Miss Idaho Comes to BSC

First among the pretty girls on campus this fall is Miss Idaho 1968, Karen Ryder, daughter of Mr. and Mrs. Milard Ryder, Karen is majoring in speech with a special interest in speech therapy while pursuing her duties as Idaho's representative to the Miss America Pageant.

Karen was educated in Wren grade and high schools and has attended sessions at Boise College and ISU. She has a wealth of talent in varied fields. Miss Idaho has six years of voice training in her earlier years, served as student body secretary in Wren High, also as cheerleader in high school and during the last two years as varsity cheerleader at Idaho State.

In high school she learned to play the drums, and in high school she played trombone in the outstanding Wren High School band, employment the year that group went to Mason City, Iowa, on an invitational tour.

Karen has received many honors for her talent and beauty, prior to becoming the 1968 Miss Idaho. While still in high school, she was a runner-up to Boise Fairly Queen, a semi-finalist in the Miss Teenage America competition.

Miss Idaho was also her Job Daughters' ballroom partner and competed in the Miss Teenage America competition.

Miss Idaho has been an amateur magician since childhood and when asked at the Miss Idaho competition how she imagined that magic would help her, Karen answered, "I think it might make all the girls disappear." Being such a talent and zest for life, she is a welcome addition to Boise State College.

BSC Gets Survey

Bone College has been awarded a grant of $2,182 to conduct a statewide survey of the services and resources available to Idaho's Senior Citizens. The amount of long-term care the Idaho Office on Aging was made on behalf of Director of Special Projects for the college.

Idaho State University, College of Southern Idaho, and the University of Idaho will cooperate in the survey, with Boise College acting as the coordinator of the project. Each University and college will survey the state during the next six months.

Director of the project is Mrs. Patricia Dornan, Sociology Instructor at Boise College Assistant Director is Mrs. Irene Wilcox, also of Boise College.

All agencies serving the needs of the elderly, whether their program is directly or indirectly related to such service, will be contacted. A questionnaire has been prepared and will be given to each agency under the supervision of the coordinator. The information gathered will be of interest to the state and will be interpreted and disseminated to the public. The information will be sent to the offices of the survey, Boise College, and will be used by the Idaho Office on Aging.

Women To Use Marian Hall

Dr. flora T. Wallace, Dean of Women at Boise College, announced completion of an agreement this summer with St. Alphonsus Hospital School of Nursing to house 40 women students at Marian Hall during the coming school year. The Boise College Board of Trustees approved the arrangement at Tuesday's board meeting.

Women students of Marian Hall, located at 341 Washington, the BC campus, will have full use of the lounges, nursing school library, swimming pool and gymnasium, said Dr. Wallace. Applications for rooms are being received by the College Board of Trustees in April of this year. The appointment was effective July 15, according to President John B. Barnes. This position was made on the Board last December under a reorganization of the Boise College administration and academic structure. Applications have been under consideration since that time.

Dr. Dr. Barnes was professor of education at Arizona State University.

The new executive vice president of the Boise College Board of Trustees announced the appointment was made on the Board last December under a reorganization of the Boise College administration and academic structure. Applications have been under consideration since that time.

COLD CUTS AND BREAD

by William P. Jones
Political Columnist

In the paper each week prior to the Fourth-of-July weekend, the statistics of gun-related deaths were carried, but the figures this year left out over the weekend of the Fourth because car deaths overshadowed gun deaths.

Furthermore, several people have drowned in the New York Canal, so next week the authorities are going to register the canal. You see, registration seems to make things safe.

Federal registration of gun-users will determine, according to some authorities in Washington, the mental ability of the person to handle a fire. They then, do many top executives in Congress have a commission, mayhem with firearms.

I was just wondering how Senator Dodd would react to it. The committeestraught the use of a scythe as the murder weapon. He would probably go crazy trying to get the guns out of Washington. As soon as the scythes melted.

The Sullivan act in New York could be the matching gun with the exception of Machine Gun Kelly, Al Capone, Baby Face Nelson, and Dutch Schultz. In the face of this impending legislation, many political leaders fear that the registration of my shot gun will still enable me to kill ducks, so help me, Dodd!

