FROM THE DIRECTOR

Welcome to our performance of *Thoroughly Modern Millie*, the 2002 Tony Award Winner for Best Musical. This joint production between the Department of Theatre Arts and the Department of Music marks another in a long history of successful collaborations in the performing arts at Boise State University. Approximately one hundred students majoring in theatre arts, music, and other disciplines have combined their efforts and talents with fifteen faculty and staff members to produce this remarkable performance for you. The heartfelt and spirited talents that you will experience on this stage represent Boise State’s ongoing commitment to the performing arts. We are honored to provide our communities, both on campus and across the great state of Idaho, with performances that touch, question, provoke, move, entertain, and quite simply, bring us all a little bit closer.

The production you are about to see is also a showcase of dynamic and high-profile work that takes place every day on our campus. Within our classrooms, rehearsal halls and studios, music rooms, and scenic and costume shops, faculty, staff, and students spend long hours every day wrestling with the multiple facets of theatre and music scholarship, production, and performance. In addition, the Department of Theatre Arts produces approximately 60 performances a year of six to eight different theatre and dance productions; the Department of Music produces a total of about 140 performances in the same period. We are not only one of Idaho’s greatest universities; we are one of the state’s largest producing organizations!

We are proud of the talents and dedication of our students, staff, and faculty, and we are pleased to welcome you today to share their work. No creative effort is ever complete without its audience and because of this you become our most important partner. Thank you for joining us. On behalf of the Departments of Theatre Arts and Music, thank you for supporting the next generation of professional performing artists, designers, playwrights and screenwriters, scholars, teachers, craftspeople, and managers and administrators.

“MODERNS” ARRIVE IN CITY IN SEARCH OF NEW LIFE

They’ve got style. They’ve got flair. And they’ve arrived right here in the big city. I’m talking about “The Moderns,” a stylish group of young ladies who have come from far away places in search of new lives and experiences. They are here to make their dreams come true, while experiencing the big city culture of course. And in this reporter’s opinion, they couldn’t possibly be more excited to be here.

In fact, earlier today, they were seen excitedly breaking into song and dance in the middle of 1st Street, the big city’s busiest and most important thoroughfare. During their impressively choreographed, yet impromptu musical number, they sang about how excited they were to start their new lives in the big city. They also sang of marrying rich eligible bachelors for money, rather than for love. And most of all, they sang of their intent to never again return to where they came from in favor of staying in the big city, so we now have no choice but to welcome “The Moderns” with open arms, in the big city way, with jazz, fashion, valuable life experience, and the guaranteed fulfillment of dreams that would otherwise have no chance of becoming reality.

INNOCENT GIRLS SOLD INTO WHITE SLAVERY

Police are now on the lookout for the Chinatown-based gang known as “Skulls and Noodles,” a group of slave traders who are believed to be responsible for a recent string of kidnappings at a local hostel that caters exclusively to young women.

It is believed that this gang of slave traders owns and operates the Lilly Grove Women’s Hostel, and it is likely that they are luring young women to this hostel with the promise of cheap living accommodations in order to abduct them and take them into white slavery for the financial benefit of the gang. Ten women who recently moved into this hostel have gone missing in the last four days, and local authorities believe that these disappearances may be tied to this recent string of gang kidnappings. Ever since this string of kidnappings was initially reported to local authorities, it is believed that an estimated total of 37 women have been reported missing, all of whom lived at the Lilly Grove Women’s Hostel at the time of their respective abductions.

If anyone has any information leading to the arrest of any of the Skulls and Noodles gang members or information regarding the whereabouts of the kidnapping victims, they are instructed to call the police immediately.
