ALBERT CARLSEN ... PRESIDENT OF IDAHO POWER

Idaho Power President Al Carlsen To Speak At May Commencement

Albert Carlsen, president of Idaho Power Company, will be the commencement speaker for graduation ceremonies at Boise State College May 18. Announcement of the speaker was made May 1 by BSC president John B. Barnes.

The graduation will take place at 3:30 p.m. in the College gymnasium. Robing will begin at 2:30 in the Student Union Building for both faculty and graduates. An academic procession will march from the SUB to the gymnasium. The faculty, in order of seniority, will lead the procession.

Carlsen was elected president of Idaho Power in Jan., 1967. He began working for the company as a laborer with the company's mobile crews, helping to construct new transmission lines and sub stations. In 1942, he left Idaho Power to organize Idaho Potato Starch, which grew into a major Idaho business. When he returned to the utility, as president, the company he was heading was operating three plants in Idaho as well as one in Colorado.

He has been involved for many years in education, serving ten years on the Blackfoot school board, two years as president of the Idaho School Trustees Association. He was a member of former Governor Robert Smylie's interim committee for the study of Idaho education. Currently he

serves on the advisory council to the State Department of Employment, which includes vocational education among its areas of activity.

Boise State College has 221 candidates for baccalaureate degrees and has applications for

126 two year diplomas and associate degrees as well. A reception follows the graduation ceremonies in the Student Union Building.

Teaches Analysis

SISTER CLARE M. KELLY

Sister Kelly To Instruct

Dr. A. H. Chatburn, Director of Summer School Sessions, announced May 12 the addition of a special topic for teacher training, Interaction Analysis, to be taught by Sister Clare Marie Kelly.

Interaction Analysis is a system of ten categories which summarize the various ways in which persons interact verbally. When used as a method of measuring teach-pupil interaction, it becomes a productive tool for improving classroom behavior. Ned Flanders developed the ten categories and adapted them to the in-service training of teachers," according to Sister Kelly.

"The system is based on the assumption that a teacher can be helped to define more accurately his own concept of desirable or ideal teacher behavior and subsequently to modify his behavior in the direction of that ideal."

Within the last four years this program has been used by an increasing number of teacher training programs.

Sister Kelly is a Benedictine nun. Currently she is Dean of Girls and teach of sociology at Bishop Kelly High School.

She received her B.A. from Mount Marty College, Yankton, S.D. and her M.S. in Educational Administration from the University of Wisconsin, at Madison Wisconsin. She has done other graduate work in sociology and counseling at St. Louis University and Creighton University, Omaha, Nebraska.

During the past three years, Sister Kelly has been on the participating staff of a series of Interaction Analysis Workshops at the College of Idaho, Western Montana University, and most recently at Berkeley, California.

BSC Library Books Are Due Friday

All library books must be returned by Friday, May 9, according to Beverly Miller, circulation librarian. After that time they may be renewed on a day-by-day basis only. Fines are \$.50 per day after May 9 and grades and transcripts will be held on those students who do not pay fines or return books at the end of the semester, Miss Miller added.

Summer Sessions To Offer Wide Variety of Studies

Students who wish to accelerate their college program of studies or take additional courses not required in their majors will find summer study advantageous, according to Dr. A. H. Chatburn, director of educational services.

Dr. Chatburn announced that registration for the first of the two five-week sessions will be held in the Gymnasium Saturday, June 7, from 9 a.m. to 3 p.m. Students who wish to expedite their registration should file an application for summer attendance with the director of admissions no later than May 30. Fees for classes will be \$15 per credit.

In addition to a good offering of day classes there will be some classes offered in the evening which are required in several curricula, Dr. Chatburn said.

Registration for the second five-week session will be held Saturday, July 12, with the summer program terminating August 15.

Sixteen workshops and special topics seminars will augment the offerings of approximately 200 regular classes.

1969 Les Bois Arrives Today

The 1969 edition of the "Les Bois", the BSC yearbook, will arrive today, announced Ruth Russel, editor. Due to late delivery of covers, the books were not delivered on schedule.

The books also will be distributed Friday and during finals week in the Les Bois-Arbiter office in T-1.

Students are reminded to bring their ID Cards to receive the book. Students who have attended BSC full-time only one semester are required to have a receipt for \$2.50 from the cashier in the Administration building before they can receive their annual.

Caps, Gowns Ready

The Bookstore has announced the schedule for issuing caps and gowns to graduating students, May 12-17. Monday through Friday, the caps and gowns may be picked up between 9 a.m. and 4:30 p.m. Saturday, the store will be open from 9 a.m. to 12 noon.

MOVIE SET FRIDAY

Friday night's movie, "The Captain from Koepenick," is a German film. "Big Business," a Laurel and Hardy short, tops off this year's program of movies for the Liberal Arts auditorium.

Davis Warns 'Retain ID's'

Students are reminded that the new plastic BSC I.D. Cards are permanent for the entire four-year enrollment at Boise State, Jerry Davis, assistant to the Dean of Student Personnel Services said today. Davis stressed that students should retain the plastic cards, instead of throwing them away. "A validation sticker will be issued at registration next fall, which will be attached to the back of the card", Davis said.

Lyceum Survey

The Lyceum Committee, in order to determine student likes and dislikes in the Lyceum lecture series, has asked that students complete the following form and deliver the completed form to the SUB Information Desk before Monday evening, May 12.

Please indicate by a checkmark those areas in which you would be interested in hearing a lecturer speak:

The 'Rugged Individual'

A young man lived with his parents in a public housing development. He attended the public schools and participated in the "free" lunch program. He was drafted --- received clothes, food and lodging from the army. Upon discharge, he retained his National Service Life Insurance. He enrolled in the state university, working part time at the state capitol to supplement his G.I. education checks. At graduation he married a public health nurse and bought a home with an FHA loan.

