Associated Students of Boise State University

Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
Yes, this is the Veterans Bureaucrat. No, we don't have anything to do with colleges. No, we can't help you find a job. No, we can't give you personal counseling. No, we can't do anything for you until you fill out forms A-192673, Q-290354, BU-319, BU-321, LL-519, SH-63942, and IT-1976521, in triplicate, double spaced, if you please. Now, if you don't mind, there are 7779 other veterans waiting to see me, and I can't work until 5:00. So, 9 to the end of that line and smoke them if you got them, soldier!
The extravagance of a marquee doubted

Time and time again I have stated that I am not politically-minded. The processes of state and the conducting of empires holds little interest for me. I know little or nothing about party politics, and I am sure that I must speak frankly to a political faction here on the BSU campus—namely, the ASBSU Senate. And while we are on the subject, let me address the student body as a whole.

What kind of society have we become when, with so many services and facilities needed by the students of this institution, we tolerate the waste of spending $10,000 on a marquee to grace Broadway Ave?

True, this new billboard would provide advertisement, and add interest to events here at the university. True, if constructed properly, the new marquee would enhance the appearance of our campus from Broadway looking out over Bronte and across the campus. True, it would stand as a monument to this year and the students and leaders of Boise State University. I agree with these pontificated "trutums," and yet I remain astonished that our senate can with clear conscience appropriate that much money to construct such a virtually useless facility whose sole purpose is entirely commercial.

The blame cannot rest entirely within the walls of the senate chamber. Many of the members of this "University" have been informed of the $2,000 surplus, ignore student body and possible departmental needs by remaining quiet. The main reason that this much money is being spent on this project, is because there were basically no other suggestions, and because the money comes from a surplus, it must be spent or the coogs of our own particular bureaucracy would come to a screeching halt.

Who is more guilty, your leaders or yourself? This institution is spending to suffer from the expenditure of this money. Our country is guilty of apathy, all of us. Not because we are not involved in student government, or any organization, or the area, but because we just simply do not care about the pride and vigilance that has brought us this far in our evolutionary civilization.

If the students of this institution wish to spend $10,000 on a marquee, all well and fine. But if the students of this university wish to spend $10,000 on a marquee instead of doing something meaningful, or a program or a function, or a fund raiser, I am not so sure. If the students want to spend this money on a marquee, let them show a little self-sacrifice and give us their suggestion. In short, make yourself matter in the use of your money.

Dave Ward
A forgotten man

The position of ASBSU vice-president is a relatively new one, but one which the "work-horse of the ASBSU," it often goes without being recognized as an extremely vital position in the operation of the general welfare of the students, however, it is a fact that the ASBSU Vice-President is extremely true and unrecognized for this difficult job. Following these duties of the ASBSU Vice-President are many more than I can name, but one I title as "The WORK-HORSE of the ASBSU". The Vice-President is primarily responsible for...the legislation and branch and legislative promotion of the Associated Students. He presides over the ASBSU Senate meetings, serves as chief administrative officer for the senate, is responsible for duties assigned by him to the senate and or myself, and to act as president in my absence, among others.

The job of ASBSU Vice-President is indeed an important position within the Associated Student Body, and one which should show more recognition for that position's importance.

On behalf of the many students who have not yet shown appreciation to our Vice President, I say, "Thank you" to all of you for doing a great job. Bill D. Christensen
President ASBSU

Reader supports day care

Editor, The Arbiter

I am much in favor of a day care center here on the campus, but no longer in need of one because my two children are now in second grade, but I do remember having to pay $50-$70 a month for a sitter, plus the expense of having to drive them and from the sitter. We live only two blocks from school, and how it would have been for all of us.

Hey man, I gotta go to the can

Hey man, I'm up here to use the can.

Have you ever heard that frightening cry from the rear of the toilet line in the stadium? Well, kids never fear. The students get screwed again. And there doesn't seem to be anything anyone across the nation knows about BSU is how the team is doing. In the editorial section it reads, "It is because of them (the athletes that our school has received the recognition which it richly deserves.)" I am inclined to agree, the only recognition this athletic institution deserves is that which the athletes bring it.

Mr. McKay finds the main interest; he should be happy he is able to drive twenty miles away from it each day. I live in the dormitory and the enthusiasm is nonexistent. On the same day Mr. McKay failed to go swimming or to the library, I missed my lunch. I found out later that lunch had been served early for "my convenience" so I could go to the afternoon game.

Last week I went to lunch to be greeted by the introductions of the football packs and the boy scouts. Then some got up and said, "BSU does nothing other school does and proceeded to tell about a pep rally that which I learned later, they didn't even pass out pep pills.

What do I have to look at Mr. Soul posters everywhere and be fed this verbal garbage when all I wanted was my lunch? Why do I have to be afraid if this is an "educational institution"? I am proud of myself, but I am no longer proud of this school. Sure, right after Mr. Conroy's letter he wrote, "You have got to go hard or go home!" I take that to mean, "love it or leave it." Well, Mr. Conroy, since I have chosen such an obscure major, Philosophy (it could as well have been Anthropology, Journalism, or any foreign language) and this "University" doesn't offer major in obscure fields, I am leaving it. So you go ahead and be athletic and be proud of the prestige the athletes mean (men four lanes and four football fans) and I will teach this deserving institution and I'll go elsewhere, where they offer academics.

