A baccalaureate is a farewell ceremony, in which the university administers an oath or pledge to the graduating students. The ceremony is held to confer an academic degree, and the depositary for the interior secretaries. A bachelor's degree is also used interchangeably to refer to graduation ceremonies, but they are actually two different things. The terms "baccalaureate" and "commencement" are often used interchangeably. The ceremony or graduation is an end of the ceremony.

自从1970年代以来，西北地区对于"spill"（放鱼）的实践已经成熟。放鱼是指将水域中的鱼儿通过泄水闸或大坝的闸门放走至海洋。这通常通过将鱼群通过泄水闸或大坝的开口放走实现。此项实践被用于"spill"或"water releases"（泄水），以引导鱼儿在合适的季节进入海洋。

汛期的放鱼实践通常在河流上进行，以减少鱼儿因大坝或水力发电站形成的水位差而死亡。放鱼实践的目的是为了减少鱼儿在泄水闸或大坝处的死亡率，帮助鱼儿顺利通过这些人工障碍。

放鱼实践对鱼儿生存具有重要意义，尤其是在鱼类繁殖季节或迁徙期间。通过放鱼，鱼群可以避开大坝和水力发电站的水位差，从而减少因水位差而死亡的鱼儿数量。

放鱼实践还被用于"spill reductions"（减少放鱼）或"modified release"（调整放鱼），以减少对鱼类的伤害。这项实践在1970年代中期开始实施，旨在在鱼群迁徙期间减少放鱼。

放鱼实践的实施需要精确的科学数据和模型，以确保鱼儿能够安全通过泄水闸和大坝。这通常通过"spill model"（放鱼模型）来实现，该模型能够预测鱼儿在泄水闸和大坝处的死亡率。

**Taking a bow: Violin fuels sound of punk-pop band Yellowcard**

By DIAN FRANK

Fans morally knew what to expect from the Von Warped Tour pavilion in Saint Petersburg, Florida, when they heard the roar of the crowd. Daryl Hannah - to name a few - are normally known as an offshoot of the U.S. Government's Department of Homeland Security. The music industry has finally given the alt-rock band Yellowcard its due. When I say that they're polished, that's how many bands describe their music. The band's music is well worth checking out. The group's songs are catchy, upbeat, and generally have a positive message. The band's sound is quite versatile, ranging from punk-pop to alternative, and they are known for their ability to change tempos and styles rapidly within a single song. The band's live performances are energetic and engaging, with members often dancing and singing along with the audience. The band's overall image is polished and professional, with all members dressed in matching outfits and performing with enthusiasm. Overall, Yellowcard is an excellent band to watch live, with their energetic and well-produced music likely to leave fans feeling satisfied and entertained.

Godz Plann needs polishing

BY BIANCA OLIVER

A few weeks back I ran into a girl and asked her name and where she was from. Her name is Megan, and she's from Boise. Megan and I are both working for the same company, and we immediately bonded over our shared love of hip-hop. We both grew up listening to the music and started collecting albums when we were still in high school. Megan is a huge fan of Godz Plann, a hip-hop duo from California who were recently released on FredMeyer ShoppingCenter.

Godz Plann is made up of two members, Fred and LeBlanc, who hail from California. They have been together for a little over a year and have been making music together ever since. Their sound is a fusion of west coast rap and east coast hip-hop, with a heavy emphasis on storytelling and social commentary. They wanted to hand me albums to review, and I accepted with a smile. So here's to another honest review, and the BOI's hip-hop scene is ready.

The CD looked a little junky. The one of them has pretty good delivery, nice vocal, and definitely worth listening to. I thought there was a little too much slang, but I don't know if they could stand out among the myriad of other rappers that are doing it now. The sound quality was good, and the beats were solid. I gave Knocturnal 7 out of 10, but I still think they could be a force to be reckoned with. The label would have tossed it back, but I think they could make it themselves. I hope they do, and that they can stand out among the other cats. Godz Plann is really jushryng to get their name like that - starting out alone.

We have been going out together for a little while now, and we're really starting to enjoy each other's company. Megan is a great person, and I enjoy spending time with her. We both love music, and we're always looking for new artists to listen to. I think Godz Plann has a lot of potential, and I hope they can continue to perfect their craft.

Megan and I decided to save the album for later and catch up on some other things. We both have busy schedules, but we always manage to find time for each other. I think Godz Plann could be a great addition to the BOI's hip-hop scene, and I hope they can continue to produce great music.

Ray Ardill and his quest for Olympic glory

Two years ago at the Western Athletic Conference Meet and Field Championships in Seattle, the Boise State track and field team was in a rebuilding process. Finishing fifth in a field of seven teams overall, they went on to win a total of five Pac-10 meets in the 2002 season.

Now Ardill, a senior for Boise State's 2004 NCAA Indoor Track and Field Championship team, knows that only get the outdoor titles here will do. Nothing but gold and glory is in the team's plans.

"It was my first win of the season," he said. "It was also my first win in a conference meet."

The NCAA panel suggested banning so-called gamecocks, or students recruited to play a sport, from attending recruitment visits to schools. "We are concerned that the Supreme Court could lift the rule," said Maurice Clarett's attorneys. "There was ample support on the ruling of the federal district court, which thoroughly considered and concluded that the NCAA's autonomy to put reasonable limits on the actions of its members is still intact."

For Maurice Clarett, the Supreme Court's decision is a "stay of execution," as Clarett had a hearing scheduled for April 29, which the NCAA said it would not circulate among the 31 Division I conferences before a hearing date.
