PRESIDENT'S MESSAGE

Welcome to Boise State University's 2011 Winter Commencement. This ceremony, in your honor, is our University's finest hour. Your years of hard work and dedication have paid off. The challenges set before you have been met after enduring countless late nights, lectures and exams. Another impressive class of Broncos is ready to make its mark on the world.

To the graduates, we are very proud of you and your accomplishments, and we are committed to continually improving the academic profile of Boise State to ensure that you take pride in your alma mater. Boise State University is on the map and on the move. The value of the degree you will receive today will grow along with our reputation as a metropolitan research university of distinction.

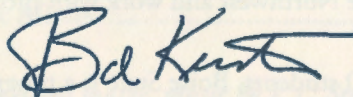

To the loved ones of the graduates, take pride in the accomplishments being recognized today given the supporting role you have played in the lives of our graduates. Without your love and support, this celebration may not have been possible at all.

Finally, let us all remember that learning does not stop with graduation. The noble, lifelong pursuit of knowledge, enrichment and enlightenment is critical to a full and meaningful life.

Thank you for placing your trust in Boise State University for your higher education aspirations. On behalf of the faculty, alumni, staff and students, let me be the first to offer a heartfelt congratulations and best wishes for a bright future.

Go Broncos!

Sincerely,

A handwritten signature in black ink, appearing to read "Bob Kustra". The signature is stylized with a large initial "B" and a long, sweeping underline.

THE 2011 PESKY AWARD *for* INSPIRATIONAL TEACHING RECIPIENTS

ALAN AND WENDY PESKY are ardent supporters of improved education who want to recognize extraordinary teachers who ignite a fire in their students. Because of their passion, they have created the Pesky Award for Inspirational Teaching to honor four distinguished Idaho K-12 teachers and their schools.

Karen Finch

Whittier Elementary School (Boise, Idaho – Boise Independent School District)

5th & 6th grade teacher • Algebra & high-level Mathematics, Health, Reading, Spelling, AVID

Karen's young-at-heart attitude inspires her students, their parents, and her colleagues at Whittier Elementary School. She believes that every student has raw talent and that each child can be successful when they find their niche and

seize the opportunity to excel. I gain confidence knowing that there are teachers – like Karen – who empower, engage and impact numerous students every day.

Nominated by Andrea Thiltgen

Darcy Jones

Riverside Elementary School (Boise, Idaho – Boise Independent School District)

Kindergarten teacher • General Education

Darcy is a model teacher who differentiates every lesson plan, connects with parents, and builds bridges between home and school. Her hands-on approach to teaching encourages her young learners to explore and feel comfortable attempting new tasks, failing, and trying again. This approach makes learning engaging and enjoyable, which sets the tone for her students throughout their academic careers.

Nominated by Amanda Campbell

Harold Kerschensteiner

Lake Hazel Middle School (Boise, Idaho – Joint School District #2)

7th & 8th grade teacher • Pre-Algebra, Algebra and Geometry

Harold has changed my life, from the time I was a 12-year-old student in his classroom to now being able to complete my student teaching with him. His constant encouragement and support have given me the confidence to know that I will be the best secondary education math teacher I can possibly be. He has shown me that it takes more than a college education to be a good educator. As author William Arthur Ward once said, "The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

Nominated by Megan Rowe

Marcia von Huene

Centennial High School (Meridian, Idaho – Join School District #2)

9th – 12th grade teacher • Orchestra

Marcia's main purpose is to help kids be the best and brightest musicians they can be. From the time I was a 15-year-old student of hers, 'til the time I was a student teacher in her classroom, Marcia has always inspired her students to reach for the stars and to never give up. Her presence in the classroom is always encouraging and uplifting, which never ceases to amaze me.

Nominated by Megan Willhite

STUDENT SPEAKER

GRACIE BINGHAM, from Pocatello, Idaho, is a graduating member of the Honor's College, earning bachelor's degrees in both political science and history, with a minor in French.