Linda L. Corder

Editor, The Arbiter

Two weeks ago there was a letter from Terry McKay in the Arbiter expressing his disgust with the football mentality of this "University" . The answer to the letter from a "casual observer" was, "I will be a casual observer that you are athletic! Because you cannot be proud of your school's athletics, you cannot be proud of your school.

If you cannot be proud of your school, how can you be proud of yourself!"

Mr. Conroy, you have just verified Terry McKay's premise that this is a football team, not an educational institution. I find it a very sad situation that you cannot be proud of my school if I am not proud of my school's athletics, and that the only thing anyone across the nation knows about BSU is how the team is doing. In the editorial section it reads, "It is because of them (the athletes that our school has received the recognition which it richly deserves.)" I am inclined to agree, the only recognition this athletic institution deserves is that which the athletes bring it.

Hey man, I gotta go to the can

Hey man, I'm up here to use the can.

Have you ever heard that frightening cry from the rear of the toilet line in the stadium? Well, kids never fear. The students get screwed again. And there doesn't seem to be anything anyone across the nation knows about BSU is how the team is doing. In case you haven't taken the time to look, the toilet facilities at the stadium are as follows:

Student side (east side) - seating capacity - approximately 4,196. With two restrooms, with the average of seven stalls each and two urinals.

However, general admission side has four restrooms with the lower side has four restrooms with three stalls each and two urinals, with the same on the upper level.

If you don't know what I'm getting at, I'm trying to tell you that you are going to have to wait in line to go to the can at the Idaho game. There are two possible remedies. One is to not eat or drink before and during the game and use the can before you come. Or two, go to school to bring along porta potties.

I don't know about you but I get tired of standing in line on the student side to use the toilet when the west side has double facilities for the same amount of seats!
A STUDENT VIEW

Humanity Lacking at Humane Shelter

by Pat Nance

Bats to the humane shelter lately? No matter the reason why, but have you been there? I have, last week in fact. I took my pregnant cat there in hopes of finding a good home for her and her future kittens, because I knew cats would be living beyond my means. Want to know what they told me? The attendant told me she would put her to sleep for me, or more simply, kill it.

Many animals left without the proper spaying and neutering your animal. Many animals left the Idaho Humane Shelter Board of Directors, “maybe it’s those who don’t want to take care of their pets that we should destroy first and work up from there.”

P.S. My cat, by the way, is still alive and well! Anyone care for a kitty?

Support the Broncos, Wear Blue & Orange to the game Saturday

by Don Hay

This week’s questions:

1) When did Hawaii become a territory of the United States?
2) Who was the only U.S. President who was a bachelor?
3) How many teeth do you have, Last week’s winner: Larry Parsons

Troy Bell, of Alpha Kappa Psi contemplates the whole big problem.

Editor, The Arbiter

We’re damned if we do, and we’re damned if we don’t.

Because of a recent ruling by the ASBSU Judiciary Committee, Alpha Kappa Psi is no longer acceptable to women, despite its recognition as a campus organization for not accepting women as members. On the other hand, by accepting women we would have our charter revoked by our National Headquarters.

The reason lies in a decision made last week by the Idaho Humane Shelter Board of Directors, “maybe it’s those who don’t want to take care of their pets that we should destroy first and work up from there.”

P.S. My cat, by the way, is still alive and well! Anyone care for a kitty?

In defense of Alpha Kappa Psi

Jury and the Student Policy Board. They decided “after considerable discussion and review of the whole question,” that the word “SEX” ought to be included in the non-discrimination statement of organizations desiring campus recognition. “The primary function of an organization of Alpha Kappa Psi could ever offer.

The response lies in a decision made last week by the Idaho Humane Shelter Board of Directors, “maybe it’s those who don’t want to take care of their pets that we should destroy first and work up from there.”

O.V.A. funding in jeopardy

The Office of Veteran Affairs did not receive funding recommendations from the Idaho State Board of Education; henceforth, on July 1, 1975, there may not be an O.V.A. at Boise State University. The State Board's decision was based on their belief that this sort of funding problem belongs to the federal government rather than to the individual states, according to O.V.A. Director, Gary Bermeosolo.

"What this means to the applicant is that veterans at Boise State University is that they will not have the personal counseling about the benefits they are entitled to," continued Bermeosolo. This also means that they will be dealing exclusively with the Veterans administration Representatives who see the veteran as a veteran whereas we view the veteran here at BSU as a student."

According to the O.V.A. files, the office handled some 5000 interviews on a one to one basis last year. They have also set up a trailer arrangement with the campus bookstore to help the disabled veterans order textbooks in a viable communications route with the university's veterans. Besides working with the veterans here on campus, the O.V.A. has been setting up a program at the Idaho State Penitentiary to help prisoners receive educational benefits while they are still in prison. "We have helped the veteran who did not receive an honorable discharge in many cases by helping him get his discharge reviewed," stated Bermeosolo.

Bermeosolo stated that lobbying efforts are now underway to have state funding for the BSU Veterans Office reconsidered. The United Veterans of Idaho, an association of all Veteran Clubs in the state, most probably place the BSU office's plight on their agenda. A letter campaign to legislators and high governmental officials is also being planned.

