Arbiter, December 6

Students of Boise State College
Boise State College

Boise State is not Boise's College

The International Club of Boise, announcing its second annual Community Ambassador summer scholarship offering for 1969, has revealed that this year Boise State College students will be eligible.

This year's "Experimenter in International Living" will be awarded a week to nine week stay in Uruguay, Valued at $900, the program covers transportation to Uruguay and return from Miami, medical and lodging, health and accident insurance.

The scholarship winner will be involved in the following activities: three days preliminary orientation; 16 days Intensive language instruction (optional or required depending upon fluency in Spanish); four weeks in the home of the host-country family; two weeks travel with members or friends of the host family.

Additional benefits include possibility of academic credit in the language and/or area studies, and an incentive toward a career.

Applicants may be a Boise State College student currently enrolling ten hours or a Boise teacher; age limits, 18 to 30 years, must have two years' study of Spanish and basic conversational ability or the equivalent.

The applicant must be eager to meet a new culture on its own terms, adaptable, able to interpret Idaho and United States government, willing to share gained experiences and insights with the Boise Community during the year following the Experiment in Uruguay, willing to take an intensive 3 week Spanish course if lacking in the language requirement.

Miss Terri DeLaurier, a talented vocalist, and teacher at South Junior High in Boise, was the 1968 ambassador to Czechoslovakia. She says, "My trip to Czechoslovakia has given me much deeper understanding of the Czech people as well as keener understanding of their current problems, I certainly have a clearer picture of Communism and its function in this area." Miss DeLaurier left that country just one day before the recent Russian takeover.

Application should be made to Boise International Club, Attention: Mr. James Gamb, 292 Idaho Building, Boise, Idaho 83702. Completed applications are due no later than January 27.

Two year programs in the Schools of Business Administration are Data Processing, Marketing Management, Secretarial Science, Marketing, and Criminal Justice.

The four year programs in the School of Arts and Sciences include English, History, Political Science, Medical Technology, Music, Premedical Studies, Sociology, Spanish, X-Ray, and Speech-Drama.

Foreign Scholarship
Open To Students

College To Participate
In Student 'Who's Who'

Boise State College has been selected to participate in the "Who's Who Among Students in American Universities and Colleges," a letter received by Dr. A. G. Romack, Dean of Student Personnel Services.

"Who's Who" is a recognition of student leadership, founded in 1934, and patterned after the criteria for inclusion in the internationally famous "Who's Who." Each college or university selects a broadly based committee to review students who are nominated for membership based on the committee review of the eligibility and the criteria for inclusion in the "Who's Who" edition for the ensuing year.

Inquiries about the program or the committee should be directed through the office of Dr. A. G. Romack.

LIBRARY HOURS EXTENDED

For the convenience of students doing research for Technology classes, the library will extend its hours the next two Saturdays, from 9 a.m. to 10 p.m. and it will be open from 2 to 8 p.m., according to Head Librarian Al Lowrey for Normal Sunday closing time is 9 p.m.
Firewater’n Football
Don’t Mix At CoI

“IF the crowd reaction is a criteria, then the series got to a good start as at least three football uniforms were in the stands following the battle. Fights were numerous and bottles was thrown at a cheerleader”—was the quote in Statesman Sports editor Ray Griffin’s report of the CoI-BSC football game which appeared in the Sunday, Nov. 24 Idaho Daily Statesman.

The question: “Did the rivalry with the College of Idaho start in the right way?” Well did! Perhaps Griffin’s report needs something added to it. The majority of the fights that occurred seemed to be between BSC students, rather than between the two schools, with the exception including Bingham.

It seemed that some BSC students had a little too much “firewater” and decided to be boisterous in their cheering. When other students tried to get them to conduct themselves as “adults” the fights broke out, and needless to say, preventing the war was not one of Boise State’s top priorities. The football field the referees made a bad call or two. Bowling is usually acceptable, but throwing bottles and meeples isn’t. Especially throwing bottles at the BSC cheerleaders. Also it has been said that one of the leaders of a BSC campus organization was “educated” under the Simplot Stadium Stands by other BSC students.

With the final whistle of the game, at least one C of ballplayers jumped into the BSC stands and started swinging. Which group started the trouble isn’t the question—but it HAPPENED.

It still remains the question “Did the C of BSC riggity get started right” remains. Perhaps. We’ll find out when Boise State Meets the C of I in a basketball contest, Dec. 7. There, Or will it??

Pl eased for Student Help
by Gary Johnson

The term “Community” is more than just a term; it is a fact. At the community of Boise State College, we have or own library, our own gymnasium, centers, and bowling lane. As a member of our local government, I would like to urge the citizens of Boise to support the library, an interest in bettering our school. Sitting in a crowded class room is big responsibility and we need your help. We need your ideas, your College possible. Perhaps it is the function of some members of the student body to drive parents and children from their seats to avoid being hit and having drinks spilled on them. Maybe on the football field the referees made a bad call or two. Bowling is usually acceptable, but throwing bottles and meeples isn’t. Especially throwing bottles at the BSC cheerleaders. Also it has been said that one of the leaders of a BSC campus organization was “educated” under the Simplot Stadium Stands by other BSC students.

Dear Editor:

Following the culmination of our football season in Caldwell last Saturday, we cheerleaders would like to bring to your attention a few pertinent comments about your students. While we agree that the game was exciting and the others that occurred seemed to be between BSC students, rather than between the two schools, with the exception including Bingham.

Tipton to Conduct Clinic

Tips on writing a job resume, letter of application and behavior in a personal interview will be the topics of a special clinic arranged by Boise State College Placement Bureau Dec. 11. Placement Director Mrs. Pauline Hinnan said the clinic will be held in room 155 of the Liberal Arts Building at 11 a.m. in the Carl Tipton of the School of Business and Public Administration will conduct the class, which is open without charge to all interested students at BSC.

Mrs. Hinnan said the idea for the session came through discussion with several students and company recruiters who visited campus this fall. "There seems to be a general lack of knowledge of how to put the best foot forward when interviewing or applying for a job," she observed. "We hope that by sponsoring a clinic in these techniques, interested students will be able to look more confidence in seeking a job," she concluded.

Specific instruction on writing a neat and inclusive resume and letter of application will be covered, and hints on personal appearance and attitudes during an interview will be explained by Tipton.

The Idaho State University Bengals used a big first half and a lid by the name of O’Neil Simmons to hand the Broncos a 67-63 loss at Pocatello Saturday night in the season debut for both clubs.

The Bengals streaked to a 41-27 halftime lead then had to stave off a determined second half effort by the Broncos. Simmons proved to be a thorn in the side of Coach Satterfield’s crew all evening as he scored, rebounded and stole the ball numerous times. He led all scorers with 20 points.

Boise’s Bill O’Day managed only one basket in the first half but came back early in the second half with 12 buckets to rally the Broncos to a 52-52 tie. He finished the game with 16 markers.

The Broncos host the Eastern Oregon Mountaineers Friday night then travel to Caldwell to meet the Coyotes of College of Idaho Saturday night. Monday evening, the Broncos welcome Hardin Simmons—of—Abilene, Texas for one of their stiffest tests of season. This will be the final home game for the Broncos until January 11.