His baby was born in the city hospital. He bought a small ranch with the aid of the veteran's land program and obtained emergence feed from the government. Later, he put part of his land in the Soil Bank and the payments soon paid for his ranch. His father and mother lived on the ranch very comfortably on their Social Security and old-age assistance checks. REA lines supplied electricity. The government helped him clear his land, the county agent showed him how to terrace it, and the government built him a drainage reservoir and fish pond.

He read books from the public library and his banked money was insured by an agency of the government. The child grew up, entered the public school, ate free lunches and rode the school bus, played in the municipal park and swam in the public pool. The man owned an automobile, so he favored the federal highway program. He signed a petition seeking federal assistance in developing an industrial project "to help the economy" of his area, was a leader in a move to get a new federal building and went to Washington with a group to ask the government to build a great power dam costing millions so the area could get "cheap" electricity. He was also a leader in a move to get his type of business special tax write-offs and exemptions.

Then one day he wrote his Congressman "I wish to protest the excessive governmental expenditures and attendant high taxes. I believe in rugged individualism. I think people should stand on their own two feet without expecting handouts. I am opposed to all socialistic trends and I demand a return to the "principles" of our Constitution and the policies of states' rights."

Thanks to Bob Watts for passing this along

ADA COUNTY SHERIFF Paul Bright, center, confers with Apple Chairman Mike Phillips and Apple Board Member Lloyd Love prior to the Sheriff's speech on the "Narcotics Problem in Boise" held April 30 in the SUB. The Apple sponsored talk drew an estimated 250 students and faculty to hear Bright speak and participate in a question and answer period following the event.

LETTERS TO THE EDITOR

CROSSWALKS NEEDED

Dear Editor,
Before the close of the school year, I would like to bring attention to a situation that I think needs something done about it.

You take your life in your hands when you cross College Boulevard across from the Administration Building, this is perhaps the busiest crossing area about the campus, and one of the most dangerous. Cars come speeding (for where is there a control signal?) and the pedestrian finds that stopping short on your tiptoes is the only way to keep from being hit.

One student already has been hit, and incidentally, he offers generously to show his scar as proof. Even the borders of the crosswalk fail to get the attention of many drivers.

Would not the increasing number of students at BSC warrant new traffic considerations in this area? Perhaps if there were more properly marked crosswalks between the Student Union Building and the Campus School, the drivers would be able to be more observant of pedestrians, and in turn the pedestrians more careful to avoid j-walking.

Parents in the area are concerned for their youngsters. Students are expressing their personal fears. Must we wait until someone pays the price in a tragic mishap? Or can we do something now before it is too late?

Sister Mary Ida Wassmuth

by Steve Tyson

Finals are fading into summer vacation, the Arbiter is going into hibernation, an exodus off campus is expected in the not extreme future, and the mad dash to complete everything before the axe falls is almost done.

Something to think on over summer, Rhodes scholars or no, if the fountain of knowledge is where you've come to drink, bag it.

If you darken the gateway to learning with lecherous intent, that is you've heard of the Collegiate's Erection Morality and wish to indulge, bag it.

If, baby, it's the draft you fear, buy a jacket but don't bug us troops who wish to attain swiftness.

If the whole set about college is not attempted in full seriousness then the only hangup you can help out with is the one of contributing warm cannonfodder to the forces in the field in one of the world's illegal wars.

Groove; all wars are illegal, immoral but not fattening to all hands.

The keynote to any valid endeavor is responsibility to perform the required functions of the endeavor, College is and is in preparation for the future.

Mister average throughout the United States is 27 years old, has 2.5 children, and 1.5 years of college. If validity to your labors is forced to hinge on how well you functioned in those 1.5 years you'd better shape up.

If all your future were to change in a direct ratio to the grades you earn in one course, how's your future hanging?

See you next fall.

MUSICAL 'INSULTS'

Dear Editor,
Bertholt Brecht's "Threepenny Opera" ended its run in the BSC Subal Theatre on April 26. This production supposedly was a joint effort of the Music and Drama departments of Boise State College. The student actors did an excellent job delineating the characters in the drama. On behalf of the Music Department it should be said that the term opera in this instance is a misnomer and the title of threepenny is correct in its literal translation. There wasn't much more than three pennies of music in the drama and it was neither challenging to the singers nor vital to the tale of the story told.

To quote the review of the play by A. J. Galus in the BSC ARBITER dated April 17, 1969: "Starr (Sigglekow) and June (Schmitz) were actually the only trained singers in the group but casting of talented singers in the parts would have ruined the effect."

Why were the vocal students of the BSC Music Department denied the opportunity of a spring recital this year? Music students pay special fees for their musical training. Vocal students should have the opportunity to learn stage presence as a part of their professional training as do the dramatic students.

The language, the situations and the characters in this play were offensive to many individuals in the audience. If something sordid and distasteful was what the audience sought that desire could have been

(Cont. on Page 4, Col. 4)

Rights Statement Hit

A bill of rights and responsibilities is basic to constitutions of and for the people who chose to live under it. In this age of militancy, no matter where, these bills of rights should specify who shall judge and where the line shall be drawn between the acceptable and the offensive action.

BSC now has a proposal for a bill of rights and responsibilities which was adopted by the ASB Senate while ARBITER personnel observed. The vagueness of the document was "explained" away as being a "general" policy. General policy, yes, vague is only four places: restrictions 'reasonable' to whom? What is "unrest"? "Obscene" by what standards? What type of conduct is it "which may have an adverse effect"? And who is to be the judge on these vacuities?

The means to control chaotic, disruptive elements, via policy, before their formation on campus is good karma. Perhaps the karma committee should return to the drawing board. S.E.T.