Financial aid funds now available

Financial aid applicants who submitted ACT Family Financial Statements after March 1, of this year, who have not been contacted by Career and Financial Services and who need assistance for the Spring semester beginning January 13, 1975, should arrange for an appointment with an advisor in Adm. 117 during November or early December. Funds are available in the National Direct Student Loan Program.

The Direct Loan is for students who are enrolled at least half-time (undergraduates - 6 credit hours or more). Those funds are available to vocational-technical students also.

Repayment begins 9 months after a student graduates or leaves school for other reasons. Borrowers may be allowed up to 10 years to pay back the loan. During the repayment period, 3 percent interest is charged on the unpaid balance of the loan principal. There are also limited cancellation provisions.

A limited amount of loan funds for third year students of Registered Nursing is available. These funds are provided only for those needy students who enrolled this fall in the baccalaureate (4-year) nursing program. The ACT Family Financial Statement to apply for consideration is available in Adm. 117.

Financial aid involves a "real family" who is experiencing intrastudy pathology and she will focus on treatment strategy and techniques. Registration material and a more extensive program outline can be obtained by contacting the Social Work Department at Boise State University, Phone 385 - 1568.

BU Minority Cultural Center fills niche

On Friday, November 15, the Boise State Minority Cultural Center sponsored an Open House from 1:00-7:00 p.m. at their new center located at 211 College Blvd.

The center caters to five groups: 1) MECHA, 2) The Black Student's Union, 3) Dama Solwatch, 4) The International Club and 5) The Handicapped Student. The center is open for visitation by all interested groups and individuals who are interested in learning more about the cultures of the various minority groups.

According to Maria Young, Special Services Coordinator, many activities have been scheduled for this year at the Minority Cultural Center. She stated that films, poetry sessions, lectures and dinners have been planned for later this year.

Dr. Rolando Bonachea, BSU History Professor, is tutoring some of the students at the center. "The center is a place to learn and grow as well as a place to socialize," stated Ms. Young.

At the Open House Friday, entertainment and refreshments were provided by the various clubs and organizations participating in the event. A fashion show was offered by the Black Student's Union, and a jewelry sale was sponsored by the Indian club Dama Solwatch.

Ms. Young went on to say that because the Center is new it is poorly equipped, and anything that funds are provided only for those needy students who enrolled this fall in the baccalaureate (4-year) nursing program. The ACT Family Financial Statement to apply for consideration is available in Adm. 117.

The center can be obtained by calling Maria Young at 385-1583.

Theta Omicron to appeal

Theta Omicron, the Alpha Kappa Psi chapter at Boise State University, plans to appeal a Judiciary ruling which stripped the fraternity Alpha Kappa Pal until the end of the current semester to decide if women will be accepted. Otherwise the use of BSU facilities will be denied. Troy Bell, Chapter President, says a letter of intent has already been filed and he will go ahead with plans for an appeal later this week.

Jim Broich, Judiciary Chairman, said members will be given seven days to file that appeal once they receive formal notice of decision.

Financial aid funds now available

The ACT Family Financial Statement to apply for consideration is available in Adm. 117.

Books are available. Our materials are said for research purposes only.

1st Annual Mental Health Seminar slated at BSU

The first of an annual series of seminars to feature nationally prominent mental health professionals will be presented on the Boise State University campus, February 7, 1975, announced BSU's Social Work Department. The Social Work Department and the National Federation of Student Social Workers will jointly present Ms. Virginia Satir (tq. MSW), nationally recognized family therapist, in a full day presentation.

This seminar will open to Idaho mental health professionals and the Boise State University student body. Virginia Satir is the author of "Conjoint Family Therapy" and "Peoplemaking," two widely acclaimed works on family dynamics and therapy.

She has taught family therapy at several major medical schools and in graduate programs of Social Work.

Her appearance in Boise will involve a "real family" who is experiencing intrastudy pathology and she will focus on treatment strategy and techniques. Registration material and a more extensive program outline can be obtained by contacting the Social Work Department at Boise State University, Phone 385 - 1568.

MY UNCLE ANTOINE

MY UNCLE ANTOINE is the story of a young boy coming of age in the Canadian back woods country today, although there is something universal in its place...
Boise State University has been chosen to host one of six ten-day faculty development institutes around the country in 1974-75.

Dr. Victor Duke, Dean, School of Health Sciences at BSU, announced they will host a Regional Training Institute for Faculty of Schools of Allied Health, April 17-26, 1975. The institute, sponsored by the American Society of Allied Health Professions, is designed to develop in the individual a working knowledge of instructional design and development, including instructional objectives, teaching strategies, and evaluation procedures.

A general knowledge of student counseling and instructional technology which leads to qualifying the course graduate as a more effective allied health instructor is also stressed.

Any allied health professional who teaches, and desires to become a better teacher, may apply. Approximately 24 will be selected to attend each institute, which will be intense, workshop-type programs.

The federal grant which funds this project pays full tuition for those selected, and a $560 ( $1600 max) stipend to those trainees for whom a temporary change of residence is necessary in order to attend the course.

