Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
Julia Davis bridge closer to reality

The Boise City Council has unanimously OK'd the construction of a foot bridge to connect the South Boise Park to the downtown area. Plans have been long in the drawing board stage, but the go-ahead for construction now means a bridge will be built in time for the anniversary of the festival held in the park the same day before this meeting was started, it will be the first such bridge in the city. Mr. Gudman, assistant to Mayor Jay Ansley, says the Friedman family's donation and the realization of the project have been a long time coming. The location of the bridge will be from the edge of the Boise River, and the cost of the bridge itself will depend on the results of studies by engineers and contractors.

In a speech by the president at Friedman, the trial president of the organization, the board has not been reconstituted. Friedman for the president will be elected to the Friedman Foundation board of directors, Executive Council, Executive Director, President, Secretary to President and Superintendent, but not, after going through the normal selection and voting process, be elected by the board of directors. The bridge will be approximately 100 feet long, it will widen, with a 10-foot-wide deck. Top will be made of wood and used, with the participants in the dedication ceremony will have an opportunity to walk across the bridge.

The Friedman Foundation Board of Directors has been back in touch with the city about the possibility of building a bridge. The Friedman Foundation Board of Directors is interested in the possibility of providing a bridge to the public.

The Simulated Community Experience in Simulated Communication.

Guest editorial

Sim-comm made of real experiences

Last week's lesson. Lee Dowdle wrote an editorial concluding the Simulated Community Experience in the communications department. Dowdle, failed to adequately research his subject before writing.

The Simulated Community is one of the few classes in the communications department which deals with practical experience, outside of the intercollegiate publications. Dowdle, as a student in the class, was six weeks before the class started, and in order to experience the class he wrote an editorial concluding the Simulated Community Experience.

Insecurity? IS this force a mystical process we call non-verbal communication? Have we become the recipient of an eerie awareness of what is being said and that your altitude quickly discover that you are picking up some aspects of what is being said, but not others? Is it possible for you to experience the Simulated Community Experience in this way?

Insecurity? IS this force a mystical process we call non-verbal communication? Have we become the recipient of an eerie awareness of what is being said and that your altitude quickly discover that you are picking up some aspects of what is being said, but not others? Is it possible for you to experience the Simulated Community Experience in this way?

New M.D. comes to Boise State

The Student Health Center has announced the addition of another full-time doctor to the staff of the Health Center. Dr. Delinda E. Chiles, M.D., a graduate of the Washington Medical School, has been appointed assistant superintendent at Gorge Hospital in the Panama Canal Zone. There is now a full-time doctor available at the Student Health Center. A new professional has been brought on board to provide medical care.

Women's center opens at YWCA

The Women's Center, a new addition to the YWCA, will open its doors on March 1 at 2:00 p.m. The center will serve as a resource for women in the community, providing a space for women to come together and discuss issues of concern to them.

Income earned at BSC registration

The National Federation of Student Social Workers is sponsoring a White Elephant Sale to raise funds for its programs. The sale will take place during the BSC registration period. All proceeds will go to support the federation's work.

Inter-Dorm Council offers objectives

The Inter-Dorm Council is seeking new members to join their team. The council is responsible for organizing events and activities between dormitories. Interested students are encouraged to join and contribute to the council's goals.

The Boise State College Enquirer has donated the first pair of a $5000 worth bond to the BSC Veterans Affairs office. The money is to be used by the office to provide services to veterans on campus.

Park conducts investigation

At the request of the Idaho State University Student Government, an investigation of the ISU Maintenance Department has been completed by the Office of the General Attorney. The ISU Foundation has alleged misuse of state-owned equipment and materials by university employees.

Fellowship deadline nears

The Paul Frederick and Mollie National Fellowship Fund has awarded fellowships to the following graduate students for the 1975-76 academic year:

**Graduate Fellowships for Black Americans**
- Sheryl Allen, University of Wisconsin-Madison, Department of Music
- J. Michael Johnson, University of California, Department of Chemistry

**Graduate Fellowships for Native Americans**
- Fred Smith, University of Arizona, Department of Native American Studies

**Graduate Fellowships for Puerto Ricans**
- Maria Hernandez, University of California, Department of Economics

These fellowships are available to students who plan to pursue graduate study toward the doctoral degree in the Arts or Sciences or the humanities and social sciences.

Kidwell provides aid

Wayne Kidwell, one of the nation's most prominent attorneys, has been engaged to advise BSC students and faculty at the request of BSC President Elmer E. Karam. Kidwell's duties include serving as the president of the Karam Foundation, distributing scholarships to deserving students.

Karam established the foundation in honor of his late wife, Arlene, who was an active member of the community. The foundation's mission is to provide financial assistance to students who demonstrate academic achievement and financial need.

Public utility co.'s give consumer public hearing

The Idaho Horseheads Council, representing over 150 consumer councils across the state, has appointed the Council to conduct a public hearing on the proposed rate increase for electric service.

The hearing will be held in the near future to determine the reasonableness of the proposed rate increase and to encourage public participation in the decision-making process.

Job opportunities in Europe

Santa Cruz, California: "Jobs for young people 18 to 25 years old" is the latest job opportunity available in Europe. The job is for a working holiday in England, Spain, or France. The program is open to students who have completed their high school education and are interested in exploring a different culture.

The working holiday involves living and working in a European country for a period of six to nine months. Participants are responsible for their own housing and food, but transportation is provided by the program. The working holiday is a great opportunity to improve language skills and gain international work experience.

Student guest nights now offered

This is an innovation of the present sports programs at the University of Idaho. The idea is to offer guest nights at sports events, specifically basketball games. The goal is to increase attendance and provide opportunities for students to attend events at a reduced price.

The student guest nights are offered to students who have not attended any Idaho sports events this season. The program is open to all students who have not attended five or more events. The cost is $5 per guest night, and guests can purchase tickets at the door or online.

Gl's granted $450 for special tutoring

Financial aid is now available to students who are in need of special tutoring. This help is available through the Boise State University Office of Student Affairs.

Our immediate concern is to inform interested persons about the available opportunities for students who are eligible to apply. Assistance can be given in order to make the required number of appointments for the demonstration project.

Funding for scholarships and students is provided by the State of Idaho, through the Idaho State Board of Education, and by the United States government through the Higher Education Act.
Lower legal age poses problems

(PCP) — Lowering the legal age of majority from 21 to 18 years may have serious implications for colleges and universities, in those states where the change has been effected.

In a study prepared for the Council of Teachers' Professional Associations in Higher Education, D. Paul Young of the University of Georgia discussed the legal and financial problems being incurred by college administrations by the newly gained adult status of many students. Copies of the report have been forwarded to 400 college presidents across the nation.

Young questioned the legal status of campus rules requiring undergraduates to live in dormitories and the question of legal patronage for making solicitations, disciplining alums, and so forth.

According to the study, developing 3,000 students, includes students establishing residency to obtain tuition and other rights of state students, the legal status of due process being subject to change.

In addition to legal, questions, students who have attained the age of majority will have the right to bring suit against administrators as an exception to suing other traditional student problems, such as labor disputes between colleges and chancellors, which are being changed in a manner that the laws.

If the total content, the requirements for preserving non legal bonds to the students' interests of higher learning will be tested.

CROSSWORD PUZZLE ANSWERS

MACHINGALE ANTONIO'S

LANDMARK OF CONTEMPORARY CINEMA

This story of Italy's silk rich established and developing families tells the story of the world and is a provocative statement about modern women. It is a perfectly done story on a feeling subject, and her hero and her hero is a perfect mix of the times and the times. The sophisticated idea of the film tells a story of the world and is a perfect mix of the times and the times.

THE CANADIAN

The most authentic vision of American politics ever put on film. A fascinating and dynamic character study of an idealistic young man who seeks political and faces all the inner conflicts of a decent man torn between his ambition and his integrity. The film is a triumph of Newman's portrayal of the perfect character and the perfect performance of his career.

Student Union Programs Board organizes events.

By Brenda Lindsay

Have you ever wondered who it is that provides the events and activities for Student Union Programs Board? Well, on the 21st of October, there was an interview with Fred Norman and Ron Bond, students who are working with the Student Union Programs Board.

The Student Union Programs Board is a committee of the Student Union Board of Directors. The Student Union Board of Directors is made up of 7 students and 3 staff members. The Student Union Board of Directors is responsible for the overall administration of the Student Union. The Student Union Programs Board is responsible for planning and organizing events and activities for the students.

The Student Union Programs Board is made up of 15 students. They are responsible for planning and organizing events and activities for the students.

The Student Union Programs Board has a variety of events and activities planned. Some of the events include lecture series, concerts, and movie screenings. The Student Union Programs Board also has a variety of committees that are responsible for planning and organizing events.

The Student Union Programs Board is a great opportunity for students to get involved and have fun. The Student Union Programs Board is a great way to get involved in the college community. The Student Union Programs Board is a great way to make friends and have fun.

If you have any questions about the Student Union Programs Board, you can contact Fred Norman or Ron Bond at the Student Union Office, or you can visit the Student Union Programs Board website.

Prison inmates write column

**American Civil Liberties Union offers advice on what to do when suspected of a crime**

**EDITOR'S NOTE:** This is the first part of a three-part series. The following section will be printed on another date and mailed to you on the 25th of each month. The following section will be prepared by the American Civil Liberties Union.

**THE ACT OF ARREST**

What can you be arrested for? There are three kinds of offenses for which you may be arrested: a felony for which you may be punished by imprisonment in the penitentiary; a misdemeanor for which you may be punished to six months or less in the local jail; a violation of city ordinance for which you may be fined to just fine but not more than $1000. You may also be punished for any of these kinds of violations.

1. What if you are innocent? Even if you are innocent, you may end up in a situation where nobody knows you. Do not worry if the officer is courteous. It is from courteous officers that people are most likely to be arrested illegally, the law provides a remedy.

2. How is an arrest made? An arrest is made where an officer suspects a person to be with him, or when a person submits to an officer to be arrested. It is an arrest when an officer, by force of his authority, seizes a person to go with him to the police station. If you are not sure whether you are being arrested, ask the officer if he is arresting you and arrest. Unless you are under arrest, you do not have to go with the officer. A police officer may ask you all necessary means to make an arrest. But it is more necessary for you to make sure you are under arrest, if you are under arrest, you must go with the officer.

3. After an arrest is made, what can you do? If you are not arrested, you should not sign any name or admit that you are arrested. Anything you say may be used against you in a court. If you are arrested, you must be told your right to an attorney. If you cannot afford an attorney, you must be told that you may be entitled to a court-appointed attorney. You must be told that you may be entitled to a court-appointed attorney.

4. What if you are arrested? If you are arrested, you must be told your right to an attorney. If you cannot afford an attorney, you must be told that you may be entitled to a court-appointed attorney. You must be told that you may be entitled to a court-appointed attorney.

5. After you are arrested, you may be searched. A search of your person is a necessary part of an arrest. It is the arrest that is the basis for the search. If you are not arrested, you can refuse the search. Anything you say may be used against you in a court.

6. What if you are searched? If you are searched, you should not sign any name or admit that you are searched. Anything you say may be used against you in a court. If you are searched, you must be told your right to an attorney.

7. After your search is over, you may be released. If you are released, you may not be searched again. Anything you say may be used against you in a court.

8. If you are released, you must be told your right to an attorney. If you cannot afford an attorney, you must be told that you may be entitled to a court-appointed attorney. You must be told that you may be entitled to a court-appointed attorney.

9. If you are released, you must be told your right to an attorney. If you cannot afford an attorney, you must be told that you may be entitled to a court-appointed attorney. You must be told that you may be entitled to a court-appointed attorney.

**Reservations for play begins today**

All BSC students with valid student cards may reserve one free ticket to see the play "The Woman in Red," presented at the Sahh Theatre by the Department of Fine Arts. Students may reserve their tickets at the Sahh Box Office or call 3X5-112 between the hours of 3:00 and 5:00 p.m. by midnight. Reservations are limited to the capacity of the theatre, and the length of the production run. Students are urged to make reservations well in advance to be sure of tickets.
Boise State Stampedes Vikings 64-7

**Broncos Hike Skein To 3-0, New Offense Record Set**

*by Tony McLean*

Boise State's second straight offensive breakthrough couldn't be stopped Saturday as the Broncos made everything possible for Portland quarterback in a 64-7 maundering victory at Bronco Stadium.

The 642 total yards gained by BSC set the old record total of 627 yards against Nevada-Reno last year. Boise State also matched the mark for most touchdowns scored in a game.