Small Vote OK's New Constitution

Results in Wednesday's balloting on the proposed ASB constitution were overwhelmingly in favor of the constitution, according to Jack Arbaugh, ASB president. Out of 199 votes cast, 123 were marked yes and 76 marked no. The constitution will go into effect fall of 1969.

BSC Alumni Annual Meet Set

The Boise State College Alumni Association will hold its annual meeting May 12 at 7:30 p.m. in the Silver Room of the Student Union Building. The meeting will include election of officers for the coming year and discussion of future programs.

The nominating committee has proposed the following slate of officers: president, Clifford Vaughn; vice-president, Bill Ilett; secretary, Jeanie Higgins; treasurer, David Nordling; Board of Directors, Sharon Walker.

Refreshments will be served.

Established May, 1968 as a weekly publication of Boise State College, the ARBITER is a continuation and consolidation of Boise Junior College ROUNDUP and Boise College ROUNDUP. The ARBITER is published weekly, except holidays and test weeks, by interested Boise State College students in cooperation with Graphic Arts and BSC Center for Printing & Graphic Services. Offices are in T1-B, Boise State College, 1907 Campus Drive, Boise, Idaho 83707. Phone messages will be taken at 385-1492.

The Helping Hand

STUDENTS WITH KEYS ASKED TO CHECK WITH BUILDINGS AND GROUNDS OFFICE

Students who have keys to college offices have been requested by Herbert O. Mengel, Director of Buildings and Grounds, to check keys with the record in that office, 107-B Administration Building, before the end of the school year.

Student paychecks will be withheld until all keys have been checked and/or turned in as required. For convenience of students and faculty who need to check keys, the office will be open Saturday, May 17, from 9 a.m. until 12 noon.

Drama Scholarships Awarded to Idahoans

Ten Idaho high seniors have been named recipients of special drama scholarships to Boise State College. John Warwick, head of the Communication Arts Department announced recently.

Naoma Hichman, Worley, was named the initial holder of the Clark and Ada Hatch scholarship award. Naoma has been in "Madam Butterfly" at the Banff School of Fine Arts and in a number of high school plays.

Full tuition scholarships have been given to Karyl Board of Woodriver High School, Hailey and Patricia Powell, Boise.

Karyl received superior ratings in declamation at district and regional competitions. She also received a superior rating in district, regional and state for her reading of Mary Queen of Scots. Karyl has had parts in "Red Peppers," "Harvey," and "Once Upon a Mattress."

Patricia has appeared in "The Fantasticks," "Mad Woman of Chollist," "Bells are Ringing," and "The Importance of Ernest."

William F. Miller, Buhl, was awarded a partial scholarship. He was given a superior rating in poetry reading at the state declamation contest, and has appeared in "Happy Journey," and "Gideon," at Buhl High School. He is president of the Buhl High School Thespians. William has worked in the Antique Festival Theatre for 5 years.

A partial scholarship went to Bonnie L. Fogg, McCall, Idaho. She has been in the National Thespians Society for 2 years and was in "Hay Fever" and "Our Town" at McCall-Donnelly High School.

Pamela Zachary, McCall, has been awarded a partial scholarship. She has appeared in "Fog on the Valley," "The Mouse that Roared," "Hay Fever," and for "A Husband for Breakfast," and "Our Town" she was student director. Pamela

competed in poetry, in the state declamation contests.

John Edgerton, Kimberly, is a partial scholarship awardee. John has done technical lighting for "The World We Live In," and the set construction for "The Desk Set" and "Anastasia."

Meridian High School senior William D. Sargent, Star, was awarded a partial scholarship. William has been in six high school plays and active in debate since his sophomore year. He also has served as Senate floor leader for the Idaho Youth Legislature.

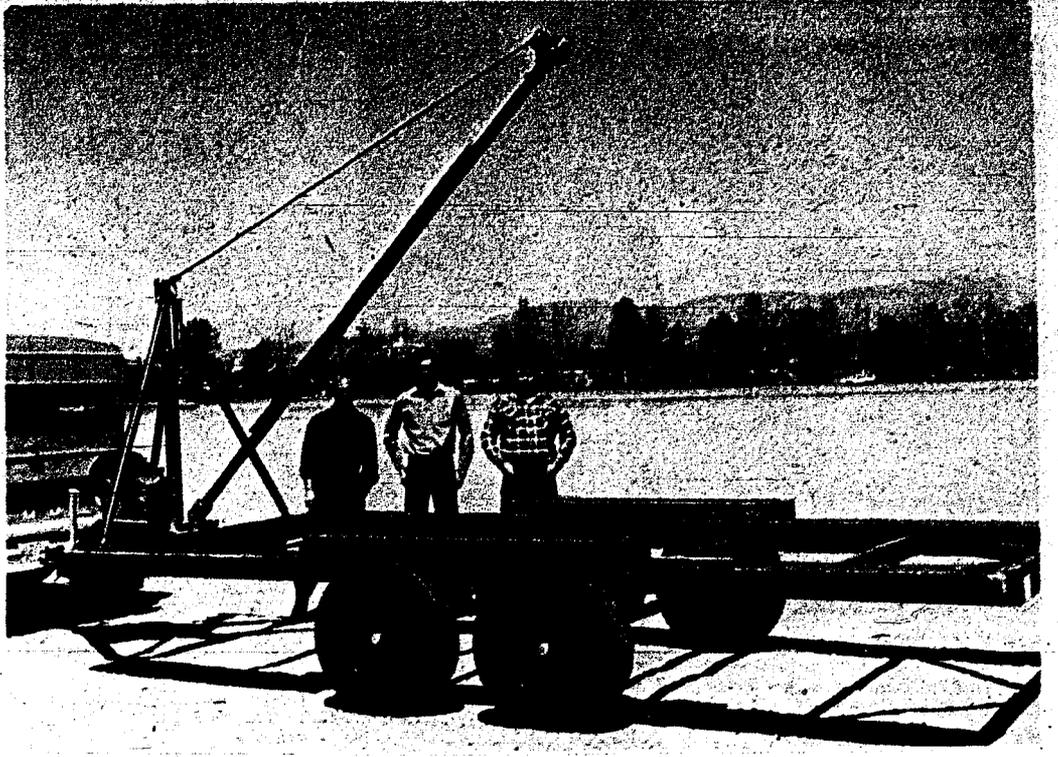

Teresa Lee Moody, another Meridian High School senior, is a partial scholarship winner. Teresa has been active in Meridian High School forensic activities and holds the Degree of Excellence in the National Forensics League.