This course has been approved for 3 semester hours of credit through the Central Michigan University - ASMT external degree program which leads to a Master of Arts in Education. For those participants desiring academic credit, there will be a tuition charge of $80 for the 3 semester hours and a $155 one time registration fee.

Anyone interested in the program may obtain further information by contacting the School of Health Sciences at BSU by phoning 385-1678 (cq), or writing to the School of Health Sciences.

**ASAP hits the drinking driver**

by Betty Dresser

Last year, 54,700 American people died in traffic accidents. About half of those deaths (27,000) were alcohol-related, which simply means that they involved drunk drivers or pedestrians.

In the same year, 18,491 American people died from acts of outright homicide. So, drunk driving is a bigger problem than murder. According to law enforcement officials, the biggest problem of all is the alcoholic or problem drinker. He is less than ten percent of the driving population, but he is involved in two-thirds of those 27,000 deaths.

Besides the problem of drinking and driving and having créer consequences in law enforcement officials have created a program called the Alcohol Safety Action Project, or ASAP.

This federally funded program is a combined effort of all law enforcement agencies with central focus in Idaho on the Idaho State Police. This project began in Idaho in 1972. Twenty six patrolmen are now involved with eight in the Boise area. These men receive 3 weeks of special training. One third of the shift goes on from 3 to 12 p.m., the other two thirds from 12 p.m. until 8 a.m.

ASAP in Idaho averages 40 Driving While Under the Influence (DWI) arrests per week with a total of 1,750 so far this year. The total is already over last years total for the whole year. Captain Marvin J. Snyder, Idaho State Police, stated that he feels for every person taken of the road because of being under the influence, an accident has been prevented.

When an ASAP patrolman stops a car in which he believes the driver is a DWI, he fills out an alcohol influence report form. This form includes his observations on the driver’s clothes, breath, attitude, unusual actions, and speech, his performance on test of balance walking, turning, finger-to-nose, and the ability to pick up a coin. The officer also offers to give the suspect a MoBat (Mobile Breath Alcohol Test). Idaho law states that a suspect does not have to take this test but that he faces a possible 90-day suspension if he refuses.

The test, commonly referred to as the balloon test. . ., is normally given in about five minutes. The second tube of crystals is sent to the Health Department lab for later analysis. There, the exact blood alcohol level of an individual can be determined. When the results have been obtained, they are forwarded to the arresting officer for evidence when the case goes to court.

Once the case has reached the courts, it is entirely up to the presiding judge to determine sentence. The maximum penalty for the first DWI conviction is 6 months in jail, $300 fine and a 90-day suspension of driving privileges. The second offense is a felony, punishable by imprisonment in the state penitentiary. An individual also may be instructed to attend Driver Improvement School or Alcohol Rehabilitation Program.

Law enforcement officials urge that if you drink, don’t drive! The life you save may be your own or someone you love.

---

**Varied financial aid available for spring semester**

Applications for loans, grants, and work study programs are available as follows, according to Espeana, career advisor:

* Career & Financial Services, Room 217, Administration Building

Aid available second semester includes the National Direct Student Loan and the Nursing Student Loan issued to students at 3 percent interest, and deferred payments.

Students must file the American College Testing Financial Statement and be enrolled full-time at BSU in order to qualify for most aid. Federal money is issued on the basis of financial need. Also, the Federally Insured Student Loan program, operated through local banks, is available to earn income families at 7 percent interest. A student can borrow up to $2000 a year and the federal government covers the interest charge until the student is out of school. Applications are obtainable at First Security and Idaho First National Banks, Ms. Nee stated.

**Dr. Matthies earns honor as a family physician**

Robert W. Matthies, M.D., Medical Director of the Student Health Center at Boise State University was recently initiated as a Charter Fellow of the American Academy of Family Physicians.

Evening ceremonies for the initiation were held in the Shrine Temple in Los Angeles, California. The degree of Fellow, established by the 1971 Congress of Delegates, is the Academy’s avenue for recognizing outstanding member efforts in the area of continuing education.

Such efforts typify the high standard of family physicians, Dr. Matthies became eligible for this honor upon passing the examination of the American Board of Family Practice which he took in Seattle in October, 1973, thus earning the status of Diplomat of the A.B.F.P. The examination lasted two days and was a comprehensive test of the examinee’s knowledge of all the fields involved in family practice.
Day care survey to be held this month

Survey's concerning the day care facilities at BSU will be sent out to all members of each department sometime later this month according to Rayleen Myers, chairman of the BSU Day Care Committee.

"We are going to ask the chairman of each department to assist us by having each of their instructors hand out these surveys in class and have the students fill them out during the class time," Mrs. Myers said.

Veterans Advisory Committee needs veteran's support

A meeting of the Veterans Advisory Committee of Boise State University was held on October 22, 1974. This committee was formed to assist in the institution's decision making process with respect to veterans' services as appropriate, through which the institution may become aware of the views of the institution's administrative and academic staff, its veteran student population, and relevant community organizations.

At this last meeting, there were six people present; four of which were student veterans. With an enrollment of 1687 veterans at BSU, one would tend to suspect that information about the meeting was not properly disseminated. Wrong! Work study students at the Office of Veterans Affairs posted over 250 flyers around the campus announcing the meeting.

