## BOISE COLLEGE ROUNDUP

VOL. 4, NO. 20

FRIDAY, MARCH 31, 1967

BOISE, IDAHO

### Board of trustees hires new president for BC

Dr. John B. Barnes, president of Arizona Western College since 1962, has been selected by the Boise College Board of Trustees to serve as President of Boise College, effective July 1. The selection was made at the Monday meeting of the Board.

In announcing the appointment, R. S. Overstreet, chairman of the Board, stated, "This educator is a person highly qualified to meet the responsibilities of Boise College; he is 43 years of age, married and has two daughters, ages 8 and 11, and has a wide educational experience in the area in which he will be serving."

"He received both the B.A. and the M.A. degrees from the University of Denver and the Ed. D. degree in Administration of Higher Education from the University of Wyoming," Overstreet added.

In 1962, Dr. Barnes went to Arizona Western College in Yuma where he was confronted with 81 acres of desert land on which an institution of higher education was to be built, and it was his responsibility to plan, supervise and

administer not only the construction of the campus and facilities but to also be responsible for the academic work.

"Since that time," said Overstreet, "Dr. Barnes has accomplished the following: developed a campus physical plant of 16 buildings, developed an administrative and faculty program and recruited one of the most qualified staffs in several states, assisted in the development of the curricula and services working with a variety of consultants, and worked with regional and state citizens to develop a strong body of public support for the new college."

Dr. Barnes also planned an expansion program, which included a Learning Center, Business Building, Mechanical Technology Build-

ing and additional dormitories, and developed a ten-year plan for college growth, and created the Arizona Western College Foundation to assist the college by private gifts.

"This experience," said Overstreet, "certainly qualifies him to assume the duties as chief administrator of Boise College and besides this, he has had many experiences of responsibility in four-year institutions."

From 1954 to 1955, Dr. Barnes was Assistant to the Dean, College of Education at the University of Wyoming; from 1955 to 1957, he was Assistant Director, Department of Community Development, Southern Illinois University; from 1957 to 1962, he was Director of Division of Research and School Planning at Arizona State University in Tempe, and following this, he assumed the duties at Arizona Western College.

Dr. Barnes was Guest Professor at Michigan State University the summer of 1959 and also 1960; Guest Professor at Northern Arizona University the summer of 1965; and Guest Professor at the University of Arizona the summer of 1966. He also attended a post-doctoral President's Workshop at Harvard University the summer of 1965. He was the only two-year college president selected to attend this institute.

Besides his administrative work he has been active in the following organizations: Phi Delta Kappa,

DR. JOHN B. BARNES

American Association of University Professors, Adult Education Association, Association of Higher Education, The American Association of Junior Colleges, and Rotary Club.

Having published two college textbooks, Dr. Barnes has also authored over 35 articles which have appeared in such publications as: Business Bulletin, Phi Delta Kappan, Illinois Education, School and Community, Junior College Journal, Executive, Peabody Journal of Education, Education Forum, The School Education, Education Digest, Journal of Teacher Education, The Rotation, Arizona Architect, and The American School Board Journal.

Both Dr. and Mrs. Barnes have lived and worked the Intermountain area of Colorado and Wyoming.

### First lady to be crowned at annual President's Ball

"April in Athens" is the theme of the Pi Sigma Sigma-sponsored President's Ball which will be held in the SUB ballroom on Saturday, April 1 between the hours of 9 p.m. and 1 a.m. Invitations have been dispatched to the presidents of all campus organizations. All faculty members are also welcome to attend the formal affair.

Highlight of the ball will be the announcement by Emece Dick Hamm of the Pi Sigma's new First Lady, who will then be presented with a dozen roses and receive her crown from Patty Byrne, the present First Lady. Earlier in the evening the First Lady will be secretly elected from a field of

five finalists who are: sophomores Connie Gibson and Joy Pierce and freshmen Rita Duncan, Susan Johnson and Dianne Norris.

Among the men's service club members who are producing the affair are chairman Al Sprout and decorations committee head Doug Simmonds. Before attending the ball, the Pi Sigs and their dates will dine at the Village Inn at 7 p.m.

### Candidate turnout biggest in history

Four male students, vieing for the office of Associated Student Body President of Boise College, will be voted on by the student body in the spring election to be held tomorrow. The four candidates running for the office are Michael Wardle, Mike Heyrend, Bob Hough and Ernie Weber.

Voting by secret ballot, BC students will also elect persons to fill the offices of ASB vice-president, secretary, and treasurer. Polls set up in each of the major buildings on campus will be open Friday, Mar. 31, from 9 a.m. to 3 p.m.

Running for the office of ASB president, Michael Wardle is a junior history major at BC. His career at Boise College began in 1961 when he attended the fall semester. He spent from 1962 to the summer of 1964 in New York and Connecticut and returned to BC that fall. He has received the Associate degree from the junior college division and will obtain his Bachelor of Arts next spring.

Wardle's plan for Boise College is one of self-realization and expansion based on five points:

1. Expansion of cultural activity. Addition of a forum series of guest speakers on a monthly basis to the current foreign films and guest entertainers.

2. Expansion of student body officers and functions to meet growing needs. The way must be opened for the wise and planned addition of vice-presidents to handle the fields of student relations, social and cultural, and in the future, finance.

3. Student needs. Cooperation and coordination with the administration to solve the already deplorable parking situation.

4. Social enhancement. Well-planned and regular socials designed to encourage the students to assume their place in Boise College campus activities.

5. Salesmanship. Selling the new students on being college students. Developing loyalty and enthusiasm for Boise College and then selling the people of Boise and Idaho on our mature and proper place in the state system of higher education.

One of the four candidates on the Leadership Action Party ticket is Mike Heyrend, who is a pre-law junior, competing for the office of president. This is the first year for the LAP party on campus.

#### SENATE MEETING

The Student Senate will hold a meeting April 3 at 7 p.m., at which the new ASB officers will be sworn in and Club of the Month awards will be presented.

According to Heyrend, "The time has now come for the changing hands of Boise College student government and at this time it is quite evident that unprecedented interest and election institutions have emerged."

Heyrend continued, "To promote greater student involvement and interest, the "Leadership Action Party" has been organized. There can be no doubt in the minds of myself and the rest of the candidates, that the issues, programs and new conventions advocated by the LAP can be implemented by our organized effort."

"I have sought to evaluate every issue from the published ROUNDUP to open hearings and publications of the ASB budget. In essence, the LAP represents student government oriented toward the student, rather than limited clique government or authoritarian directed student body affairs," he added.

The issues and programs offered to the student body by myself will utilize the youthful enthusiasm and integrity of the Boise College students, said Heyrend. "However," he stated, "popularity and past laurels are and cannot be the only elements of an ASB official. Issues, programs, and the determination to implement them, by reflecting the youthful independence and integrity of the members of our campus community is what you need in an official."

