

**ALBERTSONS LIBRARY - BOISE STATE UNIVERSITY  
SPEAKER PERMISSION RELEASE FORM**

It is Boise State University's practice to disseminate and preserve presentations at events sponsored by the Albertsons Library and affiliated organizations.

Albertsons Library events and presentations are recorded, broadcast live via the Internet ("webcast"), or openly disseminated through other available means. The recording may be captioned, cataloged, and made permanently available for viewing through ScholarWorks (scholarworks.boisestate.edu), via Kaltura, an open source, online, streaming video platform, or through a similar platform. The recording may also be used for other lawful purposes of the University, including being reproduced in copies or in derivative works, or distributed, performed, or displayed for such purposes.

Recorded presentations are disseminated with an "Attribution-NonCommercial" 4.0 Creative Commons (CC BY-NC) license, or other similar license. The license will allow others to remix, tweak, and build upon the contributor's work non-commercially, and although the new works must also acknowledge the contributor and be non-commercial, it does not have to license the derivative works on the same terms.

**Statement of Release**

I grant Boise State University a perpetual, royalty-free, fully paid up non-exclusive license to:

- Capture my presentation in video, digital, and/or audio format (the "Recording"). The Recording may be cataloged and made permanently available for viewing through ScholarWorks (scholarworks.boisestate.edu), via Kaltura, an open source, online, streaming video platform, or via any other similar platform.
- Disseminate the Recording with an Attribution-NonCommercial 4.0 Creative Commons (CC BY-NC) license or similar license.
- Use the Recording and any derivative works for any lawful purpose of the University, including but not limited to the development of educational, promotional, or other products.

**Accompanying Materials**

- I grant permission to Boise State University to incorporate my accompanying materials into the Recording of my presentation. I attest and warrant that I am either the copyright owner, have permission to use and to grant the University the permissions contained herein, or the materials fall within the fair use principles of copyright law.

Subject to the full rights and permissions granted to Boise State University in this release, I retain all other rights to my work and presentation. Should I publish or give permission to publish this presentation at a later date, however, I shall indicate that the work was produced as part of the specific Albertsons Library event in which it was presented.

This speaking commitment and copyright release applies to the participation of:
