The purpose of the Boise State University Bulletin, Catalog Issue is to provide current, articulate and accurate information about Boise State University for the guidance of prospective students, for faculty and administrative officers, for students currently enrolled, and for other education or allied agencies.

Catalogs, bulletins, course and fee schedules, etc., are not to be considered as binding contracts between Boise State University and students. The university and its divisions reserve the right at any time, without advance notice, to: (a) withdraw or cancel classes, courses, and programs; (b) change fee schedules; (c) change the academic calendar; (d) change admission and registration requirements; (e) change the regulations and requirements governing instruction in, and graduation from, the university and its various divisions; and (f) change any other regulations affecting students. Changes shall go into force whenever the proper authorities so determine, and shall apply not only to prospective students but also to those who are matriculated at the time in the university. When economic and other conditions permit, the university tries to provide advance notice of such changes. In particular, when an instructional program is to be withdrawn, the university will make every reasonable effort to ensure that students who are within two years of completing the graduation requirements, and who are making normal progress toward the completion of those requirements, will have the opportunity to complete the program which is to be withdrawn.

It is the policy of Boise State University to provide equal educational and employment opportunities, services, and benefits to students and employees without regard to race, color, national origin, sex or handicap in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Sections 799A and 845 of the Public Health Service Act, and Sections 503 and 504 of the Rehabilitation Act of 1973, where applicable, as enforced by the U.S. Department of Health, Education, and Welfare.

General Information and Admissions

The foundation for Boise State was laid in 1932. The institution advanced for many years as a public institution financed by a local tax district. Since 1969, when Boise State entered the state system of higher education, significant progress has been made in the development of the campus facilities for instruction, research, and service to Idaho publics.

Boise State is organized into six schools: the School of Arts and Sciences, the School of Business, the School of Education, the School of Health Sciences, the VocationalTechnical Education School, and the Graduate School. Undergraduate degrees are offered in many fields, and graduate degrees are offered in elementary and secondary education, business administration and public administration and accounting.

The university has an extensive late afternoon, evening and weekend program which provides educational opportunity for full-time students who need to schedule classes at that time and for part-time students who are pursuing a degree while they are employed. The university provides many opportunities for professional and technical upgrading and retraining to the citizens of the Treasure Valley.
INSTITUTIONAL MISSION AND OBJECTIVES

The paramount role of a university was set long ago. It is to educate the individual, to ensure his development, and to enlarge his opportunity. We must rededicate ourselves to these goals and thereby strengthen them in a world of restless political, social, technological and economic change.

We believe that every university student needs a broad education to equip him for mobility in employment, in social life, in community, state and national citizenship, and that each student desires an environment that contributes to his total growth as an individual. Therefore, the university should help to create an intellectual atmosphere that encourages students to develop a scientific spirit of investigation that becomes a life-long approach to issues and problems — in essence, to provide the opportunity for a sound, liberal education for all of its students through formal classes and informal avenues of learning and, hopefully, to liberate their minds from stereotyped thought and shallow decision making.

The university should provide a range of opportunities for student-faculty dialogue in other than a classroom situation, as well as provide educational opportunities to its students through self-government and other student activities that enhance self-growth, and various individual services that correlate with instruction, such as counseling, guidance, placement, testing and health services.

We also believe strongly in the development of special educational areas to equip students with the professional or technical skills and knowledges necessary for entrance into employment upon graduation. In addition, we seek to help students gain respect for excellence of performance and to provide educational programs that prepare them to become workers and leaders in the professions, in business, in governmental positions, in teaching and in industrial occupations.

We further believe that a state university must recognize its responsibility to the public it serves and should, therefore assist in the state’s growth and development by always making its resources available for solving problems, by making a variety of cultural, vocational and occupational experiences available through its publications, workshops, concerts, plays, speakers, conferences, evening course offerings and sports events, and by offering educational training and retraining programs needed by education, industry and business.

In essence, then, the prime purpose of this state university is influencing the thought and behavior of its students and its public, and the prime recognition is that both teaching and learning are best accomplished when a variety of techniques and skills are aptly employed.

[An official transcript is one certified by the issuing institution and mailed by that institution directly to the BSU admissions office.

A. ADMISSION AS REGULAR STUDENTS

DOCUMENTATION REQUIRED

*Admission to the University is based upon credentials showing graduation from an accredited high school. High School Equivalency Certificates or acceptable GED scores (35 or above on all five tests) will be accepted in lieu of a high school transcript provided that the applicant has been away from high school for at least one year preceding his application and providing the applicant is at least 18 years of age.

VOCATIONAL-TECHNICAL STUDENTS

The School of Vocational-Technical Education normally admits applicants to regular full-time preparatory programs who are high school graduates or who have successfully completed the G.E.D. tests. Any person who is interested in becoming a skilled craftsman or technician will be admitted to these courses if he complies with all admission requirements and meets the qualifications for the designated program. Graduation from high school is not necessary. The student has been out of high school at least one complete semester. Certain prerequisite courses are required for various programs, such as one year of high school algebra and one year of high school geometry for entrance to the Drafting or Electronics Technology programs. The University does not admit applicants under eighteen years of age who are attending high school at the time of application. In rare instances, however, a high school student may be admitted provided his high school principal requests his admission. Students in the Vocational-Technical program who plan to enter certain extracurricular activities must meet regular entrance requirements. (See eligibility requirements). Credits in Vocational or Technical programs are not normally transferable toward an academic degree.

TRANSFERR STUDENTS

A transfer student, whether resident or non-resident, must have a minimum GPA of 2.00 or above on all prior collegiate work completed or have cleared the probationary provision outlined under section 5 of page 14, ACADEMIC PROBATION AND DISQUALIFICATION. All decisions relating to admission of foreign students will, however, be made by the Foreign Student Admissions Officer.

HIGH SCHOOL STUDENTS

Any currently enrolled high school student may enroll part time at Boise State University if he has met the appropriate prerequisite and if his application for admission has been approved by the Dean of Admissions. Registration at B.S.U. must be determined to be in the best interests of the student and must not interfere with progress toward high school graduation.
FOREIGN STUDENTS

Boise State University accepts qualified students from foreign countries to the extent that space is available. Foreign applicants are expected to meet the requirements for admission from high school or from other colleges in countries whose curriculum is deemed to be comparable to that of the University. Foreign students are classified as Freshmen, Sophomores, Juniors, Seniors, or Graduates.

CREDENTIALS: Official transcripts and/or certified copies of the certificate, diploma, or government examination report received on completion of secondary school work and the degree, license, or diploma received on completion of any college or university, must be sent by the certifying agency directly to the Admissions Office and must be translated into ENGLISH.

English Proficiency: All foreign applicants are required to take and receive a satisfactory score on TOEFL (Test of English as a Foreign Language) or other examinations acceptable to Boise State University. Arrangements to take the TOEFL examination may be made by writing directly to TOEFL, Educational Testing Service, P.O. Box 592, Princeton, New Jersey 08540, U.S.A. The test must be taken and the scores received by the University prior to a decision on admission of the applicant.

Admitted Students: Upon arrival at the University, foreign students will be examined again with the Comprehensive English Language Test (CEL). Results achieved will determine their placement level in the English as a Second Language program.

Academic Advising: Advising in academic matters is provided to foreign students by the Foreign Student Admissions Office until such time as English language requirements for degree program have been met.

Financial Statement: All foreign students must present to the Foreign Student Admissions Office satisfactory statements of finances and adequate proof of financial responsibility or sponsorship by a reputable American citizen or organization for all financial obligations while attending Boise State University.

Health and Accident Insurance: Boise State University requires that all full-time students be covered by health and accident insurance. Such insurance is included as a part of general registration fees paid by all full-time students.

Admission to Graduate School: Foreign students applying for admission to the Graduate School must submit all of the previously mentioned admission materials. Those wishing to major in Business Administration must submit GMAT scores (Graduate Management Admissions Test). The score on the GMAT is considered together with the GPA to determine admisibility of the student to the MBA Program. A TOEFL score of at least 525 must be achieved.

Deadline for Application for Admissions: All foreign applicants must apply for admission (to include the taking of all tests and filing of all required application forms and credentials) by the following dates:

- For fall semester: 1 June
- For spring semester: 1 September
- For summer session: 1 January

Upon completion of all requirements and when final acceptance is granted to the applicant, an I-20 form will be issued to the applicant by the Foreign Student Admissions Officer.