Letters to the Editor

Dear Editor,

Boise State College is receiving a mixed reaction from students. Most students are quite aware of the priceable work of the school faculty and staff members. However, the project began a little before the end of the summer season of classes and is still in progress.

Another facet of the college which the student government considered important is the Vocational Technical buildings. With the federal seal of a true artist, the buildings are designed with a luscious opal part. Such parts are not at a loss for students. "Built to order" and "old eye sure" were added for finishing touches. How can we ever thank the students for their endeavor? Won't someone please write down who gave this campus in this way so that we may truly thank them in the proper manner in which they truly deserved!

Name Withheld

Avery Peterson
Starts Formation Of College IRC

Students interested in the formation of an Intercollegiate Relations Club are invited to indicate their interest by getting in touch with Avery Peterson, political science department. Notes may be left in the mailroom, and those interested in these buildings or in Peterson's office, LA 1200. If an IRC is formed, says Peterson, it will join with College Idaho and Idaho State University chapters to participate in a nationwide plans for National Security Council.

ANYONE interested in forming an intramural touch football team is asked to contact Bob or John B. Martin by Thursday, Aug. 10, at 6 p.m. for the first meeting.
FRATERNITY FIRST on the Boise State College campus is the newly organized TKE, Tau Kappa Epsilon, which under the presidency of Ron Gabriel will house its members in the former Falk Estate on Warm Springs Avenue.

The fraternity, which originally was Pi Sigma Sigma service club, affiliated with Tau Kappa Epsilon national fraternity this year to become the first national fraternity at BSC. The TKE's also are the first frat to have a fraternity house.

Gabriel and the first officers are currently recruiting new pledges and making final arrangements for the members to move into the TKE house. Boise businessmen working with the group are George Poulos, president of the Pi Sigma Sigma Corporation of TKE and Allen R. Derr, secretary of the corporation.

The corporation has contracted a lease for the Falk Estate for two years (or one dollar per year), with the stipulation that capital improvements will be made to the property for $2,500 per year. Derr said. He added, part of the required improvements may be in the form of labor and President John Barnes will determine whether the terms of the agreement have been met.

TKE Can Pledge TKE's

"All members of Pi Sigma Sigma are automatically TKE's and will live in the house. All fall semester pledges will be required to live in the house, keeping up the grounds and the house work a part of their pledge period," Gabriel said.

TKE officer Dick Hammen, stated pledging will take on a new form for the old Pi Sig traditions of pledging carrying paddle boards, pocket books and wearing costumes will be replaced by intramural activities, student tutoring and activities. January was the start of the new system, he said.

"Hazing is taboo," Hammen said.

The fraternity will be self-supported by the members with additional income from college dances. Other plans include giving swimming lessons in the natural hot water pool on the fraternity grounds as an extra source of income.

Gabriel said the corporation is to promote and encourage the fraternal, social, scholastic and moral well-being of the members of Pi Sigma Sigma affiliate of Tau Kappa Epsilon fraternity and to provide guidance as may seem necessary to achieve these purposes.

Official Send Congratulations

President of BSC Dr. John B. Barnes said he was pleased about the affiliation of Pi Sigma Sigma with the national Tau Kappa Epsilon fraternity and welcomed the new association to the campus. "We know you will continue to exhibit the qualities of leadership and achievement, which have contributed to an outstanding character of Kappa Epsilon," Barnes wrote in a letter to the fraternity.

"We look forward to the development of the TKE Colony on the BSC campus," Barnes said. "We expect the young men in your organization to maintain their high ideals and traditions with the resulting positive effects on the organization as a whole," he added.

Daggett of Men Edwin E. Wilkinson called the affiliation of the old established Pi Sigma Sigma service honorary with the TKE fraternity "another important step in the development of Boise State College."

J. Alfred McCauslin, former dean of student personnel at BSC, is pleased with the national Tau Kappa Epsilon, which has contributed to an outstanding record for your national fraternity on Boise State College campus. The new Tau Kappa Epsilon will have an outstanding Tau Kappa Epsilon colony."