The independent electorate of Boise College, Heyrend urges the students' support of the Leadership Action Party and their fight for sound student leadership.

"The upcoming Student Body elections, March 31," stated Bob Hough, a 21-year-old math major running for the office of ASB president, "remind us of our duty to select qualified leaders for the next school year. The office of Student Body President requires a great deal of time and energy to fulfill the necessary tasks, and I ask you to consider my qualifications for the office which I seek."

Hough lists his college activities as 1967 Junior representative in the Student Senate, Homecoming

(Continued on Page 6)

### Pi Sigs choose First Lady

PI SIG FIRST LADY candidates (back): Susie Johnson, Bonnie Carlyle, Peggy Claybough, Lorie Hendricks; (center) Rita Duncan, Joy Pierce, LaVina Browning; (front) Dianne Norris and Connie Gibson, who is not pictured, were voted on Tuesday, Mar. 28 and their ranks were cut to five. At a pre-Ball dinner Saturday evening, April 1 the Pi Sig members will vote again and the First Lady will be crowned at the President's Ball later that evening.

## OUR EDITORIAL COMMENT

### Good for us!

Every week as the paper goes to bed and the presses begin to roll, the college student newspaper is again faced with the problem of finding interesting and informative information for the next week's masterpiece. One of the biggest headaches found in the preparation is the problem of editorials.

The ROUNDUP is constantly trying to publish an editorial that consists of praises for some accomplishment instead of the usual and all-too-common "preachy" type, which points a finger at a "naughty" and slaps a hand or two. This semester we had hopes of finding just that—and WE'VE FOUND ONE!

Associated Student Body elections are again in process but with something new added, ENTHUSIASM AND INTEREST IN STUDENT GOVERNMENT! Some 14 students are running for the offices of president, vice-president, secretary and treasurer. Last year both the candidate for vice-president and secretary ran completely unopposed.

Enthusiasm has even gone as far as to result in the organization of the Leadership Action Party (LAP), which is trying its wings for the first time on the BC campus. Campaigning activity is evident everywhere on campus and off campus. THIS WILL BE THE YEAR FOR ELECTIONS AT BOISE COLLEGE!

### OUT OF MY HEAD . . . By JIM JONES

Student Body elections are tomorrow and the four ASB offices are being vigorously fought over by an unprecedented 14 candidates. Unique to this election is the advent of the party system of student government. A group of organizationally minded student leaders has formed the Leadership Action Party. This development is probably the most important happening in the progress of student government that really IS government by and for students. The party system has two overwhelming advantages. First, it puts the emphasis on the value of ideas and issues not on personal popularity; and, secondly, it provides valuable cohesion among those persons who have worked together for their point election. Those tested under fire together are many times more likely to be able to work together in an active decision-making group, once elected. The LAP ticket consists of Mike Heyrend, Marla Sullivan, Terry Mosier and Bonnie Carlyle, a group of persons who did not know each other before the start of the campaign. But came together in an effort to fuse the combined efforts of four people, who care about the adequacy and commitment to student government, into a working program. This has been done and the LAP platform is the most comprehensive and well-thought-out set of answers to campus problems ever put forth at Boise College.

Those four believe that ASB government should not be viewed as a mechanism to use the "hard sell" for policies indicated by the college but rather would substitute the "hard think" so that these persons who are closest to student problems can realistically search for solutions to the questions that confront the student body.

Additionally they believe that ASB government does not belong to those elected but to each and every student enrolled. LAP proposes that there shall be government for the whole, not the minority. For these reasons I feel that those voters who are interested in the positive development of our campus vote for the Leadership Action Party ticket.

This election has its own version of machine politics known informally as the Hough-Ilett-Bratt-Booker combine. The following things have happened: (1) Marilyn McKean appointed as the Student Body Election Board; Bill Ilett, ASB president; Sue Mikolasek, treasurer; Pat Strait, secretary, and herself.

The committee then did the following things: (A) Selected the week of March 28-31 as election week. This is the shortest election period to be found at any time on campus. (B) Adjusted the rules for procedures so that all material to be printed for candidates must be approved by the ASB vice president. (C) Held the Election Board meeting on Thursday, March 23 at 4:00 p.m., so that its decisions could not be reviewed by the Student Senate as provided in Article IV, Clause II of the ASB Constitution. (D) Changed the understood rules on posting from Tuesday to Monday without notifying all candidates until after the Vice President's office with its "Approved for Posting" stamp had closed. (E) Set the speeches in the Election Assembly at three and two minutes, which provides time at best for only a brief sketch and an introduction.

The individual members of the board then participated in the campaigns of the so-called "Clique Candidates." This includes work on posters by Marilyn McKean, the election board chairman. This certainly does open questions about who the current ASB officers want to see elected tomorrow.

### Student opinion on spring formal requested by social committee

The Graduation Formal, originally scheduled for May 13, has been re-scheduled to Friday, May 12. The dance will be held in the Crystall Ballroom of the Hotel Boise, and there is no charge to Boise College students. The dance is sponsored by the Associated Student Body Social Committee.

The committee is considering some changes for this year's graduation formal, but would like to have the opinions of the student body to help it make these decisions.

This is an "all school" dance, open to all students, so the social committee is considering changing the name from the "Graduation Formal" to the "Spring Formal" to encourage more students to attend. The dance would be held in honor of the graduating classes, particularly our first senior class. The committee is also wondering what the student body thinks about the attire—should it be retained as a formal dance, or changed to a semi-formal one?

The student body can also help the committee by completing the following questionnaire, adding any additional comments or suggestions, and placing it in the Associated Student Body mail box in the SUB.

Name: \_\_\_\_\_  
 Graduation Formal .....   
 Spring Formal .....   
 Dress: \_\_\_\_\_

## LETTERS TO THE EDITOR

Dear Editor:

Once again elections for student body offices are just a day away. Since these officers are accountable not only to the administration, but also to the entire student body as well. As a candidate for Student Body Treasurer, I feel that all students should be aware of the responsibilities that go with this job. The Student Body Treasurer is responsible for the establishment of the budget for the next year, so the many departments in the college have adequate money on which to operate effectively. The budget should be set up early in the summer in cooperation with the faculty so it will be ready to function properly at the beginning of the fall semester. Being an accounting major, and experienced in accounting for five years, I feel that I am qualified for this office. I believe that since it is the students' money that is being spent, it should be carefully budgeted so the students will receive the maximum benefit from it.

—BOB HARKIN

Dear Editor:

Where has our money gone? For the school year 1966-1967 there was over \$100,000.00 which passed through the Student Body budget, yet how many students know where the money went and what did we get for it? The only publication on this was the budget published in the ROUNDUP last October or November.

