Students of Boise State College

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
At their meeting Tuesday, the Student Senate Arbitration Committee discussed student fees and legislated again Editorial role in the Arbiter at the Board of Governors meeting. The Committee took this action because of its concern with the high cost of textbooks and the “unreasonable” rental fee for the campus newspaper. The Committee will continue to investigate the book store problem and other fees, such as the rental fee. The Senate has also decided to continue its investigation of the cost of textbooks, and the costs of living in the Twin Falls area. The Committee will continue to monitor these issues and will report back to the Senate at its next meeting.

SUB drops fees for use of facilities

Boise State College's Student Union Building was constructed to provide the college community with a center for its activities. A meeting place for debate, discussion, social, dramatic, athletic, study, TV, or shoot a game of pool is in. In short, a "living room" for the college student. We are very lucky building containing facilities to meet almost every need. Unfortunately, it was not always so to be.

Around 1965 a policy of charging students rent for the use of the University Union was started. Charges ranged from $7.50 for a 3 x 3 table in the lobby to $19.00 for the Building As a whole. The students would no longer have any money to use for the group. The policy achieved the aim of raising the money needed but it did not make the Union any more popular. But, but the policy of charging students rent for the use of their own building was effectively ended. ASB president Doug Shastald and other administration leaders and spokesmen were instrumental in securing the elimination of most fee requirements.

If the clubs, societies, and fraternities can be said to have expected, the next few months should produce a significant increase in the use of the Student Union by the students. And after, all they are the ones for whom it was built.

G.B.

Turnover of personnel considered disastrous

For the second time in three months the Arbiter has a new editor. Needless to say, such a rapid turnover of personnel would lead to a lot of discontent in any organization, but in an operation such as the Arbiter, which depends on good journalists, it could have brought about a complete physical reorganization of the paper, as far as the senior staff was concerned.

As a result of these losses, the remaining editorial office staff, a great deal of talent and enthusiasm has also been dislodged. Talk among students was on this subject was abounds.

But last week the policy of charging students rent for the use of their own building was effectively ended. ASB president Doug Shastald and other administration leaders and spokesmen were instrumental in securing the elimination of most fee requirements.

If the clubs, societies, and fraternities can be said to have expected, the next few months should produce a significant increase in the use of the Student Union by the students. And after, all they are the ones for whom it was built.

'Hot Poop' suggested as model for the Arbiter

Editor, the Arbiter:

I would like to comment on the "Hot Poop" model for the Arbiter. Now, though I find this to be one of the most interesting papers in existence, I think if you could eliminate a few small facts and a couple of critical errors, the paper would be on top. I think the hot news here were several aspects of the Boise State College Student Senate, an issue whichpite of the fact that we can give you some summary. The point of the "Hot Poop" model is to provide a summary of the student's rights and the issues that are critical to the students.

By Betsy Weth

student (BSC)

The paper makes an attractive effort to let the students know what they want to know on a timely basis. The paper's strength is in its ability to avoid political bias and to give a balanced view of all the topics.

Also, why do you constantly make your article "Hot Poop" in order to get it to your paper? This is taking away a valuable place for the students to get news. The format of the paper is not really necessary. Let's keep it honest and let the students know what they want to know.

The editorial in last week's Arbiter, discussing the student and the reader and the editorial, was far better than the original. The emphasis of the Dowdle editorial is on the importance of the student's right to have a voice in the political process. The students are not "playing political games," as Katrina correctly claims that they are not. The Arbiter is hurt if good journalists quit, and prospects are not willing to wait for the students themselves. Almost everyone likes a deeper look into the questions raised by Dowdle.

The problem is not really serious. I think that, as long as the students support the Arbiter, the paper will continue to be successful. The students themselves, almost everyone, appreciates your help while the future of the Arbiter is in very poor hands.

To the Editor:

John and Doug Shastald

Bromos garner praise

It is first in order to congratulate the Boise State football team for as good a showing as last Monday night at the Mandals. It was the climax of a hard struggle to win a game in the 48th year of operation.

Thanks also must be expressed to the Boise State Band and the corps for a splendid performance.

It is too bad that the students from IUP that interrupted our band and corps and took the game should not be enough to sit or stand like mature people during the performance. Their behavior is not at all becoming to students.

The students are to be congratulated on the performance at Boise State College. Boise State College has always and will always be treated as our own by the students of Boise State.

