Boise College Roundup, September 16

Students of Boise College
College Shows Record Enrollment

Boise College enrollment, according to the unofficial registration figure as of Friday, Sept. 10, totals 2,424, Mrs. Alice Hatton, registrar, reported.

This represents an increase of more than 600 over last year at this same time, as 1,800 had enrolled at the college by the end of the third week last fall.

Among theBulletins of the current total indicates that 1,997 men students are on campus, as compared to 827 women. College officials state that this is a normal percentage of male and female students.

SELECTIVE SERVICE Cites Requirements

Men students are advised that in order to maintain their student deferment status the Selective Service Board they should carry at least a ten-hour academic load and maintain all at times no less than a two-point G.P.A., according to Edwin E. Wilkinson, Dean of Men.

The announcement states: "College students are being deferred when evidence is received that they are doing satisfactory work in school. Only those registrants who fail to make satisfactory progress while enrolled in a college or university will be considered as available for induction."

It is the responsibility of the individual student to notify his local draft board of any changes such as address, marital status, student or non-student recognition, etc., in order to insure proper classification.

Did you fill out a SSS Form 109 at registration?

Drivers Are Fined

More than 50 traffic citations had been issued before Monday to campus drivers for improper parking, according to an announcement from the Vice President's office.

BRONCOS SATURDAY NIGHT

Coeds Face Facts About Football; Activities Planned

The coed assembly this morning, sponsored by the Association of Women Students in the auditorium during an extended break, talked about the great activities of the student body.

The only men to be present at the assembly were members of the Bronco squad and the coaches — bill arabian and john stanco, publicity chairman.

On Saturday night, starting at 6:30, the women will meet their rivals, the Columbia Basin Hawks, who handed a defeat to BJC last year and tied them the year before. Parents of all Bronco team girls have been honored guests and will be seated in a special section underneath the blimp.

Special intermission entertainment will include the Boise High cheerleaders, members of the band and the Thunderbirds' drill team.

Warwick Announces Tryouts Next Week For BC Production

Tryouts for the first Boise College drama production are scheduled for Friday and Saturday during any class time, according to John Warwick, president of the Drama Club.

We feel that we can play an important role in helping stimulate school spirit," Warwick said.

The play is tentatively set to open Nov. 10.

LEARNING THE RULES OF THE GAME

Dress Regulations for all students on campus are in effect, as outlined in the Student Handbook.

For women, sport dresses, sweaters and skirts, and low heels are recommended. Shorts or pedal pushers are not acceptable, and are to be worn on campus. Blouses, however, may be worn with discretion for evening study in the library.

For men, casual clothes, slacks, cords, shirts, and sweaters are in order. Bermudas, shorts, belt, sweatsuits, T-shirts and things will not be worn to class.

Women may wear classroom clothing for informal dances, while their dates should wear a sport jacket and slacks. For semi- or formal dances, suits or tuxedos with tie are suitable for men, and a dress suit, short or long, is in order for coeds.

High school jackets or sweaters are not acceptable attire for college students.

By PEYTON DE MARCO

Approximately 11,000 tickets have been sold for the season opener, according to Steve Bennett, Boise Book Store. The game is scheduled for Friday night, the 10th, when the Broncs will return to play their first game in almost a year.

"We hope that people will turn out to see the game, and get into the swing of things," Bennett said.

College Musicians Directed by Best Rehearsing in Band

Mr. J. B. Best, band director, reported that there are still open auditions in the college band and that any interested students wishing to join will need to contact either student manager, Keni Kason, or his advisor. Those wishing to join will be given a part.

Mr. Best said, "We feel that we have several parts for both men and women students."

The public relations chairman for the band, the Thunderbirds, will be announced soon.

 Campus Calendar

Thurs, Sept. 10 — Cerf assembly, sponsored by AWS during extended break, starting at 8:45 a.m.

Fri., Sept. 11 — All-skill pep rally sponsored by sophomore class, 8 to 10 a.m. followed by pre-game dance. Phi Delta Lambda and Phi Gamma Delta, fraternity, women, 9:35 p.m., A110.

Sat., Sept. 12 — Opening football game against the Columbia Basin Hawks, Boise State. 8:15 p.m., Bronco Stadium.

Sun., Sept. 13 — Football practice, Bronco Stadium.

Mon., Sept. 15 — Yearbook staff meeting, 1 p.m., Publications
The Problem of Parking

Boise College is not the only school with parking problems. If this is any consolation to you frustrated motorists, we sympathize with the latest arriving student cruising the campus area—up to a point.

