Arbiter, November 1

Students of Boise State College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
Vo-Tech sidewalk construction postponed

Students of Boise State College's Vocational Education Training Program are suffering an inconvenience with the postponement of sidewalk construction in front of the Student Union Building. The lack of a sidewalk may inconvenience some students, and the area will be muddy during the wet season.

Stassen, the president of the Student Senate, said that the administration is doing everything they can to accommodate the inconvenience. He added that the students are being inconvenienced because of the summer construction season, and that the administration is doing what they can to alleviate the inconvenience.

Stassen also mentioned that the administration is investigating ways to improve the situation, and that they are working with the construction company to find a solution. He added that the students are being inconvenienced because of the construction season, and that the administration is doing what they can to accommodate the inconvenience.

The administration is also investigating ways to improve the situation, and that they are working with the construction company to find a solution. He added that the students are being inconvenienced because of the construction season, and that the administration is doing what they can to accommodate the inconvenience.

The administration is also investigating ways to improve the situation, and that they are working with the construction company to find a solution. PARKING METERS REASON FOR DOWN TOWN DEATH

Two weeks ago in the Arbiter I wrote an editorial favoring the downtown development which is known now as Downtown Boise. In that editorial I stated I was in favor of the downtown development. The comments I have heard are "It will kill downtown Boise." I also heard many people declare that downtown was dying and that the mall development would help it come back to life. I would like to ask the question, "Why is downtown dying?" Many people have their reasons. I would like to state mine. Downtown is dying because of one evil which is prevalent all over downtown. It is the parking meters. We are being driven out of downtown, and I don't want to pay the meter but I now have to pay to walk. Contrast this with View Village, Hillcrest Shopping Center and Washington Mall (both all-day shopping centers). I can go and park for four hours and not worry about finding a ticket on my car. I don't have to worry about parking quickly, but go about shopping at my leisure. Why should I go downtown and pay when I can go to other places and pay only once. You say downtown is dying and I say parking meters are driving people out of downtown. Consider the shopping center. Think about this, members of the city government and think strongly if you really do want downtown to become more alive. Send in the local planners and cut the pipes of these bands stealing from the consumers boldly.

ART WORK IN SUB GETS A LITTLE STALE

The SUB has granted the campus the last six years and has become the center of student activities more and more each year. In the Union we have many fine examples of faculty displayed, but during the last six years this art work has changed. I am sure the faculty has produced in these years a great amount of art work which should be displayed to public display. The Student Art Committee should consider printing some of this art work. This would not only increase the center of student activities but would deal more, not only for their projects but for the SUB Saturday, October 20th. Some should be publicized is the Service Project Commission had called a meeting in Boise the other day. As a result, they would have to cover the cost of their display which would include transportation. These students could be involved in a variety of ways were the SUB Saturday, October 20th. Some should be publicized is the Service Project Commission had called a meeting in Boise the other day. As a result, they would have to cover the cost of their display which would include transportation. These students could be involved in a variety of ways.

STUDENT, FACULTY EVALUATION LAUDED

The other day in a sophomore class and in all my business classes for the day we had a student evaluation of efficacy. I learned that this was being done by the dean of the school of business for the purpose of discussing tenure and promotion within the school of business. This is a good idea on the dean's part and I hope that the other departments of the various schools will consider this. This would allow the faculty to create a better academic standing with teachers and students here at BTC.

Jack Anderson
Nixon's big sleeper play

WASHINGTON — In the privacy of his Washington, D.C., home, President Nixon, football fan, seems to enjoy the "big play," the Project Mayaguez, which gives the nation an opportunity to show which side it ultimately will be on. Sometimes it seems that the world, that same man, who is suspicious by nature, became convinced that Cox was not in the game. Nixon's involvement in the Mayaguez affair was clearly a significant effect may occur, for the Mayaguez will be remembered with the same pride and with the same fervor as the Vietnam war. Yet, the war seems over, and yet, all nations involved can be commended for joint planning by the common interest and for joint policy. Then Nixon was the only policy that could be set forth. In the Union we have

WINTER IS COMING, AMERICA: "Honor the peace prize."

Kissinger and Tho: refuse the peace prize?

Washington and Hanoi are determined to live up to their agreement on Mayaguez. As the President himself put it, "As the Project Mayaguez committee is Mexico, the President is willing to join the Mexican claimants in the Mayaguez affair, which the President himself is willing to join. In the Union we have

Back to the Philippines

WASHINGTON — Washington is coming to grips with the Mayaguez affair, which the President himself is willing to join. In the Union we have

Does Boise really need a new mall?

Small business workshop held through November

Boise State will hold six sessions of a Small Business Management Development Workshop during the upcoming months.

Session I, November 7, entitled "Basic Business Management" will cover the fundamentals of management in a small business organization.

Session III, November 14, "Managing the Employee," will cover the importance of human relations in the workplace.

Session IV, November 21, "Administrative Communications," will discuss the importance of effective communication in the workplace.

Session V, November 28, "Administrative Decision Making," will cover the importance of making effective decisions in the workplace.

Session VI, December 5, "Business Management," will cover the fundamentals of management in a small business organization.

On Monday and Tuesday, October 22 and 23, Boise State College served as a host for a meeting of the Boise State College Development Speakers, ideas will be exchanged and the phone will be held to determine the type of event that can be held in the upcoming months.

For information or reservations contact the Boise State College Development Department, Boise, Idaho 83709.

Graduate student explores BSC student services

For Sandy Stonely, do the Boise State should be a real experience.

For the next three months, she will be a substitute head resident in a women's dormitory, work in the area of high school relations, and explore the growing monthly of other student services funded at the college.

"Sandy, who is interested in student personnel work at BSC, is one of a group of teachers assigned to begin work with the campus as the "Living Director."

Actually, she is a graduate student at the University of Idaho, home of the campus, who is completing her Master's in Business Administration.

Project Mobility is designed to train students for the future, advising jobs, and for other positions that will be open to them when they graduate.

The Project Mobility program was started in 1972, and is part of an effort to help students find work after graduation.

Boise Little Theater cancels "Curtain Up!"

By John Elliott

For the first time in the history of the Boise Little Theater, a show has been cancelled. Keith Patterson, former executive director and major fund raiser, recently announced that the show of Shakespeare's "As You Like It," scheduled to open Monday, October 27, 1975, has been cancelled. This is the first time the Little has cancelled a show under Patterson's leadership.

Patterson said that the decision to cancel the show was made after the board of directors met to discuss the possibility of canceling the show. The decision was made after considering the financial situation of the theater and the need to save money.

The Little Theater has been struggling financially in recent years, and the decision to cancel the show was made to avoid a financial crisis. The theater has been losing money on recent productions, and the decision to cancel the show was made to avoid a financial crisis.

Patterson said that the decision to cancel the show was made with the best interests of the theater and its patrons in mind. The theater has a history of producing high-quality shows, and the decision to cancel the show was made to ensure the continued success of the theater.

The Little Theater has been a staple of the Boise community for many years, and the decision to cancel the show was made with the best interests of the theater and its patrons in mind. The theater has a history of producing high-quality shows, and the decision to cancel the show was made to ensure the continued success of the theater.

Red Deer, Best team in concert

Lutheran youth sponsor concert

"Jesus Lives, You Can Too!" in the title of a Lutheran youth concert held in Boise. The concert was sponsored by Lutheran Church, the church which holds the Boise Little Theater. This is the first time that the church has sponsored a concert. The concert was held on December 1, 1975, and the proceeds will go to the church's youth program.

The concert will feature a variety of musical performances, including a choir, a clarinet quartet, and a poetry reading. The concert will also feature a film about the life of Jesus, and a special guest speaker will be invited to speak about the importance of living a life of faith.

The concert is open to the public, and admission will be free. The church is located at 123 Main Street, Boise, Idaho. The concert will begin at 7:00 p.m., and all are welcome to attend.

## Absentee Voting

You may vote by absentee ballot if you are absent from your home on election day. To vote absentee, you must register with the city clerk and submit a completed absentee ballot application. You may register and receive a ballot up to 10 days before the election. If you have moved or changed your address, you must register with the city clerk to vote absentee. Absentee ballots must be received by the city clerk on or before election day.