The final partial scholarship winner is Connie Radford, Rigby. Connie has been in "If a Man Answers" and "Oliver." She has also been active in debate and has entered the state tournaments in both debate and declamation.

TKE Forms Alumni Group

An active alumni association of Tau Kappa Epsilon fraternity at Boise State College has been organized, Ron Gabriel, chapter president announced. Any TKE alumni in the area that have not been reached by the Boise Chapter are invited to contact Robert Quarles, 2031 Warm Springs Avenue or the TKE house, 135 Warm Springs concerning membership.

Gabriel said any Pi Sigma Sigma alumni are also eligible for TKE alumni status. Pi Sigma Sigma is the Boise State College organization that changed to TKE when the national fraternity chapter was organized.

VOCATIONAL WELDING STUDENTS, Lynn Whittig (center) and Jack Rubelt (right) are shown with instructor Jack Ogden behind the machinery trailer fabricated for retiring machine shop instructor John Hager. Hager, with BSC faculty since 1954, plans to return to the used machinery business and locate in the Willamette Valley.

EOC Stops BSC Twice 9-8, 10-8

The Eastern Oregon College Mountaineers stopped the Broncos of Boise State twice Tuesday afternoon at La Grande 9-8 and 10-8.

The loss dropped the home squad to an 18-15 record on the season with one ballgame left.

In the first contest the Mountees battered Kent Scifres and Bill Schuetz for nine runs on nine hits, while their mates were committing four errors behind them. EOC used a five run fifth inning in the first game and a seven run start in the first frame of the second contest in coasting to the pair of wins. Scifres was the losing pitcher while Jim Slusher picked up the win.

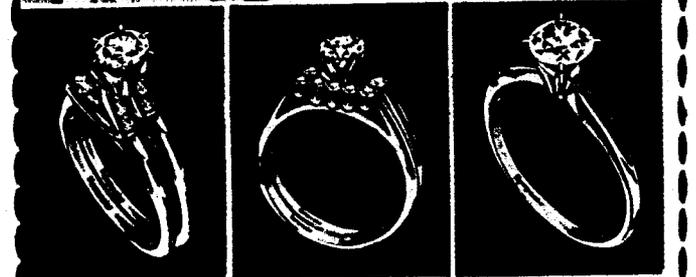

Dave Meinke paced the Broncos at the plate with a three for four performance while centerfielder Bob Peterson was banging out a pair of hits in four trips.

The Mountaineers exploded for seven big runs in the first frame off losing pitcher Terry Begg as the Broncos were again responsible for five errors in the night cap. They went on to score single runs in the final three innings to pick-up the win. Boise couldn't settle down even after the first inning and went on to record four more errors for a total of nine in the game and 13 on the day.

Jim Rogers and Gary Powell each had two hits in three trips to the plate in the second game but all to no avail.

Dan Smith was the overall leader for the day as he hit for five safeties in eight trips to the plate for a .625 batting average for his afternoon's work.

Idaho Superlatives

While looking up information for a term paper, I ran across some interesting facts about Idaho. Some things I knew, others I didn't, but all show that Idaho is unusual and diversified. For example:

The largest diamond ever found in the United States was found between McCall and New Meadows;

The largest trout in the world, the Kamloop trout is found in Lake Pend Oreille, with the world's record of 37 pounds taken from there;

The Bear River, which crosses the southeast end of Idaho is the largest river in the U.S. which does not empty into an ocean. It empties into the Great Salt Lake;

Idaho lies halfway between the equator and the North Pole and is about the size of Great Britain including England, Scotland, and Wales;

Bruneau Canyon is one of the deepest, most narrow canyons on the face of the earth, and a man can easily hurl a rock from rim to rim, but Hells Canyon is the narrowest major gorge on the continent;

The Salmon River is the longest stream lying entirely within one state, and it passes through a gorge 1/5 of a mile deeper than the Grand Canyon of the Colorado;

Idaho's potato industry is the largest in the U.S.;

The Coeur D'Alene mining district is the largest silver and lead producer in the U.S., and Idaho is the only state with a large amount of antimony;

Idaho is the only state bordered by six other states and one other country;

The Shoshone Falls on the Snake River are higher than the Niagra Falls; and

The Perrine Memorial Bridge, across the Snake near Twin Falls, is the highest bridge for its length in the world. The bridge is 1400 feet long and 476 feet above water level.

Maybe by the time Idaho advances to the scientific era, we'll have more to brag about than Texas.

Dr. Bronson Relates Interests, Counseling Experiences At BSC

by Lyn Wright

"The developmental area is the most interesting in the child and adolescent, both abnormal and normal," said Dr. William Bronson, Director of the Reading Diagnostic Clinic on campus.

"You can observe children growing toward adulthood and in some cases help them to alleviate and overcome the distresses from developmental deficiencies or deviation," he continued.

Dr. Bronson stated one of the primary reasons for coming to

the college 15 years ago was to establish a remedial program and guidance counseling program.

Today his reading program, listed as Reading Improvement in the college catalog, included extensive preliminary diagnostic

which he presented to the medical research meeting at Vancouver, B.C. in the past few years.