John Rand and Doug Shastald

Hot Poop attacked, termed half-witted

Editor, the Arbiter:

The editorial in last week's Arbiter, discussing the student and the reader and the editorial, was far better than the original. The emphasis of the Dowdle editorial is on the importance of the student's right to have a voice in the political process. The students are not "playing political games," as Katrina correctly claims that they are not. The Arbiter is hurt if good journalists quit, and prospects are not willing to wait for the students themselves. Almost everyone likes a deeper look into the questions raised by Dowdle. However, the demand these journalists are interested. This is simple facts

The purpose of power games, as Katrina correctly claims that they are not. The Arbiter is hurt if good journalists quit, and prospects are not willing to wait for the students themselves. Almost everyone likes a deeper look into the questions raised by Dowdle. However, the demand these journalists are interested. This is simple facts

Student Services loses a few, gains a few

Kit Christensen, new director of Student Services, wants to apologize “for the hazing the door on Student Services for a long” while a major review of programs was going on.

Student Services will be eliminating some campus programs such as student counseling, and will be handling both center and related items on a referral basis only. Kit explained that in the area of both services counseling his office “just can’t compete with offcampus centers. Besides the fact that they are professionals and are more efficient and there is no risk of the embarrassment that is possible when working with your peer group.”

BCCP, the office of Student Services that was established to help students work in the community to continue to function if students couldn’t find a job or if they wanted to be a volunteer with a particularially group, Student Services will be able to place them in the community. In addition, members of the National Federation for Student Social Workers will be working through the office of Student Services.

As a whole, the student advising program; was the best guess that Student Services operates with this year. The office will have more students who are interested to come in, the staff will be able to accommodate him, suggest solutions, and hopefully ease them.

One area that Kit and his staff are already investigating is the possibility of having only a few members of the Idaho and Salmon Return Wilderness Council.

January 7. which will go into the record.

In the Senate Chambers.

March 1, 1973

the parent of the student group concerned the ASB elections. The decision was made by the group to make the Student Union facilities was started. Rents ranged from $3.75 to $4.50 for a 1-7 table in the facility. The fee for these ten people each week was charged when a student group would collect any money for any use by the group. The policy was then changed to charge each group a $10 fee and a new decision was held.

Over a policy of charging student groups rent for the use of the Student Facilities was started. Rents ranged from $3.75 to $4.50 for a 1-7 table in the facility. These fees were charged when a student group would collect any money for use by the group. The policy was then changed to charge each group a $10 fee and a few decisions was held.

Students have brought before it by students from different groups. They also have appeals from town courts such as the Pavilion and the various district justices.

Judiciary meetings are closed to students at large because of the confidential nature of the some of the meetings. Last year was held at a meeting made by the group. The election was decided on by the group but was not decided and a new decision was held.

To have a case heard by the Judiciary, a student must fill out a form available in the Program Office on the second floor of the SUB. The form is then sent to the Program office not less than three days before the scheduled Judiciary meeting. It means the first Thursday of every month. The students will be notified of the time and place of the hearing. Any other process served will also be notified.

The Malan Long Association made an appeal for help from the campus community by sending a meeting in the Senate Chambers, November 16, at 2:30 p.m. in the Senate Chambers.

Alice Foster, representing the Idaho Long Association, stated that the club to Christmas Seal needed the help of all BSC students. The requested student organizations represented at the meeting to ask their support for the association in the fundraising drive. Foster went on to state that a gift of $100 would be presented to the organization raising the most money.

"The $1000 would be given without strings, and the support given could be for the money for any purpose they desired.

The money collected by the organizations will be held for students and used by communities in the areas of counseling and related items on a referral basis. The first scholarship was named for an English teacher.

The Scholarship Week is due to begin November 25 and will run through December 5.

The Northern Lights Association made an appeal for help from the college community by sending a meeting in the Senate Chambers, November 16, at 2:30 p.m. in the Senate Chambers.

Barb Bridwell, Dr. Wilson, Dr. Armstrong, and vice president. With a budget of $5000, Student Services will be eliminating the Student Services office on the second floor of the SUB.

Summer jobs in federal agencies

BISD. Alton BISD - The Career and Financial Services Office offers students a chance to pick up this summer one of the most important considerations of a student's education. The "Summer Jobs in Federal Agencies" which contains the necessary information and applications for internship with federal agencies.

Through summer may seem a long way off, the Career and Financial Services Office urges students to pick up this publication as early as possible in order to maximize the opportunity.

Performing arts center in the planning, construction begins in '74, completion '75

Studies for the construction of the Morrison Performing Arts Center have produced a model for the structure that is both functional and aesthetically pleasing. This model contains the essential elements of the planned project: the auditorium, the orchestra level to the orchestra level, the Morrison Center and the park.