CLEANING the fall library as members of Tau Kappa Epsilon fraternity, from left, Steve Smith, Ralph Wade, Frank Wachut and Dan Wilde, who began the fall house-keeping by cleaning out the fireplace in the new TKE house on Warm Springs Avenue. The first national social fraternity on Boise State College campus, TKE's have begun preparations for occupation of the house by members and pledges.

services, who worked directly with the students, stated, "I am particularly pleased that Boise State College's first social fraternity is the outstanding Tau Kappa Epsilon."

Spurs Set Up Service Club

SPURS, A NEW SERVICE organization for sophomore women, will be forming on the Boise State College campus this fall.

Affiliated with the national organization of Spurs, the Boise chapter will hold its first meeting Friday at 12 noon in the Silver Room of the Student Union Building.

All sophomore women who are involved will be invited to participate. Planned activities for the school year include sponsoring a bicycle race and attending the Region VI Convention at the University of Utah.

WANTED College students and non-students interested in working at Boise State College football and basketball games and the College of Idaho basketball and football games. Contact Loyd Jones, college groundskeeper, at 343-6255 during the first week in September.

GO TEKE!

IT'S A GOOD LIFE IF YOU CAN TAKE IT!

AT LEFT: Tau Kappa Epsilon house on Warm Springs Avenue.

CONSTRUCTION on the former Falk Estate, which has been issued for a two-year period by the college administration to TKE, is expected to be completed in time for the new of the fall semester. The building, which will be used for the house, will be located on Warm Springs Avenue. The two-story brick house includes a service club, a new service organization forFox Valley. With the opening of the college for the fall semester, the BSC student body will grow from approximately 3,400 to 7,000.
College Traffic Is Problem
Boise State College has a serious traffic situation due to the large number of pedestrians and cars which are concentrated in a relatively small area. This situation is further aggravated by narrow streets and small children in neighboring schools. Each student owning and/or operating a motor-driven vehicle on the campus is directed to give his complete cooperation in observing campus parking and traffic regulations.

Stop sign violation-$5.00 for the first offense, $10.00 for the second and any succeeding offense.

Parking or speeding violations-$5.00 for the first offense, $10.00 for the second and any succeeding offenses. At the time of the fifth offense, student is subject to loss of permit and subject to disciplinary action.

Any ticket for any offenses, will be added to the total number of tickets accumulated. That is, the first ticket would be $5.00 any tickets accrued after that would be $10.00 each.

Boise State College Arbiter
IK's Take First Place

In National "Paint-In"

The Intercollegiate Knights service honorary at Boise State College will receive a $2,500 check and matching $2,500 scholarship for the college this month as first prize winner on the national Buick Opel Kadette "Paint-In".

Rich Ostrogorsky, IK president, said officials from the Buick Motor Division of General Motors notified the club of their win in August and the official presentation will be held later this month.

Local sponsor of the "Paint-In" was Anderson Buick in Boise.

The IK's painting team won the local contest in May with their theme "Beautiful People", which consisted of dozens of blue and black faces on a white background, painted on an Opel Kadette.

Color photographs of the IK winning car were submitted to Buick. The Intercollegiate, Jr.'s service honorary at Boise State in National "Paint-In", will establish other scholarships in the club's name.

The Intercollegiate Knights first place in the national Buick Opel "Paint-In". The local paint-in was held in the Hillcrest Plaza parking lot in May.

IK PRESIDENT Rich Ostrogorsky, left, Bill Koger and Suzi Johnson put the finishing touches on Opel Kadette, painted in the theme "Beautiful People", which won the ISC Intercollegiate Knights first place in the national Buick Opel "Paint-In". The local paint-in was held in the Hillcrest Plaza parking lot in May.

TAKE A MINI-BRUTE TO SCHOOL THIS YEAR

Why buy a used car?

This Opel Kadett 2-door sedan costs only $1831.