Recently he was reading consultant for a one day workshop in Las Vegas, Nevada. He presented a paper co-authored with Mrs. Marjorie Bohart, instructor in the Reading Improvement Program.

A Volunteer psychologist at the prison, Dr. Bronson is presently conducting a study on orientation testing at the state prison. He is credited with starting a guidance center.

The prison guidance center offers aptitude, interest, personality and intelligence tests in addition to other diagnostic tests.

Dr. Bronson explained that rehabilitation of prisoners is vital for society, not just for the inmates themselves as 60 per cent are repeaters.

Following graduation from high school in Craigmont, Idaho, Dr. Bronson received B.A. and M.A. degrees from the University of Idaho in counseling and philosophy. He then obtained his doctorate in guidance from the University of Colorado.

He also served in the Army for three years during World War II.

testing. The student is then given a reading program geared to his individual needs such as comprehension, analytical studies, or kinesthetic studies.

Dr. Bronson has conducted several research projects and has written two papers on thyroid

LETTERS TO THE EDITOR

(cont. from page 2)
fulfilled by a stay at home in front of the "boob tube" which has provided programs that frequently ridicule the sanctity of marriage and respect of the individual.

Boise State College is indeed fortunate in having both Mr. C. Griffith Bratt and Miss Georgia Standing in the Music Department. Their past productions have proved their talents and abilities as musical artists-in-residence.

Music is an art that is much appreciated in the Boise community. BSC is the sum of efforts and the dream fulfilled of citizens and educators in this community. BSC is expected to meet the challenges and peaks that have been achieved in the past by BJC and BC and to surpass them if it wills. Threepenny was an insult to the Music Department students as well as the faculty and it is hoped it will not happen again.
Mrs. Frances M. Brown

FUNDSY & POVERTY

Dear Editor,
KBOI-TV presented a short program May 6 on the FUNDSY auction to be held May 17, and while I watched, I suddenly

realized that in the midst of all this free-for-all and climactic showing, poverty exists.

Following the FUNDSY program was an advertisement for the Health Spa. Featured were slim young women in whirlpool baths and spacious lounges and handsome men lifting barbells and relaxing in comfortable surroundings.

But the fog cleared when I remembered the Negro who stood in the church pulpit May 4 and demanded \$500 million for reparations due his people.

While everyone is going to be at FUNDSY bidding for select merchandise or at the Health Spa playing Hellenic, those poor people who have asked for a food dole, now sit neglected.

In the midst of our affluence, we are playing "Peyton Place"; "Harper Valley PTA;" all those numerous middle class games of piety.

For every happy family in Idaho's suburbia, there is one person unable to account for himself in a desirable manner, and are we going to direct \$150,000 toward cancer research and a new 'Y' in which to play Hellenic, while conditions such as exist in Idaho continue to exist.

PETER O' TOOLE, left, as Henry II of England, argues a point with this queen, Kathryn Hepburn who plays Eleanor of Aquitaine. The film is based on the legend of Richard the Lion Hearted, whose reign in England has been considered a bright moment in that time of English History. The movie opens May 21 at the Fair Vu Cinema.

7 Win in Speech Challenge

Seven BSC speech students took winning honors in the annual Speech Challenge held April 29 in the Liberal Arts auditorium.

Winning students were Gary Pratt, David Skiver, Gil Gursansky, David Steelsmith, Susan Carpenter, LaRoy Moon and Everett Galyan.

Other students participating were Virginia Moberly, Gary Barnes, Glenn Lee, Majorie Galartha, Loren Wheeler and Bill Wright.

Currently in the fundamentals course the essence is to teach the student to communicate and not to perform. In keeping with this philosophy the activity is called a Speech Challenge.

The contest allows the student to bet on himself that he can reach out and communicate with a larger group of people than the ordinary speech class, an audience of 100-150 persons.

The student is judged by the audience who fill out speech critique forms. The reward for students doing a successful job in communicating is an automatic "A" in the fundamentals course; that is, exemption from the last week of classes, the final written exam and the final test speech. Opportunity was given to 260 students; seven were winners.

Knights Honor Sociology Prof

Dr. Marcus W. Collins, Sociology professor at Boise State College, has just been named a national member of Intercollegiate Knights.

He received the honorary gold medal due to his outstanding work in Human Relations. This represents the highest honor the Intercollegiate Knights can confer upon any individual, and is but one of the many honors that has been bestowed upon Dr. Collins.

Anthropology Students Dig For Indian Artifacts

By Ken Jewell

Ever think that someone would actually "volunteer" to spend hours of back-breaking work on the end of a shovel or trowel? It has been done almost every week-end in BSC's Anthropology Department.

Miss Virginia Cox, instructor in the department, said that the weekend field trip give students valuable experience in two areas. First, they provide a lab-setting for the classes, and second, members of the field expeditions also have the opportunity to increase their historical knowledge about early Indian tribes who roamed Idaho.

The diggings thus far have centered on a former Indian camping site on the Snake River south of Melba. The land is owned by John ("Jack") Warwick, who has allowed the anthropologists to expand their field work. Miss Cox said that Warwick had been told by the previous land owner that there had been many "relic hunters" on the property over the years.

Unfortunately, much important information which has "a cultural price tag" has been lost. It would have helped

fill some of the missing pages in early Idaho history, she added. When asked about the objects her students had uncovered, Miss Cox said that many excellent stone artifacts had been found "indicating that an ancient tribe had been there manufacturing weapons and tools."

One of the most important finds the students uncovered in the area were the remnant fire hearths and shell middens. "Finding them gives us proof that people used this area for campsites," Miss Cox said.

Anthropology major Terry Pike has spent his field trips searching for Petroglyphs, which are designs pecked into the rocks. Anthropologists have found these rock designs scattered from Nevada to Oregon, and some date as far back as 1000 to 5000 BC.