Does anyone have any idea how much it cost to have "Chad and Jeremy" on the campus? How much did we spend on the Lyceum speakers, the foreign films, the band, the drill team? All of these were valid expenditures but I feel that the students are entitled to know where their money is going.

Two proposals, in my opinion, will help the students, the treasurer, and the Student Council:

1. Require ALL clubs and organizations to submit a tentative budget in the spring. Waiting for the Fall semester to start does not leave enough time to draw up a careful, well-prepared Student Body budget. Then, in the fall, the clubs and organizations could adjust and ratify their budgets, leaving ample time to adjust and draw up the final Student Body budget.

2. Publish the Student Body budget earlier in the Fall semester, and publish the budgets of each of the organizations that affect the whole student body, such as the Lyceum committee, the Social committee, the drill team, the pep clubs, etc.

Each and every student has the right to know how his money is being spent. This information should not be restricted to the Student Council but should be made available to the entire Boise College student body.

Respectfully,  
GORDON PIRRONG  
Candidate for Student Body Treasurer

Dear Editor:

The importance of competency in the office of Student Body Secretary is no less than that of the other Student Body offices. The secretary is responsible for all correspondence representing the Student Body. Because letters and records are extensions of our school, they should be well written and neatly prepared.

My training and over two years experience in responsible positions in business qualify me for the position of Secretary of the Boise College Associated Student Body. Minutes of meetings should be complete and accurate. Taking notes in shorthand is the only feasible way to accomplish this task.

The ability to help make responsible decisions is of utmost importance and is not in any way affected by previous senate membership or the lack of it. It has been my lot, however, to experience each frustration or enjoyment when a particular delegate got home from Senate meetings.

Because I am not working at an outside job and because I plan to attend summer school, I will be available to co-ordinate activities with other officers with minimum difficulty.

It is only proper to say, "We need a secretary who is a secretary." I sincerely solicit your support at the ballot box and hopefully throughout the coming year.

BARBARA COCKRELL  
Candidate for ASB Secretary

### "IS GOD DEAD" TO BE DISCUSSED

The discussion group, an organization which meets in private homes and is advised by Dr. Fred Kellogg, will be meeting April 7 at 8 p.m., to discuss the question, "Is God Dead?"

Speakers at the informal meeting, which will be held at Dr. John Caylor's home, 7 Hulbe, off Federal Way, will represent several faiths. Bishop Treinen will represent the Catholic church; Robert Hamersley the Jewish faith, Pastor Ladwig the Lutheran, Rev. Peterson the Southern Baptist, Mr. Miller the Mormon, and Mr. Kim Kimerling the Bahai faith.

The last discussion subject was art, where BC instructors Oravez, Crowmell and Faulkner spoke.

### Open house to be held April 7 by Vocational Technical division

Personal invitations to more than 1,000 persons throughout the state, and requests through high school principals to thousands of Idaho students, have been mailed by Boise College's vocational technical division for its "open house" on April 7 from 8 a.m. to 10 p.m.

"We believe our staff, building and equipment are the most up-to-date in the state, and we hope that prospective students will take this opportunity to acquaint themselves with what we have to offer," said Prof. Albert H. Tennyson, chairman of the event.

He said that automation is "creating more and more technical jobs. In many cases, salary and working conditions are or will be superior to those working in the professions."

"The college," Tennyson continued, "will start interviewing interested students soon for Fall semester enrollment. Our vocational-technical division has a splendid record in placing highly acceptable job candidates in industry."

He added that "although the cream of the crop of high school graduates have the apparent advantage of the competition of admittance, BC also realizes that a number of high school students have only a fair academic capacity

Dear Editor:

The Boise College Robeco Association would like to extend its thanks to the Valkyries and the Golden Z's for sponsoring the Powder Puff Basketball Derby.

Since the B.C.R.A. receives no financial aid from the school or any other outside source, it is responsible for raising money for all its expenses. Your contribution to our treasury has brought us just that much closer to meeting those expenses.

Only after a club has produced a rodeo can it realize how much time and money goes into it and how much any help is appreciated. Again, our thanks for your help and we hope to see you all at our rodeo April 14 and 15.

Sincerely,  
(Mrs.) Candi Bates  
Corres. Secretary

Dear Editor:

The last issue of the ROUNDUP printed a letter from one of the candidates for Student Body president. In this letter he states that the current student officers or the "in crowd" are dictating policies to the student body. However, wasn't Mr. Weber appointed to the office of junior class representative by the Student Executive Council? Does he feel left out because of his own inactivity?

Respectfully,  
STEPHEN LEMAR

Dear Editor:

We are not here to debate whether Boise College is destined to grow into a leading educational institution in this state but to debate the when and the how well of it.

Good student officers will combine the best of their heritage and educational environment, concurrently integrating the creative and expressive forces manifest within the student body. Knowledgeable then in both the wisdom of their forebears and the hopes of their peers, they may then serve to advance the future through a synthesis of the goods in each.

It has been said against me that I have little time to pursue the deeds of office that I seek. I would counsel that the worth is less a matter of time than of quality. It is what one does in the time he has to do, and not what he does because the time is available. A physician is not paid by the time he works . . . What is purchased is the correct act at the appropriate time. Excellence is never defined in terms of "how long," but always "how well."

Finally each individual who seeks political office merits a moment of your consideration. Endorsement without due consideration is a sacrilege of the right of the free ballot; it is an injustice to the college and every free man.

BOB CHRISTOPHER

### WINNERS IN CHARITY DRIVE

ALLIANCE FOR PROGRESS plaques were presented to Dave Gardner, IK Duke, for large division winner, and Peggy Gladhart of Morrison Hall, small division winner, at the March 20 Senate meeting following the spring charity drive. During the drive, \$213 was collected.

### BC's 50-piece band to perform April 12 in 17th spring concert

The 50-piece Boise College Band, directed by Prof. John Best, will present its 17th annual Spring Concert Wednesday, April 12 in the school's auditorium, at 8:15 p.m.

The band's program will include selections from "West Side Story" by Leonard Bernstein, Mendelssohn's "Overture for Band" and the "Fanfare and Allegro" by Clifton Williams. A brass quintet will also play.

Soloists with the band are Larry Clabby, pianist; Roy Olds, trombonist, and John Clark, tuba. Clabby, who will play Gershwin's "Rhapsody in Blue" is a sophomore music major at the college and a piano student of Adelaide Anderson Marshall. His home is in Weiser.

Olds will play the finale of the concertino by Ferdinand David with band accompaniment. A graduate of Twin Falls High School, he is a student of James Henry and is a freshman music student at the college.