There are a thousand parking places over the campus, by the gymnasium, which is the most crowded area. Park your car in front of a building, and you can only park in the next available space. No one’s reserved space is no solution, and can prove expensive.

As construction begins on the new buildings, the parking situation will grow worse rather than better, and college officials are as anxious to solve the problem as anyone. Buildings and grounds superintendents talk of ways to be open to suggestions.

Here are a couple: Install that motorist park diagonally on the river road, rather than parallel; install a poll to determine how many students would use the bus if a college stop were arranged. Riding the bus could be a time-saving, money-saving solution for many.

The Problem of Attending Class

Many students feel the difference between college and high school is that in college you only have to go to classes when you want to. As college students, you are responsible for your own actions and for the success of any missed class. Attendance is one of the most basic requirements.

Arrangements may be made with instructors to make up work due missed due to non-attendance. Students are not allowed in a class after the forty-five minute walk to any building on campus. Parking In some places is no solution, and can prove expensive.

SUCCESSFUL STEELHEADER

Prior to joining the faculty of Boise College as Assistant Political Science Professor, former U.S. Senator Abram Petrovich participated in a fabulous steelhead fishing expedition on the Dean River, north of Bella Coola, on the west coast of British Columbia. Petrovich, from Vancouver, Canada, was guest on the yacht of Herbert M. H. L. MacMillan, the school's guest on the yacht of Mr. and Mrs. Harry M. Lamberton, north of Bella Coola, during the steelhead fishing expedition on the 23-pounder with spinning equipment. The steelhead fishing expedition is sponsored by the student union of the school.

SAGA

Feeding a Hungry Horde

In SUB Takes Planning

With the increase of approximately 700 students over last year's enrollment, one of the big problems is finding suitable facilities to accommodate the needs of all hungry and gregarious people streaming into the Student Union Building.

Phil Campbell, SAGA Food Catering Service manager at the SUB, states, "We are having the normal problems that accompany such an increase in student enrollment; however, we are working on speeding up our service and especially on the problem connected with our fountains."

Campbell came to Boise College last year after running a SAGA food service for the Rocky Mountain College in Billings, Mont. Prior to that he was at Idaho State University in a similar capacity. He has been with Sags for the past four and a half years.

Languages Attract

Record Enrollment

By PAM LYDA

Approximately 275 Boise College students currently are enrolled in language courses. Two hundred and five of these are enrolled in Spanish, French or German. The remaining students are taking intermediate studies or are in the advanced Spanish class.

In each linguistic section, vocabulary knowledge, reading, writing, speaking and listening methods are utilized. Special emphasis is placed on oral work and pronunciation.

Aiding the latter aim is the language lab which has been operating for three years. Composing the lab are thirty soundproof booths which are equipped with a microphone, tape recorder, and earphones. Two-way communication is established between the instructor and each booth.

Individual language clubs will further interest and understanding of the language and customs of France, Spain and Germany.

Language Instructors include: Dr. Robert de Nef, French; Dr. Patricia Wilson, French; Dr. Luis Valverde, Spanish; Mrs. Wanda Senf, French; and Mrs. Moselle Edelstein, German.

Those who desire to study a foreign language are required to take the Language Aptitude and Placement Test prior to class enrollment.

All Faiths Represented On Campus

By PHOEBE LINDSEY

Religion is an integral part of life here at Boise College, and participation in religious activities is encouraged by college officials. Several groups are actively involved quite near the College. The First Christian Church, located on College Avenue, sponsors stereo-denominational breakfast forums.

Season Opens With Hawks in Bronco Stadium

By STEVE LAWRENCE

GROUP HEAD ROUNDUP sports editor

As the 1965 Boise College football season springs into action this Saturday night at 8:15 against Columbia Basin, Head Coach Lyle Smith will begin his twentieth season with the Broncos. Assistant Coach Smith will be Ray Lewis, embarking on his ninth year as a member of the coaching staff. Jack Perrin, beginning his second year, and Murray Satterfield, the new addition to the coaching staff.

Coach Smith has been a member of the coaching staff since 1946 and has been head coach since 1947. His first duties were as coach of both football and basketball. Now in charge of both football and the Athletic Department, Coach Smith and his staff are synonymous at Boise College. His record of 132 wins, 18 losses and six ties is self evident of the success he has initiated and perpetuated on the football field.

