Students of Boise State College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
BSC welcomes new faculty

To supplement the projected increase in enrollment, 37 new faculty members were appointed to Boise State College for the 1969-1970 academic year. Ross S. Nickerson was named an instructor in English. Nickerson is the first English department graduate of Boise College, receiving his B.A. in 1967. He holds the M.A. from the University of Idaho.

Returning to the faculty after a year's absence to work on a doctoral, Margaret Peck was appointed assistant professor of English. She taught at Boise College in 1964-65. She received her B.S. and M.A. in English from the University of Alaska.

A former Boise high school teacher, Louise Weitman, has been appointed an instructor in English. Miss Weitman is a graduate of Northwest Nazarene College and received an M.A. from the University of Washington.

A veteran of the Vietnam conflict, Lt. John G. Shaffer has been appointed instructor in English. Shaffer, a graduate of Boise State College, is a former Boise high school teacher. Louise Weitman, has been appointed assistant instructor in English. Miss Weitman is a graduate of Northwest Nazarene College, and received an M.A. from the University of Washington.

Thomas Willbanks, former parent interviewer at BSC, has been appointed assistant professor of English on a full-time basis for the coming academic year. He previously taught full time at Boise College 1964-65. He received his B.A. from Trinity University, Texas, and his Ph.D. from Princeton Theological Seminary in New Jersey.

Anna C. Wells is a new instructor in English. She received her B.S. from the U of Idaho and her M.S. from the U of I. Her study under a fellowship grant was concerned with tutoring Indian students at ISU in the English language.

A graduate of Borah High School here, Mrs. Linda McCracken is another new English instructor. She received a B.A. in English from ISU and an M.A. in English from the University of Idaho.

CHUCK MARKS (left) and John Charchalis are seen in Goldomi's "Servant of Two Masters" during an outdoor summer performance in Julia Davis Park. The force, directed by Ron Kempeta, is based on the "commedia dell'arte" form of Italian Renaissance theatre and it has traveled throughout the state. The production moves to the Subot Theatre Friday and Saturday of this week to continue Sept. 19-20. The next Subot presentation will be Shakespeare's "The Tempest" opening October 10. Communication Arts Department head John Warren will direct the Shakespearean farce.

LesBois Staff Needed

All persons interested in working on the yearbook, the LesBois, are urged to contact Editor Susan Stackman or leave their name at the LesBois office in T-1.

Saturday Dance

A break-in occurred in the BSC business office during the early morning hours Sept. 8 and was discovered at about 5:00 a.m. by one of Boise State's security men. Extensive damage to the outer door of the later safe took place to permit entry into the vault. The interior safe door was also damaged by acetylene welding apparatus to make entry into the main safe.

One broken window occurred, an inside door in one of the business offices was damaged, and a broken record was found in the vault where the security system is located. Each third floor room was still free of charge and will be held at 8 p.m. in the S.U.

KETR dance

Welcome to the Boise State family! On behalf of the faculty and administration, we are pleased to welcome the quality of freshmen, transfer and returning students. The first two weeks of the fall semester are critical ones for every student. Getting off to the right start is important and will also enable students to demonstrate academic ability.

While you are here this year, you will see remarkable changes in the exterior of the campus as two new buildings are completed which are already under construction and as the new student union and swimming pool building is constructed.

We hope that the 1969-70 classes demonstrate an even higher level of efficiency and cohesiveness of the academic program.

New faculty

(Cont'd from page 1)

Southwest Idaho and Eastern Oregon school districts. He joined Boise State from Visual and Performing Arts of Boise. Orlofsch has had experience with middle schools both in the Air Force and for Hughes Aircraft Company.

Business and Public Administration

Dr. Robert E. Rose, Dean of the School of Business and Public Administration, announced new faculty members for the 1969-70 school year.

In the Department of General Business, Charles D. Phillips was appointed professor and chairman of the department. Dr. Phillips was professor of management at Northern Arizona University. He also taught at the University of Delaware, Iowa and Maryland, and Western Maryland College. He received his B.A., M.A., and Ph.D. in labor and industrial management from the University of Iowa. His B.A. was in economics from De Pauw University.

Also new in the General Business Department is Richard C. Lane. Lane comes to Boise State from a position at Meridian resident. He received his M.S. degree at the University of California, Berkeley, and his B.S. and M.S. are from Arizona State College.

Joining the School as instructor in General Business is former Moridian resident C. Randy Byers. He received his B.S. in business from the University of Idaho, Idaho Falls, and his M.S. is from Montana State College.

A. Clark has been appointed assistant professor of business education. He will also serve in Department of Business Education and Office Administration. He received his B.S. from St. Cloud State College (Minnesota) and his M.S. and Ph.D. from the University of Minnesota. He comes to Boise State from the University of Alberta.

A new associate professor of business education is Robert C. LeBourdais, who comes from the University of California at Berkeley. He received his B.S. and M.S. from the University of New Mexico and has taught at the University of California, Berkeley.

Science and Health

Eight new faculty members will be teaching in the Boise State College of Education and Health this fall, according to Dr. Donald J. Ober, chairman.

In a move to strengthen the Mathematics Department, five new faculty members have been added.

Mr. Ward received the Ph.B. from Virginia Polytechnic Institute. Mr. Ward has taught at the University of Colorado and was a trajectory analyst and aerospace engineer for the Goddard Space Flight Center. His B.S. is from William and Mary, and M.S. from the University of Colorado.

Assistant Professor of Mathematics, Dr. Charles J. Kinn, has his M.A. and Ph.D. from the University of Colorado.

Another new assistant professor of mathematics comes from the University of Idaho. Dr. Kinn has his B.S. and M.S. from the University of Michigan and his Ph.D. from the University of Minnesota. He has also taught at the University of Minnesota, Lake Forest Academy (Illinois), and Gonzaga University (Spokane).

Loyd T. Tucker, assistant professor of mathematics, received his B.S. and M.S. from the University of Idaho.

An associate professor of mathematics from the University of South Carolina is Gates E. Bradford, who received his B.A. and M.A. from the University of Texas, where he taught from 1963-69.

Lois Jean Carey, R.N., Boise, will be teaching in the Registered Nursing program. She received her B.S. and R.N. from Columbia University. She comes to BSC from a position as charge nurse at St. Luke's Hospital.

Education

Dr. Gerald R. Wallace, Dean of the College of Education and Library Science, announced new appointments for the 1969-70 school year.

John Jensen was appointed assistant professor of Teacher Education and Library Science. He holds the B.A. from Western Michigan University, and M.A. from the University of Oregon.

CONSTRUCTION WORKERS seem to be overshadowed by bare palm trees they work on the heating tunnels leading to new general classroom building. The photo, taken this summer, really shows the reinforcing steel used in the tunnel walls. According to Director of Building and Grounds Herbert D. Mangel, the tunnels and the covering sidewalks should be completed in approximately three weeks.

John Jensen was appointed assistant professor of Teacher Education and Library Science. He holds the B.A. from Western Michigan University, and M.A. from the University of Oregon.

where he is working towards a doctorate.

William F. Kirlan has been appointed associate professor and Director of the Reading Center. He received his B.S. and M.A. from Semil State College and the R.D. from Arizona State University. Dr. Kirlan formerly taught in public schools in Minnesota and Iowa and was Director of Diagnostic Services at Arizona State.

Clara Burch has been appointed assistant professor of education. A former Supervisor of Elementary Education for the Boise public school district, she will be involved in the BSC elementary teacher education.

Miss Burch received her B.A. and M.A. degrees in Education from the College of Idaho and was a part-time instructor at BIT. She has also taught in the College of Idaho evening program and at Mountain Home for the University of Idaho extension service.

Five new appointees to the Boise State College Vocational-Technical Division were announced July 7 by Charles H. Dreyer, dean.

Vernon E. Qulman will teach machine shop. A native of Nampa and a graduate of Nampa High, Qulman has worked as a foreman in manufacturing and as a machining instructor at Pacific Northwest Junior College.

He has taught machine shop at Nampa High School and is a member of the National Education Association and the Idaho Education Association.

Fashion Merchandising instructor in the Home Ec two-year program will be Mrs. Judith Lemmon. She received her R.N. in English education from the University of Idaho and is a member of the Idaho Vocational Association, the American Vocational Association, and the Distributive Education Teachers Association. John P. Haydon will teach auto mechanics. A graduate of

REGISTRATION '69
Student housing should be built

With an increase of enrollment of at least 36% during the first two years of registration at BSC, student need for housing has all but depleted the current approved housing list. In past years, housing has been difficult to obtain, but the present shortage has become more acute largely due to the expanding business and commerce in the Boise area. Boise State's large corporation and financial institution friends and students in the Treasure Valley and Idaho Falls have chosen Boise as a division or world headquarters.

