class related activity junkets, cheerleaders, etc., a student must:
   a) Not be disqualified or suspended from the university or on academic, social, or conduct probation.
   b) Be currently enrolled as a full-time student (8 hours or more).
   c) The ASBSU President, Vice-President, Treasurer, and Senate Members shall have a minimum 2.25 cumulative GPA standing at the time of election to office, and must maintain minimum University standards throughout their tenure in office, in accordance with article V section 2 clause 1 of the ASBSU Constitution.

2. The Student Policy Board in its official capacity, as the primary agency for the development and administration of the Student Code of Conduct, Student Judicial System, and other student policies and procedures relating to student life on the campus of Boise State University, would strongly recommend, to those appointing officials, that a cumulative GPA of 2.00 or better be set as a standard for academic acceptance in the choosing of individuals to represent the Associated Students of Boise State University. The Student Policy Board encourages student campus organizations to set additional standards that they deem necessary and beneficial to that organization. The Policy Board feels that the duty of relieving a student from the position he/she holds because of lack of compliance with the aforementioned requirements is the responsibility of the appointing official of that organization.

3. Exceptions: Rule 1A does not apply to students engaged in activities that are required as part of a class or students participating in intramural sports.

Intercollegiate Athletic Eligibility

Students participating in intercollegiate athletics must comply with the eligibility rule of the National Collegiate Athletic Association. Specific information concerning individual eligibility may be obtained from the Athletic Director at Boise State University.

Student Conduct

Upon enrollment the student and the university enter into an agreement of mutual responsibility for maintaining order and standards as well as preserving the educational purpose and function of that relationship. The University is obligated to advise the student of established policies and procedures whereas the student is obligated to conduct himself as a responsible member of the university and larger community.

As representatives of the university, students are expected to conduct themselves in a manner which will bring credit to themselves and the University. Standards of behavior should reflect good taste, courtesy, consideration and respect for the rights of fellow students.

Being a student at Boise State University does not relieve the individual of his responsibility to society and its laws. University sanctions may be imposed on a student apprehended by a law enforcement agency or appearing in a civil court where his conduct significantly interferes with the University's educational responsibility to all members of the University community. This policy does not in any way constitute double jeopardy.

Disciplinary Sanctions

Disciplinary action for misconduct on or off the campus may include payment of damages, fines and/or constructive services, or one of the following:

1) Admonition—An expression from the administration, generally in the form of a verbal warning or caution, that the expected standard of conduct is not being maintained. Used principally with first time minor infractions.

2) Censure—An expression of disapproval or condemnation of a specific act against the standard of conduct—generally in writing—with a possible loss of a minor privilege.

3) Conduct Probation—Generally a written warning, with or without a judicial hearing signifying that additional disregard for the standard of conduct will constitute grounds for suspension or expulsion. Usually a minimum time period is specified.

4) Disqualification—Disciplinary action excluding the individual from participating in certain activities or privileges for a prescribed period of time. A loss of a privilege, i.e., relinquishing a student office.

5) Suspension—An administrative or Student Hearing Board action terminating registration, with a possible loss of academic
credit, for a prescribed period of time. Re-enrollment must be requested by petition.

(6) Expulsion—An Administrative or Student Hearing Board action permanently terminating a student’s registration at the institution. Re-admission is possible only by action of the President of the University.

Procedural Due Process and Right of Appeal

Fair play in all situations involving serious disciplinary actions is a right of every student. This is especially true in cases where conduct probation, suspension or expulsion are imposed or where an adverse notation may be made on a permanent record. In such cases, due process will consist of:

1. Adequate written notice of the charges. Normally said notice is sent from the appropriate office.
2. The opportunity for a fair hearing by allowing the student to appear alone or with another person to assist or advise him; to hear the evidence, its nature and source, and to offer evidence in his own behalf.
3. The right of the student to question the source of the evidence and to be heard by those in charge of the hearing.
4. The right of the student to be heard by committee, board, or appropriate official.
5. The right of the student to appeal the decision to the next highest authority and to be advised of the procedure.

Appeals Procedure

(1) Appeals from a lower judicial body shall be made to the next higher body, i.e., ASBSU Judiciary or Student Policy Board, through the Office of Vice-President for Student Affairs. All appeals must be in writing and submitted within seven (7) school days of the decision with copies to the original and last judicial body. The appeal should include the reason for the appeal.

(2) Appeals from decisions of the Student Policy Board may be made to the President of the University through the Office of the Vice-President for Student Affairs. The appeal must be in writing giving full details of the case and specific evidence or justification for the appeal within seven (7) school days of the previous decision.