B. ADMISSION AS SPECIAL UNDERGRADUATE STUDENT

Persons who are unable to meet requirements as regular students and desire to take special studies may be admitted on special status upon presentation of satisfactory evidence that they are qualified to do college-level work. Normally, special status will not be granted to anyone less than 18 years of age unless, following a personal interview with the Dean of Admissions, it is deemed in the best interest of the student. Students admitted on special status must satisfy the same academic requirements as those previously enrolled in the university. After evaluation of transcripts students are classified as Freshmen, Sophomores, Juniors, Seniors or Graduates.

In accordance with Idaho statutes as approved by the State Board of Education, the acceptance of credits from Junior College is uniform for both certification and transfer purposes and no more than 64 semester hours or 1/2 the total hour requirement of the specific curriculum is established as the uniform maximum limit effective September 1, 1950.

E. ADMISSION REQUIREMENTS TO UPPER DIVISION

JUNIOR STANDING — A student must have earned 57 acceptable semester credit-hours of college-level work before he is classified a junior.

ADMISSION WITH ADVANCED STANDING

Students entering from other colleges must present proof of honorable dismissal and official transcripts mailed directly to the Dean of Admissions. Students entering from other institutions must comply with the same scholarship regulations as are applied to students previously enrolled in the university. After evaluation of transcripts students are classified as Freshmen, Sophomores, Juniors, Seniors or Graduates.

I. RESIDENCY REQUIREMENTS FOR FEE PURPOSES

The legal residence of a student for fee purposes is determined at the time of initial application and will be reconsidered, thereafter, upon appeal by the student. Appeal affidavits can be acquired in the Admissions Office. Section 33-3717, Idaho Code, specifies that a resident student shall be:

(a) Any student under the legal voting age whose parents or court-appointed guardian is domiciled in the state of Idaho. Domicile is deemed to exist when the parent or guardian has established residence in Idaho for an indefinite time and the former residence is abandoned. To qualify under this section, the parent or guardian must be residing in the state on the opening day of the term for which the student matriculates.

(b) Any student, legal voting age or older, who has continuously resided in the state of Idaho for twelve (12) months next preceding the opening day of the period of instruction during which he proposes to attend the college or university, and who resides less than fifty percent (50%) of his support from parents or guardians who are not residents of this state for voting purposes.
(c) Any student under the legal voting age* who is a graduate of an accredited secondary school in the state of Idaho, and who matriculates at a college or university in the state of Idaho during the term immediately following such graduation regardless of the residence of his parent or guardian.

(d) The spouse of a person who is classified, or is eligible for classification, as a resident of the state of Idaho for the purpose of attending a college or university.

(e) A member of the armed forces of the United States, stationed in the state of Idaho on military orders.

(f) A student under the legal voting age whose parent or guardian is a member of the armed forces and stationed in the state of Idaho on military orders. The student, while in continuous attendance, shall not lose his residence when his parent or guardian is transferred on military orders.

(g) A person under the legal voting age, married and who together with spouse have continuously resided in the state of Idaho for twelve (12) months next preceding the opening day of the period of instruction during which he proposes to attend the college or university.

(h) A person separated, under honorable conditions, from the United States armed forces after at least two (2) years of service, who at the time of separation designates the state of Idaho as his home of record and enters a college or university in the state of Idaho within one (1) year of the date of separation.

Regulations adopted by the State Board of Education and Board of Regents for the University of Idaho:

In compliance with Section 33-3717, Idaho Code, the State Board of Education and Board of Regents of the University of Idaho meeting in regular session June 9, 1970, adopts the following uniform and standard rules and regulations applicable to all state colleges and universities now or hereafter established to determine residence status of any student and to establish procedures for review of that status. To Wit:

1. A student is deemed to be "attending" an institution of higher education when he is paying regular fees required of a full-time student at the institution concerned. (See (b) above)

2. The State Board of Education and Board of Regents of the University of Idaho shall deny resident status to any student who is not a citizen of the United States, unless he complies with the definition of a permanent resident established by the United States Immigration and Naturalization Service. A foreign student whose sole purpose for being in the state of Idaho is attendance at a higher education institution, shall not be classified as a resident student.

3. Any student classified as a resident for purposes of higher education by one institution shall be so classified by all other institutions in the State under the jurisdiction of the State Board of Education and Board of Regents for the University of Idaho.

SCHEDULES OF FEES AND CHARGES

All of the fees, tuition, and other charges are due and payable at the time of registration each semester. Board and room charges may be paid in advance for the year or arrangements may be made to pay in advance on a partial payment basis by consulting the Director of Student Residential Life. (See section under Student Housing.)

TUITION AND FEE SCHEDULE

Eight or more hours made up of any combination of credit, audit, equivalent, and/or retake hours will be considered a full schedule for purposes of calculating charges.

All fees, tuition and other charges are subject to change at any time by the State Board of Education acting as the Board of Trustees for Boise State University.

Advanced Placement and Special Educational Opportunities at Boise State University

Today improved and accelerated public school programs help increasing numbers of students to enter American colleges and universities with skills traditionally expected after college-level work. To assure each student the opportunity to develop at his own pace and bypass material already mastered, Boise State University offers several options for educational advancement:

* Individual cases might allow several approaches to determining relative placement. Following are the general alternatives available.
* Further details may be obtained from Dr. William P. Mech, phone 385-1122, or from the BSU Administrative Handbook:
  - Advanced Placement
  - Credit by Examination
  - CLEP
  - Credit for Prerequisites Not Taken
  - Independent Study
  - Second BA and/or Double Major
  - Student Advisement Consideration
  - Honors Program
  - Servicemen's Opportunity College Program
  - Internship
  - W.I.C.H.E.
  - Studies Abroad Programs

Advanced Placement

The Advanced Placement Examinations offered through the College Board are generally accepted by the appropriate department when a score of three or higher is attained; in some cases the essay or problem portion is requested for review.

The English Department will grant three credits, in place of the English Composition 101, to a student who receives a score of 3 or above on the English Advanced Placement Examination. A student may receive an additional three credits in place of English 102 based upon the Department Chairman's evaluation of the essay part of the exam.

If an academic department prefers to use a specific form of advanced placement, that department has the option of using its own examination, a standard test, recommendations from high school instructors, or past experience. In this instance, the gathering of materials upon which the granting of credit will be determined may begin during the student's last semester in high school. Contact: Director, Honors Program.

Credit by Examination (Challenge)

Any student may challenge a BSU course offering; subject to department determination, of appropriate courses, when he feels confident that he has acquired sufficient knowledge (as the result of previous background, education, or experience) to pass an examination which covers the content of the course.

The specific details and examination are determined by the course, level, and occasionally, the student's individual situation. Some courses are challenged through a standardized (CLEP) examination, while others employ a departmental test. Contact: Department Chairman.
ACADEMIC INFORMATION

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

The present policy at BSU for awarding credit on the basis of CLEP examinations is as follows:

CLEP SUBJECT MATTER EXAM

Boise State will accept CLEP Subject Matter Examination scores at a Department-determined percentile score for equivalent courses. The student who submits official CLEP Subject Matter Examination scores must make application and enroll at Boise State, or be enrolled at Boise State at the time of submission of CLEP scores.

If the scores submitted are at or above the percentile scores indicated by the Department, the student will receive credit for the equivalent courses so designated. The entries on the transcript will show the specific Boise State course number, title and credits with no letter grade. The heading will show CLEP COMPLEMENTS on the transcript. The credit awarded will count toward the graduation requirements at Boise State and will reduce, by the number of credits awarded, the number of credits still required to graduate.

CLEP Subject Matter Examinations will not be officially released on a Boise State transcript to other agencies or institutions until the student has successfully completed 15 academic credit hours with Boise State.

Boise State currently accepts test scores of CLEP in the following subject matter areas. (Minimum passing scores are indicated after each examination title):

COST

General Examinations (5 tests) $20 for each test

CREDIT FOR PREREQUISITES NOT TAKEN

Students who are deemed qualified may take designed courses without having taken the listed prerequisites. In some cases, the student may receive credit for the prerequisite course or courses bypassed.

INDEPENDENT STUDY

The availability of independent study opportunities for all upper-division students, and Honors Program lower-division students represents one of several unique curriculum choices at Boise State University. It is a project which must be primarily conceived and initiated by the student.

