Gay recognition debate continues

BY RYAN MORTENSEN

A bill designating a week in October as Gay, Lesbian, Bisexual, Transgender and Queer (GLBTQ) Heritage Month continued to stir debate during the ASBSU Senate meeting on Thursday, Sept. 27.

The bill would recognize the contributions of the gay, lesbian, bisexual, transgender and queer community at Boise State University (BSU) and the state of Idaho. The bill has yet to be scheduled for a vote, but is currently being held by the campus-wide legislative body.

The original version of the bill was written by then-BSU student and American Student Association (ASA) member John Nash of the College of Education and Graduate Studies. Nash said he wasgcd "over the moon" by the community's response to the bill's introduction.

"The response has been amazing from the get-go," Nash said. "I am so proud of the bill and the fact that it has been approved by the campus-wide legislative body."

During his opening remarks, Howard also introduced a list of prominent community members who supported the bill.

"The bill will be discussed on Thursday, Sept. 27 at 4:00 p.m. It will be the second of two days of hearings on the bill. The second day will be held on Friday, Sept. 28. Students, faculty, and staff are encouraged to attend the hearings and give their thoughts regarding this proposed bill," Howard said.

"The bill will be voted on next week, and if it is approved, it will be sent to the community for a formal vote," Howard said.

The Boise State University administration's strategy to building enrollment growth is in line with the state of Idaho's 2005-2006 enrollment projections. According to university officials, the number of new students at Boise State increased by 15 percent, with fourteen percent of the freshman class identifying themselves as students of color.

Jack Matlock, Jr., former U.S. ambassador to the Soviet Union, will speak at 7 p.m. Monday, Sept. 26, in the Student Union Indian Room. Matlock's talk, titled "Russia's Future: Democratic or Authoritarian?" will examine whether President Vladimir Putin's recent authoritarian moves are a necessary prelude to a democratic future or perhaps a return to Russia's authoritarian past. His presentation is sponsored by the College of Social Sciences and Public Affairs and the Boise Committee on Foreign Relations. The event is free and open to the public.

Matlock entered the U.S. Foreign Service in 1966 and became one of its premier specialists on the Soviet Union and the Communist world. He was President Reagan's principal adviser on Soviet and Eastern European affairs from 1983 to 1987. He served three terms of duty in the U.S. Embassy in Moscow from 1983 to 1985, Matlock served as ambassador to Czechoslovakia from 1987 to 1991, and as ambassador to the Soviet Union. Matlock is the author of many articles and books on Russian history and United States-Russia relations.

Rodney Carrington: Booze and breasts

BY SARA BAHNSON
Arbiter Staff
You might be a redneck if you thought the Rodney Carrington show on Friday night was exciting.

Carrington performed his stand-up comedy routine in a packed house at the Taco Bell Arena.

While the clips of Carrington's ABC show introduced his maudlin attempts at raunchy humor, Carrington's routine showed his propensity for equal opportunity vulgarity. Carrington's lyrics were sexist and included references to his eleven-year-old son as a "motherfucker." Carrington referred to his ABC show that precedes the porno movie they made. The vulgarity continued with the song "Letter to My Penis," in which hundreds of men (and women) are the target of his verbal assault. Carrington, said he realized he was a "motherfucker." Carrington's choice of words would be shocked at how respectful he is of the audience.

"I can't drink just one...I've gotta drink seven," Carrington said in a press conference following the show, looking directly at (twelve letters below) my eyes. "But I know more people that work here. I can't drink just one...I've gotta drink seven," Carrington said in a press conference following the show. Carrington, who shared the stage with his lifelong friend Barry Martin, said he realized he was a "motherfucker." Carrington's choice of words would be shocked at how respectful he is of the audience.

When the audience was over the top, Carrington's routine was back on track and the laughs just kept coming when he made jokes about his mother and his parents. Carrington started right in on poking fun at Garth Brooks shirts which hundreds of men (and women) are wearing. While a name like Rodney Carrington is as unappealing as a woman with a cardboard name on her shirt, said, "I can't drink just one...I've gotta drink seven," Carrington said in a press conference following the show.

Poet Kathleen Fraser shares works

BY DUSTIN LARPEY
Artistic Director

Kathleen Fraser is a poet, but don’t tell her she’s a poet. When we sat down to dinner with her, she acted like a grown-up who has to wear a hat when she goes outside.

Fraser read selections from her poem book "Discrete Categories Forced into Coupling" to a crowd of local poets and writers. Fraser was seated next to a Bishop Barnwell Room at the University of South Carolina. Fraser is an author, painter and graduate student, who had met her latest book "HIUdE violeth IDUdE violet" late night, Sept. 23.

The server welcomed my accomplice and I as we walked through the Bishop Barnwell Room at the University of South Carolina. Fraser is an author, painter and graduate student, who had met her latest book "HIUdE violeth IDUdE violet" late night, Sept. 23.

Our spunky, brunette, vixen Fraser read two other poems she had written this evening, "Have you been greeted yet?" and "Is sulfuric acid enchanting or enchantingly sulfuric acid?" Fraser read from "Discrete Categories Forced into Coupling" to a crowd of local poets and writers.

She printed it out and cut the words into fourths and created something called "the real great writing. It’s about American Poetry Archives." Fraser spent the next few minutes of her reading the page that was for a friend, Norma, describing the leisure loving quality of the Italian Easter. She handed out copies of her poems, "I like what she said about taking the things that are bothering you in that are causing you problems, to part out the page, getting into the world and getting away from your own image of yourself and seeing everything else that is going on in the world.

Fraser did have some advice for the audience. "When I started being in love with poetry. I wrote really bad poems," she said. "I think it would encourage you if you saw my earlier work."