STUDENT HOUSING

The Boise State Residence Hall Application Contract initiated at the beginning of the academic year is binding for the entire school year (fall and spring semesters). Thus the student who enters into a housing agreement with the university is committed to living in a university residence hall for the entire school year. Breach of contract will obligate the student for the full amount of the contract.

Students living off campus or at home are subject to the same standards of conduct expected of students living in university housing or residence halls.

Student Residential Life

The Office of Student Residential Life is responsible for all operations and programs related to the residence halls, married students housing, and off-campus living concerns. The Office implements and initiates the university’s housing policies and procedures. This Office selects residence hall staff and maintains an ongoing training program. Supervision is provided for the President’s Council, as well as advising for the various residence hall judicial boards.

The office also supervises all married student housing and assignments; plans for redecorating, maintaining, and furnishing of all university housing facilities; promotes the listing of public housing with the university for student use; supervises the records kept of available and occupied residence hall facilities and community housing.

University Residence Halls

Boise State currently maintains four residence halls with accommodations for approximately 760 students. Living conditions are comfortable and conducive to successful academic progress. They also contribute to and encourage participation in the total college experience. The women’s residence halls (the Towers’ and Driscoll) will accommodate approximately 378 students while the men’s residence hall (Chaffee) is designed to house 300 students. The coed dorm (Morrison) provides living facilities for 78 men and women.

The Towers Dorm, located on the west end of the campus, has seven stories and accommodates 300 students. It is carpeted and air-conditioned, with study lounges and laundry facilities.

Driscoll and Morrison Halls, located on the Boise River, are virtually identical, with forty-eight single and fifteen double rooms arranged into ten suites from six to eight students.

Morrison Hall is a coed dorm, with the men and women living in opposite wings separated by lounges and laundry facilities. The dorm is restricted to upper-class students or students over 21 years of age.

Chaffee Hall is divided into two separate three-story units of approximately fifty men to a floor, living in twenty-four double rooms, two single rooms and two Resident Advisor’s rooms per floor. Each student room is equipped with a telephone. Both units are connected by enclosed corridors to a Central Lounge and Control Unit. Each floor of Chaffee Hall is in a sense a separate living unit with a small informal lounge, study room, and laundry facilities.

Laundry facilities are available in each of the residence halls. Linens (sheets, pillow cases, and bath towels) are not provided and the student must also furnish blankets (2), iron, and a study lamp (lamps are not needed in Chaffee Hall or the Towers). All residents are required as part of the housing contract to take their meals in the Student Union dining room.

Applications for room reservations should be made as early as possible. Contract for residence hall accommodations are for room and board for the entire academic year. Applications must be made on the official contract form and accompanied by an application form and security deposit of $45.00.

Application Procedure

All inquiries and letters requesting information and application-contracts should be sent directly to:

Office of Student Residential Life
Boise State University
1910 University Drive
Boise, Idaho 83725

Applications for residence halls will be processed as soon as the following procedures have been completed:

1. A completed application-contract is sent to the Boise State University Office of Student Residential Life with:
   a. A $45.00 application fee and security deposit. Check or money orders should be made out to Boise State University. This deposit is not to be construed as a partial payment for the cost of room and board. It is held (after assignment) as a damage deposit and as assurance of compliance with the full terms of the contract. It is refundable when the student permanently moves out of the residence hall as specified in Residence Hall Contract Conditions, 1A. Application fee and Security deposits are forfeited in cancellation of a room assignment which is not received prior to August 1 for the Fall Semester and January 2 for the Spring Semester.
   b. Signature of parent or guardian for students under eighteen.

2. After the items above are processed a tentative room assignment is made and the student notified.

3. This room assignment is officially confirmed after the student contracts with the Office of Student Residential Life to pay or make arrangements for room and board fees. The student will be advised of his specific room number when he moves into his hall.

ACCEPTANCE AND PROCESSING OF THE CONTRACT BY THE STUDENT RESIDENTIAL LIFE OFFICE DOES NOT CONSTITUTE APPROVAL OF ACADEMIC ADMISSION TO THE UNIVERSITY; LIKewise APPLICATION FOR ADMISSION IS NOT AN APPLICATION FOR HOUSING.
STUDENT AFFAIRS
Housing

NOTE: Residence hall expense and meal option plans are presented in Part I of this catalog.

MEAL SERVICE CALENDAR
(for the Year 1977-78)

(Except Thanksgiving vacation, November 24 through November 27, 1977.)

Between Semesters - December 23, 1977 through January 9, 1978. Meal Service will be suspended and the Snack Bar will be closed.

(Except Spring vacation, March 13 through March 19, 1978.)

All residence halls normally are closed during the above listed vacations.

Students staying in their rooms at the residence halls between semesters and during Spring vacation will be charged $2.00 per day.

