Speaking on the differences between the right and left, Goldwater stated he is not worried about extremists on the right because what they advocate cannot be done, but he is concerned about those on the left because they are dangerously expounding attractive but misleading beliefs. He emphasized, however, that the true liberal, like the true conservative, is "very, very concerned about liber-

The former senator further stated that he and his colleagues in Congress tried to write an elementary education bill free of federal control, but could not because of Constitutional requirements. However, he felt a new state-federal relationship would enable federal standards to be set. In a question-answer period after his speech, Goldwater said that he dld not feel the United States was despised as much as she is envied around the world.

When asked how he felt about the possible Republican presidential candidates, Goldwater, who himself plans to seek the Senate, said he has been backing Nixon because the former vice president is the best trained man for the job. He added that there was quite a bit of talk in California about a Nixon-Reagan ticket.

Extreme Hazing Unnecessary

Service clubs on the Boise College campus will soon be gin pledge campaigns and students will be asked to spend from 7-10 weeks preparing for membership into the club.

Pledging, paging, or whatever the case may be, reached a point of questioning last year as students were subjected to a certain degree of hazing and other incidentals, which went a little too far.

It is considered a privilege to join these organizations and certainly it would seem proper to go through a trial period before becoming a member and enjoying the privileges that go along with membership.

But this trial period need not make shambles of the desiring member's character and pride or subject the individual to undue punish ment; especially in physical form such as the giving of swats.

But by the same token it does not seem right for a prospective member to skate through the period. Club projects and service along with attainment of a certain grade point average should be a must for membership. The pledge or page can be expected to achieve certain beneficial goals but not goals which will only go toward degrading himself or the club.

It is hoped that the presidents of the various campus organizations will look into this problem and will find a way to make it evident to prospective members that membership is to be achieved with service, work, character and other solid goals.

In the same respect the club hopeful, who is attaining these goals should be able to work for the club and not be subject to unaccounted and unnecessary hazing or punishment.

REPUBLICANS MAKE PLANS TO REORGANIZE

The Boise College Young Republicans met last week to make plans for reorganizing the club. The meeting was led by temporary chairman Gary Johnson and was addressed by Ed Hedges, chairman of the Ada County Young Republicans, and Jim Goller, director of Congressman Jim McClure's Bolse

Hedges expressed a sincere desire to work closely with the college group and Goller, speaking of the differences between the two political parties, stated that free enterprise breeds change, whereas big government breeds a desire within the bureaucracy for the status quo. The Republican Party is the party of progress, he said.

BC Dig Reveals Ancient Burial Site

By RUTH RUSSEL Roundup Associate Editor

The recent excavation of a 5,000-year-old Shoshonean Indian burial grounds by Boise College is currently drawing the attention of many archeologists in the northwest.

The initial investigation was undertaken by a small crew of interested students of the college this summer. The crew members were: Martin Scheffer, advisor, now residing in Utah; Betty Patterson, crew chief; Mario Delisio, photographer; Floyd Magre, paleontologist from the College of Idaho; Susan Durie, Alice Hausauer, Cheryl Magni, Ruth Russel, George Patterson, Tom Renk, Tom Corn, and Phil Anderson.

Also assisting in an advisory capacity were Dr. Earl Swanson, Jr., of Idaho State University; Dr. Eugene Walker of the U.S. Geological Survey, and Dr. Roderick Sprague of Washington State University.

Actual work on the site began on May 20, headed by Mrs. Betty having archeological experience. Located near Weiser, the excavation is now known as Braden burial site, after the property owner.

Further excavation yielded a mass burial of seven individuals, and three incomplete skeletons as well as two dog skulls and 68 pro-

> The skeletons appear to be those of the Shoshonean Indians, who lived around 3.000 B.C. on the Snake River plains. Tools used by them such as awls, whet stones and knives were also among the findings of the dig. Many of the bones and projectile points will be on display this fall. All of them are the property of BC and will form the basis of the Boise College Anthropology Museum.

Coach Smith Gets Broncs In Shape For Last Season In JC Conference

With the opening kickoff of the Boise College-Columbia Basin football game Saturday evening, the Broncos will begin their final ICAC year. Ten games from now, Boise will become a definite candidate for Big Sky Conference mem-

Columbia Basin hopes to take the final game from the Broncos as the two meet for the fifth time. The Hawks have a 2-1-1 win-lose-tie record going for them as they seek revenge for the 21-19 setback of last year. The Orange and Blue are going into battle intent on evening the record of wins and losses of both teams.

Smith anticipates a strong Pasco, Wash. defense before the Bronco offensive. "They run a defense they know well," he said, "coupled with tremendous pursuit and gang tackling." The Hawks have won their league championship repeatedly in the last few years

Smith will pilot the squad with Terry Squibb and Hal Zimmerman at the quarterback spot, where they will capitalize on the abilities of fullbacks Pat Willians and George Saphire. In preparation, contact work ended early this week, and the last few days were spent trying to smooth out offensive and defensive timing in anticipation of Columbia Basin. Daily practice has been going since August 21.

Women Physical Education Majors Organize Newest Club on Campus

By HOWARD WRIGHT Sports Staff Reporter

One of the newest, fastest growing women's clubs on campus, Physical Education Majors Club (P.E.M.) was formed in December 1966. P.E.M, is open to all woman P.E. majors or those planning to major in P.E., according to Miss Helen Westfall, advisor.

The objectives of the club are to promote professional attitudes and practices in physical education, including sponsoring intramural activities for BC students.

Last year's activities included softball and tennis tournaments, and also a mountain outing under the leadership of President Jennifer Churruca, Vice President Bev-erly Martin, Treasurer Zoe Ann Waits, and Secretary Gayle Zachary. The club uniform chosen was a blue vest with emblem, and will be worn each Wednesday.

The International Kings Table was the scene of the last spring meeting and installation of 1967-68 officers. Elected were Michelle Davis, president; Beverly Martin, vice president; Margaret Otten, secretary; and Zoe Ann Waits, treasurer. This year's activities included a September 7th picnic at Lucky Peak with the old members entertaining new members to a picnic and swim. Also slated this year at the meetings will be demonstrations by the members and speakers on various fields of P.E.

Anyone interested in P.E.M. is urged to contact Miss Westfall, Meetings are the first and third Wednesdays of each month.