The next meeting will be held November 18, 1974 at 7:00 p.m. in the Student Union. At this meeting we will attempt to make changes in the charter, elect new officers, and decide when future meetings will be held. Even though most of us are busy on weekday evenings, we should make a special effort to attend this meeting.

The people that make this Committee will be responsible for guiding and influencing the institution's policy towards veterans. If you are a veteran and concerned about your future, you should attend.

Volunteers needed as Special Olympics trainers

The Boise Special Olympics Training Program is new underway and volunteers are urgently needed.

The Special Olympics Program, sponsored by the Kennedy Foundation is an athletic program especially adapted for mentally retarded and multiple handicapped. Training is being conducted in basketball, gymnastics, swimming and wrestling, and the athletes will be competing in the State Special Olympics Winter Games at}
ASBSU Senate allocates $10,000 for marquee

The ASBSU Senate, in what proved to be the longest and busiest meeting of the year, allocated over $14,000 to various organizations and activities.

$10,000 of that $14,000 went to financing the construction of a marquee on Broadway Ave, which will advertise events concerning Boise State. The money is coming from a $20,000 ASBSU surplus.

Another $1,200 of that $14,000 was allotted to the new Photo Bureau to furnish salaries for the personnel. The bureau will replace the photography staffs of both the Arbiter and the Les Bois.

Other business dealt with salaries of the chairpersons of the Election Board and persons managing voting booths during elections. The Senate granted that $5 per election should be given to the vice-chairman. A salary of $2.00 an hour will be allocated to voting booth personnel to be paid only during actual voting periods.

The Senate was presented with $3000 for the scholarship fund, to be given to needy students, in the name of four scholarships.

Dr. John Barnes presented the Senate with plans for the Scholarship Box to be located underneath the press box on the west side of the stadium.

Dr. Barnes estimated the cost at around $3000, which will be paid for by donations and the price of $500 per seat in the Box. He said that the Box will bring in a profit of $2000 a year and will pay for itself in two to three years.

The money from this will be returned to the Athletic Department. Income will help defray rising costs; expand nonrevenue sports such as golf and track; the expansion of women’s sports and for discretionary purposes.

Alumni meet with Dr. Barnes, discuss needs

McCall-Donnelly area alumni of Boise State University met with school president, Dr. Barnes, and other school officials to discuss "progress and problems", at the Shore Lodge in McCall this past week.

Barnes laid heavy stress on the school’s building needs to meet the legislature and demands of another enrollment surge this year.

He illustrated his review of the school’s current status with slides showing new education developments along with scenes of crowded classrooms and jammed parking conditions.

At the evening dinner meeting with Barnes and his aides were these McCall-Donnelly BSU alumni members: Mr. and Mrs. Bob Coates; Mrs. Shari Goodwin, Marlin Goodwin, Dr. Ralph Wildman, Mr. and Mrs. Ralph Wilde, Mrs. Wanda Durl, Mr. and Mrs. Gene Novotny, Ralph McKenzie and Duane Smith.

The session is the opening one of a series of “outreach” trips in which the Barnes team plans to take the school’s story to alumni and taxpayer groups. Next session will be held in Weiser, followed by tours to Emmett, Caldwell, Nampa, Mountain Home and Twin Falls.

The machines, working and otherwise, in the Arbitrator office. [Photo by Dustin Couey]

The Student Union Building includes on campus a lounge where you can sit and just converse in a loud cluck. You can do all of this, but there is a club where you can join and organizations and a lounge where you can join government offices where you can get your school.

In the front lobby is a booth where students play for concerts or athletic building. The popular movie series the lecturers who speak here at Bol ballroom, dances and special events. Fred Norman, Student Union interested in turning in suggestions to the Student Union Business Office by stopping by the SUB.

All changes in the Student Union governing body, the Student Union scheduling for use of the meeting rooms is handled by Lee J. Lamerton, across from Your Campus Store are during regular business hours.
Tours are available to you. It is the one building only to you, the student. Where else you want to watch television when you around with a cup of coffee or a clear voice. There are rooms where you held conferences or meetings, or study and even student get close to what is going on at here you can buy tickets or receive notices. A lot happens in this area has its showings here, most of Boise State are presented in the events transpire here.

The Director, urges all students to improve the facility to do so by his office on the second floor of Union must be presented to Board of Governors. All offices, the ballroom or any of the Union must be presented to its Board of Governors. All offices, the ballroom or any of the Union are open Monday through Friday.
Boise Art Gallery to show return to old fashion pride

By Buck DeMotte

Last Saturday night, I took a trip back to the 1950's and relived a portion of my youth that I thought had slipped from memory's grasp years ago. My mental flashback facility ran amuck at the sight of my 9th grade crush's (I swear) complete in pony tail, bangs, rouge, bubble gum, chintz fabric, bulky sweater, long skirt, bobby sox and bebops of thanks on the Greek men and white-T-shirt-sleeve, pegged Levis, rat tail comb, white sox and penny shades, match-stick-in-the-smirk-(his name was Curly!) ducktail. facility ran amuck at the sight of Eyes' brother got it for us cheap.

The beer was real cool, since Four Neat We shuffled around' the eleven or so when four tomatoes were back at the salt Palace...had to be better than the BSU gym for $5.00. You fought for your country's honor, now let your country honor you!

