Student Spotlight

By Alejandro Hortet

Peterson Martins Do Nascimento is an international student from Brazil. He is pursuing a bachelors in Electrical Engineering. Peterson has visited the United States, Argentina, Chile and Colombia. He speaks English, Spanish and Portuguese. After graduation, he would like to work as a software or hardware engineer in Brazil or in the United States. Peterson really enjoys the huge amount of outdoor activities offered in Idaho and really likes the sense of security here.

What Peterson enjoys most about Boise State University is the quality of life. Besides that, he likes the professors who he has had the opportunity to meet; he believes they are outstanding professors in their fields of study. Peterson would like to tell all the future international students at BSU that they need to enjoy each moment of their experience and get involved in as many college activities as possible. He believes studying abroad is a huge life experience.

The Boise State International Insider is a weekly feature of International Student Services, in the Student Diversity Center.