The existing housing has become severely taxed by large numbers of new families associated with these large firms to mention the substantial increase along by BSC and allied staff. The economic principle of "supply and demand" has been a continual student concern with housing a small supply, a large demand, and a high price. It seems that a great deal of the usual improvements and roommates have been long before the students even started looking. New construction of apartments has slowed almost to a crawl with high interest rates and financial assistance from the federal government.

The BSC administration began to see the "handwriting on the wall" with the increase applications for admission to Boise State. In June, Edwin Wilkman, BSC Dean of Men, issued a call for additional off-campus housing. Many fine persons in the community who had a "spare"一套means, or upstairs rooms willingly made available their home to one or several BSC students. Even with the help of these concerned individuals, the demand for apartments or housing has exceeded the supply. Several dorms have been reported in "bed in a box" in Chaffee Hall. A contract to build a new dorm is down with a capacity of 100 men is scheduled to go up for bids later this month, with occupancy slated for sometime in Fall.

This, however, will not solve the problem as the growth of Boise State is faster than the school is quickly able to increase its dorms. Marsha Wall, a temporary women's dorm leased by BSC from St. Alphalnnes Hospital is being moved to the Boise Urban renewal project. More low-cost housing for married students and faculty are needed. Conservatively, the BSC administration estimates that 15,000 apartments have been built in the college area since 1966. It seems that the local private enterprise has failed to provide the BSC College to provide most of the new student housing, but more student apartments should have been built, and should be built by private firms.

What is needed is immediate action — action before it is entirely too late. Private interests are very much to blame for delays in their action to provide more low-cost apartments. A longer delay will result in a greater shortage than could be solved by a few additional dorms at BSC, and the kindness of many generous Boise people who graciously share their homes.

-Gibbin, President's Aid

Robert S. Gibbin, a well-known Idahoan, has joined Boise State College as an Administrative Assistant to BSC President John B. Barnard.

An Idahoan for 27 years, Gibbin left Nebraska to coach at Boise High School in 1942. He

by Art Galus

In every time of history, some conflict of order and society has erupted because of martyr of man and prophet, has occurred. The following events of coming of a dire event only to be pushed aside and his advice forgotten. These events have occurred, when it is too late. God is not to be side or sincerely wanting to write the "bottom line" to the event. A prediction "to be or not to be"

Allowing myself the handicap of being, not a prophet, but an adolescent, I am still able to be "burned" at conditions found favorably. Although I spent the summer looked in the Idaho Wilderness, my Sunday Stakesman (that came every week) kept me abreast of Boise's mood, and that mood is a transitory one. Boise is heading toward a new confrontation between the established community and the newer generation, more competitive generation.

Boise will be the scene of a shifting apart, the formation of the Gap, a visible separation of the conditions.

As conditions are, no predictions are dangerous. Boiseans can meet among their peers. Adolescents, high school and junior high students, have awakened the community with angry letters in the Stakesman. As of this week, that was all they could do. What is happening to Boise? Who Knows?

The most frequent recreation in a city that procured funds to entertain youth, that undergrads will begin to drift away from the Boise schools and seek and seek and seek for more serene sports, and related endeavors.

The problem is, how do we distinguish how to undermine it. "Keep the kids off your property." This is not a stereotyped answer. Boiseans need to be held off on their property. Perhaps even Boise, once known as "the most expensive the high SES the most expensive life in the state," is the adolescent answer.

"Boys of Boise" can find a way to live by this law. It is not by ignoring the situation, it is by being left-inspired.

Two librarians appointed

Dr. A. H. Chastain, Director of Educational Services at Boise State College, announces the appointments of two new librarians.

Appointed as Library Card Catalogers are David E. Crase of Chico, California. Crase received a B.S. degree in Library Science from the University of Idaho and an M.A. from San Jose State College in the American Library Association, and the Library of Congress. He has been a reference librarian for the Holy Spirit Library at the University of San Francisco and belongs to the Library Association of California. Mrs. Anne Barns of Kirkland, Washington, has received a B.S. in the Curriculum Resource Work at Boise State College. Mrs. Barns has been a library assistant at Northern Utah and her Master of Library Science from the University of Washington. She is a member of Phi Kappa Phi Phi University.
Lettermen spark Bronco squad

Head grid coach Tony Knip and his 1969 football squad began practice Sept. 1 in preparation for the initial game of the season against Central Washington on the twentieth.