Next October the site will again be opened, as the anthropologists continue their excavations. Students interested in this area of social science are urged to contact Miss Cox concerning next year's work. Volunteers are always welcome, but please—no relic hunters, as all artifacts uncovered become the property of BSC.

MISS T. VIRGINIA COX, BSC instructor in Anthropology points out the stratigraphy in the excavation to anthropology students Sharon Pike and Bob Morris. Artifacts found at the pictured Warwick site near Melba and last year's Braden site near Weiser are currently being shown in the Boise State Library showcase. Terry Pike Photo

Eight Athletes Gain National Recognition

Boise State College announced Thursday that James Bianchi, Keith Burke, Rich Dickson, Bruce Edgerton, Bill Otey, Bob Peterson, Doug Ward, and Doug Woolsey have been selected for inclusion in the 1969 edition of OUTSTANDING COLLEGE ATHLETES OF AMERICA. These athletes were nominated earlier this year by their school and were chosen for the awards publication on the basis of their achievements.

Outstanding College Athletes of America is sponsored by the non-profit Outstanding Americans Foundation. John Putman, one of the Ten Outstanding Young Men of America for 1966 and president of the Foundation, said, "It is the purpose of Outstanding College Athletes of America to recognize and honor the all-round abilities of the young people who have distinguished themselves in the sports competitions of our colleges. These young people carry the mantle of their school, their state and their nation each time they participate in competitive sports."

Outstanding College Athletes of America is an annual biographical compilation featuring the accomplishments of approximately 5,000 young athletes who have proven themselves outstanding in sports, campus activities and curriculum. Nominations for this awards publication are made by the athletic department of colleges and universities throughout the country. Criteria for selection includes an athlete's sports achievements, leadership ability, athletic recognition and community service.

McCann, Gibbs Inspire BSC's First Jazz Festival

by Lyn Wright

It was definitely a "doing your own thing" affair for Boise State's first annual jazz festival last Friday. Famous pianist, Les McCann and vibraphone specialist Terry Gibbs played to an enthusiastic audience of head nodders.

"Sunshine Superman" opened the program with McCann's rhythmic fingers accompanied by bass player, Leroy Vinnegar and drummer, Donald Dean.

The Les McCann Trio also accompanied Vinnegar's own bass composition, "Doing That Thing". Also featured were the selections "With These Hands" and an arrangement of "Shadow of Your Smile."

Leonard Feather, author of the Encyclopedia of Jazz and writer of a syndicated jazz column, emceed the program.

Don Menza on the saxophone and Conte Candoli, trumpet player, played during the second half of the jazz session.

Gibbs and Feather both took their hand at the piano. McCann dubbed in on the vibes very successfully. In an interview following the concert, McCann revealed that he had never

before attempted to play the vibes.

Once tipping the scale at more than 300 pounds, McCann dropped to 189 in a year and six months by strict adherence to an HCG diet. "It's been a life saving factor," said McCann, who still follows a strict diet supplemented by membership in research group therapy.

McCann said a person can be truly happy only by adopting an attitude of involvement and doing those things he enjoys best. "Jazz," said McCann, "appeals to the emotions and makes people happy."

Human relationship is the quality of life that means most to McCann.

Gibbs, who also is a successful composer, says he does his best work when he returns home from engagement at 4 a.m., sits down to the piano, whistles and then sees and creates.

John Coltrane, Miles Davis, Wes Montgomery, and Herbie Mann, were cited as the jazz artists the group most admires.

Boise State's first jazz festival can be termed as nothing less than a huge success. The standing ovation crowd gave promise of a new tradition in the formation for future years.

Borah Stars To Join Broncs

Grad Commission

Stan Olsen, who was graduated after the first semester with a degree in business administration, will receive his commission as ensign in the U. S. Navy at Pensacola, Florida, May 16.

Boise State College's football fortunes took another big step forward last week with the announcement that two Borah High star offensive linemen, Greg and Jeff Phillips, have signed letters of intent to enroll at BSC this fall.

The Phillips pair, identical twins at 6-3 and 230, have won many honors in their three years at Borah, under the direction of Ed Troxel and Dee Pankratz. As Sophomores, Greg and Jeff were voted "Mister Lineman" honors.

In their Senior year, Jeff, who plays offensive guard, was voted first team All-SIC. Greg, as a Senior was voted "Mister Lineman," "Best Blocker," and was first team All-SIC offensive tackle. In addition Greg was named Highschool All American Honorable Mention as a Senior by Scholastic Coach Magazine.

Greg and Jeff's parents are Dr. & Mrs. John L. Phillips, Jr., of Boise. Dr. Phillips is chairman of the Dept. of Psychology at Boise State College.

Broncos End Semester Competition

Spring semester is rapidly drawing to a close for BSC students and so goes the story for Bronco athletes. Coach Bus Conner's tennis team closed the season last Saturday with their second place finish in the BSC-hosted Round Robin tourney.

A total of only two men's events highlights this week-end action and both are on the road, and season ending contests.

Coach Lyle Smith's baseball nine put the wraps on their first four year season this afternoon with a 3:30 game at Nampa against the Crusaders from NNC. The Broncos are assured of an above .500 mark finish. The Broncos have been led at the plate by Bob Peterson, Dan Smith and Jim Rogers, all season. The mound staff, headed by Smith, freshmen Terry Begg, Kent Scifres and Peterson have turned in many sparkling performances. Shortstop Jim Bianchi and infielder Dave Meinke found their hitting eyes the past couple of weeks and have raised their averages considerably.

Saturday the action turns to Walla Walla and track and field. The BSC squad, headed by Coach Ray Lewis and a host of outstanding individuals travel to the Washington city for the Whitman College hosted St. Martin relays.