The independent study experience provides individual study opportunities of a reading or project nature, allowing the student to explore in depth a specific aspect of a discipline or professional field. Such study experience allows the student the opportunity to exhibit scholarly competencies on an independent basis.

The Honors Program or any department of the university which fields a baccalaureate degree program is authorized to offer independent study. The course numbers for independent study are not listed in the schedule of classes printed each term. This does not,
If, flr
"between 'student and professor and approval by the Department Chairman. Contact: Department Chairman.

SECOND B.A. AND/OR DOUBLE MAJOR
A minimum of 30 additional semester hours of resident work beyond the hours required for the first degree are required for each subsequent degree.

A student may be granted a single baccalaureate degree with more than one major, providing that he satisfied all requirements for each major field as well as satisfying all requirements for the degree sought.

STUDENT ADVISEMENT CONSIDERATION
As a general practice, it is essential that advisors program lower-division students into lower-division courses and schedule upper-division students into upper-division courses.

HONORS PROGRAM
The Honors Program is designed with general education in mind. Its main objective is to provide a broad and comprehensive liberal arts background which complements the specialized education and training which one obtains through the major departments. This includes topics in the sciences, humanities, and social sciences as generally indicated by the standard degree requirements. However, the catalog requirements are to be considered as minimal guidelines which can, and should be amended when a stronger alternative is suggested.

While the Honors Program aims at enrichment more than acceleration, it is possible through Advanced Placement, Summer Reading, and extra courses for an Honors student to accumulate enough credits to graduate in less than the usual four years.

ELIGIBILITY
Qualified students from all departments may participate in the program. Freshmen who have demonstrated unusual scholastic ability and intellectual attainment in high school are encouraged to take part. Each year approximately the upper five percent of the entering freshmen are eligible for the Honors Program. Such students are selected on the basis of high school grade point average, ACT scores, and recommendations of their counselors or teachers.

Students who are not admitted to the Honors Program upon initial enrollment at Boise State may apply at any time after the completion of the first semester. An Honors student may drop out of the program at any time within the existing university rules, and the Honors courses he has taken will be applied toward the General University Requirements for Graduation.

HONORS COURSES
Each Honors student takes special Honors courses, some of which are expected of all those enrolled in the program. These courses are taken in lieu of, rather than in addition to, the standard requirements. In every case, the student pursues work in his own major department that will prepare him for a professional career. The Honors Program works cooperatively with the major department in providing the opportunity and stimulus for the student to realize his potential.

The following is a list of Honors Program courses presently available:

- English
- American History
- Western Civilization
- Mathematics
- Economics
- Geology
- Honors Colloquium
- Independent Study
- Summer Reading

REQUIREMENTS
To graduate with Honors Program recognition, Honors students will take two courses in English Composition plus 18 hours of joint listed departmental honors courses with at least one honors course from each area, i.e., Area I, Area II, Area III, in addition to any student-directed honors seminars from these areas. To meet the English Composition requirements, the honors students will take two courses from the following: E 111, E 112, E 102, E 201, or any other writing courses with permission of the Honors Director. Each honors student will be required to take a three-credit upper division inter-disciplinary colloquium which will carry the HP prefix. Each honors student will complete a minimum of 30 semester hours of honors credit.

Flexibility is an indispensable feature of the Honors Program. This is true of the Honors courses as well as of the individual Honors student's program. Accordingly, the precise description and content of a specific course may vary from semester to semester. Current descriptions of Honors courses and Seminars are available in the regularly updated Honors Program Newsletter. The Newsletter and/or further information can be obtained by writing:

INTERNERSHIP
Internships are available in many departments and in all schools of the University. They provide opportunity for a student to participate for variable credit in a "field exercise" or "practicum" which contributes to his academic development. The precise nature of an individual internship will necessarily vary depending upon the department, agency, and possibly, student. Contact: your Department Chairman or Dean.

WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)
WICHE Student Exchange Program — Idaho has entered into a regional program with the other Western states to create and support the Western Interstate Commission for Higher Education through whose agency qualified Idaho residents may attend professional schools of dentistry, optometry, physical therapy and occupational therapy in other Western states at essentially the same expense to the student as residents of the state in which the school is located. To qualify, students must be legal residents of Idaho. The number of students who can be accommodated depends upon the amount of appropriated funds made available.

The WICHE Graduate Fellows Program is coordinated through the Western Interstate Commission for Higher Education and is administered in Idaho by the Office of the State Board of Education. This program provides opportunities for Idaho residents to enroll at resident tuition rates in selected graduate programs not available in Idaho, but made available by other Western states cooperating in the program. States participating with Idaho include: Montana, Wyoming, New Mexico, Alaska and Hawaii. In turn, Idaho makes certain of its programs available to residents of these cooperating states.

For further information, interested students should contact the Idaho WICHE Certifying Officer, Office of the State Board of Education, 650 West State Street, Boise, Idaho 83720.

STUDIES ABROAD PROGRAMS
The Office of Studies Abroad, located in the Offices of the Department of Foreign Languages, collects, catalogs and disburses information relative to programs, agencies, associations and opportunities for work, study and travel outside of the United States.

Boise State University is now affiliated with the Northwest Institutional Council for Studies Abroad (NICSA), a consortium of universities which, since 1969, sponsors liberal arts programs in London, England and Avignon, France. NICSA now also sponsors a program in Cologne, Germany. Students may enroll in these programs here at WSU with BSU course numbers. No transfer of credit, no loss of credit.

The Office maintains files and forms essential for grants for studying abroad — for graduate students: Rhodes, Marshall and Fulbright-Hays.

The Periodicals and Documents Department receives 2200 current periodicals, more than 60 newspapers, many U.S. and Idaho documents, and Rand Corporation publications; the B.S.U. Library is a select depository for U.S. government publications. The Library's collection of books, periodicals and documents on microform, more than 130,000 pieces, is also located in this department.

The University Library contains 240,000 volumes chosen by librarians and teaching faculty to support the curricular and research needs of the University. The main book collection is distributed among the four floors of the Library Learning Center, which is located in the center of the campus and faces the Memorial Fountain and Mall. The building has been planned to provide an attractive setting for reading, study and research.

Scattered through the library are 1380 reader stations, including individual carrels and seating at large tables and in lounge areas. Small study rooms and typing rooms are available for group or individual use. The building includes a number of features to facilitate use by handicapped students.

Basic informational service and assistance in learning to use library resources are provided by the Reference Department. The Interlibrary Loan section of Reference assists faculty and graduate students in obtaining resources not available locally. Undergraduate students may use Interlibrary Loan to borrow materials available within the State of Idaho.

The Circulation Department is responsible for the check-out of books in the main collection to students and faculty. Also within Circulation is the Reserve Book section, which contains required and suggested readings for many individual courses.

The Curriculum Resource Center features a collection of multimedia and non-book materials, and the children's and young adult literature collections. Curriculum and special education materials are available to teachers in the Boise area as well as to university students and faculty. Stereo carrels provide listening facilities for phonograph records and tapes.

The Maps and Special Collections Department contains the Library's collection of 75,000 maps, University Archives and several special collections, including Senator Len B. Jordan's senatorial papers, the Earl Wayland Bowman and Paul E. Tracy collections.

The Periodicals and Documents Department receives 2200 current periodicals, more than 60 newspapers, many U.S. and Idaho documents, and Rand Corporation publications; the B.S.U. Library is a select depository for U.S. government publications. The Library's collection of books, periodicals and documents on microform, more than 130,000 pieces, is also located in this department.

The University Library shares the Library Learning Center Building with Educational Television studios, Continuing Education and several academic departments.

ACADEMIC REGULATIONS

In addition the Registrar is responsible for publishing an annual enrollment report, probation and dismissal lists, and lists of graduates.

A. FACULTY ADVISING

Prior to actual registration, each student registering for the first time is assigned to a Faculty Advisor who will assist in preparing the student's Course Request Form and in identifying academic requirements for graduation. Students contemplating any change of program must first confer and initiate the necessary forms with their advisor.

A student may elect a change of advisor after the first semester in attendance by obtaining permission from the Advising Coordinator of their School.
ACADEMIC INFORMATION

B. STUDENT ADDRESS CHANGE

The student is held responsible for keeping his or her address up-to-date with the Registrar's Office by filing a Change of Address form in Room 102 of the Administration Building. THE MAILING OF NOTICES TO THE LAST ADDRESS ON RECORD CONSTITUTES OFFICIAL NOTIFICATION.