This was the second straight game in which Boise State had allowed over 50 points at home and 10,000 spectators. There were 17,000-plus last week - most of whom left by the third quarter. Boise State is 2-0 to 0-1.

**BRONCOS VS. VIKINGS**

There were 17,000-plus spectators at Bronco Stadium Saturday for the second straight game of the season.

**OFFENSE PLAYS RUNNING GAME**

Quarterback Ron Autele suffered a knee injury in the first quarter and was replaced by quarterback Blaine Church.

Church and offensive coordinator Dave Comstock ran the offense against Montana State. Both players did a good job of moving the ball, with Church gaining 121 yards on 21 carries and scoring twice to lead BSC.

Dave Comstock's offensive line, though, was credited with much of the credit for the win. The line, led by tackle Don Hutt, center Dave Nicely, and guard Harry Riener, paved the way for Church's 121 yards.

**WEBS' STRENGTH**

When, then, do BSC's points come from? Boise State's rushing attack was good for 114 yards on 17 carries, with Church gaining 121 yards on 21 carries.

Boise State's defense was good for one TD and Larson was credited with four of BSC's six sacks. Boise State's defense also recorded 10 tackles for loss and 14 tackles on the quarterback.

**WEBS NO THREAT**

Quarterback Ron Autele and Jim Chadwick scored their third straight game Saturday and added the first two touchdowns of the game. Autele completed 12 of 19 passes for 225 yards and two touchdowns.

Autele's first touchdown was a 13-yard run, while his second was a 7-yard pass to Chadwick. Chadwick's first touchdown was a 2-yard pass to Chadwick, while his second was a 6-yard pass to Chadwick.

Autele's second touchdown was a 1-yard run, while Chadwick's second touchdown was a 9-yard pass to Chadwick. Autele's third touchdown was a 10-yard pass to Chadwick, while Chadwick's third touchdown was a 5-yard pass to Chadwick.

**WEBS VS. BOISE STATE SATURDAY**

Boise State's offense was led by quarterback Blaine Church, who completed 12 of 19 passes for 225 yards and two touchdowns. Church also gained 121 yards on 21 carries and scored twice.

Boise State's defense was led by tackle Don Hutt, center Dave Nicely, and guard Harry Riener, who recorded three tackles for loss and four tackles on the quarterback.

Boise State's defense also recorded 10 tackles for loss and 14 tackles on the quarterback. Boise State's defense was good for one TD and Larson was credited with four of BSC's six sacks.

Keglers Hold Tryouts For Varsity

**Bronco Down**

Eagles 8-5

Fall baseball players travelled to CSI last Saturday to sign up for Intramural Baseball, a new program on campus that has the potential to grow into a major league. The Golden Eagles turned out to be a baseball team of 16, all competing in the Intramural Baseball League.

According to Vaughan, "the pitching staff was loaded with slinky at first. The Boise State baseball team is in the top ten in the country, so we knew they would be tough to beat.

Broncos head coach Ron Vaughn stated the purpose of the game was to "get the players in gear and give them a taste of what they are about to see."

Broncos head coach Ron Vaughn stated the purpose of the game was to "get the players in gear and give them a taste of what they are about to see."

The intramural baseball league is open to all students, faculty, and staff at the university. The league will consist of nine teams, with each team playing five games against other teams.

Men's Champions:
1. Shawn Perkins
2. Ron Arndt
3. Dave Lockman

Women's Champions:
1. Jackie Killian
2. Diana Ricks
3. Jeanne Moore

The Boise State baseball team will be competing against the Golden Eagles, who are expected to make a run for the championship. The game will take place at 3:00 PM on Saturday, October 12th, at the Intramural Field.

Cross Country Squad Vies in Idaho Meet, Kelley Disabled

The Boise State cross country team will be put to the test at the Idaho Meet this Saturday, Oct. 6, at Memorial Park in Boise. The team is coming off a strong showing in the Boise State Invitational Meet last weekend.

The team has been practicing hard to prepare for the meet, and head coach Ed Jacoby has been impressed with their dedication. "The team is working hard to improve their times, and I have no doubt that they will perform well," Jacoby said.

The meet will feature races for men and women, with the Boise State team expected to be one of the top contenders. The meet will be held at Memorial Park, with the men's race starting at 1:00 PM and the women's race at 2:00 PM.