Clark has appeared many times as soloist in Boise—with the Boise College Community Symphony, the Boise Municipal Band, and

### Choristers to give annual concert

"The Choristers" will give their annual concert in the Music Auditorium Saturday evening, April 1 at 8:15 p.m.

No admission will be charged but a voluntary offering will be accepted, which monies will be used to endow an organ scholarship. This year's winner, David Runner, will be heard in two numbers.

Miss Georgia Standing of the BC music faculty who directs and trains the Choristers says that the program offers a wide variety of music this year. The first group will contain "Five Fragments of Jade," based on the Chinese Pentatonic scale. Miss Janet Vetter, a junior at BC, will also be heard in a song based on the same scale form.

The second group is a setting of three of Oscar Wilde's poems by the American contemporary composer, Charles Haubel.

The last group will feature "The Sinister Potato" by C. Griffith Bratt, and "God's World," composed by Miss Standing to the poem of that name by Edna St. Vincent Millay.

The Choristers are a group of women who are interested in singing more difficult music. This group has been organized for 34 years and is a member of the National Federation of Music Clubs.

New members are now being solicited for next year. Anyone interested may contact Miss Standing.

### Intercollegiate rodeo to feature four events

By JUNE ALTIZER

Three animal science majors from the University of Idaho have sent in the first entries to be received for the Boise College Intercollegiate Rodeo. The three are John Hamilton who rides saddle and bareback broncs, bulldogs and rides bulls; Lorin Honstead, saddle broncs and bulls, and Gary Hamilton, another four-event cowboy. Thus the Boise College Rodeo Association culminates its many months of planning and gets on to the actual business of putting on a rodeo.

This year the date for the intercollegiate rodeo has been set for April 14 and 15 at the Snake River Stampede grounds in Nampa. The rodeo will consist of two night performances, beginning each evening at 8:00 o'clock. In addition to the rodeo, a Miss Boise College Rodeo queen contest will be held prior to each evening's performance. Miss Rosemary Vassar, who reigns both as Miss B.C.R.A. and as Miss Rodeo Idaho, will crown the new queen and present trophies and awards after the concluding Saturday night performance.

Throughout the last few months B.C.R.A. members have been working very hard to raise funds to finance the rodeo. Putting on a rodeo of this nature costs the club around \$2,000 with no profit being made over cost. It must be taken into consideration that putting on a rodeo is a business with stock and arenas to contract, judges, timers, and clowns to be hired, and numerous small details to attend to. Much help has been given the club by interested local businessmen who sponsored trophy buckles and helped the club by donating funds. Without such community interest it would not be possible to put on such a rodeo.

This year the rodeo should prove even better than the one last year as the top college cowboys and cowgirls from Idaho and the entire Northwest battle for trophy buckles, team trophies and vie for points that would allow them to ride in the National Finals Intercollegiate Rodeo held each summer. Last year Montana State University walked off with high point honors amassing some 510 team points. The eight standard events will include saddle bronc riding, bareback bronc riding, calf roping, ribbon roping, bull doggin', barrel racing, goat tying, and bull riding. Stock has been contracted from Stevens of Middleton.

Some 12 contestants will enter the rodeo from Boise College. Included are Bernie Jestrabeck, third place goat tying winner at last year's show; Yo Willhite, present Snake River Stampede queen; Jess Nalgie, a former champion high

# Miss Boise College to be crowned April 8

Sallye Kerr

Andrea Forman

Christine Hancock

Virginia Lowber

Janice Welsh

Joyce Mitchell

Dianne Norris

Kathleen Nolan

Gloria McGlachlan, Miss Boise College of 1966, will crown one of fourteen co-eds as her successor on Saturday evening, April 8, at 8 p.m., in the BC gym.

Andrea T. Forman is a blue-eyed, blonde freshman who will recite a dramatic reading at the pageant, although she has played the piano for two years, and has devoted seven years to dancing. This 5'2½" miss engages in stamp and poetry collecting, sewing and cooking. Andy, a Broncette drill team member, plans to continue at BC as an education major.

A Phoenix, Arizona, native is 5'10", brown-haired sophomore Christine Hancock, who will present an art display in skirt form. In addition to art, Christine has received training in life-saving and office work. Participating in the Broncettes and various Morrison Hall committees are her campus activities, while swimming, horseback riding and tennis are her favorite sports.

A dramatic reading will be presented by junior Gayle Marie Heckenlively, a 5'11" brunette. Gayle, a Sheridan College (Wyoming) transfer, is also a Broncette. At Sheridan she was a cheerleader, Student Senate representative and secretary-treasurer of the ski and outing clubs. Her high school years were also activity-filled.

Six years of ballet and tap dancing and acrobatics, and nine years of accordian playing (she won first, second and third places in statewide accordian competition) comprise the talent training of 5' brunette Catherine M. Hill. This sophomore, who will perform acrobatics on a balancing beam, belongs to the St. Paul's Catholic Center, and danced in the choruses of "King Lear" and "The Burgeois Gentleman," college productions. Cathy, who enjoys most outdoor sports and sewing, wishes to major in Business Administration at Oregon State University.

If you don't know what a dulcimer is, you'll find out by watching 5'4" strawberry blonde, freshman Sallye Sue Kerr in the talent competition. Piano and clarinet playing and water ballet are among her other talents. Amassing a 4.0 grade average and being a Valkyrie pledge indeed occupy her time. Sallye Sue, formerly of Jal, New Mexico, relishes traveling, and spent last summer in Switzerland. Although her parents now reside in Kobe, Japan, she will continue at Boise College.

Another freshman contestant is 5'8", light brown-haired Virginia Mae Lowber. Being a member of the teen choir and college youth group of the First Christian Church, assisting at a kindergarten for mentally retarded children, cooking and sewing, and participating in most sports are Virginia's interests. She will utilize her modeling experience in her dress designing presentation.

A gymnastics act will be presented by Katharine Meininger of Homedale, Idaho, who has also had two years of baton twirling. This 5'3" dark blonde, Laura Moore Cunningham scholarship winner is secretary of the Young Republicans and treasurer of Chapman House. Katharine's hobbies include cooking, sewing, reading and painting.

Boise College Band drum majorette Joyce Lynn Mitchell, who has won three first place and two second place trophies in a Spokane contest, will twirl a baton in the pageant. This raven-haired, 5'3" freshman will enter state twirling competition this summer.

Blonde, 5'10" Kathleen Nolan will recite a dramatic reading, thus utilizing her background in the fields of speech and drama. This freshman AWS member, who participated in the 1967 Junior League Follies, says she enjoys modeling, bike-riding, eating, the "Peanuts" comic strip, playing basketball, and meeting people.