General Residence Hall Regulations
Occupancy of a Hall is a privilege extended to the student by the University. The continuation is dependent upon his or her reasonable and satisfactory personal conduct and the observance of all University regulations.

1. Quarters are to be occupied only by the students for whom they are reserved. Neither room reservations nor meal tickets are transferable.

2. The University respects the students' right to privacy; however, the University reserves the right to enter a student's room at any time for health, safety, welfare and maintenance purposes.

3. All Residence Hall contracts are for both room and board. Contracts for room only are not available.

4. Room and board payments for the academic year become due and payable prior to August 1; final confirmation of a room assignment cannot be made until financial terms of this contract are met by total payment or the three specified installments. Arrangements for payment other than the above must be made directly with the Office of Student Residential Life.

5. Students will be responsible for the furniture and fixtures in their rooms and for University property within the hall. Where individual responsibility for damages can be determined, the individual will be charged. Otherwise the charge will be made against the hall or floor organization and prorated among the students living in that suite, floor or area at the time the damage occurred.

6. Payment for damages during the academic year will not be taken out of or charged against the security deposit unless the damage charge is not paid. This deposit must remain intact until the end of the year or when the student leaves the University permanently.

7. Participation in fire drills is mandatory. Residents who fail to comply with this requirement and do not vacate the Hall when the alarm rings may be asked to move out because the University cannot then accept responsibility for their safety.

8. Anyone found turning in a false alarm, tampering, damaging or in any way using fire equipment or safety apparatus for other than its intended use will be immediately dismissed from the residence hall, fined, and subject to further action by the University authorities. Electrical wiring or alteration of existing wiring by students is prohibited.

9. The use and/or possession of alcoholic beverages on campus is prohibited. This includes the display of empty alcohol containers in individual rooms or elsewhere where it presents a health, safety, or damage factor within the residence hall.

10. Students who reside in residence halls are responsible for providing insurance against loss or damage to their own personal property. The University does not assume responsibility for or carry insurance against the loss or damage of individually owned personal property.

11. Possession of fire crackers, firearms, gun powder and/or other forms of explosives is prohibited.

Off-Campus Student Housing
Lists of available housing are on file in the Office of Student Residential Life. The university does not inspect the accommodations; parents and students must accept full responsibility for the selection. The university recommends that students and parents make written agreements with landlords concerning the obligation and expectations of each party.

As a matter of policy, assignments to University Residence Halls and other housing facilities are made without reference to race, creed or color, and the University expects privately owned accommodations offered through its listing service to be operated in the same manner. Listings are accepted only with this understanding.

Married Student and Family Housing
There are approximately 180 units available for full-time (8 or more credit hours) married students, all within walking distance of the campus. Rates for the University Courts apartments are $87.00 for small one-bedroom, $117.00 for large one-bedroom, $133.00 for two-bedroom, and $153.00 for three-bedroom apartments. These apartments are carpeted and furnished with stoves and refrigerators. Coin-operated washing machines and dryers are located on the site. All utilities except electricity are furnished.

University Heights and University Manor were opened for occupancy during the summer of 1973 and consist of one-bedroom apartments for $133.00 per month and two-bedroom apartments for $158.00 per month. These apartments are fully carpeted and draped but are otherwise unfurnished, except for electric stoves and refrigerators. All utilities are furnished, including laundry facilities.

Applications for married student and family housing may be obtained in the Office of Student Residential Life Room 110, Administration Building.

Application Procedure for Married Student and Family Housing
Applications for married student and family housing will be processed as soon as the following procedures have been completed:

1. Student must be:
   a. any married student currently enrolled as full-time and/or fully matriculated at Boise State University.
   b. any prospective married student currently enrolled as full-time and/or fully matriculated at Boise State University.
   c. any single parent with a child (children) currently enrolled as full-time and/or fully matriculated at Boise State University.

2. A completed application-contract is sent to Boise State University, Office of Student Residential Life with a $30.00 application fee and security deposit. Checks and/or money orders should be made out to Boise State University. This deposit is not to be construed as partial payment for the rent for their apartment. It is held (after assignment) as a damage deposit and is refundable when the student permanently moves out of the apartment. The total security deposit and application fee ($70.00) is forfeited if 30 days notice is not given before tenant moves out.

   The student comes to the Office of Student Residential Life when their apartment is ready for occupancy, signs the lease, pays the balance of the application fee and security deposit ($40.00) which brings the total deposit and fee to $70.00, plus pays a month's rent and receives confirmation to move into the apartment.

   It is the responsibility of the student to notify the Office of Student Residential Life each semester if they still desire married student and family housing. If the Office of Student Residential Life does not hear from the student each semester, the student's name will be removed from the waiting list.