Your Playboy arrived... no centerfold.

You owe yourself an Oly.

Theatre in a Trunk director, Krawl, opens lid

by John Eichmann

Mr. Randy Krawl, Director of Theatre In A Trunk, started an interview with the Arbiter prior to the opening of the theatre company's new production, THE PRIVATE EAR AND THE PUBLIC EYE, which is being directed by Pam Abus and John Eichmann. It was very popular during our illegal run; in that, we ended up turning away almost as many people as we were admitted inside. We have reservations for an extended run before we got closed.

ARBITER: What direction in general do you think theatre in Boise is taking? KRAWL: Well, it's not taking any great leaps and bounds, I don't think. I think there are signs of a growing future for it, what with the Performing Arts Center becoming a reality. We will have the facilities here in Boise to do finer productions and bring in outstanding traveling productions. But my feelings are, the real place for theatre in the community is that we have the talent and the ability here to carry on some very professional work, and that will happen if things continue the way I see them going.

ARBITER: What is the direction in which Theatre In A Trunk is going to take the community theatre scene? KRAWL: Here again, this relates to the world professional again, although many people kind of flinch a bit when we mention the word professional. In this country, the word professional means depending on whether or not we have the money to finance it. It depends on what our financial standings are at the time.

ARBITER: Your theatre was closed shortly before or during your last play, would you like to make a statement on what happened? KRAWL: What happened? Well, it's a little complicated. We've been working for about six months now on renovating this old warehouse into a theatre, and there was a permit, which we signed, and our part and also on the part of the Building Department on what requirements we had to fulfill in order to convert this building. We had to do a myriad of things, because something we didn't touch on was something called an Occupancy Permit, which we were unaware of. So, we went ahead and opened, once I felt the building was safe enough, for about four nights into the run, the building department, I guess they were unaware of it, before, and a gentleman from the Fire Department attended one of the performances and they didn't feel that was up to standards. So the building department came down Monday morning and closed us. So we have been working these last couple of weeks to get it up to the standards, and we will reopen on Thanksgiving.

ARBITER: And the play you are doing now?

KRAWL: THE PRIVATE EAR AND THE PUBLIC EYE, which is being directed by Pam Abus and John Eichmann. It was very popular during our illegal run; in that, we ended up turning away almost as many people as we were admitted inside. We have reservations for an extended run before we got closed.

ARBITER: What have you got on your mind?

KRAWL: We've been advised, here in the Boise Valley?

ARBITER: What direction in have you got on your mind?

KRAWL: We've been advised, here in Boise to do finer productions and bring in outstanding traveling productions. But my feelings are, the real place for theatre in the community is that we have the talent and the ability here to carry on some very professional work, and that will happen if things continue the way I see them going.

ARBITER: What direction in the future are you planning to take? Senior Student to present recital

Michael L. Peters, senior music Education student at Boise State University, will present his senior voice recital in the recital hall (MD 111) on Friday evening, 8:15 p.m. November 22, 1974. In addition to vocal literature by Leonard Boulanger, Mr. Peters will sing the complete song cycle of Robert Schuman — "Dichterliebe" (Poets Love). Mr. Peters will be assisted by Miss Teri Robinson, pianist.

Mr. Peters has performed in the Kiwanis Boys' Choir, East Junior High School choir, Boise High School orchestra as a music major at BSU has performed in the University Singers, Meistersingers, the Boise State Chorale, has been an oratorio and cantata soloist, as well as performing roles in both the Opera Theater and the Summer Music Theater.

Bible study building

Christianity is spreading at Boise State, as exemplified by a new group on campus called Christians. The organization, formed by students of the university is a non-denominational group which meets as follows:

8 o'clock p.m.
Sunday Teiton Room (SUB)

Christians' purpose is "to present to the students of BSU the reality of Jesus Christ resulting in whole life, soul and spirit."

The Bible study group organized this summer and has grown from two people to 35. There is a time for singing, for sharing with the group, and for an in-depth Bible study. The students in the group want to make the community and the campus aware of the power of Jesus Christ. This Saturday, they will travel to Emmett to share food and the love of Jesus Christ with the migrant workers. Christians hope this will be the first of many projects.

Their meetings are informal and anyone is welcome. As written in Galatians 3:28, "There is neither Jew nor Greek, there is neither bond nor free, there is neither male nor female for all are one in Jesus Christ."

For further information, call as follows:
Bob and Mary Lynn Nikkel 375-9122
or
Joe and Judy 344-6300

Representatives needed

The ASBSU Public Relations Department would like to announce a few positions still available as host and hostess representatives for Boise State. Five representatives of BSU, one will be attending meetings, luncheons, dinners, and various activities in the civic and business community.

The only qualification is a 2.0 grade point average. One can be a part time student and participate in this program. Applications may be picked up at the ASBSU Public Relations Office in the Student Union Building, second floor. For further information, stop by the office or contact one of the following: Jan Lethrope 343-4532, Pam Cagle 385-1426, or Beth Blake 385-1129.