Eight years of cheerleading (being first runner-up for "Miss Cheerleader of Idaho"), plus two years of piano and tap and ballet dancing, are credited to Diane Elizabeth Norris, who is presently a BC cheerleader. Among other honors she was a national "Seventeen" fashion Board member, and a National Y-Teen delegate, plus a Jantzen Smile Girl runner-up. Diane's hobbies include snow-skiing, swimming, fishing and camping. This Medical Technology major will present an original skit including piano, dramatic and sewing talents.

Valkyrie member and erstwhile BC cheerleader, Carol Marie Purcell is a 5'6", blonde sophomore from Nampa, Idaho. Carol, who has had six years of piano and clarinet lessons, will play a piano solo at the pageant. In addition to being

a 1966 Homecoming Queen candidate, she received a scholarship this semester from SAGA Foods.

A popular vocal number will be sung by 5'2" brunette Kristeen Ann Tanning, who has sung in school choruses for five years and a church choir for four years, besides devoting a year to piano lessons. Kristeen is an AWS freshman representative, a Broncette and a Valkyrie pledge. In the Pi Sigma Sigma Talent show, she won the "Best Individual Act" trophy, and was first runner-up for "Miss Boise." Kristee has also appeared in Music Week's vaudeville show.

Another Valkyrie pledge contestant is freshman Janice Mae Welsh, a 5'4" blonde. This English major is on the first semester's Dean's list, and is employed at J. C. Penney's. Two years of speech have provided experience for the dramatic reading which she will present. Janice, who also plays the piano, loves to travel. Among her numerous high school honors was tying for the "Top Senior Girl" title.

The tenth freshman entrant is Catherine Jane Wentz, a 5'1" brunette, who will play the piano. Nine years of piano and two years of voice lessons have been taken by Catherine, who also enjoys tennis, skating, and swimming. This Broncette and Newman Club member is working towards a B.A. degree in Elementary Education.

Mrs. James Alexander, Burt Burda, Mrs. Shirley Dumas, Jack Henricus and Phil Rice, the honorable judges of the fourth annual "Miss Boise College" pageant, will select the girl who will represent the college in the June "Miss Idaho" competition.

To the strains of "Music To Watch Girls By," the pageant's theme song, the fourteen competitors will first be presented in street clothes by emcee Lon Dunn, a KIDO radio station disc jockey. At two intervals all contestants, who have undergone two weeks of rehearsals, under the guidance of Mr. John Woodworth, pageant director, will appear in bathing suits and evening gowns. Dinner-jacket-clad I.K.s will escort each girl. The main portion of the affair is the talent competition, which consists of three-minute talent presentations by each candidate. Jamie Freeman and the Scarboroughs will present a musical skit entitled "Scarborough Fair" during intermission. Organ music will be furnished throughout the evening by Mrs. Charles Kennedy.

Near the conclusion, "Miss Congeniality," the girl judged by her fellow contestants as being the most cheerful and cooperative during the rehearsals and appearances, will be presented a trophy. A special talent scholarship, compliments of the Golden Zs and I.K.s, will be bestowed upon another competitor. Four finalists, each of whom will garner a trophy, will then be announced. After they each answer a "pop" question, "Miss Boise College" will be named.

Golden Z committee chairmen for the pageant are Susan Hartzell, emcee; Bernie Jestrabeck and Marjett Schille, art; Rose Roberts, attendants; Pat Spesinger and Gail Gustafson, programs and tickets; Peggy Gladhart, hostesses; Miss Jestrabeck, trophies; Gloria Merrill, music; Becky Ackley, sponsors; Diana Parker, entry blanks; Anita Williams, budget; Karla Bollerslev and Susan Hershey, gift certificates, and Linda McKissick and Pam Lyda, publicity. Chairman for the pageant is Diana Parker.

It's up to the Intercollegiate Knights to set up the sound, lighting, stage props, ramp, and publicity marquees around town and to help acquire sponsors for the contestants.

A host of Boise businesses have contributed towards a scholarship for the winner, who'll also be the recipient of the college's \$250 stipend. Those businesses include Acme Electric, Anderson Buick, Ennis Furniture, Film Service Corporation, Fred Mare's Mobile Service, Bob Rice Ford, Standard Oil, Tau Alpha Pi service club, Trader Horn Supply and Warehouse Furniture.

Nine local businesses have also donated either gift certificates, products or services to the potential winner. These include Brookover's, Bon Marche, Carroll's, Call Jewelers, Merle Norman Cosmetics, City Cobbler, King's, The Royal and La Dor's Beauty Salon.

Each "Miss BC" contestant is being sponsored by other businesses, which include Anderson Buick, The Brass Lamp, Big Nail, Boise Blue Print, Compton Storage, Don Riley Furniture, Idaho State Automobile Association, Rula's Beauty Nook, Sherm Perry Furniture, Sprouse-Reitz, Southern Idaho Equipment Company and Warehouse Furniture.

Tickets are on sale at the Melody Shop, Holsinger's, and from Golden Z and I.K. members.

Players rehearse for opera

CAST MEMBERS Janet Vetter, Gary Bratt and James Freeman rehearse for La Serva Padrona to be presented April 7, 9 in the Auditorium.

La Serva Padrona, Red Riding Hood to be presented April 7, 9

Boise College's music department will present two short operas under the directorship of Prof. Georgia Standing on Friday, April 7, and Sunday, April 9, at 8:15 p.m. in the school's auditorium.

A "favorite of kings," the curtain raiser will be the lively intermezzo La Serva Padrona (by Pergolesi), first performed in 1733 when the genius, Pergolesi, was only 23 years old.

The story concerns a maid of the house who makes up her mind and is successful in marrying her reluctant master.

Janet Vetter will be heard as Serpina, the maid. Gary Bratt will portray Uberto, the master. James Freeman will play Vespone, the mute. Curiously, Vespone acts a great deal—although, of course, he never sings a single note. During the 18th Century, Miss Standing explained, intermezzi always had a mute in the plot.

Pergolesi died prematurely only three years after writing La Serva Padrona—at age 26. His first stage works were considered so much a failure by the public that he abandoned the theater for a while to write 30 sonatas for two violins for a prince. He was a favorite of the nobility of the time.

The evening's second offering is Seymour Barab's "Little Red Riding Hood" — published only last year and already receiving wide international acclaim.

"Therefore our evening of opera will present the oldest and the newest of singing dramas," said Miss Standing, of the college's music faculty. "The Red Riding Hood plot is almost as you'd expect it to be—but not quite. The opera is

THE FINISH

The lecturer was emphasizing the demoralizing effects of divorce and the evils thereof.

"Love," he said, "is a quest; a proposal is a request; the giving of a daughter in marriage is a bequest. But what is divorce?"

"The inquest," bellowed a voice from the balcony.

Two half-truths don't make a whole.

Go as far as you can see and when you get there you can see farther.