C. AUDIT VS. CREDIT REGISTRATION

A student may enroll in a course without credit or a grade as an AUDITOR. Participation in class requirements is optional but should be arranged with the instructor early in the semester.

Students enrolling in courses for CREDIT are required to attend class regularly, complete all assignments, and take the necessary examinations. Courses may be taken only once for Credit; however, they may be Audited again, if desired. See Regulation J-b for the procedures to change from credit to audit or audit to credit.

D. CHALLENGING COURSES AND CREDIT BY EXAMINATION

It is possible for a student to challenge a university course when he feels that because of his past background, education, and experience, he can pass an examination covering the subject material of a course. Requests for consideration are made through the Chairman of the Department in which the course is offered.

Each department shall have the option to allow or not to allow credit by examination for each course in the department. Those courses where credit by examination is allowed, the department shall have the option of using a standardized examination or an examination prepared within the department. The student attempting to earn credit by examination shall, upon receiving his score for the examination, consult with the Department Chairman and determine which one of the following options will be selected.

1. For a regular grade.
2. On a credit-no-credit basis whereby the student receives credit and no grade for the course if he passes the examination or no credit and no grade if he fails the examination.

E. ATTENDANCE AND ABSENCE FROM CLASS

Students are responsible for their attendance in the courses for which they are enrolled. No absences, whether approved by the University for participation in university sponsored activities, or necessitated by sickness or other personal emergency, are "excused" in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence. It is his responsibility to arrange with his instructors to make up work which he is forced to miss.

A student who has been absent from a meeting of a class has lost some of the content of the course, regardless of the cause of the absence. If any student accumulates absences to the extent that further participation in the class seems to be of little value to him and detrimental to the best interests of the class, the instructor shall warn such student that further absence may cause him to fail the course.

F. GRADING SYSTEM

A—Distinguished work—Four quality points per hour.
B—Superior work—Three quality points per hour.
C—Average work—Two quality points per hour.
D—Passing but unsatisfactory work—One quality point per hour.
F—Failure—No quality points per hour.
P—Pass—No quality points.
CR—Credit—No quality points.
NC—No Credit—No quality points.
I—Incomplete.
W—Withdrawal—No quality points.
S—Satisfactory—No quality points.
U—Unsatisfactory—No quality points.
AUD—Audit—No quality points.
NR—No record.
NG—Non-gradable.

The grade of incomplete can be given in cases where the student's work has been satisfactory up to the last three weeks of the semester. The returning student must contact the instructor and consider the following options:

1. Make up the work within the first half of the current semester.
2. Request of both instructor and department chairman an extension of time.
3. Retake — repeat the courses.
4. Request that the Incomplete be changed to a W.

If the student fails to contact the instructor by mid-semester, the instructor can, at that time, change the Incomplete to a "W" or elect to extend the Incomplete into the next semester. Within that next semester if the student contacts the instructor, the procedure outlined above can be followed.

A student who receives a grade of 'F' in a given course (if the course is still offered), may elect to retake that course to raise the grade. In respect to a course in Independent Study where the instructor refuses to permit the student to retake the study, where the student cannot secure permission from another instructor to accept the program of study; or, where the instructor has left the institution, the grade of 'F' upon recommendation of the department chairman, reverts to a 'W'.

A student who received a grade of D in a given course may repeat that course to raise his grade, if in the meantime he has not taken an advanced course for which the first course is prerequisite. Degree credit for courses so repeated will be given only once but the grade assigned at each enrollment shall be permanently recorded.

Courses in which a student receives a grade of "D" or "F" may be repeated/retaken only once. If a student receives a grade of "D" or "F" a second time, the course cannot be repeated at Boise State University. Independent studies, internships and student teaching may be taken only once and are not repeatable. A grade of "C" or better must be attained in the course if required in the student's major area.

G. CLASSIFICATION OF STUDENTS

After registration students are classified as Freshmen, Sophomores, Juniors, Seniors or Graduate.

Freshman—From 0 semester credits through 25.
Sophomore—From 26 semester credits through 57.
Junior—From 58 semester credits through 89.
Senior—90 semester credits and over, but has not received B.A. Degree.
Graduate—Has received B.A. degree.

A student enrolled for 8 semester hours or more will be considered a full-time student for fee paying purposes only. See Page 11 for further information.

A student who is carrying less than 8 hours will be classified as a part-time student.

H. ACADEMIC PROBATION

A student whose academic work indicates that he cannot continue in the university with profit to himself and credit to the institution will be placed on academic probation, and if he continues on academic probation at the end of his next semester of attendance, he will be subject to dismissal from the university.

I. ACADEMIC PROBATION DISQUALIFICATION

A student whose academic work indicates that he cannot continue in the university with profit to himself and credit to the institution will be placed on academic probation, and if he continues on academic probation at the end of his next semester of attendance, he will be subject to dismissal from the university.

J. Academic Probation

A. At the end of a semester (fall, spring, or summer) undergraduate students who do not attain the cumulative grade point average required for the number of hours attempted are placed on probation for the next semester of enrollment.
I. ADMISSION ON PROBATION

Students wishing to transfer to Boise State University from other colleges and universities must have a GPA of 2.00 or above on all prior collegiate work-completed or have cleared the probationary provision outlined in the preceding section H, Academic Probation and Disqualification.

II. Disqualification

A. After being placed on academic probation, if a student continues on academic probation at the end of his next semester of attendance, he will be disqualified and dismissed from the university unless his/her GPA for the most recent semester of enrollment was 2.00 or higher.

B. In the event a student's cumulative GPA is below the minimum required but his/her GPA for his/her most recent semester of enrollment was 2.00 or higher, the student will be on continued probation.

III. Reinstatement

A. After being disqualified and dismissed from the university a student may be reinstated by submitting a petition to the academic dean of the school he/she was dismissed from and receiving favorable action on his/her petition.

B. Students who attend another institution while disqualified must meet the same standards as continuing Boise State University students when applying for readmission.

C. Students who are disqualified and reinstated by favorable action on their petitions are reinstated on academic probation.

IV. Repeated Disqualification

A. If, after being reinstated, a student fails to achieve either a 2.00 GPA during his next semester's enrollment or the minimum GPA required by his/her hours attempted, the student will receive another repeat disqualification.

B. If a student receives a repeat disqualification, he/she will be dismissed from the university and cannot be reinstated to the university except by petition to and favorable action from his/her academic dean.

C. Students on repeat disqualification who are reinstated by favorable action on their petition must earn a minimum GPA of 2.00 for the semester reinstated or must raise their cumulative GPA equal to or above the minimum required or they will receive an additional repeat disqualification.

V. Forgiveness for Failing Grades

A student who has not been enrolled in a college or university as a full-time student for a period of two consecutive years may upon returning full-time to Boise State University credit status and completion of a semester of full-time work (12 hours or more) with a GPA of 2.25 for that semester make application to the dean of the school for removal of any "F" grade given by Boise State University. With approval of the dean of the school in which the student is majoring, the GPA will be recomputed to include all grades with the exception of those dismissed. No change will be made on the transcript of record. Application for changing an "F" grade must be made no more than two semesters after full-time re-enrollment at Boise State University.

VI. Restrictions

Students who have been disqualified are ineligible for participation in University-sponsored extracurricular activities until they are back in academic good standing (see Eligibility for Extracurricular Activities section of the BSU Student Handbook).

J. CHANGE IN REGISTRATION

1. STUDENT PROGRAM CHANGES

Students may make the following registration and program changes by securing a "Change in Registration" form and signature from their Advisor and then the endorsement of each professor involved in the change. The completed "Change in Registration" form must be filed with the Registrar's Office. No registration or program change is effective until dated and signed by the Registrar's Office.

A. Adding A Course:

Students may ADD a course(s) from the second (2) day through the tenth (10) day of classes without the written consent of the professor. A "Change in Registration" form must be secured and signed by the Advisor and a "Class Card" obtained from the Academic Dean's Office. Detailed procedural information and instructions are printed on each semester in the "Class Schedule."

1. Beginning with the eleventh (11) day of classes until the end of the tenth week of classes, students must secure the consent and signature of the professor and their advisor to add a course(s) for credit.

2. No student may ADD a course(s) after the last day to make registration and program changes (the end of the tenth week of classes).