Maybe you thought "back-to-school this year" meant having to buy a used car for transportation. Now that's an alternative: the Mini-Brute. For just $1831, you can have a brand-new Opel Kadett 2-door sedan. Your down payment can be as little as $195. And the Opel isn't a glib hog. There are other Opels, too, like the LS Sport Coupe and the great new Rallye Kadett. Come in and look 'em all over before you go out and do anything rash — like buying a used car.

CONGRATULATIONS TO THE BOISE STATE COLLEGE INTERCOLLEGIATE KNIGHTS—First place winners in the national Buick/Opel "Paint-In".

KIDO To Carry
Bronco Games

For the second year, the Boise State College games play-by-play, for all Football and Basketball contests, will be carried by KIDO Radio, according to ISC Athletic Director Lyle Smith and ISC Manager Jim Davidson.

The games, to be originated on KIDO in Boise starting with the Bronco Linfield Football game Sept. 21, will be the first in four-year competition for Veteran Sportscaster Walt Lowe and his Color Commentator, Cap Ingalls.

Lowe, with more than 15 years experience in Baseball, Basketball and Football play-by-play, played for three years in the Pacific Coast League, and eight years as player and player-manager in the old Pioneer league with the Pocatello Cardinals, and the Boise Pilots, Yankees, and Brooks Baseball.
THE RUMOR HAS IT THAT NEXT YEAR'S Summer Olympics will be held on the Boise State College Campus. How else can one explain the "Olympic swimming pool" sized hole that appeared mysteriously one weekend this summer? But one can be sure that this IS a hole. And the HOLE problem now is with Sprints. The problem with Wins will be the opening film at Boise State College Film Society's season. It will be shown tonight at 8 p.m. in the Liberal Arts Auditorium.

Juliet is an unusual story of a woman who sees spirits and who asks their advice when she learns of her husband's infidelity. The spirits begin to control her life, until she (and the viewer) is unable to tell the difference between reality and her visions.

Foreign Film

Federico Fellini's Juliet of the Spirits will be the opening film in Boise State College Film Society's season. It will be shown tonight at 8 p.m. in the Liberal Arts Auditorium.

The film, made about two years ago, is notable for its unusual use of color photography and brightly colored settings and costumes. Juliet is Fellini's first film in color. Other films by this director include La Strada, La Dolce Vita, and 8½. The society will show a film every Friday of the school year. Admission is free to Boise State College students with activity tickets and a 50-cent admission will be charged to the general public.

BOISE STATE COLLEGE FOOTBALL SCHEDULE

Sept. 21 Linfield College at BSC (Kiwanis Night) 8:00 p.m.
Sept. 28 Westminster College at BSC (Elks Night) 8:00 p.m.
Oct. 5 Weber State College at Ogden, Utah 8:00 p.m.
Oct. 12 Eastern Washington at BSC 8:00 p.m.
Oct. 26 Eastern Oregon College at LaGrande, Oreg. 1:30 p.m.
Nov. 2 ISU at BSC (Homecoming) 1:30 p.m.
Nov. 9 Colorado Western at BSC 1:30 p.m.
Nov. 19 Central Washington at BSC 1:30 p.m.
Nov. 23 Central Washington at BSC 7:30 p.m.

NOTE: Times listed above are those prevailing at local of game.

A new dimension in Boise State College unfolds Saturday evening, September 21, when the Boise State Broncos meet the Linfield College Wildcats, a team that compiled an 8-1 record in 1967, at 8:00 p.m. in Bronco Stadium. Yes, it's hard to believe that four-year athletic status has finally arrived for Boise State College. With four-year competition comes opponents such as Weber State, ISU, College of Idaho, and Eastern Oregon College.

One then wonders how the Broncos will "Stack Up" in comparison with the other teams who have more experienced senior class. After the conclusion of spring practice and competitive scrimmages, onlookers saw the new brand of football that comes with practice, team work, and determination. Perhaps the Broncos lack the depth of the other schools that they will engage, but fans feel confident the lack of depth will be augmented by spirit and drive. With lettermen returning from as far back as 1961, plus junior college transfers and incoming freshman, Coach Tony Knappe Broncos could well be a team to watch this season.