Alums elect officers; members sought

Officers have been elected to guide the Boise College Alumni Association. Now, all we need is a larger membership!

This was told at the general meeting of the Alumni Association March 8 after officers were elected and committees had been named.

Officers are:

Chairman, Frank Ilett; Vice Chairman, Jim Cockrell; Secretary, Marie White, and Treasurer, Tom Rhodes.

Representatives of Boise College's Senior and Junior classes, Jerry Moody and Ernie Weber, were named to the Association's Social committee. It is the desire of the association to involve students in as many of its activities as possible.

Plans are now being formulated for alumni-student activities during graduation weekend.

In its search for alums, the group decided to ask Boise College students for help. Students having parents, relatives or friends who attended Boise College or BJC are requested to list the alum's name, present address, and, if possible, the years attended. The lists may be left at the Student Body office in the SUB or at the office of the Vice President.

All faculty members and administrative personnel are invited to become members of the Association. Dr. Fritchman and Dr. Newby, faculty co-ordinators, should be contacted for details.

Senior Class President

Weston marries Waite in Reno

A popular Boise College professor surprised his colleagues a fortnight ago by declaring on a Tuesday afternoon:

"Congratulate me. Mardene and I were married in Reno over the weekend!"

The groom was Allen E. Weston, and the bride, Mrs. Mardene Waite, a surgical nurse at Veterans hospital.

The marriage was performed March 11. The couple left that Friday night with hopes of returning by Monday morning. However, Reno was hit by a blizzard and they were snowed in and could not leave until Tuesday.

Students presented Weston, BC ski club, advisor and drafting instructor, with a carving knife.

The couple has set up house-keeping at 3512 Shasta Avenue.

Mountain climber to lecture here

JIM WHITTAKER

"Big Jim" Whittaker, the first American to reach "the top of the world" (the summit of Mt. Everest) will lecture Mar. 31 in the Music Auditorium, sponsored by the Lyceum committee.

Jim was a key man of the American Everest expedition led by Norman Dyhrenfurth. In company of Nawang Gombu, Whittaker left Camp VI, elevation 27,450 feet on May 1, 1963, and in the face of powerful winds completed the climb to the summit, elevation 29,028 feet.

The scaling of Mount Everest has been the high point of "Big Jim's" career, but he has also achieved additional fame by leading the "Kennedy" ascent up Mount McKinley, in Alaska. The name of Jim Whittaker is also recognized by Idahoans for his accompaniment in the running of "The River of No Return"

with Senator Robert Kennedy's party.

Whittaker will speak to the student body on his famous ascent of Mount Everest Friday, March 31st, at 8:15 p.m. All students are asked to be in their seats by 8:00 P.M., as seating is limited.

Rodeo queen contest ready for April 6 entry deadline

Miss Boise College Rodeo Association contest will be held in conjunction with the BCRA Intercollegiate Rodeo, April 14 and 15. Applications for contestants are available in Mrs. Obenauer's office, S108B, or from Bernie Jestrabek or Rosemary Vassar.

Contestants must have at least a 2.0 GPA. Non-members of the BCRA will be charged \$3.50.

Entries must be in by April 6 and personality judging will take place April 13. At 4 p.m., at a tea held in the SUB. There the contestants will wear their best Westerns, which they will be asked to model and will talk informally with the judges.

Contestants will ride both nights of the Rodeo, April 14 and 15, for the horsemanship section of the contest, with the queen being crowned April 15, by Rosemary Vassar, Miss BCRA and Miss Idaho, 1966.

The queen will represent the BCRA at the Miss Rodeo Idaho contest at the Snake River Stampede, Caldwell Night Rodeo, as well as reigning over the Intercollegiate Rodeo and presenting the awards won there.

Mrs. Obee gives talk on weaving

Mrs. Donald J. Obee, wearing a suit made from fabric which she had woven on her own loom, was a recent guest speaker of the Boise College Club section of the Idaho Home Economics Association and members of the textiles classes.

Mrs. Obee gave an enthusiastic review of the history of weaving, the organization of weavers' guilds, the development of various types of looms and textile patterns. She told of existing organizations in the northwest and the present interest and emphasis in weaving as an art medium and an activity with definite therapeutic values.

"One of the primary problems, today, is that many homes are too small to allow space for a loom which must be kept up at all times," she stated.  
Mrs. Obee displayed a wide variety of fabrics which she had constructed and patterns she had developed. Her present project is the weaving of ten yards of fabric which she will use to upholster her living room couch. She is a former student of Mary Atwater, one of the foremost authorities on American weaving.

# Candidates try for ASB VP, Sec., Treas.

## Vice-Presidents

**STEVE BRATT**

Steve Bratt, candidate for student body vice-president, is an English major with a history minor.

He was sophomore class president this past year, consequently was a member of the student Senate and a member of the Executive Council.

He was chairman of the Alliance for Progress Spring Charity drive this spring and was also a member of the Judiciary Board this past year.

He served on the Vice-President's Constitutional Review Committee, 1966-67 and will serve on the Student Handbook Revision Committee this coming year.

He also was a service club vice-president this past year.

**CAROL DRUASH**

Carol Druash is running as an independent candidate for the office of Vice-President. During the three years that she has been a student at BC, she has actively participated in school activities and held offices as treasurer and president in Morrison Hall and Club.

At present, Carol is a senior with plans of attending Boise College this coming summer and all of next year.

In stating her plans if elected, Carol replied: "As vice-president it would be my goal to fulfill the constitutional duty of the office of vice-president by setting up a more efficient election program for the next school year. Also, I would be willing to make it a duty of my office to establish a committee for publicity to all news media in the community and area, and also to give news items to the local papers of students who make individual accomplishments."

**MARLA SULLIVAN**

Marla Sullivan, LAP candidate for ASB vice president, is a sophomore majoring in English with an Education minor. She plans to receive her degree from BC. She is presently serving as German Club president.

Following is the statement of her position during the campaign. "Perhaps one of the most noticeable characteristics of an election candidate is a flashy smile and widespread popularity. I boast neither; what I promise is a serious concern for student representation.

"As a Leadership Action Party candidate for the office of vice-president, I wish to promote more student interest in campus government. Since V.P. duties include establishment of election procedures I would make it of primary importance to schedule a period of campaigning which would allow students to become more familiar with candidates and their policies.

"Part of my program as LAP candidate involves accepting responsibility. Homecoming activities need more and better organization; it seems not at all unreasonable to start planning in late summer to avoid last minute confusion and to stage this activity as one befitting a genuine four-year college."

of the state and community. He believes that these associations have provided him with much valuable insight into administrative and educational problems, many relating directly to Boise College.

Among his several endeavors at a local TV station, he is a director—"a position of substantial responsibility and authority."

Since his return to Boise College on a full time basis he has been named to the Dean's list following the fall semester.