B. Dropping A Course:

Students may DROP a course(s) by following the same procedures listed in Regulation J., 1., A., above until the end of the tenth week of classes without penalty for failing work. All grades will be recorded as a "W" (withdrawal).

1. No student may DROP a course(s) after the last day to make registration and program changes (the end of the tenth week of classes), except for verifiable emergency and/or medical reasons.

2. All appeals/petitions for an emergency and/or medical withdrawal from a course(s) will only be made through the Dean of Student Affairs & Special Services (for a complete withdrawal from the University see Regulation J., 2.).

3. Students who remain enrolled in a course(s) after the last day to make registration or program changes (see Academic Calendar for specific date) and who fail to complete the course requirements shall be awarded a final grade of "F."

C. Audit/Credit:

Students may change their status in a course from CREDIT to AUDIT or from AUDIT to CREDIT by following the same procedures as adding a course (Regulation J., 1., A., above) until the end of the tenth week of classes (see Academic Calendar). No student may change from or to Audit after the last day to make registration or program changes.

1. Students who change their status in a course from AUDIT to CREDIT must pay the difference in course credit cost. All changes must be initiated by the student.

2. Students who change their status in a course(s) from CREDIT to AUDIT during the first four weeks of a semester may request a refund of the difference between Audit registration fees and Credit registration fees. Any refund will be prorated in accordance with the University's refund policy pertaining to general fees.

D. Late Registration:

Individuals who file an "Application for Admission" after the cut-off dates for "Pre-Registration" and "Open-Registration" may register for courses that are still available during the two week late registration period following the first day of classes by reporting to the Dean of Admissions Office Information Window for instructions.

1. Individuals who wish to register after "Late Registration" ends and before the last day to make registration or program changes must:
   a. Obtain a "PETITION FOR PERMISSION TO MAKE CHANGES AFTER DEADLINE DATE" form from the Dean of Admissions Office Information Window;
ACADEMIC INFORMATION

b. Confer with each professor for their permission and signature;
c. secure the final approval from their Department Chairman or Academic Dean;

2. No “Registration by Petition” will be accepted after the last day to make registration or program changes (see Academic Calendar for the specific date).

2. COMPLETE WITHDRAWAL FROM THE UNIVERSITY

Students who wish to leave the University in “Good Standing” (complete withdrawal from all courses) must initiate an official request through the Dean of Student Advisory & Special Services Office. Vocational-Technical students must clear with the Vocational Counselors prior to reporting to the Dean of Student Advisory & Special Services Office.

2. Students who remain enrolled in the University after the last day to make registration and program changes and who fail to complete course requirements shall be awarded a final grade of “F”.

B. Faculty Initiated Withdrawal:

Although the primary responsibility for withdrawing from individual courses rests with the individual student, the professor may, in certain situations, initiate a withdrawal.

1. If the student registers for the course but never attends.
2. If the student registers for the course, attends briefly, and then neglects to withdraw from the course.
3. If a student registers for the course on an Audit basis but never attends, or attends for only a brief period of time.

In cases of a faculty initiated withdrawal the professor will notify the Office of the Vice President for Student Affairs of the impending action. The Vice President for Student Affairs Office will then notify the student. If no further effort is made by the student within two weeks after notification, the professor may then initiate the withdrawal. Normally, faculty are requested to initiate the withdrawal from class by the mid-semester report date in order to allow two weeks for notification of the student.

3. RIGHT OF APPEAL:

In cases where a strict application of these regulations seem — In the opinion of the professor, advisor, or student — to work an unreasonable hardship, the Dean of Student Advisor and Special Services is authorized to grant exceptions.

All changes in registration, program, or to an individual student’s cumulative academic record are the responsibility of and must be initiated and approved by the student concerned.

K. COURSE PREREQUISITE WAIVER

Specific course prerequisites may be waived upon written approval of the Dean of the School in whose area the course is offered. A student seeking to have prerequisites waived must justify his request on the basis of background, education, and experience to the satisfaction of the Dean of the School.

L. CREDIT FOR PREREQUISITES NOT TAKEN

Students who have a sufficiently high GPA or ACT score, who pass a Departmental Placement examination, or have the approval of the department chairman may take designated courses without having completed the listed prerequisite.

Students who receive a grade of “C” or better for a course in which they have not taken the prerequisite course(s) will be given credit with a grade of “S” for that course(s) when the following conditions are fulfilled:

1. The student may make application for this credit only after the final grade for the advanced course is officially recorded.
2. The student, in consultation with his advisor, must initiate the application, using the appropriate form and following the proper procedure.
3. Department chairmen and deans will determine for which course(s) this credit is appropriate.
4. In some cases, as determined and required by department chairmen and deans, an examination covering the content of the prerequisite course(s) must be passed by the student before the credit with a grade of “S” is awarded.

N. UNDERGRADUATE ENROLLMENT IN 500-LEVEL COURSES

Undergraduate students at Boise State University may apply up to a total of two 500-level courses (they would enroll under special status) toward the credit requirements for their undergraduate degree. Undergraduates in 500-level courses must have senior standing. 500-level courses may be applied to the required 40 hours of upper-division credits.

O. VETERANS

The VA requires veterans who request G.I. Bill benefits to submit official transcripts from all previously attended colleges, whether the veteran is full or part time.

Veterans attending under the G.I. Bill (Chapter 34) or under the Dependence Educational Assistance (Chapter 35 — widows, orphans and children of 100% disabled veterans) can apply for their benefits through the Office of Veterans Affairs on the B.S.U. campus.

Those attending under Chapter 31 (Rehabilitation Program) must present an Authorization of Entrance or be charged tuition and fees. Upon presentation of this Authorization, complete refund will be made.

Veterans (Chapter 34) and Eligible Persons (Chapter 35) who plan to attend on the G.I. Bill must, upon registration, pay all required charges. Veterans (Chapter 31) must complete, upon registration, an Authorization of Entrance.

Twelve credit hours for undergraduate students and nine credit hours for graduate students will be considered full time for educational benefits by the Veterans Administration. For undergraduate students receiving financial assistance, the number of courses to be considered full time is determined by the number of required courses for the degree and the amount of credits required by the VA Regional Office to certify attendance.

Undergraduate students at Boise State University may apply up to a total of two 500-level courses (they would enroll under special status) toward the credit requirements for their undergraduate degree. Undergraduates in 500-level courses must have senior standing. 500-level courses may be applied to the required 40 hours of upper-division credits.

Veterans enrolled in graduate programs are required to file a Program Development Form with the Graduate Admissions Office. Only those courses that are applicable for the degree objective will be considered in determining VA educational payments.

Veterans pursuing a second baccalaureate degree must have an official evaluation. Official copies of the evaluations are furnished to the VA Regional Office, the veteran, and Boise State University. Only those courses that are applicable for the degree objective will be considered in determining VA educational payments.

The following schedule will be followed in certifying veterans to receive benefits from the Veterans Administration.

1. If the veteran is a graduate student, his benefits will be determined by the number of graduate hours he enrolls for according to the following schedule:

**P. SERVICEMAN’S OPPORTUNITY COLLEGE**

The necessary mobility of people in military service has always been an obstacle to the completion of an educational program. The Serviceman’s Opportunity College Program (SOC) represents a network of nearly 300 institutions of higher learning that recognizes the needs of servicemen and women and have indicated their intention to cooperate as to policies on admissions, transfers of credits and residency requirements. Their participation in an organized effort geared to opportunities for program completion represents a new commitment to education.

Boise State University endorses the Serviceman’s Opportunity College with the following qualifications:

1. Entrance into this program by a serviceman will be through a signed agreement between the student and the University, specifying responsibilities of both the student and the University.
2. The agreement shall terminate six years from date of approval or six months after serviceman’s separation from active duty; whichever comes first.
3. The agreement (and thus the SOC Program) will be made available to only those servicemen who have successfully completed (with a GPA of 2.25 or above) fifteen (15) or more hours of college credit through B.S.U.
4. Residency requirements other than the initial 15 hours prior to the signing of the contract will be waived.
5. Acceptance of any serviceman into the SOC Program is contingent upon the agreement of the given department in which jurisdiction that program lies.
6. No school or department shall be compelled to offer a SOC Program — such programs are voluntary.

For information concerning the G.I. Bill contact the Office of Veterans Affairs in Adm-114, (208) 386-1879.

