DECEMBER 19, 2008

## PRESIDENT'S MESSAGE

Welcome to Boise State University's 2008 Winter Commencement. This ceremony in your honor is our university's finest hour. The years of hard work and dedication have paid off. The challenges set before you have been met after enduring countless late nights, lectures and exams. Another impressive class of Broncos is ready to make its mark on the world.

To the graduates, we are very proud of you and your accomplishments. The university is committed to raising the academic profile of Boise State so that you can continue to be proud of your alma mater. Boise State University is on the map and on the move. The value of the degree you will receive today will grow along with our reputation as a metropolitan research university of distinction.

To the loved ones of the graduates, take pride in the accomplishments being recognized today given the supporting role you have played in the lives of our graduates. Without your love and support, this celebration may not have been possible at all.

Finally, let us all remember that learning does not stop with graduation. The noble, lifelong pursuit of knowledge, enrichment and enlightenment is critical to a full and meaningful life.

Thank you for placing your trust in Boise State University for your higher education aspirations. On behalf of the faculty, alumni, staff and students, let me be the first to offer a heart-felt congratulations and best wishes for a bright future.

*Go Broncos!*

Sincerely,

A handwritten signature in black ink, appearing to read "Bob Kustra". The signature is stylized with a large, looped initial "B" and a long, sweeping horizontal stroke at the end.

## BOISE STATE UNIVERSITY THE NEW U RISING

With record student enrollment, new academic buildings, additional degree programs and an expanding research portfolio, Boise State University is *The New U Rising*. Growth in all these areas has been the defining characteristic in recent years for the largest institution of higher learning in Idaho.

Boise State is in the midst of a transformation that nurtures its traditional teaching strengths while expanding its capabilities in research and scholarly activity. This is not a revolution, but instead an evolution that reflects the integral part Boise State plays in contributing to the quality of life in the Treasure Valley and beyond.

The campus community has embraced this opportunity to grow, change and flourish. Boise State is establishing itself as a

university distinct in the West with the implementation of its Charting the Course strategic vision, Campus Master Plan for facilities, and Initiative for Athletic Excellence.

Boise State has embarked on a mission to become a metropolitan research university of distinction. Its efforts are focused on:

- Providing a quality undergraduate experience
- Offering more graduate programs
- Enhancing and expanding its research mission
- Forging partnerships that contribute to regional growth and development
- Providing a center for cultural and intellectual exchange that enriches the community

Boise State's broad range of undergraduate programs and several highly regarded programs at the graduate level make it an institution that can meet the educational needs of many. Boise State features academic programs in eight colleges: Arts and Sciences, Business and Economics, Education, Engineering, Graduate Studies, Health Sciences, Social Sciences and Public Affairs, and Larry G. Selland College of Applied Technology. Students can study abroad, participate in one of the largest internship programs in the Northwest and work with professors on cutting edge research in a variety of fields.

With an enrollment of nearly 20,000 students, Boise State is a progressive learning-oriented, student-focused university dedicated to excellence in teaching, innovative research, leadership development and community service. These students are benefiting from a renewed emphasis on the undergraduate experience and reaching graduation day better prepared for the challenges of the 21st century.

## STUDENT SPEAKER

**NATALIE GRIFFIN** of Las Vegas, Nevada, is earning a bachelor's degree in health promotion, with honors.

According to professors and peers, Griffin embodies the official title of "Scholar Athlete" at Boise State. Also a recipient of the U.S. Army Reserve National Scholar Athlete Award, she maintained exemplary grades while devoting at least 20 hours a week to the varsity soccer team.

Voted Top Bronco by her teammates more than once, Griffin facilitated half a dozen youth soccer camps, ran educational stations for underprivileged kids on National Student Athlete Day, volunteered as a server and celebrity athlete at multiple fundraisers for the Make A Wish Foundation of Idaho, and acted as a Student-Athlete Advisory Committee liaison to enhance communication between student athletes and university administration. She also interned for the Athletics Department as a fundraising and special events assistant coordinator, helping raise money for and awareness of sports across the board.

While her contributions on campus have been significant, Griffin is equally dedicated to serving the greater community. She gave time and energy over the years to nonprofit organizations including Lift Up America, Race for the Cure and Special Olympics Idaho. Her work experience ranges from developing educational materials for the Idaho Regional Alcohol Drug Awareness Resource Network Center to translating for Spanish-speaking clients of Countrywide Loan Company to collecting donations for low-income families in BabySteps, a prenatal and parenting education incentive program at St. Michael's Cathedral.

