## INTRODUCTION

The purpose of this handbook is to acquaint the students with the functions, facilities, opportunities, and campus life at Boise Junior College.

As a student enters college there are many questions which must be answered. A student's success during his college days often depends upon the answers he receives while he is in his early days of college life.

This handbook is designed to help answer some of the more important questions about BJC. It is impossible to print all the solutions and the students should have someone to turn to: "See your advisor," he is appointed to help you with whatever problems you may have.

## STUDENT ACTIVITIES

### 1. How to Charter a Club

Students interested in organizing a club must complete two things; (1) obtain a roster of the signature of interested students, and (2) present to the Student Executive Board a proposed constitution along with the list of names. The board will review the proposals and forward their recommendations to the college administration. A decision will be forthcoming.

### 2. Duties of Group Advisors

Since the primary reason for the existence of an organization on the campus is to further the education and social development of the students, it is most important that these organizations conduct their meetings in such manner as to develop desirable qualities of individual participation.

It is, therefore, the prime responsibil-

ity of the advisor to promote this development, and he should feel this responsibility as keenly as any he has in connection with classroom teaching.

This responsibility implies attendance at all meetings, otherwise he cannot know what is taking place.

Since the organization exists for the purpose of promoting student growth, the advisor should interfere with the proceedings only when they are going counter to good judgment. He should be aware of everything that is taking place, and should be so interested that when called on for advice, he is able to give wise counsel. He should certainly not take the lead in meetings, but rather place himself in the background and be available when needed. Most of the time his presence alone will serve to guide the organization.

So that he can better advise, he will determine the relationship of his particular organization to the entire campus picture. Most students cannot be aware of the many ramifications of the various organizations nor many of the administration policies, but they should rightly expect their advisor to be capable of giving them the necessary information.

### A. The Advisor:

1. Must assume responsibility for any club action or procedure or activity.
2. Will be present at all meetings.
3. Has the power of veto and the privilege of making a decision when necessary to the welfare of the college.
4. Will allow no bills without his full knowledge and approval.
5. Will insist that the officers and members carry out their specific duties honestly and efficiently.
6. Will see that officers are eligible at the end of each nine-week grading period.

### B. Advisor's Part as a Chaperone:

Among his other duties, the advisor will attend and act as the official chaperone at all social, and semi-social activities of the group wheresoever they are held as long as they are sponsored by, and advertised as an activity of a recognized organization of Boise Junior College.

When the function includes, in addition to the actual membership, other Boise Junior College students, or guests other than students, there should be one

other chaperone in addition to the club advisor.

For all such events, on or off campus, the regular "Social Permit" (which is secured in the office of the Advisor to the Social Committee one week in advance of the planned function) is also required.

### **3. Scheduling Activities**

#### **A. Closed Period**

There is a closed period of two weeks during which no club or school extra-curricular activity will be permitted during the week of and the week prior to semester examinations, with the exception of conference athletic contests. This period begins the Monday of the week before the week of examinations.

#### **B. Permits—Chaperones**

The social permit is a form procured from the office of the Dean of Women and designed to assure that the calendar is clear for a social function or any club activity other than regular meeting, and that chaperones have indicated their intention to be present at the event. This form should be called for by the president of the group or the chairman of the function in question and should be filled out and returned to the Dean of Women at least one week in advance of

the function. It is very important that no publicity be released until the social permit is properly filed.

### C. Use of Buildings

A permit for the use of a particular building or any room within a building must be secured from the office of the Vice President, it must be properly filled out and on file in his office before college facilities can be used. If the permit calls for the use of the Student Union building, it is taken to the Director of the Student Union and then returned to the Vice President. If the function is of a special nature, the building permit form must be accompanied by the completed social permit before permit to use the facilities will be granted.

### D. Calendars:

The social calendar is located in the Social Adviser's office. The purpose of the calendar is to make tentative reservation of dates for social functions so that they may be uniformly spaced throughout the year. The fact that a function is tentatively scheduled for a given date does not constitute official scheduling of the function. **The function is not scheduled until the social permit form is on file.**

The master calendar which schedules

all kinds of functions involving the use of any college building is kept in the office of the Vice President.

It is well to check with both calendars before making plans for any kind of a student function.

#### **4. Publicity and Bulletin Board Procedure**

1. All posters, banners, or advertising of any type must be approved in office 121, Administration building, and cannot be larger than 14" x 22".

2. Only those events of organizations recognized by the college, and those approved for the social calendar, may be publicized until after approval by the Dean of Women and the Vice President.

3. All publicity for newspaper, radio, and TV must be approved by the Assistant to the Vice President, room 121.

#### **5. Club Budgets**

At the first meeting of a club in the fall a temporary budget should be made. the item "contingencies" should be rather large to cover unexpected expense.

The advisor should work with the treasurer to see that the books are kept up to date. The following plan is suggested so that all clubs will have the same accounting system:

## HANDBOOK

Date	Description	Dr.	Cr.
	Starting Balance		\$30
9-1-51	Dance Decor.	\$5	\$25
11-5-51	Football Con.	\$15	\$40

Clubs securing funds from the student body fund should account to the Student Executive Board Advisor.

Not included in this regulation are periodic school promotion programs on radio and television, talent shows, and other special Student Body assemblies.

5. It is the responsibility of the coach or advisor of each activity to see that the eligibility of all candidates is certified with the Registrar and filed with the Vice President before such candidates are eligible to participate in extracurricular activities.

### **7. How to Run for Office**

A student wishing to run for office must file a petition with at least 25 signatures of full-time students with the election board. The petition must be filed one week before the election in the office of the Vice President. This applies to all ASB offices; individual organizations have their own regulations.

Take up the word from the frontiers-

Sing of the strength in the Idaho forest,  
Sing of the hills where the western sun