Bingham's academic achievements at Boise State stem from her relationships with fellow students. Classmates and faculty know her as being relatable and enjoy her for her sense of humor and her ability to "roll with the punches."

"What stands out with Gracie is her affability and genuine kindness," said College of Social Sciences and Public Affairs Associate Dean Shelton Woods. "You will find in the first 30 seconds of meeting with Gracie that she is articulate, genuine and has a marvelous story to tell."

Bingham has taken advantage of many internship opportunities while a student at Boise State. This past summer, she served as a Press Office intern with the United States Embassy in Tokyo, Japan. Her experience interning abroad gave her many opportunities to talk to students about possibly studying at Boise State. She also interned with the Idaho State Historical Museum as a History Day and collections intern, worked with the Idaho Statesman's Intern Fellows program and spent an additional summer as an intern with the U.S. Department of State in Washington, D.C.

Bingham has played an integral role in the College of Social Sciences and Public Affairs, serving in various department organizations and in student government (ASBSU) as a senator and associate justice.

"Everything about Gracie's experience makes her a perfect representative of students for such a special event," said ASBSU President Brandie VanOrder in nominating Bingham. "She has tried a little bit of everything, and because of this, she is well known among students as the person to ask for help in almost any subject — French, history, biology and more."

She also served as a mentor assisting with writing and translation to Boise State refugee students in the Francophone Refugee Mentoring Program, organized by the Service Learning Institute. This community-based program matches Francophone refugee youth with mentors to help them develop greater skills, confidence, relationships and resources.

Wanting additional experience, Bingham asked to serve as a Teaching Assistant both in History and French in her final semester at Boise State.

Bingham reflects on her time as a student saying, "I could not have asked for better academic opportunities than I was offered during my time at Boise State. The opportunities are definitely here for students who look to expand their academic experiences."

After graduation, Bingham hopes to travel before eventually going to graduate school. Wherever she ends up, she says, she'll be sure to catch Boise State football.

CEREMONIAL TRADITIONS

The Commencement exercise is a fitting conclusion to a successful academic career and earning of a university degree. The ceremony is based on 800 years of academic tradition handed down from European universities of the Middle Ages. Commencement ceremonies, with their academic gowns, mortarboards, tassels, hoods and maces, are colorful, festive and dignified. It is a ceremony to recognize the successes of the University and the students who merit degrees.

ACADEMIC PROCESSION

The academic procession is a featured part of the commencement program – a symbolic declaration that all members of the academic community are bound by a common purpose and shared commitment to the ideals of higher education, including the search for meaning, truth and understanding.

The presidential party – the president, the provost, the vice presidents, and deans – is led by a mace bearer, who is a faculty member and the president of the faculty senate.

THE MACE

The mace, generally made of wood and clad in metal, was used as a weapon during the Middle Ages. The mace has evolved into a symbol of authority and is carried at commencement and at ceremonies where honors or degrees are to be awarded.

ACADEMIC ATTIRE

The caps, gowns, and hoods in the processional are symbolic of the Middle Ages. Because universities developed from church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with tassel is still worn, but in America it has been replaced by the mortarboard cap or tam with tassel. The bachelor's gown, with its long, pointed sleeves, is worn closed. The master's gown has an oblong sleeve open at the wrist; the rear section is square cut. The doctor's gown often was furred, a decoration that survives today as the velvet on the front and sleeves.

The tassel colors seen in the processional correspond to the field of study.

THE MASTER'S HOOD

The academic hood was originally worn over the head in bad weather. Now, it is added to the apparel of those who earn master's and doctoral degrees.

The colors on the hoods represent two things: the wearer's Alma Mater and the department of learning. The silk lining is in the colors of the college or university granting the degree. The velvet trim is the color that represents the departments of learning in which the degree was obtained.

The master's hood, presented by Boise State University's Graduate College, displays a blue and orange chevron, denoting the University's colors. The color of the velvet border represents the field of study in which the degree is awarded.