Out of eighty candidates Coach Knip selected 60 of them, who are returning veterans, who will not have to learn Knip's style of play. He again will use the Pro-T offense that worked so well for the Broncos last season.

Boise will be aided by experience as they face six November opens with BSC Whitworth under the lights. This home for the rest of its schedule Inflicted a stunning 61-7 'Parent's Day' festivities at Boise out at Ellensburg. Boise contest will feature the annual Alumni Day in October.

The Broncos open their home stand on the 27 against Whitworth under the lights. This contest will be the only home contest at Bronco Stadium. Whitworth will also be out to avenge a 49-17 thumping at Boise last year.

Next the Boise Squad will trek to California for a game with the California Politechnic Institute. The Mustangs were 7-3 last season and 30 returning lettermen. Coach Joe Harper expects a better team this year and this contest should prove to be tough.

Homecoming Game

On Oct. 11, the scene will be the Bronco Stadium for the annual BSC Homecoming game. This contest features Colorado State University, a new opponent. Little is known about the Rams, except for a 5-1 record from last year's competition.

The Broncos are readying their 5th annual Bronco Kick Off Classic on Sept. 25, scheduled to feature 12 teams in 12 games.

On Oct. 17, Boise will host the WCare game in the annual BSC Homecoming game. The contest features Colorado State University, a new opponent. Little is known about the Rams, except for a 5-1 record from last year's competition.

Bowlers to roll in fall league

Fall bowling leagues are currently being organized for the Western State Bowl at Bronco Lanes in the SUB, according to Rich Miller, game room manager.

The leagues are designed for those who feel they cannot do well in larger, more experienced bowlers. Handicaps are available for making it 'even' for the inexperienced bowler, Miller added.

Anyone interested in joining the fall league should contact Miller now at the SUB game room.

Tickets to be distributed

BSC Student Football Tickets will be available beginning Sept. 18 in the SUB information booth, according to Dan Liebendorfer, Jr., athletic publicity director.

The modern season book of five tickets for all BSC home games will be available between 10 a.m. and 2 p.m. on Sept. 18-19 and Sept. 22-23. To receive the tickets free, students must present their validated permanent plastic ID card.

Following the Sept. dates for picking up tickets at books will be available during the immediate week preceding a home game.

The first Boise home game is slated Sept. 27, with the Whitworth College Pirates in 8 p.m.

TEKES NEED BOOKS

TEK S is sponsoring a bookdrive to supplement their library Sunday, Sept. 14, in the Warm Springs Ave. area. Publicity Chairman Dave O'Leary indicated that texts, reference books, and books for general reading, are needed to build the fraternity library.

Gem State set for weekend

Team of Bob Beverly and Chuck Neitzel, along with Jake Spoon, The Ontara based Pink Ladies, owned by Art Sugg, will be piloted by Bob Neely and Jim Roberts.

Runner-up to Lundgren in the point battle, Kenny Hamilton, has rebuilt the former Jerry Donnelly sprint car and added a 427 Chevy engine for the special opposition race. A straight-up start will be utilized both nights. Time trials start at 7:30 p.m. with racing immediately following.

Bowlers to roll in fall league

Fall bowling leagues are currently being organized for the Western State Bowl..."
Bids are to be opened Sept. 24 for the construction of the new swimming pool and general purpose physical education building to begin sometime in October, BSC officials announced today. The 16,000 seat stadium will undergo construction immediately following the last home football game of the year for the Broncos. The present wood stadium, built in 1951, will be torn down and a new pre-stressed concrete structure will be erected at the same location.

The new stadium initially is designed to accommodate 14,272 spectators with provisions for adding an upper deck on the east side and for completing the oval for future capacity of over 20,000.

The playing field will be of artificial turf and college officials have indicated extensive public use of the stadium is anticipated including high school football games as well as civic events. Surrounding the playing field will be an all-weather running track. The field will be lighted for night events and on the top of the west section will be the press box with capabilities for broadcasting and telecasting in addition to regular reporting space.

The new stadium will contain locker and shower facilities for the Broncos and visiting teams in addition to offices for the coaching staffs. In the Varsity Center will be a large meeting room for football and track squad meetings.

The other portion of the athletic complex will be located next to the basketball pavilion. This building will contain an Olympic sized swimming pool with six lanes for racing, plus a diving area will be over 12 feet deep. To the south of the pool will be an outdoor lounge and recreation area.

