Comments By The President Of Boise Junior College

It is my considered opinion that there are few cities of comparable size to Boise where excellent musical organizations flourish with such real vigor and quality as we find here. The program offered tonight attests that fact.

The six vocal groups have repeatedly provided interesting and worthwhile programs for the public of this area and the nation. Those who make up these organizations are not satisfied with mediocre programs in either the type of music selected or in the performance of the same. Variety, with quality, well characterizes the vocal music presented this evening.

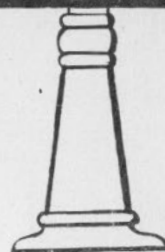

As a community, we are also fortunate in the instrumental groups which perform regularly for us. The orchestras have provided excellent concerts for many years as has the city band. They have provided the opportunity for both youth and adults to continue the musical participation begun in the schools of this city. The participants are motivated by their interest in playing good music for an audience interested in such music.

Eugene B. Chaffee, President

Boise Junior College

BOISE AT NIGHT

From the adjoining hills overlooking the valley, Boise sparkles with millions of tiny diamonds of light, gleaming from homes stretched far into the mist of distance. Boise — day or night — is a city you'll never forget . . . a city you will want to return to again and again . . . a city you'll be proud to call "home."

The Community of Boise

Presents

Under the auspices of

The Northwest Division of the

Music Educators National Conference

Community Night Concert

Henry J. Von der Heide, Director of Music Education

Independent School District of Boise City

... General Chairman ...

Boise Junior College Gymnasium Friday, April 5, 1957 8 p.m.

Greetings From The Mayor Of Boise

As Mayor of Boise City, Idaho, it is my pleasure to extend the greetings of this music loving community to all those attending the Northwest Division of the Music Educators National Conference and to wish you all a pleasant and profitable Conference in our city.

The program you will enjoy this evening is typical of many that will be available to the citizens of this area throughout the year.

Boise is particularly proud of the musical programs of our schools, from the lower grades up through Boise Junior College. I am sure that these programs are responsible for the continued success of our Boise Music Week which has been a very successful annual pageant since its inception thirty-nine years ago. By the way, Boise was the first city in the nation to have a music week which has now become a national tradition.

May I again wish you a pleasant few days with us and may you all have a safe journey to your homes and loved ones at the conclusion of your work here.

R. E. Edlefsen, Mayor