## Secretaries

**BONNIE CARLYLE**

Bonnie Carlyle, LAP candidate for ASB secretary, gave her policies in the following statement: "As a member of the Boise College population, I am quite concerned with the lack of interest displayed by many students concerning their student government. However, the fault does not lie totally with the students. The student government needs to be 'opened up'; there must be more opportunity for the student to voice his opinions and he must have the opportunity to change those things he feels needs changing.

Bonnie then listed her student government experience: "In high school I worked on the school court, was a member of the student senate and also served as president of Girls' Council. In junior high, I was vice president of the student body and at present I am vice president of Morrison Hall.

She was Social Chairman for 1966-67 and consequently was a member of the Student Senate, 1965-67 and the Student Executive Council, 1966-67.

She was Golden Z secretary, 1965-66 and president of Phi Theta Kappa, 1965-66.

She was also on the Homecoming Committee 1966, was Student Body Parliamentarian, 1965-66, and is presently a member of Life Lines.

**BARBARA COCKRELL**

Barbara Cockrell, a 21-year-old junior majoring in Business Education, is an independent candidate for the office of ASB secretary.

Among her secretarial qualifications are experience in working as a salaried stenographer and executive secretary, secretary of her high school class for three years, secretary of the 4-H Club for four years and Spring 1967 state runner-up for Miss Future Business Teacher.

Barbara is also a member of Lambda.

Among her many recommendations for improving student government and student activities at Boise College are: A revised student government, a mature and objective leadership within student government which gives adequate consideration to the views of all students, stronger student voice with regard to student-faculty relations, and more on-campus living groups to include sororities and fraternities.

Gordon Pirrong, candidate for ASB treasurer, is an accounting major who was on the honor roll for the last three semesters and has a cumulative GPA of 3.36. Consequently he was awarded one of the Laura Moore Cunningham scholarships for the 1966-67 school year.

He will be a graduating senior next year with ample time to handle the job of treasurer.

He has had three years of general duty bookkeeping and two years experience as the accountant for a local corporation.

He is president of the College Courts Association, the term of which expires this September and has been accepted by the Idaho Board of Accountants to sit for the CPA test this May.

Pirrong feels that his chief advantage lies in the fact that he is not affiliated with any of the service clubs; therefore he can serve all organizations with equal effort and impartiality.

**TERRY MOSIER**

"Academic teamed with practical business experience are my major assets," stated Terry Mosier, candidate for student body treasurer.

"Since entering Boise College, I have noticed that student government seems to be supported by only a few. If elected treasurer I would support open publication of the budget in the ROUNDUP on an every-edition basis instead of only once a year.

"I would also like to hold open discussions with all clubs and every interested member of the student body on any topic affecting student government. This 'open door' policy would bring government to the students.

"In the past, Boise College has

**JULIE BOOKER**

Julie Booker, candidate for ASB secretary, is an English major with four years of secretarial experience.

**BOB CHRISTOPHER**

Bob Christopher, a candidate for Student Body Vice President, believes that "Effective, responsible administration of campus activities, programs and policies, as well as active promotion of the interests of the college off the campus at all levels are of highest priority" in the office of vice president.

His seven years in the broadcast industry, over four of them in Boise, have placed him in constant contact with the political, business and educational leaders

had little big-name entertainment. I would promote the Glenn Yarborough, Chad and Jeremy type productions as a revenue raising project for the school and an entertainment for the students.

"My final point is one of expanding the work-study program. Several students work at on-campus jobs. I would like to see more jobs provided and a wage boost for these people. In providing more jobs, I would include the annual staff. If this was a paying job, more talent could be induced to work on the annual, and we, the students, would benefit by receiving our annuals before school is dismissed, instead of in the next school year."

**BOB HARKIN**

Bob Harkin, a graduate of BJC and a senior this year, is running for the office of treasurer. He is a business major and has had an association with accounting for five

years and is presently employed by a local firm doing accounting work.

The Pi Sigma Sigma member gave his views on the handling of the budget, stating, "The budget this next year is expected to increase about 20%, to approximately \$122,000. Since this originally came from the students, I believe that it should be budgeted in such a manner so the students will receive the maximum benefit from their money."

He continued: "With the expected increase of students this next year, I feel that the budget should be set up during the spring and summer so it can be ready to function in the fall. Since I will be going to school this summer, I will be in a position to have the budget ready to function when we all return for the fall semester."

# '67 baseball season starts Sat.

The Bronco 1967 baseball season started on Saturday against Northwest Nazarene College. The Broncos (squad picture on page) look good this year and need the support of each and every one of the student body.

The schedule on this page shows the Broncos have seven straight home games before going on the road.

Let's everyone try to attend some of these games. We have had two championships this year; let's cheer the baseball squad on and get title No. 3.

## Cheerleaders can sign up April 10-14

Cheerleader election will be held at the Senate meeting April 17. At that time two men and two women cheerleaders will be selected. To be eligible a student must have at least a 2.0 GPA and be a full-time student.

Anyone interested may sign up in A108, April 10-14. Each candidate will be expected to give a short speech and perform a cheer at the Senate meeting.

## CANDIDATE TURNOUT—

(Continued from Page 1)  
Committee, 1965, Homecoming Chairman, 1966, Chairman of the Student Public Information Board 1967, past president of the Intercollegiate Knights and present National vice-president of the same organization.

He further stated: "The Student Body president must institute a mature, progressive program of activities in the college in addition to providing effective leadership. The following are some of my reasons for seeking office:

"I believe that only a person with much experience in student government and related affairs is qualified to fulfill the obligations contained in the office of ASB president.

"I believe that early and responsible appropriation of the ASB operating budget can effectively solve the problems we face today concerning publications and entertainment.

"I believe that improved relations between students and the administration is the only method by which we can solve individual student problems, and I have definite plans for instituting these goals and feel that I am qualified through past experience to do so."

Hough asks that students examine his credentials and talk to him concerning his stand on the various problems facing student government.

Ernie Weber, a junior at Boise College, is the fourth candidate for the office of Associate Student Body president. A member of the student senate, Ernie has maintained a 3.5 grade point average since returning to BC after four years experience in a supervisory capacity while in the service.

In explaining his reasons for running for the ASB office, Weber stated: "When I decided to become a candidate for the office of Student Body president, I asked myself two questions. The first was 'What constructive programs would I have to offer the student body?'"