### Idaho Constitution

Section 2 of Article 1 of the Idaho Constitution provides for the registration of voters as follows:

- Any person who is an inhabitant of the state and is a qualified elector shall be registered to vote in the election of the county in which he resides.
- Any person who is absent from his home on election day may vote absentee by applying to the city clerk for an absentee ballot. Applicants must include name, address, and the reason for voting absentee. The application must be received by the city clerk before he can issue the absentee ballot.

### Federal Voting Assistance Act

The Federal Voting Assistance Act of 1955 provides for absentee voting for military personnel and their dependents. If you are a military personnel or dependent, you may apply to vote absentee by marking and completing an official absentee ballot application. The application must include name, address, and the reason for voting absentee. The application must be received by the city clerk before he can issue the absentee ballot.

MAYORAL CANDIDATES EXPRESS VIEWS

1. How do you feel Boise State College should relate to the Boise community?
   The community of Boise and Boise State College should complement each other. Any major undertaking such as a new community center, an increase in student population and expansion of the instructional program will have a major impact on the community. It is important that the college and the community work together to balance the growth of both.

2. How do you feel Boise State College should be involved in the growth of the Boise community?
   Boise State College should be an integral part of the Boise community. The college should maintain close ties with the community and become involved in the community's affairs. The college should also work closely with other institutions in the community to ensure that the community's needs are met.

3. How can Boise State College contribute to the economic development of the city?
   Boise State College can contribute to the economic development of the city by providing a skilled workforce, developing new industries, and promoting entrepreneurship. The college can also act as a catalyst for new business developments and partnerships.

4. How do you feel the city should accommodate the growth of Boise State College?
   The city should accommodate the growth of Boise State College by developing a comprehensive plan for the college's expansion. This plan should include adequate funding, land acquisition, and facilities development. The city should also work closely with the college to ensure that the growth of the college is coordinated with the growth of the city.

5. How will you ensure that Boise State College remains affordable for students?
   It is important that Boise State College remains affordable for students. The college should focus on increasing enrollment and reducing costs. The college should also seek funding from various sources, including state and federal grants, to support its operations.

6. How do you see Boise State College contributing to the cultural life of the community?
   Boise State College can contribute to the cultural life of the community by providing cultural events, hosting conferences, and promoting community outreach. The college should also work closely with other cultural organizations to enhance the cultural life of the community.

7. How do you plan to ensure that Boise State College is environmentally sustainable?
   Boise State College should be environmentally sustainable. The college should focus on reducing its carbon footprint, increasing energy efficiency, and promoting sustainable practices. The college should also work closely with the city to ensure that the growth of the college is sustainable.

8. How do you plan to ensure that Boise State College is inclusive and welcoming for all?
   Boise State College should be inclusive and welcoming for all. The college should focus on increasing diversity and providing support for all students. The college should also work closely with the city to ensure that the growth of the college is inclusive.

9. How do you plan to ensure that Boise State College is responsive to the needs of the community?
   Boise State College should be responsive to the needs of the community. The college should focus on providing relevant and high-quality education, and should work closely with the community to ensure that the college's programs meet the community's needs.

10. How do you plan to ensure that Boise State College is financially sustainable?
    Boise State College should be financially sustainable. The college should focus on increasing enrollment, reducing costs, and seeking diverse funding sources. The college should also work closely with the city to ensure that the growth of the college is financially sustainable.
future developments of the city?

I feel our city government has been not sufficiently planning ahead with regard to new developments. In fact, we cannot contribute to the city's continued growth as we move to the next generation. I feel that we should be promoting the development of some of our city's nonproductive land.

4. A foot bridge across the Boise River is being planned to link Boise State College with Julia Davis Park. What is your opinion on this proposal?

My position regarding the Ada Council of Governments (ACOG) has been consistent in our support of the CAMPUS, and have always opposed any developments in the area.

I am not in favor of planned development in any area of the city that will not be well planned ahead of time.

5. What is your position regarding the Ada Council of Governments (ACOG)?

I am not in favor of planned development in any area of the city that will not be well planned ahead of time.

6. How may taxes be held down with the increased growth and development in the Boise area?

7. Beer on campus has been an issue at Boise State for several years. What is your position on this issue?

I am not in favor of allowing beer on campus. I believe it is not appropriate for our students to be drinking alcohol while attending school.

8. Are you satisfied with the Boise State University System's response to your concerns in the past?

I am not satisfied with the Boise State University System's response to your concerns in the past.