**Q. TRANSFER OF VOCATIONAL TECHNICAL/Academic Credits**

1. Block transfer of vocational-technical and/or academic credits:

   - Block transfer of vocational-technical credit from accredited or State approved vocational-technical schools in the State of Idaho into specific departmental program or general elective credit at Boise State University may be awarded as determined by the appropriate academic department and approved by the college.
   - Similarly, block transfer of academic program credit from an accredited institution of higher education into a specific vocational-technical program at Boise State University may be determined by the appropriate division, department, or committee.
   - No grade shall be assigned and such transfer applies only to the agreed upon transfer program.

2. Transfer of equivalent vocational-technical course credits and/or academic credits:

   - Credit for specific vocational-technical school courses may be awarded when equivalency has been validated by the appropriate academic department and approved by the college offering the equivalent course work.
   - Vocational-technical school credit may be awarded for specific academic course credit when the equivalency has been determined by the appropriate vocational-technical education and department offering the equivalent course work.

3. Transfer of non-equivalent vocational-technical and/or academic unit course credits:

   - Reciprocal exchange of non-equivalent prior learning such as course work training or work experiences towards vocational-technical and academic institutions shall be at the discretion of the appropriate division or department.

If a student transfers from one program in vocational-technical education or an academic program to another, the receiving department or division will reevaluate the appropriateness of such vocational-technical training or experience and/or academic course work.

**R. DEAN’S LIST**

Every student who has attempted 12 or more credits of academic work and achieves a good grade point average of 3.5 or higher receives “Dean’s List” recognition. An individual with a grade point average of 3.50 to 3.74 receives an “Honors” designation; a person with a 3.75 to 3.99 grade point average receives a “High Honors” designation; and a person who achieves a 4.00 grade point average receives a “Highest Honors” designation.

**STUDENTS UNDECIDED ON MAJOR**

Many students have not determined a major field of study at the time they enter college and wish to enroll in general courses until such time as they decide upon a major. Often it is not necessary to determine a major until the beginning of the junior year.

The following course suggestion for the freshman year includes those basic requirements for a Bachelor of Arts Degree. Within this program a student may choose from several courses listed in each area. An elective course should be chosen from the School of Business. These courses will be counted toward graduation either as electives or possibly as requirements in the major field once it has been chosen. For minimum requirements on the Bachelor of Arts, Bachelor of Science, Bachelor of Business Administration, Bachelor of Music, and Bachelor of Fine Arts Degrees, please refer to page 22 of this bulletin.

GRADUATION REQUIREMENTS

GRADUATION

A student must make formal application for graduation by filing with the Registrar the application form which is obtained at the Registrar’s Office. Normally this application should be submitted two semesters before the contemplated graduation and upon the completion of 70 credit hours.

Requirements for graduation are checked in accordance with the requirements of one university catalog. A student is not permitted to combine programs from different catalogs, but he may choose to graduate on the basis of the catalog of any year in which he has been registered providing that said catalog was in effect not more than six academic years prior to the year of graduation.

NOTE: PRE-LAW CURRICULUM

Boise State University does not prescribe a pre-law curriculum; the student’s plans should be based on his own interests and his own personal objectives in studying law. In general, the pre-law student should place emphasis not only on the acquiring of knowledge of the fundamental elements which define the nature and character of society but also on the development of methods of study, thought, and communication. Present-day law students have undergraduate degrees in political science! English, business, natural science, history, linguistics, communications and a host of other disciplines.

For additional information, see the current PRE-LAW HANDBOOK, published annually in October and prepared by the Law School Admission Council and the Association of American Law Schools. This book includes material on the law and lawyers, pre-law preparation, application to law schools, and the study of law, together with individualized information on most American law schools. It may be ordered from Educational Testing Service, Princeton, New Jersey.

### COURSE NUMBERING

Courses within the major code groups are numbered on the basis of the following:

- 000-099: Terminal credit and non-credit courses (including remedial, evening vocational, and adult education courses). These courses do not apply to degree programs.
- 100-199: Freshman level courses
- 200-299: Sophomore level courses
- 300-499: Upper division level courses
- 500-above: Graduate level courses

Upper division level courses, numbered at the 300 or 400 level may be given g or G designation to carry graduate credit. The designations have the following significances:

1. **g courses**: carry graduate credit only for graduate students in majors outside of the area of responsibility of the department or school.
2. **G courses**: carry graduate credit for students both in the department or school, and for other students as well.

Throughout the catalog, where course descriptions are given, a hyphen between course numbers indicates that the first numbered course is a prerequisite to the second numbered course; a comma between course numbers indicates that either course may be taken independently of the other.

### UNIVERSITY-WIDE COURSE NUMBERS

#### UNDERGRADUATE

The following college-wide standardized course numbers and titles are available to each department offering a major.

Independent study (188 and 496) must be arranged between student and teacher on an individual basis. The course description will not appear in other sections of the catalog. Individual conference, workshop and special topic courses (294, 297, 494, 497) will be described in the “Class Schedule and Registration Information” brochure published each semester.

188 Honors Independent Study (1-3 credits).

293-493 Internship (Variable credits).

294-494 Conference or Workshop (0-4 credits).

494 Seminar (1-4 credits).

#### GRADUATE

The following numbers may be used by any department, with variable credit, to offer credits for the type of activity indicated in the titles and explanatory notes. Limits on the amounts of credits of any one type (i.e., any one number category) which may be applied on a given degree will be set by the graduate council. The supervising professor or committee will determine for any student those credits of the standardized type which may apply to his individual program.

580-589 Selected Topics

The intention is that the subjects normally offered and studied in any one area will be divided into no more than 10 areas. One or the other must be assigned a given area on a permanent basis. The topics considered in the courses in any one area will generally vary from semester to semester, but repeated use of any one number will always imply that the topics continue to be selected from just one area.

- 550 Practicum
- 591 Project
- 592 Colloquium
- 593 Thesis
- 594 Extended Conference or Workshop (Graded A through F)
- 595 Reading and Conference
- 596 Directed Research
Master's programs at Boise State University may include directed research credits, at the discretion of the graduate student's supervising committee or professor, through a limit of (9) semester hours, with no more than (6) credits in any one semester or session.

| 597 | Special Topics |
| 598 | Seminar |
| 599 | Short Term Conference or Workshop (Graded Credit or No Credit) |

Generally, the 599 number is used only for courses meeting 3 weeks or less, and 594 for courses meeting more than 3 weeks. The decision, however, is made in all cases by the department or school making the schedule.

**INTERDISCIPLINARY COURSES**

The following interdisciplinary courses are identified with more than one school or department.

HP 198, 298, 398, 498 Honors Seminar (1 credit). A seminar involving interdisciplinary lectures and discussion for Honors Students. Topics are selected by the students. Credit or no credit will be given rather than letter grade.

HP 100, 200, 300, 400 Summer Readings (1-3 credits). An opportunity and incentive for students to continue their studies during the summer when they are away from campus and faculty. Students must select their area of interest, contact a faculty supervisor, and coordinate through the Honors Program Director concerning testing and credit for the work prior to the end of spring semester. Students will register during fall registration and will complete written and oral testing as required no later than October 15 in order to receive credit or no credit.

HP 492 Honors Colloquium (3 credits). Upper-division Honors students bring the background of their own major to a multi-disciplinary forum. Letter grade given.

SG 188, 496 Student Government Independent Study (1-3 credits). Students who are currently serving in major student government offices may avail themselves of Independent Study in Student Government. This study will be coordinated by the Vice President for Student Affairs and may be taken in any department of the college provided an instructor is willing to direct the study. Students who are eligible for this study are (1) the Major Elected Officers (President, Vice-President, Treasurer), (2) Major Appointed Officers (Business Manager, Publicity Director, Administrative Assistant to the President, and Personnel Officer), and (3) Senators. Credits may not exceed three in any one semester or six in one academic year. A maximum of nine credits will be accepted towards graduation.

GS 501 History (3 credits). (Course description Part IV of catalog).

**RELIGIOUS INTEREST COURSES**

Since religious thought permeates nearly all disciplines of study, the University does not have a single department of religion. However, numerous departments within the University are examining the impact of religion as part of their academic quest for knowledge and understanding of the human condition.

Courses offered at Boise State University that emphasize the place and impact of religion in the study of civilization are listed below. The courses are open to all students on campus.

In addition, various departments offer special topic courses which emphasize the religious aspects of civilization. Students are advised to read carefully the class schedule each semester to check on the availability of such courses.