Griffin completed a study abroad in Spain and Italy this summer, enhancing her fluency in Spanish and ability to interact with people of different cultures. On the home front, she worked with the YMCA on fitness testing of city employees and the modification and evaluation of a corporate wellness program.

"I would consider Natalie one of the 10 best health promotion students I have had the pleasure of teaching and mentoring over the past 12 years," said Caile Spear, an associate kinesiology professor who nominated Griffin for the honor of speaking at commencement. "She has wonderful initiative, a tremendous work ethic, great positive attitude, enthusiastic personality and is a great role model."

## CEREMONIAL TRADITIONS

The Commencement exercise is a fitting conclusion to a successful academic career and earning of a university degree. The ceremony is based on 800 years of academic tradition handed down from European universities of the Middle Ages. Commencement ceremonies, with their academic gowns, mortarboards, tassels, hoods and maces, are colorful, festive and dignified. It is a ceremony recognizing the successes of the University and the students who merit degrees.

### ACADEMIC PROCESSION

The academic procession is a featured part of the commencement program – a symbolic declaration that all members of the academic community are bound by a common purpose and shared commitment to the ideals of higher education, including the search for meaning, truth and understanding.

The presidential party – the president, the provost, the vice presidents, and deans – is led by a mace bearer, who is a faculty member and the president of the faculty senate.

### THE MACE

The mace, generally made of wood and clad in metal, was used as a weapon during the Middle Ages. The mace has evolved into a symbol of authority and is carried at commencement and at ceremonies where honors or degrees are to be awarded.

### ACADEMIC ATTIRE

The caps, gowns, and hoods in the processional are symbolic of the Middle Ages. Because universities developed from church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with tassel is still worn, but in America it has been replaced by the mortarboard cap or tam with tassel. The bachelor's gown, with its long, pointed sleeves, is worn closed. The master's gown has an oblong sleeve open at the wrist; the rear section is square cut. The doctor's gown often was furred, a decoration that survives today as the velvet on the front and sleeves.

The tassel colors seen in the processional correspond to the field of study.

### THE MASTER'S HOOD

The academic hood was originally worn over the head in bad weather. Now, it is added to the apparel of those with master's and doctoral degrees.

The colors on the hoods represent two things: the wearer's Alma Mater and the department of learning. The lining of silk is in the colors of the college or university granting the degree. The trimming of velvet is the color that represents the departments of learning in which the degree was obtained.

The master's hood presented by Boise State University's Graduate College, displays a blue and orange chevron, denoting the University's colors. The color of the velvet border represents the field of study in which the degree is awarded.

## SURE ON THIS SHINING NIGHT

Sure on this shining night  
Of starmade shadows round,  
Kindness must watch for me  
This side the ground.

The late year lies down the north  
All is healed, all is health  
High summer holds the earth  
Hearts all whole

Sure on this shining night  
I weep for wonder  
Wand'ring far alone  
Of shadows on the stars

## OUR JOURNEY TO DESTINATION DISTINCTION

*Destination Distinction: The Campaign for Boise State University* is Boise State's \$175 million fundraising initiative launched in August 2007. The comprehensive campaign will transform Boise State into a metropolitan research university of distinction, providing unparalleled opportunities for students, solving problems locally, nationally and globally and improving the quality of life for all Idahoans.

The campaign focuses on three areas: People, places and programs. Boise State's students, faculty and staff (people) are our motivation and our most critical resource. New buildings, labs and other facilities (places) will enable us to impart knowledge and share in discovery. Exceptional academics and an enhanced research agenda (programs) will help us to achieve distinction.

Meeting these goals requires a broader base of support. Achieving and sustaining this level of greatness requires a commitment from our alumni, supporters and community partners. As we improve the university's reputation, we will attract talented students and faculty and secure even better opportunities.

*Destination Distinction: The Campaign for Boise State University* is spearheaded by the Boise State University Foundation. A nonprofit Idaho organization, the Foundation is Boise State's official fundraising organization and also serves as the custodian for donations to the university. With generous help from individuals, industry and foundations, we can achieve the goals of Destination Distinction and take Boise State to unprecedented heights.