The northern portion of the building will contain a multi-purpose gymnasium without spectator seating and a room for use by the Bronco wrestling squad.

The multi-purpose gymnasium will be used for physical education, basketball, volleyball, badminton and have climbing ropes, horizontal and parallel bars, free swinging rings and trampolines. Between the new structure and the basketball pavilion a plaza is planned for informal conversation around concrete planters.

The swimming pool multi-purpose gymnasium-stadium is expected to cost around $3 million depending on the bids received from the contractors and will be paid out of student fees.
Summer graduation ceremonies for Boise State College were held Aug. 15 in the Administration Building, with 103 candidates for the Baccalaureate degree, and 6 candidates for two-year diploma. Also awarded were certificates for Licensed Practical Nursing or the topic of "Reason, emotion, decision and leadership: a tetralogy of SCIIOOL OF ARTS AND SCIENCES Guy Alan BreWlngton, Roger R. Uonna, Carol M. Qualman, and Joo Raymondi. Guboden. Also listed are Georg Miller, and Claudia P. Will.

Pamela M. Smith graduates include Douglas J. Clutts. R. Root and William Bronson. Mrs. Irene Wilcox, Mrs. Frances Guzie, with the Administration on Aging made the grant to WICAP Southwest, Idaho has been recognized for survival. The Reverend John Buder delivered the invocation and the diplomas were presented by Dr. John B. Barnes Signed an agreement July 15 with the Center for Business and Economic Research, Boise State. The project, which started in July, has a tentative termination date of December 31. Boise State College personnel involved are Christopher DayLucus, Director of the Center, and Roger Allen, Assistant Professor of Business Administration.

The first concert of the season "Meets Lake in Concert" Saturday, Sept. 20 in the gym. Recording artists on Together in the City have released the song "Oldskool" and "Meets" on the pop album "Cheers." The Center will select and analyze sample city blocks within each zoning classification. The Center will review and analyze historical and projected property tax revenues in the study area. Other objectives of the study will be to consider the economic impact of alternative taxation methods and the preliminary design of a data retrieval system that could be used by various agencies for planning. The project, which started in July, has a tentative termination date of December 31. Boise State College personnel involved are Christopher DayLucas, Director of the Center, and Roger Allen, Assistant Professor of Business Administration.

The project began in August with interviews and testing by members of the PE department. Hendy has a B.A. from Alma College, Michigan, an M.A. from the University of Michigan, and an Ed.D. from the University of Utah. He belongs to the National Education Association, New Jersey Education Association, National Association of Secondary School Principals, New Jersey Association of Secondary School Administrators. He has published over 16 projects in professional publications and was principal of Cladfield High School, Arizona and Ingelow High School, California. He comes to Boise State from a position as principal at Trenton High School, New Jersey.

First concert slated

Boise State College president Dr. John B. Barner signed an agreement July 10 with Boise City for a study in cooperation with the Model Cities program. The six month study will be carried out by the Center for Business and Economic Research. The Center will investigate present property taxation data and zoning classifications both within the Model Cities area and Boise City in general.

The Center will select and analyze sample city blocks within each zoning classification. The Center will review and analyze historical and projected property tax revenues in the study area. Other objectives of the study will be to consider the economic impact of alternative taxation methods and the preliminary design of a data retrieval system that could be used by various agencies for planning.

Students wanting to perfect their skill in either sport and meet other interested men and women are invited. Those unable to enroll as students may work with any member of the PE department.

Gamma Phi Beta Form at gym

Boise State College president Dr. John B. Barner signed an agreement July 10 with Boise City for a study in cooperation with the Model Cities program. The six month study will be carried out by the Center for Business and Economic Research. The Center will investigate present property taxation data and zoning classifications both within the Model Cities area and Boise City in general. The Center will select and analyze sample city blocks within each zoning classification. Other objectives of the study will be to consider the economic impact of alternative taxation methods and the preliminary design of a data retrieval system that could be used by various agencies for planning.

Sports clubs form at gym

Tennis and archery clubs are being organized by the BSC Physical Education Staff. The first meeting for both groups is scheduled for Thursday, Sept. 18 at 6 p.m. in the gym.

Students wanting to perfect their skill in either sport and meet other interested men and women are invited. Those unable to enroll as students may work with any member of the PE department.

Cooperative Plan Institute with Poverty Agency

The Western Idaho Community Action Program (WICAP), of Emmett and Boise State College will cooperate in reporting participation in WICAP senior citizen programs, INC officials announced July 30.