Students, Get Free Tickets

Boise State College students attending Bronco Home Football games this year will be issued tickets for each home game, it was announced by Director of Athletics Lyle Smith. Tickets will be available, Monday through Friday each week that there is a Bronco home game, and may be picked up, at no charge, from 9:30 to 1:30 at the Ticket Window in the lobby of the Student Union Building. Students are required, Smith added, to bring their Student Activity Card when they pick up their tickets. First home game is Saturday evening, September 21st, 8 p.m., against the Linfield College Wildcats—a team that compiled an 8-1 record in 1967. The ticket booth will open for the first time Monday, September 16th, at 9:30.
Dave Skrien Is New Coach

Bronco Football fans will be eager to meet David A. (Dave) Skrien, Boise State College's new Assistant Football Coach. Skrien has been on the Coaching Staff of the Vancouver, B.C. Lions of the Canadian Football League from 1967, the last five years as Head Coach. In 1963 he was the assistant coach of the Year by the Canadian Football League, a team who will work as an Offensive Coach for the Broncos, also served as Murray Warmath's Assistant during 1955-58, at Minnesota; in 1959, Assistant Football Coach and P.E. Instructor at Albert Lea High School in Minnesota.

NEW COACH

Dave Skrien

Skrien, 38, was graduated from the University of Minnesota. While there he captained the Golden Gopher football team in 1956 as Assistant Football Coach and in 1961, as Assistant Football Coach. In 1963, he was selected as Assistant Football Coach of the Year by the Canadian Football League. He served as Assistant Football Coach for the BSC Football Squad from 1968-69, and as Assistant Football Coach for the 1968-69 season.

RETURNING LETTERMEN of Boise State College's football squad for 1968 are, seated from left, Mike Harden, Verne Morse, Dave Marshall, Paddie Glynn, Gary Powell, Ken Thomas, Terry Baldwin, Butch Petrich and Ron Grabowski; kneeling from left, Scott Bowles, Dennis Pooley, Steve Halton, Ken Johnson, Steve Parsey, Dennis Bjeld, Hal Zimmerman, Rocky Lima, Bruce Wong, Tom Delia, Standing from left, Jim Rogers, Jake Hoogel, John Kawernski, Dave Toney, Steve Sviga, Pat Williams, Lewis McFarland, Tony Maher, Math Stevem, Jim Murgusto and Gary Silvets.

Firebird International Raceway, Inc.

Dear Students,

Welcome to Boise and Boise State College.

After you're settled, we would like to invite you out to our exciting Saturday night Drag Races under the lights.

Firebird International holds the distinction of being the first fully lighted Drag Strip in Idaho. Also, Firebird International is the newest Drag Strip in Idaho and the West. We are fully sanctioned by the National Hot Rod Association.

For the race fans we have grand stands which hold 3,000 people plus all the other modern conveniences. For the racer, we have the very best in super fast traction asphalt.

Firebird International is located just 6 miles north of Highway 44 on Highway 16 (Emmett Highway).

Watch your ARBITER for coming attractions and dates.

In the meantime we want to wish you all the best of luck this year at Boise State College.

Sincerely,

Firebird International Raceway
These students each read a stack of books during one semester. You can read fast, too—and with better comprehension.

Here are some comments from typical students:

Robert Driscoll, Student
This course has given me the time to enjoy all of the books I have wanted to read for so long.

Ray C. Jolly, Professor
Reading Dynamically has already proved a substantial help in covering material that I need to use in teaching. It has also made it possible for me to do some reading outside of my professional field—something I have not done in years because of lack of time.

William Moore, Executive
This course has added new dimensions of enjoyment and information to a busy schedule. I would recommend it particularly for the High School or College student. It teaches planned study and comprehension. It is valuable for anyone determined to put forth the effort.

Scott Moeslinger, Student
I'm thoroughly pleased with the course. Last week I read six books on chemistry with better understanding than I've ever had in previous years of study.
