**ACKNOWLEDGEMENTS**

The recessional music, “Golden Jubilee,” was composed by Dr. Mel Shelton, Professor Emeritus, for Boise State University’s 50th Anniversary (1982).

The Commencement Committee expresses its special appreciation to Ric’s Capital City Florists, Inc. for providing the plants and flowers for the ceremony; PSI for furnishing the audio/visual/lighting for the ceremony; Chappell Studios for providing photographs to the graduates; John Kelly and Carrie Quinney for candid and promotional shots of the ceremony and reception; Jostens and the Boise State Bookstore for regalia orders and sales; Aramark, the Alumni Association, University Advancement and the Presidents Office for arranging the reception; Boise State University Printing and Graphic Services for the design and printing of the program; and the Taco Bell Arena staff whose hard work and dedication make the ceremony run smoothly.

A special thanks goes to Dr. Richard Klautsch, Chair, Department of Theatre Arts, and Ann Klautsch, Special Lecturer, Department of Theatre Arts, for the monumental task of reading the names of each graduate.

Music is under the direction of John King, Director, Boise State University Symphonic Winds.

The honor color guard is provided by the Cadet Bronco Battalion, Army ROTC, Boise State University under the direction of SFC Eugene Hicks.

**ACADEMIC DRESS**

For centuries academic dress has been associated with learning. Its origin is considered to be ecclesiastical, though the gown of the medieval scholar may have developed out of the ordinary civilian costume of an earlier period. The medieval scholar was often a monk, who found the hood and gown a protection against the cold of his cell. The sleeves of his gown were used for carrying his books and supplies.

In the United States, three types of gowns and three types of hoods have been devised for the bachelors, masters, and doctorates, respectively. The square caps are the same, except that the doctorates may be made of velvet and have a tassel of gold.

The distinguishing characteristic of the gowns is the sleeves: pointed and hanging to the knee, for the bachelor; closed (the arm coming through a slit at the elbow), square at the end, extending well below the knee, for the master; full, round, open, bell-shaped, adorned with three bars of velvet, for the doctorate.

The colors on the hoods represent two things: the wearer’s Alma Mater and the department of learning. The lining of silk is in the color or colors of the college or university granting the degree. The trimming of velvet is the color that represents the department of learning in which the degree was obtained. The velvet trimming on a doctorate gown may also be of the departmental color or it may be black.