Deane Hendry, Director of Special Projects at BSC, has been named project director, Dr. William Hinds, Mrs. Irene Wilcox, Mrs. Frances Guzie, Leonard Harlinton, WICAP Director, Mrs. Evelyn Bass, Lila Borland, senior citizen coordinator, and several Boise State students interested in social work, are on the research team.

The center's mission on Aging made the grant to WICAP. Boise State College for the joint project. Dr. Reed said senior citizen volunteer participation in Social Programs, IIIdaho, has been recognized as outstanding. The results of the study will be distributed to rural offices throughout the country, state Offices of Aging, and the National Center on Aging.

The project began in August with interviews and testing by members of the PE department. Hendy has a B.A. from Alma College, Michigan, an M.A. from the University of Michigan, and an Ed.D. from the University of Utah. He belongs to the National Education Association, New Jersey Education Association, National Association of Secondary School Principals, New Jersey Association of Secondary School Administrators. He has published over 16 projects in professional publications and was principal of Cladfield High School, Arizona and Ingelow High School, California. He comes to Boise State from a position as principal at Trenton High School, New Jersey.

Gerald E. Nelson has been named president of Idaho State University. Nelson received a B.S. and M.Ed. from the University of Montana at Missoula and is a candidate for a degree in Business Administration. He has published over 16 projects in professional publications and was principal of Cladfield High School, Arizona and Ingelow High School, California. He comes to Boise State from a position as principal at Trenton High School, New Jersey.

Dr. Richard E. Bullington, Executive Vice President of Boise State College, has announced three appointments to the administration.

Dr. William W. Hendy has been named Dean of Professional Services. Dr. Hendy has a B.A. from Alma College, Michigan, an M.A. from the University of Michigan, and an Ed.D. from the University of Utah. He belongs to the National Education Association, New Jersey Education Association, National Association of Secondary School Principals, New Jersey Association of Secondary School Administrators. Bowman named grappling coach

A recently-named addition to the Physical Education department, Bill Bowman, will also assume duties as head wrestling coach for the Broncos according to Athletic Director Lyle Smith.

Bowman's coaching experience began in 1946-47 at Camas County High, and includes twelve years as head wrestling coach and also coached track and football at Boise High School. Recently, from 1966-69, Bowman has been Director of Research for the Idaho Department of Education.

Included in his many accomplishments are Boise High Championships, in 1958, '60, '62 and '64. Second-place finishers under Bowman's tutelage came in 1961 and '62, with a third-place in 1965. During the years 1958-65 at Boise, Bowman produced twenty individual State Wrestling Coaches' Men of the Year.

According to Lyle Smith, Bowman competed in many sports in high school, college, and in the service. Coupled with his many years of coaching, counseling, and allied activities, Bill brings extensive experience to the Bronco Campus.

1969 Les Bois still available

BSC students, who have not yet received a copy of the 1969 Les Bois, may pick up their annual in the Athletic office any afternoon next week.

Former BSC students, who were enrolled for only one semester on a full-time basis, must remit $2.50 at the cashiers' office in the Administration building before receiving their copy.

Any additional persons wishing to purchase a copy of the last year's annual may do so by remitting $5.00 at the cashiers' office.

POSING BEFORE THE Memorial Mall are (from left) Debbie Wood, Lynette Brown, Glenda Sali, and Kathy Weston, members of the 1969-70 edition of the Broncettes drill team. These young ladies model new marching costumes which they and their sister members will be wearing during halftime activities of the San Francisco 49'ers football game Oct. 5 to be televised nationally. The new uniforms consist of a white satin blouse and a reversible mini-skirt of blue and white trimmed in white. Director of the Broncettes is Hank Houst.

Coach readies BSC barriers

R. A. Lewis, cross-country coach, urged Wednesday that any and all men students, who are not already participating in BSC sports and are interested in joining the cross-country squad, to please contact him in Room A of the Gym at their earliest convenience.

Lewis stated that the squad, already featuring some fine performers, is still in need of more personnel.

Among those mentioned are returning lettermen, Jim Fletcher and Herb Glassen, as well as Jim Muckey of Redmond, Oregon, Alex Ulanski, Calgary, Canada, and a Twin Falls two-mile, Bob Sloan.

Muckey, who placed seventh in the Oregon A-1 state track finals, is also a two-miler. Ulanski is an 880 man.
