### HERBERT MENGEL **ANNOUNCES PLAN** TO BEAUTIFY BC

By BOB DAVIS

According to Colonel Herbert O. Mengel, significant improvements are being made to beautify our campus.

New curbing and gutters are being put in around the Vo-Tech building. In the area around the men's dorms, grass is being planted and a new sprinkler system is being installed. Also the removal of hedges and the foundation planting of grass and shrubs around the new section of the Science building is now being completed. In connection with a contest held by Sears, a plot of land around the marquee sign at the west end of the campus has been given to a group of people to improve. Upon completion of this project these people are eligible to win prizes in the contest being held.

In the long range plans, the area west of the tennis courts will be leveled and seeded for a practice field and water will be piped from the Boise river to the Library for air-conditioning purposes.

In regard to the parking problem of next year, the area south of the Administration building will be divided physically between the student parking and staff parking. This will leave the area in the "U" in front of the Administration building for student parking only. Fines for next year will be \$5 for the first ticket and \$10 for any additional parking violations.

### **BC Students Attend Negro Rights Rally At Capitol Building**

The stated reason for last Friday's NAACP rally was Lieutenant Governor Jack Murphy's action in not keeping the flag at half mast throughout the mourning period for Dr. Martin Luther King, Jr. Actually, the reasons for the rally were many, and Murphy's action was only the straw that broke the camel's back.

Civil rights leaders have been upset over anti-civil rights activity in Idaho since the spring of statements issuing forth from Bob Salter's talk program and the voting record of Idaho's congressmen have angered these leaders.

The NAACP has been contemplating action of this sort ever since Representative James Mc-Clure's vote against the rat control bill. It was Representative George Hansen's statement after the assassination of Dr. Martin Luther King, Jr., that the "chickens came home to roost," which finally set the wheels in motion.

Most Negroes could care less whether the flag is flown at half mast, 2/3 mast, 1/10 mast, or upside down. Most work desperately hard to make ends meet, and issues such as how high up the mast the flag is flown seem quite irrelevant to them. However, most Negroes were hurt and angered by Hansen's thoughtless comments.

The bulk of the people at the rally were students from Boise College and the College of Idaho. Hopefully, this will only be the first of a series of efforts to deal with anti-civil rights activity in

Any students interested in helpof the local NAACP.

> Lynda Callen improves with every performance, while John Poulson was at his best. Others who need singling out are Jeff Grimes, Dave Ferdinand, Gary Bermensolo and Don Welsh.

The play itself, although begun so poorly, proceeded rapidly toward a roaring climax that nearly had the audience (many from "Show Boat") rolling in the aisles. The plottings of "Oberlin" Grimes were alternatingly fouled and assisted by the mistakes and successes of prankster Puck, who didn't mind that the audience needed a scorecard to distinguish who loved whom. Always ready for a laugh, Puck had reason to roar when Callen fell madly in love with an ass.

The continuous action was reminiscent of the onrushing of events in "It's a Mad, Mad World," and the mud ifghts of a John Wayne

### THE EDITOR LETTERS TO

A Statement From ASB President Nally

Due to a recent audit of the ASB budget, it is with regret that I announce to the students of Boise College that we are presently operating at a deficit.

In identifying this there are two main areas in which the problem lies: Our proposed budget for 1967-1968 was greater than the amount allocated to the various accounts of ASB funded organizations and various accounts have over-spent, which indicates a lack of control in spending.

With these financial problems existing, I regret that I have no choice but to discontinue all ASB spending as of April 15, 1968. This is to say that all accounts are closed as of the said date to fur-

I ask your cooperation and tolerance in understanding the situation at hand. I might add that proposed budgets for next year must be turned in to Pat Fleenor, ASB Treasurer, on or before April 19, 1968. It is the responsibility of each funded organization to be very careful and exact in preparing this request.

I am sure this will aid in eliminating future financial difficulties similar to the situation we are now confronted with.