9. Are you satisfied with the Boise State University System's response to your concerns in the past?

I am not satisfied with the Boise State University System's response to your concerns in the past.
**COUNCIL CANDIDATES SPEAK**

Fred Kopke

1. How do you feel Boise State College should relate to the Boise community?

Boise State is an integral part of the community and the student body should be a part of the community. It is important for the students to be interested in the community. Boise State College campus can give the city a unique and valuable service area.

2. What is your position regarding the Ada Council of Governments?

I was one of the first to contribute to the Ada Council of Governments. This council was originally designated for the purpose of coordinating land use and development in the city, the county, and the surrounding area. The council has been successful in providing a forum for the exchange of ideas and the development of a cooperative planning effort.

3. What is your position regarding the Ada Council of Governments?

The Ada Council of Governments is based on the principle of voluntary cooperation among local governments. It is a tool for the coordination of land use and development in the city, the county, and the surrounding area. The council has been successful in providing a forum for the exchange of ideas and the development of a cooperative planning effort.

4. A foot bridge across the Boise River is being planned to link Boise State College campus with Julia Davis Park. What is your reaction to this proposal?

I think it's great. It would make Julia Davis' recreation more accessible to the people of Boise. It would also be a great addition to the aesthetic beauty of the Boise River.

5. Are you in favor of Boise's growth and development?

I am in favor of future developments of our community. Boise State College campus with Julia Davis Park is an example of how the city can plan for future growth and development.

6. How may taxes be held down with the increased growth and development in the Boise area?

Taxes can be held down by providing more efficient services and by supporting the growth and development of our community. The city should work with the Ada Council of Governments to ensure that the growth and development of the city are consistent with the environment.

7. Beer on campus has been an issue at Boise State for several years. What is your reaction to this proposal?

I think it's a good idea. It would add a great deal to the aesthetic beauty of the campus. It would also provide an opportunity for students to enjoy the benefits of a college environment.

8. Are you satisfied with the Boise Urban System's present operation? What do you see in the future for the Boise Urban System?

The Boise Urban System is a valuable service to the city. It should continue to operate efficiently and effectively. I believe that the system can be improved by providing more efficient services and by supporting the growth and development of the city.

9. At Boise State College, how do you feel the increased growth and development in the Boise area due to Boise State College campus and Julia Davis Park have affected the student body and college neighborhood?

The increased growth and development of Boise State College campus and Julia Davis Park have had a positive impact on the student body and college neighborhood. The new facilities have added a great deal to the aesthetic beauty of the campus and have provided additional opportunities for students to participate in the activities of the college.
The College of Idaho presents "The Association" in concert in the Auditorium November 2 at 6:00 p.m. Tickets are available at the C of I Bookstore. The TYVEC Bookstore, the SSG Bookstore, General Posts in Boise, the Oldtown Bookstore in Ontario, Caldwell and Nampa. Tickets are $2.75, or available at the door - $3.50. No reserved seats.

The College of Idaho is a member of the Idaho Arts Alliance, an organization promoting quality arts and cultural experiences for the people of Idaho. This concert is brought to you by the College of Idaho and the Idaho Arts Alliance.

The Association is a mid-60's rock group from Portland, Oregon. They were formed as a folk group and subsequently became one of the most important Nederland bands. Their debut as The Association was in 1966 when their first single, "Here Comes the Sun," hit the charts. Their second single, "Yes, I'm a Believer," was also a hit.

The Association's music was characterized by harmonies and thoughtful, introspective lyrics. They were known for their tight vocal harmonies and their ability to write memorable melodies.

The group disbanded in 1971 and the members went on to pursue solo careers. However, their music has continued to be popular, and their songs have been covered by many other artists. The Association's most famous hits include "Yours May Be Your Last," "Ooooo, Child," and "Along the Watchtower."
Suggestion box proves inadequate

For some time the BLC Library has had a suggestion box near the front entry. The box has been somewhat ignored, with only a few comments being submitted. Recently, the library has begun receiving a number of comments indicating that the suggestion box is not receiving enough attention. The library decided to investigate the issue and found that the box had not been reached or opened by anyone in recent memory. After checking the box, it was found that the box had been placed too high up on the wall, making it difficult for people to access it. The library plans to lower the box to a more accessible location in order to encourage more suggestions to be submitted.

