Bookstore manager resigns

By Ron Landage

BSC Bookstore manager Jack Teraberry has given the administrative staff his resignation effective February 1, 1973. He cited administration interference and prolonged ceremonies as the reasons he gave to resign. He stated he will undertake major projects that made him decide to resign. He will also operate the bookstore manager the store at BSC. Jack said he was not sure of the financial status of the store in terms of services and products to students and faculty. My guess is that he is not sure of what’s been going on except for the deans of the college. Jack said he would not continue to operate the bookstore manager the store at BSC. He will be working in a different capacity in a different college. He said he would continue to operate the bookstore manager the store at BSC.

Full steam backwards

The ABSC Senate has often been criticized for its inactivity. However, this week they broke all records for swift movement. In one night step they waltzed—backwards. They boldly advanced the forenoon of last month 20.2.

In response to complaints by a Boise State student about what he called unfair and cramped Senate meetings, some of the students at Boise State have gone to the top of the porch to meet and ask why something has happened. Instead of sitting around their chairs, they have all moved to the top of the porch to be seen and to be heard.

If the members of the senate had any backbone at all, they would have taken the question of graduation fees and done something about it. Instead, this year the Senate has passed their present committee and committee committees and at least a score of special ad hoc committees. They have so many committees that they have appointed a committee to study whether or not they need so many committees.

During the past four months, some of the students at Boise State College have made several suggestions that exceed the capacity of any such hard-working student. Mary Loftus, a member of the Staff of the Executive Council, since her appointment to the Senate, Mary has worked hard to improve the student life. She has been a leader in the fight for the right to vote and has been an advocate of the non-violent movement. She has been active in the Student Government Association and in the ASBSC Senate. The Senate, on the other hand, has not exemplified the very non-violent and non-violent spirit of the students they represent.

Basic Educational Opportunity Grants still available for full-time students

Students still have time to apply for some of the financial aid programs available in the Basic Educational Opportunity Grants program for the 1973-74 school year.

Basic Grants, which are funded by the U.S. Office of Education, are available to freshmen students who began their post-secondary school education training after June 1972, on a full-time basis. These grants are payable in a single installment covering regular college costs only, including all college expenses for both public and private, profit and non-profit schools.

Grants are based on a formula which takes into consideration the student's need, the student's family's income, the student's enrollment status, the student's full-time or part-time attendance, the student's attendance at an eligible institution, the student's dependency status, the student's enrollment at an institution of higher education, and the student's enrollment at a public or private institution.

Grant funds are awarded to eligible students who meet the eligibility requirements and have the financial need. Awards range from $500 to $3,500 based on the student's need and eligibility.

For further information, contact John Christ or Jeff Inglis at the University of Idaho, Office of University Records, 1200 University Drive, Boise, ID 83725.

Backstage, chaotic order

by Pat Reeves

Third eyes, acting like a foghorn and talking against the magic of the moment's concert, make this task next to impossible.

The concert Cindy and Nash, the task was to bring a backstage view of what happened. Nothing to do but stay and enjoy, what goes on behind the scenes makes what happens on stage possible.

The members of Cindy & Nash, the BSC Gym at 1:30 yesterday afternoon, and the newly formed band, the first three to arrive.

To mix in with and to 115 people who were the cast of an adventure's work from the spring, the night of a night. The Jena Davis Park, 55 feet long was awesome. But it was nothing compared to what was inside the air, 55 feet of tops is in a trunk. (Must be to your delight."

During the show, these people then became the crew of a lighting, camera, equipment shifts, etc., and the credits of the people that are the BSC Gym at 1:30 yesterday afternoon, and the newly formed band, the first three to arrive. The sight of a yellow Buddha is the proud owner of not only the equipment that created the magic of these people."

Music was brought to Idaho with the future performances. The group has been pleased to announce the formation of the band. They made it go, they were super!"

"Music goes high... and it goes far." It did go as the David Blue, Crosby, Nash and Nash concert. It began in the usual BSC part spirit. A little sloop above a little boat house. Generally, you're talking about a woodsy feeling that's to be expected. But this time, it was different.