TKE officers elected

Nu Eta Chapter of Tau Kappa Epsilon International Fraternity elected its new officers for the Spring 1975 semester. The new officers are: President, Mark Longsworth; Vice President, Ken Blacksmith; Secretary, Bill Harshman; Treasurer, Doug Jones; good work.

ULZANA'S RAID

Burt Lancaster, Bruce Davison, Richard Jaeckel, Joaquim Martins
Universal / Directed by Robert Aldrich

Only Melchot, the Indian-fighter stood between Ulzana, the Apache, and the bloodiest massacre in Western history. Burt Lancaster, Academy Award winner for ELMER GANTRY, portrays the Indian scout, a character of great dignity and strength and with a real concern for all people. The supporting performances by Joaquim Martins as Ulzana, Bruce Davison (WILLARD) as the young inexperienced Indian lieutenant, and Richard Jaeckel (SOMETIMES A GREAT NOTION) as the sergeant, all add up to a very fine presentation. A real true-life Western, rugged and exciting! A great movie for drama, Westerns, or just about anyone who enjoys a good story and lots of action.

Broncos to host Vandals
by Melissa Schaefer

The Boise State Broncos will try for their twelfth consecutive Big Sky victory when the University of Idaho Vandals Saturday afternoon in Bronco Stadium. Game time for the Broncos' last regular season game is 1:30 p.m.

The Vandals were invited to participate in the 1974 NCAA Division II national playoffs against Central Michigan November 20. Idaho comes into Saturday's contest with a 2-1-1 overall record and 2-1 in conference action while the Broncos have already wrapped up the Big Sky title, nine-1 on the year and 5-0 in league play. The last time the Bronco hosted the Vandals the game was won by Idaho 22-21. That game was also the last Big Sky game that the Broncos have lost since 1972. The Vandals possess the best pass defense in the Big Sky, allowing their opponents only 79 yards a game while their offense is averaging 237.8 yards a game. BSU's offense averages 335.3 yards a game while the defense has been giving up just 138.7 yards a game.

Taking the helm at quarterback for the Vandals will be senior Dennis Ballock or junior Dave Comstock. Ballock has completed 35 passes in 76 attempts for 421 yards and one touchdown while Comstock has completed 29 of 68 attempts for 459 yards and two touchdowns. Top rushers for Idaho are J. C. Chadhead, who carries the ball 131 times, for 676 yards and five scores, and Mark Fredback, who has 182 carries for 671 yards and one TD. Commenting on the Idaho game, Bronco head coach Tony Knap said, "I'm sure this is a game where Idaho has its best chance." The Vandals have a good offense and very good defense. I'm looking for a great contest between the two schools," he added.

In earlier action, Boise State won its second consecutive Big Sky title last Saturday as they defeated the University of Montana Grizzlies 56-42 in Missoula.

"I was very pleased with our two victories in the state of Montana," Knap said. BSU also defeated Montana State 40-37 in Bozeman. "It's certainly a great pleasure to be champions of the Big Sky. It is something each of our players will treasure." Bronco quarterback Jim McMillan Completed 25 passes in 43 attempts for 418 yards total offense against the Grizzlies to bring his season total to 1,755, breaking the Big Sky one-season mark of 2,407 set by Idaho's Steve Olson in 1975 in tackles with it within eight yards of breaking Olson's one-season record of 2,591 yards and 23 yards of Olson's record of 183 completions in a single season. After the Broncos led 36-7 in the second quarter on touchdown passes to Ken Johnson, John Smith, Mike Holton and John Crabbe, Bronco back up, Mark Fredback, had four 20-yard field goals for McMillan to Smith two minutes later.

A final drive by the Broncos put the game out of reach of the Grizzlies with 1:28 remaining, as Boise State's second straight Big Sky crown. BSU wide receiver Ray Hooft had six receptions for 96 yards while Smith, who scored four touchdowns, had six catches for 63 yards. Holton nabbed four for 89 and Dave Nicely caught four for 51 yards.

Defensively, mac man Ron Davis had 10 tackles, followed by Clint Sigman and Chico Mills with five each and Rolly Woodsey with six.

SUN VALLEY RACERS SPEAK FRIDAY
Sun Valley racers were scheduled to check in ski clothes and equipment. Individual donations are scheduled to flow from 10:00 a.m. to 9:00 p.m.

During this time members of the Sun Valley Alpine and Nordic coaching staffs will be available to assist individuals with pricing their goods.

Additional information regarding the ski swap may be obtained by calling SYSF 622-4250.

Sun Valley racers spoke Friday
Welcome the Sun Valley Pro Team "home", win prizes and watch 1975 ski films Friday, 8:00 p.m., November 22 in Sun Valley's Limelight Room.

Six professional racers, who have returned home to train, will be special guests at the party hosted by the Sun Valley Company. The party will be one of many events planned around the racer's training session here November 20 - 28.

 Dynastar and Rossignol skis.
 Look bindings, Scott goggles and poles. Salomon travel and ski bags.

9:00 a.m. to 9:00 p.m.

If you are interested in stopping by from spreading in Treasure Valley, call 343-5262.

BSU clinches Big Sky
by Malinda Schaefer

The Boise State Broncos will try for their twelfth consecutive Big Sky victory when the University of Idaho Vandals Saturday afternoon in Bronco Stadium.

Game time for the Broncos' last regular season game is 1:30 p.m.