STUDENT AFFAIRS

OFFICE OF THE VICE PRESIDENT FOR STUDENT AFFAIRS

The office of the Vice President for Student Affairs coordinates the activities of the University that provide direct service to the student. All services are considered supportive to the instructional program and are designed to provide direct assistance to students in the attainment of their immediate and long range educational goals.

The staff of the Vice President for Student Affairs administers a student services program encompassing student government, housing, organizations and activities, health, Student Union, counseling, financial aids, and career planning and placement, admissions, and registration.

OFFICE OF STUDENT ADVISORY AND SPECIAL SERVICES

The Dean of Student Advisory & Special Services office provides general, personal, and educational advising, counseling, and assistance to all students.

Advisory Services encompasses the development and guidance of supportive activities for individual groups of students in the areas of handicapped, disadvantaged, women's, and minority affairs. Assistance is also offered to international students, veterans, and other special students.

Special Services include the coordination and supervision of the Office of Veterans Affairs (OVA), the Educational Talent Search satellite office (ETS), the University Tutorial and Study Skills Referral program, publication of the BSU Student Handbook, the Servicemens Opportunity College program (SOC), and the Campus Locator File. Facilities and liaison are also provided for the Veterans Administration's "Veterans Representative on Campus" program.

ALL COMPLETE WITHDRAWALS FROM THE UNIVERSITY as well as student petitions, special requests, appeals, and referrals are initiated and cleared through this office. (See page 28 of this bulletin).

VETERANS AFFAIRS

The Office of Veterans Affairs provides services and assistance to all student and non-student veterans living within the University's normal service area. The Veterans Coordinator and his staff are responsible for an Outreach program of informing and advising all veterans of their eligibility for educational and other G.I. benefits. The office is responsible for establishing remedial, tutorial, and motivational education programs and for referring veterans to other campus and/or community agencies for counseling and special assistance.

TUTORIAL ASSISTANCE

Student Advisory & Special Services provides tutorial services for many lower division and some upper division courses. Tutors are trained to work with individuals and small groups of students in need of additional help outside of the classroom. There are four "Drop-in-Center" areas located on campus for tutoring Mathematics, English, Foreign Languages, and Science courses. All other subjects tutored on a one-to-one basis would use the same facilities. All tutoring is free to B.S.U. students provided they use the certified tutor paid by Student Advisory & Special Services. A "Referral System" has also been established whereby the student can arrange their own tutorial time schedule and pay the tutor out of their own funds.

EDUCATIONAL TALENT SEARCH

A satellite office of the Educational Talent Search program has been established in Student Advisory & Special Services to aid low income youth (ages 14-27) in gaining entrance to the post-secondary school of their choice. Assistance is given in completing the necessary admissions-application forms and securing financial assistance.
The Student Union Building is designed to offer students, faculty, staff, and the community a wide variety of facilities for social, recreational, study, dining, and meeting needs. Services available on the first floor of the Union are the snack bar, information center, which handles ticket sales to Boise State activities, Scheduling Office, a full-service Bookstore, and Barbershop. Also located on the first floor is the games area which has a six lane bowling alley, pool tables, coin machines, a quiet games area, rental equipment area, and a special outdoor recreation program.

Two spacious student lounges are available, one located on the first floor and one on the second floor. Both are equipped with fireplaces and provide a view of the entire campus. On the second floor of the Union are numerous meeting rooms and banquet facilities, a T.V. lounge, the Main Dining Room for boarding students, and the Ball Room with a capacity of 900 and offices for the Student Activities and Student Union Director, Associated Students, student organizations, Arbiter (student newspaper), and Alumni Office.

The third floor of the building consists of an elegant student lounge — "The Lookout" — with a panoramic view of the city of Boise, the campus, the mountains, and the Boise River.

The Student Union is governed by the Student Union Board of Governors, which consists of ten student members, three faculty members, six administrative members and an Alumni representative. The Board recommends policy to the President regarding building usage and general programs. A full-time Director and staff are employed to operate the Student Union Building and coordinate the student activities and organizations program.

YOUR CAMPUS STORE

Located on the first floor of the Student Union Building, the Campus Store supplies all textbooks, study aids, general school supplies and other necessary campus merchandise. Students may also buy paperbacks, magazines, toiletry items, cosmetics, stationary, clothes, novelty items, candy, art supplies, and a variety of other commercial items. The BSU Campus Store also provides a check cashing service, key duplicating, rubber stamp making, xerox copying, and photo service for all members of the University community.

The management advises students to buy the textbooks required for their classes within 20 days after registration because excess books have to be returned to the publishers within a specified period of time after the beginning of classes. If students wait too long to buy their books they may find there are no textbooks available at the store.

The store has an excellent security system and shoplifters are prosecuted.

The Campus Store is open Monday through Friday from 8 a.m. to 5 p.m. with hours extended during the beginning of each semester.

HEALTH SERVICE

The Student Health Service assists the academic goals of students by providing health education, preventive medicine, and therapeutic care. We attempt to help the student achieve optimal health with quality medical care at a reasonable cost.

All full-time students should be familiar with the location of the Health Service, 2121 University Drive. It is directly across from the Campus School. The health fee entitles the student to receive medical care and consultation during regular clinic hours. Additional community services are utilized when necessary. Some services deemed to be the responsibility of the student, and not included in the health plan, are dental care, eye glasses, allergy tests, routine physical examinations, and obstetric delivery.

The Student Health Service exists for full-time students only. Inquiries regarding services rendered can be made directly to the Student Health Service, Boise State University, 385-1459.

COUNSELING AND TESTING CENTER

The Counseling and Testing Center is designed to help students who have personal, education, vocational and social problems. Professional counselors work with the student in a setting that allows confidential discussion of the student's concerns. This service is based on the premise that many normal individuals have, at times, problems they cannot resolve alone. The student may concentrate on a specific problem or he may work on his general adjustment to the academic life. Psychological and occupational tests may be used for self-evaluation and information.

Any halftime (6 credits or more) or fulltime student is eligible for counseling or testing. Appointments may be made by phone — extension 1601, or in person at the Counseling and Testing Center, sixth floor, Education Building.

ALUMNI AFFAIRS OFFICE

The Alumni Office is located on the second floor of the Student Union Building. The function of the office is to coordinate activities of the Boise State University Alumni Association, a voluntary organization incorporated in 1967. Membership includes all individuals who have completed two semesters or more and entitles them to receive alumni news publications, placement services, use of the Student Union, Library and swimming pool facilities. The objectives and goals of the association are to maintain contact with graduates and former students and to promote their interest in and support of the University. The office publishes a newsletter and periodical mailings keep the alumni informed of campus activities. All members are urged to keep the Alumni Office informed about changes of address, employment status, marriages, births, and other information of interest to fellow class members. Students and alumni are welcome to visit at any time during office hours.

SORORITIES AND FRATERNITIES

Four national sororities and three national fraternities are actively involved in promoting the very best for you on the Boise State University campus. Membership offers opportunities for scholarship development, social activities, personal growth, and leadership skills.

Membership is open to all full time students. The average cost for four years is less than 5% of a student's total college educational expense.

"Rush" is the term that fraternities and sororities use to describe the process of choosing new members. Although many rush activities take place before school starts, fraternities and sororities do actively seek new members throughout the school year.

If you plan to attend fraternity or sorority rush before school starts and are uncertain about fall permanent housing, please reserve a room in the dormitory as you will be allowed to cancel your dormitory contract during the first 2 weeks of the fall semester, if you chose to live in the fraternity or sorority house. As a general rule, it is not necessary to live in the fraternity or sorority house to belong to the organization.

All fraternity's and sorority's chapter houses are located within a mile radius of campus. Room rates are approximate to those of university owned residence halls. Extra costs include initial affiliation expenses, social fees, and in some instances, building fund charges.

CAREER AND FINANCIAL SERVICES

Career and Financial Services provides a program of advising and assisting students regarding financing their education, determining what they want to do when they graduate, and obtaining career employment upon graduation. The office is located in Room 117, Administration Building.

I. Career Services

Career and Financial Services provides career planning and placement assistance to students and alumni. This equal opportunity service includes:

1) Career Planning and Information

Professional staff are available to provide information and assistance regarding career choice and placement opportunities.
Career and Financial Services maintains a career resource center in room 124, Administration Building, containing a growing library of career information, recruiting literature, the College Placement Annual, and other career references.

