BC STUDENT LOANS ARE NOW AVAILABLE

Three types of student loans are available at Boise College. The Na-
tional Student Defense Loan is given to the good student with fi-
ancial need. Education makes it possible for you to pay for your edu-
ration and upon graduating and teaching five years must repay only
one-half of the loan.

The $1000 Student Aid Fund loan is available through certain
banks and is processed through Boise College. If the student's par-
ents earn less than $15,000, the federal government pays the in-
terest on the loan.

The Boise College short term loan is the third type. The $100
loan is available at Boise College to those students who are
a few dollars short of paying their account.

Esquires Begin Project
For BC Memorial Hall

By KATHY FITZPATRICK

Final plans are now being made for a memorial hall to connect the Liberal Arts Building and the Library. The Boise College Esquires, sponsors of the project, have already purchased a plot of land and have held a series of meetings to discuss the construction of the hall.

The project is now in the planning stage and is scheduled to be completed by next May. The project will be financed through a fund raising campaign, and the Esquires are currently working on a fund raising campaign. Several events are planned to raise money for the project, including a benefit concert and a silent auction.

The project will be dedicated on October 10, and the Esquires are currently working on plans for a dedication ceremony.

The Boise College Esquires is a student organization dedicated to raising funds for the construction of the memorial hall. The organization has been working on the project for several years, and has raised a significant amount of money through various events and activities.

The project is expected to be completed by next May, and will provide a much-needed space for students and faculty. The Esquires are currently working on plans for the interior of the hall, and are planning to include a large open space, as well as several smaller rooms for meetings and study.

Chaffee Hall Dedication
Scheduled At 4 P.M.

Thursday, October 5, the Boise College Men's Dormitory will be formally dedicated. The new dorm has a capacity of 300 students and was constructed by the R. W. Luekenga Construction Company, Inc., of Nampa, with Hummel, Hummel, Jones & Schuwer architects designing the building.

The men's dorm was part of a massive school construction program this past summer which also saw the new student union and liberal arts buildings completed. The money for this project, which also included an addition to the science building, was given to the college on a 40-year loan grant to be paid in part by the students' dormitory and student union fees. The cost of the whole affair is totaled at four million dollars.

The men's dorm is located behind the girls' dormitory and consists of two three-story wings. Connecting these wings is the house mother's apartment. Each wing was built to accompany 150 men with parking space for cars constructed in the rear.

The lobby and halls are carpeted, decorated and furnished in much the same way as the new Student Union building.

We, at R. W. Luekenga Construction Co., Inc., were pleased to have aided the growth of Boise College, the college that is growing with and for Idaho.

BC Broncos Melt Snow
In First ICAC Tussle

By ART GALUS
Boise Community Sports Editor

Boise College doggedly five players through the Snow College defense Saturday to grab a 23-6 win in the Broncos' first ICAC game.

After a fumble recovery by Steve Sviatk on the Snow one-quarterback Jerry Squibb called the right combination to send himself through for the six. Tim Powers converted the first of five extra points in the high-scoring game.

Gary Powell, freshman and former local prep star, replaced Squibb at quarterback when the veteran injured the fourth quarter and picked up Boise's last marker on a 3-yard plunge.

Snow College's 16 points came in the final period on a pass from the Broncos 10. Then the BC defense strengthened and the PAT kick was blocked.

Snow was held to a mere 19 yards in the first half and 27 in the second while BC rushed for a total of 247 yards. Pat Williams was the head ground gainer for the Broncos with 56 yards in 11 carries.

In the late fourth quarter Snow intercepted a Powell pass on the goal line to return it to the Boise 36. But as play resumed the Broncos' Steve Price snapped a Badger pass to return the ball to the BC 30 yard line.

After a 44-yard pass in the second quarter to "Puddin" Grayson, the top-rated pass receiver in the ICAC, the game moved to BC's 12 yard line. The Broncos' defense was outstanding to prevent a touchdown.

Back Lineman of the Week

After a 21-0 victory over the Boise State Broncos Saturday, the Boise College Broncos will host the Treasure Valley Community College Chukars Sunday. Since the founding of Treasure Valley, the Broncos have an 0-2 record against Boise College and would like to gain a victory before the Broncos move to a four-year status next year.

The Chukars, under the leadership of Coach Gary Farnsworth, won their first two games with impressive scores.

Coach Kyle Smith anticipates it will be the toughest game to date. "This is about the best team Treasure Valley has ever had. They have a big line and good speed. It is a well balanced team and we will be their prime targets."

In their last game, the Chukars used a 5-3-2 defense. They ran their offense out of an unbalanced T formation with quarterback Bill Gyffey, a fine passer, at the controls.

The Broncos, under the leadership of Coach Gary Farnsworth last week was Runy Nelson, the split end. The tailback, Brice Huddleson, will give the offense a kick in the running game.

Coach Smith has Terry Squibb, last week's outstanding back, at the controls for the Broncos. The outstanding backman last week was Russ Kennig. "Puddin" Grayson, Dennis Pooler and George Saphire, who was injured in the Snow College contest, will see plenty of run and possibly no action this week in an attempt to prepare for the road trip next Friday to Grand Junction, Colo.

Broncos Take Wings

Eleven members of the Flying Broncos, Inc., under the direction of advisor Wayne White, recently flew to Logan, Utah, to attend a flying seminar at Utah State University.