The team just one week ago smothered Ricks College 91-54 in a dual meet. In their only outing at a relay meet this season the Broncos finished ahead of the field at the College of Idaho relays earlier this spring.

Outstanding performances from Doug War, Jim Caffery, Rich Dickson, Mike Schell, John Urresti, Bob Nelson and late arrivals Tom Kelly and Mark Bergener have contributed greatly to the BSC track success.

Vandals Take Tennis Tourney

The University of Idaho Vandals swept all three of its matches to walk away with the championship in the Boise State College Invitational Round Robin tennis tournament over the week-end.

The Broncos finished second to Idaho with two wins and a single loss. Weber State was third with one win and two defeats. Rounding out the four team tourney was Northwest Nazarene who failed to find the winning column in their three matches.

The Vandals topped Northwest Nazarene 8-1 Friday while the Broncos were downing Weber 7-2, thus setting the stage for the championship round Saturday in which Idaho stopped Boise by the same 7-2 margin. Also in Saturday's final round Weber State dumped the Crusaders from Nampa 8-1. The Broncos then turned around to give the NNC squad another identical 8-1 set-back. Idaho earlier whipped Weber by the same score.

BAA Chooses New Leader

A.J. Achabal was selected to lead the Bronco Athletic Association for 1969-70 during a meeting of the Board of Directors of the group at the Student Union Building on Wednesday, April 16.

Achabal replaces John Molitor, who was the original president of the newly formed BAA in 1968. Molitor will remain on the Board of Directors of the organization.

Wanek Stein, Jr. was selected as vice-president while Rich LeDuc was named secretary-treasurer for the group.

In addition to the election of officers, other items discussed were the President's Club (for \$1000 minimum annual contributors); renewal of 1968-69 memberships; formulation of plans for new membership drive;

A.J. ACHABAL
New BAA Head

commendation to outgoing BAA Board members and other items. BAA membership, in addition to limited President's Club, are \$10 for regular BAA membership and \$110 for BAA

"Buckaroo" membership... All are on an annual basis.

Outgoing board members were as follows: Jim Bruce, William Campbell, Earl Chandler, Larry Jackson, Rich Jordan, Pat O'Halloran, and George Richardson.

Newly elected board members were Bill Brownfield, Stan Catlett, R.E. Gustavel, Rich LeDuc, Thomas L. Rhodes, Joe Robinson, Sr., Wanek Stein, Jr.

Carry over board members are A.J. Achabal, John Molitor, Larry Mills, Dr. Rich Gardner, Alex Findley, Ray Cole, Norm Bishop and Richard Chastain.

BSC Rodeo Club To Co-Sponsor Queens Clinic

The Third Annual Rodeo Queen Contest Clinic will be held at the Highland Stables, in Boise June 14-15, according to Carol Qualman, publicity chairman for the BSC Rodeo Association.

The clinic, which is held annually to acquaint prospective queen candidates with the various aspects of participating in queen contests, is co-sponsored by the BSC Rodeo Association and the Idaho Rodeo Queens Clinic Association.

Saturday's events include classes on personality, appearance, speech, modeling, make-up and hair styling. A banquet and a style show are slated for that evening, followed by a session on horsemanship on Sunday.

BOISE STATE'S Jim Bianchi shows he means business at the plate during a May 2 contest with Eastern Oregon College of LaGrande, Oregon. The Broncos dropped both ends of the Friday double header 5-3 and 9-6.

EOC Sweeps Twin Bill

The Mounties from Eastern Oregon College staged two come from behind seventh innings in beating the Broncos 5-3 and 9-6, on the Bronco diamond last week.

The two losses leaves Boise's season record at 17-13.

EOC was first to draw blood as they scored a run in the top of the first and another in the third. Boise came up with three runs in the bottom of the third and took over the lead. As the game progressed it looked as if Boise would be able to hold on to their one run lead. EOC tied it up in the top of the sixth and went ahead to stay as they scored two more in the top of the seventh. In the second contest the Boise nine jumped out in front 2-0 in the first frame as Jim Bianchi led off with a double and Dave Meinke walked. A ground out and a sacrifice fly scored the two Bronco runs. Successful singles by Deb Burgess and Bob Peterson and doubles by Bianchi and Dan Smith increased the lead to 5-0 in the third inning.

EOC came back with two runs in the fifth and then chased Smith off the mound in the sixth with a four run barrage, which sent the Mounties ahead. Ken Kushlan smashed a solo homer in the following frame but the Mountaineers unloaded in their half of the seventh for three more runs as they sent all nine batters to the plate. A pair of Boise hurlers allowed the EOC nine 11 hits in the contest. Slucher was the winner for Eastern Oregon while Bill Schuetz absorbed the loss.

EOC101 021 2-5 8 0

Cindermen Run Over Ricks Vikings, 91-54

Boise State raced to its third dual track and field win of the season last Friday by overwhelming Ricks College's Vikings 91-54 at the Bronco oval.

The Broncos won 13 of 17 first spots, eight in the running events and five in the field events. The running events included a clean sweep in the 440 dash, the teams second of the week. Doug Ward turned in a 49.5 clocking and was followed by John Urresti and Dale Barnard respectively.

Rich Dickson and Ward were double winners for Boise. Along with his 440 crown, Ward added the triple jump with a 41-1/2 effort. Dickson won the 100 dash in 10.1 and then came back to capture the 220 dash in 22.6. Both athletes ran a leg in Boise's winning 440 relay team, which was won in 43.0, and each shared the same amount of points in the meet.

In what was probably the most exciting race of the afternoon Boise's Herb Glassen brought the crowd to their feet as he turned on the speed in the final lap and came from last place to win the 880 run in 1:57.0 by a step over Mike Stewart of Ricks.