The Broncos were invited to participate in the 1974 NCAA Division II national playoffs against Central Michigan November 20. Idaho comes into Saturday's contest with a 2-1-1 overall record and 2-1 in conference action while the Broncos have already wrapped up the Big Sky title, nine-1 on the year and 5-0 in league play.

The last time the Bronco hosted the Vandals the game was won by Idaho 22-21. That game was also the last Big Sky game that the Broncos have lost since 1972. The Vandals possess the best pass defense in the Big Sky, allowing their opponents only 79 yards a game while their offense is averaging 237.8 yards a game.

BSU's offense averages 335.3 yards a game while the defense has been giving up just 138.7 yards a game.

Taking the helm at quarterback for the Vandals will be senior Dennis Ballock or junior Dave Comstock.

Volleyball Team Wins

Last Saturday, the Women's Volleyball Team traveled to LaGrande, Oregon for two games with Eastern Oregon College. Class "A" and Class "B" both played the Oregon team.

The match, two games won by a team, went to EOC with a 15-16 and a 15-4 in the Class "A". The first game between these two teams was interrupted by an official time-out while a large black lab puppy was taken out of the game. The second match was tied at two games and ran into a third. EOC won the last game with a 15-0.

Ritter's forecasts:

It's the last big weekend this year for college football, as the long season winds down for some teams, and gets longer for others. Some old rivalries will be settled, along with a couple of conference championships and bowl bids. Last week, 22-4-1 overall, 72-19-3, for a percentage of .791.

This week's picks:

CABER "DELTA" FLO SKI BOOTS
REG. 130.00
NOW AT SUNSET 79.95
New double hinged polyurethane shell with contour racing back and spoiler fit liner.

CABER "PRO" FLO SKI BOOTS

Connor said that at the present time his trio of guards, sophomore running back John Smith and seniors Baldy and Dennis Ballack that are slick receivers are quick, even explosive, and should put the BSU defense to a stern test. While the Vandals live by the run, their receivers are quick, even explosive, and Collie Mack is one of the quickest (if not the quickest) receiver in the Big Sky.

Saturday’s contest will be one of emotion, as well as action. BSU-Ide has developed into a major rivalry, although this is the first year that Idaho has played Boise State University. It will be a memorable contest.

Saturday will be the last time in Bronco Stadium before a home crowd for a group of Seniors that were instrumental in the success of

**Round 4 -- And in this Corner...**

by Tim Ritter

Time to get ready folks, the Vandals are coming to town, and they are determined to do a little damage. Batten down the hatches, roll up the sidewalks, and pray that Jim McMillan doesn’t break a leg between now and Saturday. The Silver and Gold of the Idaho stand in Boise State’s path before an engagement November 30 in Mountain Home, Miss., over Central Michigan. With that crucial engagement on the horizon, Coach Tom Knap and his forces had better hope for survival along with a win against Idaho. The Vandals have a habit of coming out of BSU with fangs bared, and Saturday’s contest should be no exception.

Bronco Stadium will be the place for the 4th bloodletting between the inter-state rivals, with the Bronco holding the upper hand 2-1. 1971 was the first year, and at the expense of an Idaho team that went on to win the Big Sky title that year, the Broncos started a drive toward the Camella Bowl by winning 42-14. In 1972, Idaho again journeyed South to Boise, and this time the Vandals prevailed 22-21 in a bitterly fought season-ending contest. Last year, the New Idaho Stadium in Moscow provided the setting, and both teams brought out the excitement. Following a 62-14 thrashing of Texas-El Paso by Idaho, and following a pre-game parade of Idaho players through the Boise State locker room, the Broncos turned loose their sophomore forward/guard, has grown an inch and a half over the last 2 years. "Mark will be able to come in the game and do the job for us," Connor said. One of the most improved players on the Bronco team this year is sophomore Kip Newell from Rexo. Newell, a 6-6 forward/guard, has grown an inch since last year and is a fine shooter. Another freshman is Mike O’Keefe of Boise. Connor considers O’Keefe one of the best defensive players on the team. The Broncos will use a 1-3-1 offense with Miller, Connor, Smith, Pat Heke and either Dan Jones or Trent Jones. Jones is 6-7 freshman from Compton, California, while Johnson is a 6-5 forward from Seattle.

"The team is entirely different from last year. They pass the ball as well as any I’ve seen. They are quick and have great speed. We’ll be excited to watch this year," he said.

**Over the past few years, People like Dave Nicey, Jim McMicken, Ted Seles, Ron Davis, Ken Mills, Rolly Woolsey, and others, have given their time and energy to Tony Knap and his staff to try and develop a team that the students, fans and alumni can be proud of. Their work has paid off, and they can be sure. But at this point, special recognition should go to two people, seniors who were sidelined permanently, Chester Gray and Pat King. The two have given their time and energy, and were sidelined before the Broncos reached their highest goal. Although the rest of the BSU team appreciates their efforts before they were hurt, fans are quick to forget. I, for one, appreciate all those you, , and all the Broncos have done for Boise State. If you are one, get to Bronco Stadium Saturday and let the team know. I’ll see you there. **
The problems of BSU are heavy- help out- join the BSU Student Lobby.