In answering this, he decided that there are three main areas where improvement is needed. The budget is made up from our fees

## BLOOD DRAWING SET

Lifelines will sponsor a campus blood drawing April 6 from 10 to 3 p. m. in the SUB ballroom. Signed parental permission is required of all donors under 21 years of age.

and he feels that wise spending and adequate time to plan for the needs of the students is a must. Weber plans to initiate a budget in the spring, on a percentage basis, to enable the Lyceum, social and drama and music committees sufficient time to organize and plan activities for the next year. Weber believes that it is important to do this in the spring because the quality of the talent which we attempt to bring to BC is in direct relationship to the time at which we try to obtain it. The newspaper, annual and radio are also in need of budget changes, he observes.

The second area that Weber gives a great deal of consideration to is community relations. "We here at Boise College have a great potential and this must be revealed to the town through responsible leadership and interaction with the various community groups. To be more specific in this area, I plan to continue promotion of an active Alumni Association. I would also like to see signs on highways leading into Boise that advertise the fact that this is the home of Boise College," he stated.

A large general marquee is another idea which would arouse in-

## Army opens new O.C.S.'s

Since the Army has opened additional Officer Candidate Schools (OCS), there is no longer a waiting period for qualified applicants, it was announced here today.

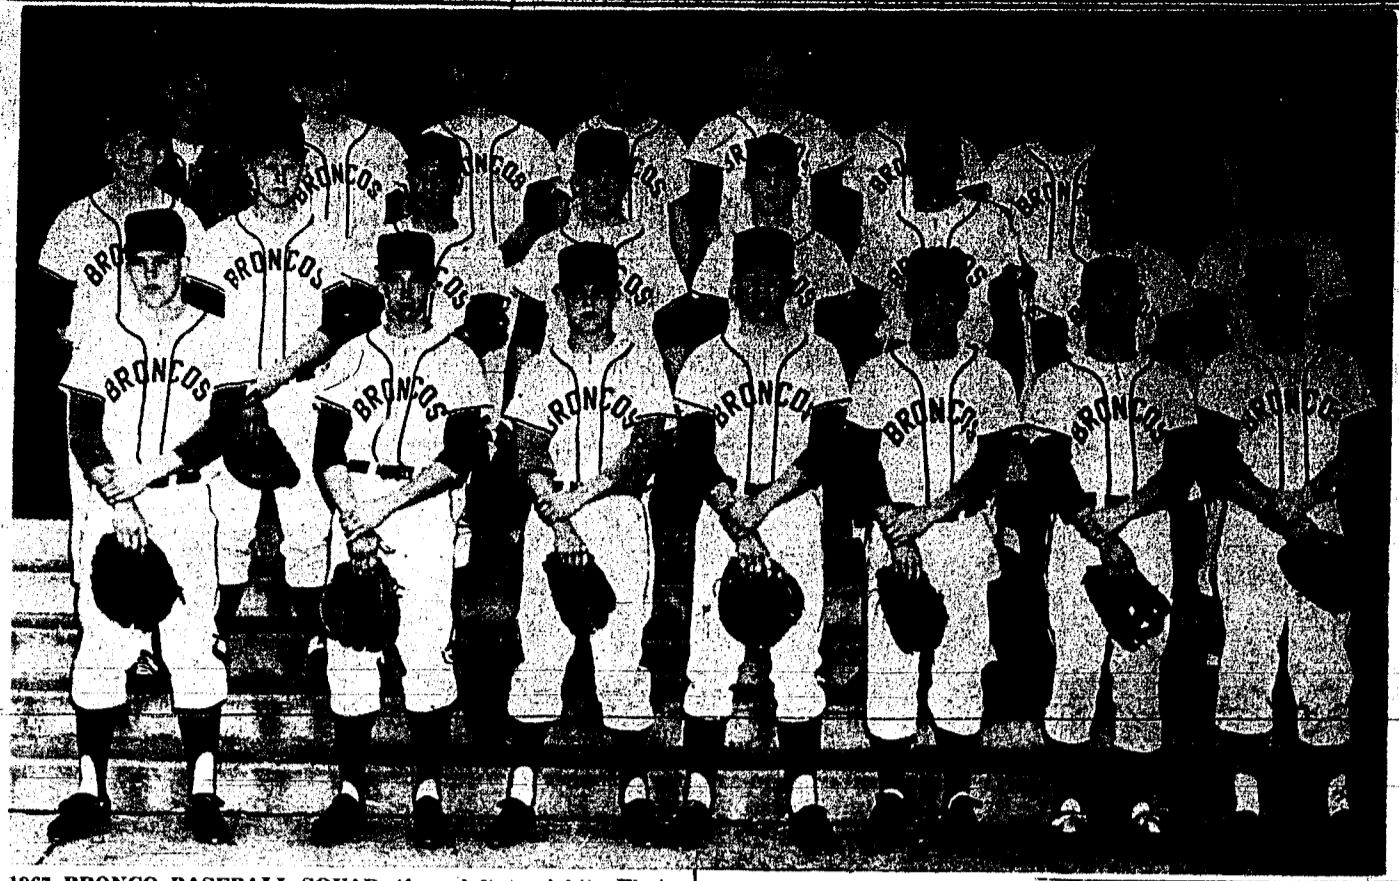

According to Sergeant Donald Lane, the local Army selection NCO, there is need for OCS applicants to fill the additional positions created in connection with the recent military build-up.

Commenting on this, the Sergeant said: "Eligible men are given a choice of Infantry, Artillery, Signal, Engineer Branches and others. The school of their choice is guaranteed, in writing, prior to enlistment."

Further information may be obtained by calling 342-2711, Ext. 527 and making an appointment to see Capt. Hill, Selecting Officer for 6th Army, visiting Boise March 29, 30 and 31.

terest and stimulate an excellent public image of Boise College. In this same category would come a plan for beautification of the campus and an attempt to make it something of which the students can all be proud.

Weber feels that the last, and most important need, is for a well informed student body. In his talks with various organizations and individuals, he found the prevailing attitude that the majority of students do not know of the many campus functions. Some are unaware of the workings of student government. He feels that it is the obligation of the elected leaders to interest the students in BC. "I would propose to do this by way of effective news media and personal relations," he added.

1967 BRONCO BASEBALL SQUAD (from left to right): First row—M. McDonald, catcher; D. Ball, SS; T. Tischendorf, infield; M. Schaefer, catcher; L. Hill, infield; L. Romano, 2B; R. Johnson, infield. Second row—M. Huter, outfield; B. Miller, infield; D. Kalousck, outfield; G. Rasmussen, pitcher; K. Cooper, offense; S. Soran, 1B; J. Schmitt, pitcher; P. Gridley, outfield. Third row—T. Canavan, coach; J. Paige, pitcher; B. Neff, pitcher; L. Messenger, outfield; P. Smith, 1B-pitcher; T. O'Farrell, outfield; H. Zimmerman, 3B; Lyle Smith, athletic director.

BOISE COLLEGE BRONCOS receive 9th place trophy after Powell, Wyo., eliminated them from Hutchinson tournament.