You talk to the people in Periodicals?

Girodoux’s play Tige at the Gates is performed at the Paris Theater. Using all three stages available, he produced the entire show, which lasted about an hour. The play was a success, and many special dates were scheduled.

The public is invited to attend the performance of the play. The ticket price is $5, and the show is scheduled for Saturday evening. The performance will be followed by a Q&A session with the director and actors.

The library has had numerous comments about the lack of heat. Don’t see us—see the library’s heating system.

There has been a trend at present to build parking lots instead of buildings. This is due to the cost of building and the lack of available space. The number of parking spaces has increased, and this has led to a decrease in the amount of space available for buildings. As a result, there has been a decrease in the number of buildings.

Library has had many comments about the no-fine policy and the lack of heat. Don’t see us—see the library’s heating system.

Real estate world changes rapidly in all phases

In real estate, there are many changes rapidly in all phases. For example, in the housing market, there has been a significant increase in the number of homes being sold. This has led to a decrease in the number of homes available for sale, which has increased the price of homes. In addition, there has been a trend towards more energy-efficient homes, which has led to a decrease in the number of homes being sold.

A real estate trend is the increase in the number of homes being sold in the rental market. This is due to the increased demand for rental homes. The trend is likely to continue, and it is expected that the number of homes being sold in the rental market will continue to increase.

The trend is also expected to continue in the housing market. The number of homes being sold is expected to continue to increase, and the price of homes is expected to continue to rise.

The trend in the housing market is expected to continue, and the number of homes being sold is expected to continue to increase. The price of homes is expected to continue to rise, and the trend is expected to continue.
Two Idaho schools shelled over weekend

by Tony McLean

While BSC was shelling the University of Montana for at least a tie in the Big Sky Conference behind the torrid running and passing of quarterback Ron Ault, another school in the conference followed a regular pattern.

Both Idaho State University and the University of Idaho lost games to Weber State College and Montana State University.

Weber State halfback Jim Larson was the biggest story as he scored two touchdowns to power his team over the SUU, 26-7. Idaho State has yet to win a conference battle while Weber won their second.

It is interesting to note that WSC scored all their points before WSU could even get on the scoreboard. Rightback, Weber quarterback, can be credited with茸culing and passing the Wildcats up and down the Ninemile turf. Weber State’s defense was strong as it capitulated on key Idaho State fumbles and interceptions.

Mike Holder, Montana State’s QB, ran for two touchdowns and scored another on a pass to tumulate the Idaho Vandals 35-14 in Moscow.

Idaho had only 27 yards running in the first half and lost two fumbles. The Vandals didn’t start scoring until late in the game. Because of a certain turnover, the Vandals’ 41 pass attempts for the goal resulted in only 13 completions. For the most part, Rick Siefried’s and Dave Conklin’s passes were either dropped, went into the stands or were intercepted.

A lot can be said for the stepphers. Northern Arizona Lambertshocks who are indeed becoming a stronger power in the Big Sky Conference.

NAU set a Big Sky record in scoring last Saturday when it crashed by a troubled CFA State/Northridge team 77-17 in a non-conference game. Jimmy Smith scored four touchdowns in the process of smashing individual records for one game with 322 yards.

Need for annual seen at BSC

by Tony McLean and Jon Adams

Are the people of BSC willing to give up some money and point systems in order to have a yearbook? That is the question.

In 1972 football fans of 1973 team still dead and conference marks, it builds a certain amount of prestige and excitement in the process.

No one can deny that some, if not a lot, of players have been achieved. That pride in the school must be associated with a large portion of the students and yet be associated with a large portion of the staff and administrators. It is by the combination of the school’s pride in the Big Sky Conference.

What the big deal is a talk to some, to a given record for the 1973 Football Championship. It was just enough to recognize the good players and outstanding performances by the players. It was only the second time in the history of the Big Sky Conference that a player was chosen.

No. Siefried is unique in that a student can choose five and is only one entry per person; if this policy is violated, then your entry will be disqualified.

If you are interested now, nothing that a student government official took the yardbook fund in order to have some fans that some funds will be raised for auxiliary funds and a special thanks to the students at BSC. What is the name of the song that you would write it? (name of song) (phone number)

I thank you.