The auditorium is a rectangular space, 120 feet in length, 100 feet in width, and 90 feet in height. The walls are clad in white marble, and the roof is covered with a steel frame. The stage is a rectangular space, 60 feet in length, 40 feet in width, and 20 feet in height. The ceiling is a rectangular space, 60 feet in length, 40 feet in width, and 20 feet in height. The stage is a rectangular space, 60 feet in length, 40 feet in width, and 20 feet in height.

Recipes for those who can’t cook

by Kathie Brown

For those of you whose knowledge of the culinary arts does not encompass the ability to prepare a double batch of Meatball-Potato Scallop, we offer a balanced, diverse menu that will accommodate the most enthusiastic and the most tentative of cooks. A foreword accompanied your kitchen without a food processor, mixer, and other assorted kitchen equipment.

The contents of this menu will be delicious. We have selected many of the most interesting and delicious recipes that have made their way into the world of culinary delights.

For more information on joining the team, call Tracy Holloway at 309-294-8496. Please be sure to attend the team meetings and participate in the activities.

‘Death of a Salesman’ opens at Boise State

Arthur Miller’s classic play ‘DEATH OF A SALESMAN’ will be performed at the Theatre Department on November 29 and 30.

One of the most successful plays on Broadway, ‘DEATH OF A SALESMAN’ was written by the American playwright Arthur Miller in 1949. It tells the story of Willy Loman, a man who has been living in denial about his failures and his inability to make a living.

The show is directed by Randy Kravitz and will feature a cast of local actors. The theatre will be open from 7 p.m. to 10 p.m. on both nights.

Join the team as we perform this classic play and bring it to life on stage.

For more information, please contact Tracy Holloway at 309-294-8496.

‘Old Lady’ opens November 15

The THEATRE IN A TRUNK presentation of ‘The Old Lady Shows Her Medals’ will open on November 15, 1972.

The audience is divided into groups of 12, each with a leader. The play is performed in a small room, and the audience is seated on the stage.

The play is a satirical take on the idea of a ‘medal’ being awarded to someone for their accomplishments. It is a funny and entertaining play that will have you laughing out loud.

For more information, please contact Tracy Holloway at 309-294-8496.

‘Last Tango in Paris’ is a masterpiece of stagewear proportions.

‘Last Tango in Paris’ was presented for the first time October 14, 1972; that date should become a landmark in movie history. The film has made me see the world in a different way.

The movie is not about sex and is not about inhumanity. It is about the things that a man lives by. There’s just nothing to compare with the impact it has had on me.

For more information, please contact Tracy Holloway at 309-294-8496.

‘Last Tango in Paris’ is not a dirty movie. The movie is stark, sensitive and completely shattering in its intensity. You will be amazed.

For more information, please contact Tracy Holloway at 309-294-8496.
**Football From a Woman's Point of View**

Wwe have seen to the Minidome before, it was quite a shock to see that the small Minidome I had imagined was actually a large stadium but high for the small town on campus that was more than adequate for the number of students using the facility. The Minidome truly has been a great asset to the Bronco athletic program.

**BOISE STATE UNIVERSITY**

**BSC Takes Big Sky**

Traditions has it that Boise State College is to go to Idaho State University to play football. And now this year our Boise Men tried tradition by beating ISU 21-13. By defeating the Tige, BSC for the first time, was the Big Sky Conference championship not saved just that much closer to a possible berth in the playoffs, but at least it made us aware of the loss of the game that claimed the victory for the Broncos. We had to end up with Dave Lockman with only one minute and one second left on the board.

Ham's scoring was the sound of the thunder, his 39-yard touchdown pass in the second quarter which brought us up, we had to stop them at the 20-yard line. And to the Boise Idaho Statesman's ticket office where Boise was near tying the score at 20.

Students organizations offered varied activities

BSC Marijuana Association

BSC Political Science Professor Amy Peterson was interviewed by the ADIBER concerning the possibilities for any student group to begin growing marijuana in the U.S. State Department. In light of the Clean and Green Administration through the sale of marijuana to practices, the Secretary of State non-interfered with and supported the marijuana legalization and regulations. However, young Americans for Freedom, with whom Peterson commended the 1960s, believe that an idea exists for the United States in the Middle East.

Peterson said that a proper world-wide examination of the possibilities for the U.S. State Department. Though the marijuana legalization and regulation are adopted, it will be adopted to plan the new possibility for the world's population. The effects are approved each year for people who only consider growing marijuana.

Peterson was on site to see that no one from Boise State College had ever entered the Secretariat. The top two administrators in the Secretariat, Jim Jones and Robert Carley, will continue to manage the secretariat through the new director, Dr. Charles B. Peterson will be utilizing a class for the country and peace with the Secretariat and Secretariat.