Mike Schell again won his specialty, the high jump, with a 6-4 1/2 leap. Gary Bay tossed the

javelin 192-5 for Boise and Dave Bishop outdistanced teammate Tom Kelly to win the long jump with a leap of 21-4 1/2.

BSC 91 RICKS 54
Mile run - Muller (R), Hatcher (B), 4:39.2.
440 dash - Ward (B), Urresti (B), Barnard (B), 49.5.
100 dash - Dickson (B), Swenson (R), Cline (B), 10.1.
120 high - Cafferty (B), Colson (B), Johnson (R), 15.5.
880 run - Glassen (B), Stewart (R), Cleaves (R), 1:57.0.
220 dash - Dickson (B), Swenson (R), Martin (R), 22.6.
Two mile - Harsten (R), Hatcher (B), Stucki (R), 9:51.1.
440 Int. Hurdles - Thorpe (B), Johnson (R), Wilde (R), 57.0.
440 relay - Boise (Ward, Ball, Cline, Dickson), 43.0.
Mile relay - Boise (Jacobsen, Barnard, Thorpe, Urresti), 3:26.7.

High jump - Schell (B), Price (R), Kearl (R), 6-4 1/2.
Pole vault - Perkins (R), Kollman (B), Johnson (R), 13-6.

Discus - Horne (R), Burgener (B), Swab (R), 150-8.
Long jump - Bishop (B), Kelly (B), Williamson (R), 21-4 1/2.
Triple jump - Ward (B), Hicken (R), Nish (R), 41-1/2.

Trackmen Overwhelm NNC

The Boise State College tracksters waltzed away from Northwest Nazarene in a dual meet last Wednesday in Nampa to the tune of 95-49.

Boise swept four event in racing to the lopsided margin, the 100 and 220 dashes, the shot put and discus. The Broncos put together 10 firsts, eight seconds and 11 thirds in amassing their 95 points.

First place finishers for Boise in the running events were: Jim Cafferty, 120 high hurdles; Doug Ward 100 dash; John Urresti 440 dash and Lary Cline 220 dash. The Broncos also grabbed the 440 and mile relays.

Field event winners for the Boise squad were: Arlo Decker, shot put; Mark Bergener, discus; Mike Schell, high jump; Tom Kelly, long jump; Doug Kollman, pole vault and Gary Bay, javelin.

The single two-time winner for NNC was their fine distance runner, Lynn Hills. Hill marched through the 880 run in 1:58.3 and finished in a 4:33.1 time for the mile.

BSC 95, NNC 49
120 high - Cafferty (B), Cantrell (R), Colson (B), 15.4.
100 dash - Ward (B), Dickson (B), Cline (B), 10.2.
Mile run - Hills (N), Moore (R), Hatcher (B), 4:33.1.
440 relay - BSC (Kelly, Ball, Ward, Dickson), 44.1.
440 dash - Urresti (B), Barnard (B), Gibson (R), 51.1.
440 Int. - Cantrell (R), Thorpe (B), Colson (B), 57.2.
880 run - Hills (N), Moore (R), Jacobson (B), 1:58.3.
220 dash - Cline (B), Dickson (B), Bishop (B), 22.6.
Two mile - Frazier (N), Hatcher (B), Cosper (B), 9:55.3.
Mile relay - BSC (Ward, Barnard, Glassen, Urresti), 3:27.0.

Shot put - Decker (B), Bay (B), Bergener (B), 47-11 1/2.
Discus - Bergener (B), Decker (B).

Golfers Edge C of I Squad

Boise State College scored a 10-8 golf victory over the College of Idaho at the Purple Sage course, recently.

C of I's Kent Brown won medalist honors by shooting a round winning 72. Browns victory came over Boise's Rich Hutchins 2-1. Mike Bideganeta downed Tom Throop by a 2-1 score and Marke Beebe, blanked Steve White 3-0. Jim Crawford came up with a 2 1/2 win over Rex Larsen, while Steve Chronic fell to Bill Woods 2 1/2-1/2. Dave Young also fell to his C of I opponent by a 2-1 score.

Scatback Signs

Boise State College has added speed to its 1969 Football Squad, with the receipt of a signed letter of intent from scatback Henry Jenkins of Paso Robles, California. The announcement came from BSC Head Football Coach Tony Knap, and Assistant Coach Tony Polychronis.

SPRING

LEFT. Coach Mark Burgener center front, poses with members of the G.B.'s, the turkey trot team that took first place in the first annual Chaffee Hall Turkey Trot held April 24 at Julia Davis Park. Members of the team are, left; Dowell Mowery, Larry Monroe, Brett Staples, and Denny Jacobson.

BELOW. The TKE tricycle Race held this spring was a wet affair as the spray from water balloons will testify. The TKE fraternity won their own trophy, a gilded tricycle, after the team of Les Jenkins, Steve Hilton, Ron Gabriel, Paul Wilson, and Tom Gano managed to beat the other teams and dodge water balloons as well.

RIGHT. The Driscoll Hall turkey trot team, a little wet after the competition, admire their trophy which was awarded to them for first place in women's division of the Turkey Trot Race sponsored by Chaffee Hall. The team included Rosie Palumbo, Toni Turnbull, Diana Crabb, and Shirlee Quenger. The couple in the foreground seem to characterize the mood of the race... water, water, every which place.

SPRING ACTIVITIES for the BSC campus are traditional. However, this year saw two new activities added to the spring slate, intercollegiate raft race and Chaffee Hall's Turkey Trot. The Intercollegiate Knights repeated their win of two weeks ago in the campus edition of the raft race by beating raft teams of neighboring colleges. It seems that Gary MaComb was giving Miss Boise State, Lynn Stadtman, a ride in the boat he won during the Esquire raffle when he suddenly was caught up in the raft race. It seems that, when one is looking as Miss BSC, one hasn't time for less important matters.