### Campus YR Chairman 'Shocked' at BC YD's

Dear Editor:

The other day I was sitting in a classroom when I saw a poster on the bulletin board announcing a Young Democrat's meeting to discuss the Democratic candidates for president, apparently an open political discussion. I decided to go on the basis that the poster bore no restrictions.

ative for Senator McCarthy andone for Senator Kennedy. During the question and answer session the YD chairman recognized me (Young Republican chairman) to ask a question. Well, I was just in the middle of the question when the YD advisor walked in. He looked at me and stated that this was a YD meeting; therefore, only Young Democrats could ask questions. Another person, a Democrat but not a YD, said he wasn't a member of the organization. At this time the advisor amended his declaration of policy to state that members of "outside organizations" couldn't ask questions.

I want to inform you of these happenings because it seems to me that an open political discussion cannot be either "open," "political" or a "discussion" if it limits the opposition. The ironic thing about this story is that the question I asked wasn't opposing anything. I simply asked what the difference was between Kennedy's and Johnson's stand on poverty.

This "reaction" shocked me as I'm sure it did the rest of the audience, the YD's themselves, and the guest speakers.

We of the Young Republicans have always felt that one of the purposes of the YR's and YD's was political education on campus. Therefore, twice, for an example, we have challenged the Young-Democrats to debates, but twice have been turned down. Now, apparently, when the YD's sponsor a discussion, they want to bury their heads in the sand and ignore the opposition then also. Such a policy certainly doesn't help the cause of political education, We of the YR's regret very much that the policy of the YD's on campus is that of isolationism.

Boise Mayor Jay E. Amyx stressed respect on one's fellow human beings. He asked Christians to ask themselves this question: "Have I lived in my neighborhood as I should and as God would want me to live?" He urged "Christlike" love for one another, the promotion of peace and understanding.

### THE LEFT AND THE RIGHT DISCUSS THE CANDIDATES AND ISSUES FOR THE FORTHCOMING PRESIDENTIAL ELECTION

By LLOYD LOVE and RON OLIVER

It would be futile to discuss seek re-election, nor is it that important. The crucial question is ing weak in typical Democrat "What happens now?"

The obvious gainer is Robert Kennedy, whose chief opponent to the nomination has been removed, thus avoiding a nomination fight that would have hurt him. A Gallup poll shows that if the election were held now, Kennedy would win. Surprisingly, Nixon and Wallace have lost support since the senator entered the race. In these times, Kennedy's reputation for ruthlessness and toughness may be an asset rather than a liability.

### Rodenbaugh Collection Now On Display at BC

On display now on the second floor of the Science Building is part of the Rodenbaugh rock collection which has been used primarily for geology labs at BC since presented to the school.

The collection was put together by Rodenbaugh during his life and was presented to the Idaho Gem Club after his death. This rock assembly was given to Boise College a few years ago and only recently was it finally fitted into display cases for viewing. However, the samples on display represent only a fraction of the total number of pieces in the collection.

The newly organized board consists of a group of students that endeavor to supplement and possibly co-sponsor social activity on the campus each year.

The board will consist of 18 members and two alternates. Membership lasts through a student's completion of schooling at BC. Current members include Bonnie Toliver, Kathy Crane, Lina Blacketter, Roy Lynskey, Lynda Baril, Lloyd McGrath, and Vicki Simp-

servers. What is more surprising Lyndon Johnson's decision not to is his ability to attract Republican and Independent voters, while beareas. As a matter of fact, Mc-Carthy out-polled Nixon in Wisconsin, which the latter carried in 1960 against John Kennedy. Apparently, the Senator's low-key style appeals to traditional Republicans.

Richard Nixon seems assured of the Republican nomination, having amassed overwhelming victories in New Hampshire and Wisconsin. It is true that he ran essentially unopposed, but polls indicate that even if others had run, Nixon would still have been a clear-cut winner. However, his losses to John Kennedy and Edmund Brown, and his allegedly fuzzy positions on some issues may hurt him.

Polls show that Nelson Rocke feller could beat any Democratic candidate, but considerable hostility toward him exists in the Republican party The governor does not have Nixon's loser image and New York is considered the best

Hubert Humphrey is receiving encouragement from several sources to enter the race, most notably from AFL-CIO Chief Meany. The vice president must beat Kennedy in several primaries, as he trails both Kennedy and Mc-