As returning letterman a player was enjoyed by Coach Smith in 1956-59 at the U of I. Prior to coming to Young, Del Stubblefield, Brad Cermak, Bud Anden, Barney Westgate, Steve Gray and Jeff Wibben. Coach Smith also has a daughter who is a junior this year at California State and a son, who is just this year making his debut on the gridiron in the Optimist Little League program.

Assistant Coach Ray Lewis, a BJC graduate, also enjoyed fame on the gridiron when he played the halfback position for the Broncos in 1949-50, and was named an excellent defensive player during the second half of his career spent at the U of I. Prior to enrolling at BJC in 1956, Coach Lewis was in the head position at Caldwell High and directed the team to a championship.

Jack Perrin, a diversified coach, is also in charge of wrestling and track here at Boise College. His track teams have become highly respected as a power in the conference and with wrestling, the ever-growing collegiate sport of today, Coach Lewis has kept his Broncos advancing to winning contention.

Listed as the backfield coach for the Broncos is Jack Perrin, stepping into his second year as the head coach of the Boise. Coach Perrin came to Boise last year following four years coaching at a high school in Illinois. He graduated from Northeastern Illinois State Teachers College, a bachelor of science degree in education, and holds a Master's in Physical Education.

Coach Perrin has two children and is an avid hunter and fisherman. His enthusiasm was increased last year when he taught his first der last the day of the season. His colleagues suggested this year that maybe the state game commission would extend the season to Coach Perrin might be sure of obtaining his second championship.

College Adds Satterfield

Murray Satterfield joins the Boise College coaching staff this year and will be taking full charge of basketball this winter. Coach Satterfield previously has been the head basketball coach at Berthoud High for four years. Prior to coming to Berthoud, he coached up a high school team for three years.

Vocational Adds

Courses, Students; Building to Begin

Construction will begin on the addition to the Technical Education building on Oct. 5, according to Mr. Claude Waln, head of the Vocational Department. The building will be the first of five new buildings to be built to accommodate the increased enrollment of a four-year college.

The Vocational Department reports an increase in enrollment from 166 in the fall of 1964 to 201 this year, with additional classes being planned later in such subjects as landscaping, data processing, etc. The newest course being offered is in Office Machine Repairing, according to Mr. Arno.

Currently there are openings also in the Auto Body School and Welding Shop, and those interested should contact Mr. Claude Waln, head of the Vocational division.

Mr. Milford Gragg is a new member of the faculty who will be teaching Bookkeeping and classes which also have a few openings. Students completing the two-year Vocational program will graduate from BC with a diploma.

BRONCS TAKE ON HAWKS SATURDAY IN FOOTBALL OPENER AT HOME

The Boise College Broncos will begin their football season for the third consecutive year with a clash against the Columbia Basin Hawks on Saturday night at 8:15 at Bronco Stadium.

The first of the series with Columbia Basin was a close contest every minute and ended in a 13-13 tie. The second meeting of the Broncos and the Hawks held last year in Pasco, Wash. was much more disheartening to our Boise players, as they took a second half shellacking and were defeated 25-2.

As the scoreboards indicate, on both occasions Boise drew first blood. In the 1963 game they scored the first time they obtained possession of the ball. The score was changed, however, when the Broncos fumbled and the Hawks not only scored but also completed their extra point which our home team failed to do.

The Broncos then scored a second time with less than half time owning the lead. It was early in the fourth quarter that the opponent picked up their second touchdown, but as the hosts had done in the first quarter, the Hawks failed to pick up the extra point as the score at the final gun was 13-13.

Last year's game was a duplication, up to a point. The Broncos scored in the first half when the liners equipped one of the Hawk's backs in the wrong end zone and nailed him to pick up a safety and two points. Again, as in the first game, the Hawks came back to the final scoring and decided the outcome of the contest. They came back as well that the game ended 21-2 in their favor.

This Saturday night when the Broncos meet the Hawks, in their third annual encounter, the Boise men will be looking for their first victory over Columbia Basin. If spirit is increased by playing on the home field, with the fans filled with home fans, then possibly this will be just what the coach ordered for the Broncos to cheer their pariats a different end.

In addition, this year Boise has been rated as third on the Junior College team in the nation, whereas in the two previous years the teams have been rated near the top as a different team. Also different is the rating of Columbia Basin. In the two previous years the Hawks have been rated near the top as a Junior College football team and this year they are not a rating. As a result Boise has been rated as third on the Junior College team in the nation.

The outcome of the contest.