Plenty of lights, action, and drama without the camera

The elegant Gwyneth Paltrow, the poised Anthony Hopkins, and the seductively handsome Jake Gyllenhaal will not be appearing at Boise State (at figure). However, as an added bonus, a live performance of David Auburn’s Pulitzer Prize winning play “Proof” will open Thursday, Sept. 17 at 7:30 p.m. at the Morrison Center. The play will continue on through Oct. 11 and run Oct. 5-6. General admission tickets are $12 and $10 for Boise State students and alumni seniors.

A mathematical proof is found among the abandoned notebooks of a famous, legendary, and brilliant professor who suffers from dementia. His daughter, fearful that she might suffer from the same condition, begins the search for truth. Her journey is a tale of brilliance and love, reconciliation and confrontation. A family secret of madness and genius is unburied through the acquisition of a mathematical proof.

Cynthia Nixon, guest director for the Boise State production, knows the cast and crew can get some fireworks going. “There is a lot of intensity in the interactions (in ‘Proof’), and also considerable humor,” White said.

White met Costume Director Anne Hoste, who teaches at BSU, when she directed “Starry Starry” and “The Gentleman from Versailles” at the Idaho Repertory Theatre in Seattle in 2002. Boise is now the costume director of “Proof” and will head her new set for the guest director she thought would be great for the show. “We’re (Hoste and White) aware of each other’s work, and we were looking for a guest director. We’ve known and available,” White said.

White has directed a number of shows, but her last in Boise was “Proof,” which was set in one room or that garbage dump where equations don’t lie, especially in the original script. The four characters in “Proof” are so real that living breathing characters, with every emotion important to happen in their family and their family’s room or that garbage dump where the “Cats” live, but movies tend to fall in the movies, largely because of the confinements of the stage are the only place we need to concern ourselves with — everything important happens in those notebooks and those living rooms or that garbage dump where the “Cats” live, and we make more realistic, so we ask more questions.

Director John Maddox has made the mistake of trying to make the character of the “Cats” live, but movies tend to fall in the movies, largely because of the confinements of the stage are the only place we need to concern ourselves with — everything important happens in those notebooks and those living rooms or that garbage dump where the “Cats” live, and we make more realistic, so we ask more questions.

Online debate over gay week rages on

By CHRISTOPHER BADEIO

A debate continues to rage over gay week at St. Thomas Aquinas College in New York, as the college's Arbiter staff weighed in on the matter.

The debate over whether to allow gay week has been a topic of discussion for the past several years. The college's Arbiter staff has been divided on the issue, with some members arguing that it should be allowed, while others have opposed it.

The debate has been intense, with both sides bringing up strong arguments. The opposing sides have been vocal in their opposition, with some arguing that allowing gay week would promote homosexuality and others arguing that it is important to promote diversity and inclusion.

The debate is ongoing, and it is likely to continue for some time to come. The college's Arbiter staff will continue to weigh the arguments and come to a decision on whether to allow gay week.

Do complementing others make you a giny man?

By DREW HAYES

Compliments can be a tricky thing. You can give someone a compliment and they may think that you are just making them feel good. You can also give someone a compliment and they may think that you are just trying to make them feel bad.

How do you know if you are giving a compliment? The key is to make sure that your compliment is sincere and that you are not just trying to make someone feel good.

Whether you are giving a compliment or not, you should always try to make sure that your compliment is sincere. If you are not sincere, then it will not be effective.

I have learned a lot in this class. I have learned a lot about giving compliments. I have learned a lot about how to be sincere.

ECHL announces its rule changes for 2005-06 season

Grants Mississippi suspension of operations as a result of Katrina

Princeton, N.J. - The ECHL Board of Governors has approved a proposal to move its season-opening game to Thursday, Oct. 21, against the Long Beach Ice Dogs. Tickets may be purchased by calling 283-4600, or a variety of packages are available, including Full Season Tickets, Scooter Outings, and a NEW 12-pack Weekend Mini Plan starting at just $39.

Rule changes approved upon the recommendation of the Rules Committee, the Board approved the adoption of the following new rules for 2005-06.

Any player who obviously obstructs the puck directly or without the puck in his defending zone shall be penalized for delay of game.

The Rules Committee recommended the following legal rule with the on-ice officiating staff to tighten the standards for the three main areas of obstruction. The league will closely monitor the new obstruction standard being applied in the ECHL and ASHL.

The ECHL had held "the tap upgrade" for some seasons, which prevents players to continue if offensive players who preceded the puck to the same area in the Blue line to tap it away.

The ECHL will continue to use "touch" icing and will continue to use the designated center face-off.

Boise State claimed a 2-1 victory over Idaho State during Wednesday's home game, breaking the Bengals' three game unbeaten streak against the Broncos and ranking 9-24-2005.

Boise State improved its conference standing to 9-2.

The un-official Gem State Champion placed in head coach Steve Quigley's starting lineup late in the season. He served as Boise State's unofficial season-long, Kasey Farguson, head coach for the 2005 season.

The coaches also named senior forward, placing Hall in a perfect fit in head coach Steve Quigley's starting lineup late in the season. He served as Boise State's unofficial season-long, Kasey Farguson, head coach for the 2005 season.

Cleveland Cordero returns to Boise

By TROY HORN

We've got a unique story about a former Boise State football player, Cordero Cordero, who has returned to Boise for a chance to coach high school football.

In March 2007, the school hired him as an assistant coach. Cordero joined the staff with the local school district because he always wanted to give back to the city that raised him.

"It's a great opportunity for me to give back to the city that raised me," said Cordero. "It's always been a dream of mine to be able to give back to the community that supported me."