The ARBITER takes this opportunity to congratulate and remind you that the Fun Bowl is back. The weekly winners have gone past records with Riverside students, and the weekly winners have contributed $2,000 to the Fun Bowl. The ARBITER will have the Fun Bowl this week. The weekly winners will be awarded a $55,000 gift certificate.

Please send an entry to the Fun Bowl committee.

The Boise State Cougars will welcome four returning starters and four returning lettermen. The senior lettermen returning are Clyde Dickey (5-6 forward from Filer, Ida.), Warren B. Hoke (6-5 center/forward from Omak, Wash.), George Buckingham (6-6 forward from Mountain Home, Ark.) and Jim Keyes (6-7 center-post from Idaho Falls, Idaho). The four transfers who are coming aboard are Rick Maxwell (6-1 guard from Filer, Ida.), Steve Cottrell (6-6 guard from Bozeman, Mont.), and Joe Keyes (6-7 guard from Filer, Idaho).

As for our prospects, we've purchased the following:

- "Buckingham has lots of talent. He ended up with the top team a few years ago and his shooting has come around. He'll be a great player. He listens and works hard for starting positions."
- "As for our seniors," he continued, "We are very pleased with our four seniors. We added surprise to the starting lineup and we're looking for a good job." 9
- "The team situation is one of our strengths with Dickey, Frazier, Guggisberg (hopscotch) and Maxwell," Connor said. He added that the four transfers should greatly improve the starting lineup. Where, starting and Keyes will be joined by Conwell, and Buckman by Boise State.

Field Hockey

by Jon Adamson

Last week the B.S.C. Women's Varsity Field Hockey team played the College of Idaho, 5-2. Rain slowed down the first half of the game but the sun came out and the players ran off the field wet, but happy. The team played well in the second half, and both goals were scored near the end of the game. Tuta Michalisk, center forwarded, scored both goals.

On Monday of this week the team traveled to Phoenix to beat the Northeastern Arizona College girls, 6-0. Two of the B.S.C. goals were scored by Tuta Michalisk, and the other four were scored by Connie Riha, Penny Gillis, Grega Waltra and Waller. Coach Connie Riha said, "It was a lot of good team work, the kids just generally played very good hockey," and Teria Fralick when asked about the game, "Oh Friday the sunny weather will take on Eastern Oregon College at 4:00 p.m. here at B.S.C. The shot line game will be on Monday, November 3, at 4:15 p.m. with N.E.C.

Volleyball

by Jon Adamson

"I don't know why, you just didn't play up to par. It's too bad you couldn't E.U.C., wasn't very good either," That's the response Coach Connie Riha gave to the women's volleyball team on their first loss of the season. Saturday, October 27, at 7:00 p.m., the B.S.C. Women's Varsity Volleyball Team took on the women's volleyball team from Eastern Oregon College in the gym. E.O.C. would take the first and third games 25-23 and 25-16. Two weeks ago the team played their first match of the season and beat the College of Idaho, 6-0. The second and third games will be played on November 10.

BSC NO 1 IN BIG SKY

The Boise State College band and flag corps, directed by Neil Shetton, added a lot of color and fanfare to home games. They are shown here doing some of their many intricate drills.

An outrageous fabrication of the War of the Rose Garden. Attorneys, along with those of Mr. Shakespeare, will see you in court.

Victor Gold, Former President Via President Agnew 10 something had come out of Watergate that I could enjoy and "The Tragedy of Richard II" is it...

John aborne. Noted Nixon Watch

Something had come out of Watergate that I could enjoy and "The Tragedy of Richard II" is it...

Paradoxical? Maybe. This satire on the current political scene is plotted along the line of Shakespeare's Richard II, a kind of formula Barbara Garson successfully used in MacBird. But if the Bard has supplied the riot, Myers has provided up-to-date punch and insightful humor. It's fresh as tomorrow's headline; perennial as a classic, witty, clever, funny, good satire!

Get the great Denum Look in this soft scrubbed blue or plum down-filled ski jacket. Water repellent with insulated pockets and down-filled detachable hood. A two-way zippered front with snap front closing and draw string bottom make this jacket one of the warmest down with snap out the winter chill. One of the best looks on the slope. $49.95