**Boyles has Second View of Match**

Mrs. Ann Boyle, in a telephone conversation, called by Mrs. Susan Leech, chairwoman of the communications committee of Boise State College and asked to call the Communications Department, told of her second view of the match.

Boyles had a Riggs-King type of tennis match up with Dr. Snow, an assistant professor of psychology. She has not competed against before, but Mrs. Boyle wants to kick off her season with a strong win over the Boise State College tennis team.

"I haven't played since fall, so I'm looking forward to the match," Boyle said. She plans to make use of her physical advantages over her opponent.

In the past, Mrs. Boyle has played in club play and has competed in intramural tennis. She is excited about the upcoming match and is preparing mentally for the challenge.

---

**Intramural Teams Go Full Speed**

Traditional intramural football games are taking place again this season with matches held at the Idaho State Fairgrounds. The games are open to all interested teams.

NOT FOR SPECTATORS

"All sports events should be for the participants and not for the spectators," said Boyle. She is not against varsity sports, but she is against the varsity concept in schools where the majority of students are not talented enough to succeed at varsity level.

Boyles still wants to play Dr. Snow and other players in friendly competition, but she feels that intramural games should not be open to the public.

The intramural football games are held on Saturdays at 1:00 PM. Anyone interested in participating should contact the Communications Department for more information.
Fun Bowl winners & answers

Winners of last week’s Fun Bowl are: Doyle Nally-faculty, Rand Savidge-Stockton Hall and Russ Cook-Student of Large. Answers to Trivia Questions have been request from readers. The answer to No. 1 was Roger Stickdoub (first quarterback on instant replay or TV). No. 2 answer was Sammy Sosa (first professional football player to intercept four passes in one game). No. 3 answer was KC Jones (player pro football all-star contract to play for the Boston Celtics). Throw not pictured this week who won two weeks ago are Dr. Don Obee and Dan Armitage-Donor Student. The ARBITER regrets the error.

Homecoming events slated Oct 13

Homecoming events will be kicked off Saturday October 13 with a marathonic cross country race starting in Brown Stadium parking lot at 9:00 am. The course will be about two miles long, but the race will be different as far as teams go. First, each team will have at least one woman running. Second, instead of the winning team being decided by the total number of points, the team scores in order of when the first full team crosses the finish line. For example, if all the men of one team cross the line together without any women, that team would lose since the first full team would have crossed the line as one.

Field hockey is one of the oldest women’s sports today. It was first played on the east coast of the US and then progressed worldwide. People, as spectators, often find the games difficult to follow since a large number of fresh air is consumed.

Vary stem Women Trek To La Grande For Field Hockey Tournament

Women’s Intramural Field Hockey of B.R.C. will get under way Saturday, October 12 when the team will trip to La Grande College. In the afternoon the team will take on Eastern Oregon College; in the afternoon they will play Wilsonville College. The varsity team is made up of seven seniors. Their sophomores, and their freshmen. The women’s Intramural Field Hockey Game will be played Tuesdays, Thursdays, Saturdays. Tournaments are Quest Center, Wilsonville College. The women’s Intramural Field Hockey. Tournaments are Quest Center, Wilsonville College. The women’s varsity will be played on the field near the campus. The first home game of the season will be Wednesday, October 2, when the varsity women take on the College of Idaho’s women’s hockey team.

Field hockey, a game that was brought to the United States in 1906 from England, is much like soccer only the sport is played with a stick and ball.

There are 11 players per team, one of which a goalie and the other nine try to get a small, hard ball through a rectangular goal in something similar to ice hockey. The game is particularly intense since there are no time outs or substitutions — unless, of course, someone gets hurt as they have to be carried off the field.

The typical game is usually 90 minutes with halftime.

Understanding the field is a close in itself. Here are the most famous ones:
1. The ball cannot leave the ground (fielding).
2. A player cannot kick the ball — unless she is a goalie.
3. One cannot interfere with another player’s stick.
4. A player cannot kick the ball — unless she is a goalie.
5. obstruction is not allowed. The player cannot put herself between the opponent and the ball.

The touch in field hockey is limited to short, turned stick with one for left and a curved side and a very hard ball about the size of a basketball.

Like soccer and hockey, the goalie wears a girdle, chest protector, leg protectors, and gloves and a face mask.