2) Credential Service

By establishing a placement file with Career and Financial Services, students may assemble a permanent file containing vocationally significant data at a time when instructors and administrators remember them best. Once a file is established, copies may be sent to prospective employers. Students are encouraged to establish credential files early in the year they plan to graduate.

3) Placement Assistance

Students and alumni are also welcome to interview with the employers recruiting on campus. Each year, representatives from business, government, and educational institutions arrange for interviews in the Career and Financial Services office. Many other employers list various positions through the office. Numerous directories are available to help identify possible employers.

II. Financial Services

Boise State University has a comprehensive financial assistance program which includes a variety of types of scholarships, loans, grants, and part-time employment.

PURPOSE AND POLICY

The primary purpose of financial aid is to provide financial assistance and counseling to students who would be unable to attend Boise State University without such help. Financial aid is available only for filling the gap between the student's potential resources and yearly educational expenses. The primary responsibility for meeting educational costs rests with the individual student and/or parents.

APPLYING FOR AID

If a student is a U.S. citizen or permanent resident, enrolled on at least a half-time basis (6 semester credit hours) at Boise State University AND shows financial need, the student is eligible for financial aid.

APPLICATION DEADLINES

THESE DEADLINES ARE EXTREMELY CRITICAL. If all documents required have not been received by the deadlines indicated, consideration for aid will be on a first-come, first-served basis only in the event there are remaining funds.

1. FINANCIAL AID FORM (FAF) — submit to College Scholarship Service (CSS) in Berkeley, California, along with a processing fee — allow 3-4 weeks for processing. If the individual is applying for Basic Grant only, no fee is charged.
2. IDAHO APPLICATION FOR FINANCIAL AID (IAFA) — submit along with FAF to CSS.
3. (Optional) BSU APPLICATION FOR SCHOLARSHIPS — submit to Career and Financial Services. This form is necessary to apply for most scholarships offered through the University. "Boise State Scholarships" brochure lists those scholarships offered and is available from Career and Financial Services.
4. Students who have attended another college or university must submit a financial aid transcript from all schools attended.

IDENTIFICATION OF SELF-SUPPORTING (INDEPENDENT) STUDENT

Under Federal regulations a student is eligible for consideration as an "independent student" for Federal student financial aid who:

SUMMER SESSIONS

The University has financial aid available on a restricted basis during the summer. Priority for summer funds is given to continuing students. Students in need of financial aid who are planning to attend summer sessions should consult Career and Financial Services advisors when summer plans are being made.

INTERNATIONAL STUDENTS

Foreign students, in order to be granted student visas, must demonstrate that they have resources for the entire period of university attendance. Therefore, they are not eligible for University financial assistance except under unusual circumstances. In these special cases they may be considered for part-time, on-campus employment if local funds are available, but only after they have satisfactorily completed at least one academic semester. They may also be eligible to apply for a waiver of non-resident tuition after one year. Emergency loan funds are available upon recommendation of the Foreign Student Advisor and approval by Career and Financial Services. Repayment to the University within a specified time is mandatory. Off-campus employment requires recommendation of the Foreign Student Advisor and explicit permission of the U.S. Immigration Service. In all cases, the process for any assistance must be initiated with the Foreign Student Advisor.
IDAHO RESIDENT HIGH SCHOOL SENIORS

OTHER SOURCES OF AID
FEDERALLY INSURED STUDENT LOAN (7 percent Bank Loans)—The Federally Insured Student Loan program provides guaranteed loans made by authorized lenders to students. Loans are made at the discretion of the lender. Career and Financial Services will provide appropriate forms and advise applicants which lending institutions in the area are participating. Portions of loan forms must then be completed by the Career and Financial Services Office.

STUDENT HOUSING

STUDENT RESIDENTIAL LIFE

The Office of Student Residential Life is responsible for all operations and programs related to the residence halls, married student and family housing, and off-campus living concerns. The Office implements and initiates the University's housing policies and procedures. This office selects residence hall staff and maintains an ongoing training program. Advising is provided for the Residence Hall Association, as well as for Inter-Hall Judicial Boards. The Office also serves in a counseling capacity for individuals and groups.

The Office also supervises all married student and family housing: plans for redecorating, maintaining, and furnishing of all University housing facilities; promotes the listing of public housing with the University for student use; supervises the records kept of available and occupied residence hall facilities and community housing.

UNIVERSITY RESIDENCE HALLS

Boise State currently maintains four residence halls with accommodations for approximately 760 students. They contribute to and encourage participation in the total college experience. The women's residence halls (the Towers and Driscoll) will accommodate approximately 378 students while the men's residence hall (Chaffee) is designed to house 300 students. The coed hall (Morrison) provides living facilities for 78 men and women.

The Towers, located on the west end of the campus, have seven stories and accommodate 378 students. The Towers are centrally located and include lounges, and laundry facilities. There are four students in each room with individual room bathroom facilities.

Driscoll and Morrison Halls, located on the Boise River, are virtually identical, with 48 single and 15 double rooms arranged into ten suites from six to eight students.

Morrison Hall is coed, with the men and women living in opposite wings separated by lounges and laundry facilities. The hall is restricted to upper-class students or students over 21 years of age. All residence halls are provided with study lounges and laundry facilities. All residents are required as part of the housing contract to take their meals in the Student Union dining room.

CONDITIONS FOR TERMINATING THE CONTRACT
(]fter Occupancy)
Students who wish to break their contract prior to the end of the

1. Under all conditions, a Petition to Break Contract must be com-
pleted with the Office of Student Residential Life.
2. Students will not be permitted to break their contract prior to
the end of the academic year unless there are emergency con-

the fall semester.

shall be obligated for the full amount of the room for the duration of
the semester, or until another student from outside of the hall is
assigned to that room, whichever comes first. The only exception to
this is if the student moving out finds a regularly enrolled full-time
student to take his/her place from outside the residence halls; this
option can be exercised only when there is no waiting list.

Bility for repaying the appropriate financial agency from which they
received their funds.

UNIVERSITY AND RESIDENCE
HALL REGULATIONS
All students are held responsible for knowing the University and
Residence Hall regulations and information set forth in the official
catalog and Student Handbook. All University rules and regulations
as well as residence hall regulations are specifically made a part of
this contract by reference.

PROGRAM FEES

having housing priority), date of application and deposit, and
ACCEPTANCE BY THE UNIVERSITY. If a specific person is desired
as a roommate, the two persons concerned should be certain that
their applications are filed at the same date. If no one is required
as a roommate, it is then assumed that the applicant will accept
the person assigned. The preferences indicated by the student on
the application-contract card regarding the desired hall, room size, and

Student Residential Life prior to the above date by telegram,
telephone, or letter.

providing insurance against loss or damage to their own personal
property. The University does not assume responsibility for or carry
insurance against the loss or damage of individually owned personal
property.

OFF-CAMPUS STUDENT HOUSING
Lists of available housing are on file in the Office of Student
Residential Life. The University does not inspect the accom-
modation; parents and students must accept full responsibility for
the selection. The University recommends that students and parents
make written agreements with landlords concerning the obligation
and expectations of each party.

As a matter of policy, assignments to University residence halls
and other housing facilities are made without reference to race, color,
national origin, or handicap, and the University expects privately
owned accommodations offered through its listing service to be
operated in the same manner. Listings are accepted with this un-
derstanding.

SORORITY AND FRATERNITY HOUSING
Sororities and fraternities offer a small group living experience
within the total university — recognized housing program. Func-
tionally, each group is guided by the principles of friendship,
scholarship, leadership, mutual respect, helpfulness, and service to
the university community.

Each fraternity and sorority operates its own house, and
members take charge of their own maintenance, financial manage-
ment, meal planning, and governing and organizing of special events

It is held (after assignment) as a damage deposit and is refundable when the student permanently moves out of the apartment. The total security deposit and application fee ($70.00) is forfeited if 30 days notice is not given before tenant moves out.

   The student comes to the Office of Student Residential Life when their apartment is ready for occupancy, signs the lease, pays the balance of the application fee and security deposit ($40.00) which brings the total deposit and fee to $70.00, plus pays a month's rent and receives confirmation to move into the apartment.

   It is the responsibility of the student to notify the Office of Student Residential Life each semester if they still desire Married Student and Family Housing. If the Office of Student Residential Life does not hear from the student each semester, the student's name will be removed from the waiting list.
