BOISE JUNIOR COLLEGE

STUDENT HANDBOOK 1964-65
INTRODUCTION

For sometime you have looked toward the day that you would be in college. As a result, you have developed some ideas of what a college is, what it offers, and what you want to receive from the experience. From a multitude of sources and people, you have built up certain expectations that may or may not be met by this particular institution that you have chosen to attend.

Now that you are in college you will find that some of your preconceived ideas are sound, and others are overstated, or even all wrong. If you visualize college as being much like high school or as merely a long succession of social successes and fun, you are doomed to disappointment.

You are basically the same person you were two weeks or two months ago, but now in a new environment, you are involved in a complexity of different activities, people, and experiences. Before you can take your place on campus there must necessarily be an adjustment, a transitional period during which your expectations of college will be modified and during which you will develop new goals and objectives for yourself.

During this adjustment and orientation period you will learn about Boise Junior College and its purpose, about yourself and your goals, and how the two will interact with each other. It is hoped that this STUDENT HANDBOOK will present guide posts to help you attempt a realistic look at both college and your self. As a new student you must devise some system by which your new discoveries can meet and flow together. By using this handbook you will certainly save yourself many hours of confusion and will greatly enhance the opportunity of becoming a well organized college student.

Boise Junior College is an EDUCATIONAL institution, offering programs to help you develop your potential as a person and as a citizen. In the final analysis, though, YOU must educate YOURSELF, for the most thorough curriculum cannot be taught to one who does not have the motivation to learn. Here is opportunity; it is your own responsibility to make the most of it.
Each year students returning to Boise Junior College see new evidence of growth. Last year we saw the beginning and construction of the new Library Building. Today this completed library-classroom unit stands out as a monument to cultural and educational development for B.J.C. This long-needed educational center makes learning a pleasant experience, and the modern furnishings are conducive to a mood of concentration. The facilities are enhanced by the latest in lighting, heating and ventilation.

The patrons of this College have provided us with all of the essentials of a fine institution—excellent faculty, fine buildings, and superior classroom equipment. Now it is up to each student attending Boise Junior College to use these facilities to get the excellent education that is yours for the taking. This means work for each of you. You alone are now responsible for the ultimate completion of your education at B.J.C. I hope you will assume this task with diligence and enthusiasm.

BRIEF HISTORY

Boise Junior College was organized in the spring of 1932 in response to a demand for higher education in Boise. During the first years, the school operated as a private institution, first under the Episcopal Church and then as a non-profit corporation controlled by a board of public spirited individuals.

In September of 1939 BJC began its first academic year as a public institution. In February of 1939 an enabling act permitting the formation of junior college districts was passed by the legislature and signed by the governor.

In the fall of 1939 a district bond election for funds to build a college plant was approved by a 10 to 1 majority. The City of Boise donated the old municipal airport on the south bank of the Boise River for the new campus. By September of 1940 the Administration Building had been completed. During that school year a heating plant and gymnasium were built, followed by the erection of the Student Union Building, financed by the Student Body and the Board of Trustees of the Junior College, the Assembly-Music Building, and Vocational Shops.

During the intervening years the science building, dormitories, other vocational shops, and physical education building were completed on the 110 acre campus. Also constructed were a 10,800-seat stadium and a campus elementary school. The latter was built by the Independent School District on ground provided by Boise Junior College and is used for the teacher education program. Most recent is the addition of the Library-Classroom Building and the Technical-Education Building. In November of 1962 the voters of the Boise Junior College District approved an $600,000 bond issue by a 4 to 1 margin thus enabling the addition of these most necessary and most attractive facilities to the campus.

The enrollment at the college in 1963-64 was 2026 day students and 2559 attended classes during the evening program.

STUDENT GOVERNMENT

Your student body card makes you a member of the Associated Students of Boise Junior College (ASBJC) and entitles you to a vote in all student body elections. The operation of the body is controlled by the constitution of ASBJC.

The governing body of ASBJC is the Executive Board. The president, vice president, secretary, treasurer, and sophomore class representatives are elected each spring. Freshman class president, vice president, secretary-treasurer, and the freshmen representatives are elected each fall. The Vice President of BJC, or his representative, is the advisor for the Executive Board.

The Executive Board has several committees that carry out major assignments during the academic year. These are: Homecoming activities; Social Committee, charged with the operation of all major social events; the Union Nite Committee, charged with union night dances and mixers after athletic contests; and the Student Publicity Interest Board, (SPIB) responsible for student ASBJC publicity and promoting interest and spirit on campus.

One of the major functions of the Executive Board is the operation of the ASBJC budget. The activity ticket, which is purchased by students each semester for $9.00, is allocated on the following basis:

- Athletics: 30.9%
- Publications: 28.8%
- Publicity: 10.0%
- Social: 9.0%
- Entertainment: 5.4%
- Music: 4.0%
- Debate: 1.5%
- Pep Organizations: 3.3%
- Incidents: 2.1%
- Contingencies: 6.0%

Some of the benefits of being a member of ASBJC are:

1. Free admission to all regular scheduled athletic events at home.
2. Reduced rates at athletic and social events held at other colleges.
3. Reduced rates on many school functions, productions and publications.
4. The right to vote in class and student body elections, AWS and club elections.
5. Eligibility for membership in campus organizations.
6. Free admission for lectures and assemblies.
7. Various special benefits and privileges created during the year as a result of efforts of ASBJC.
FRESHMAN CLASS OFFICERS

One of the first duties of the freshman class each fall is to elect class officers.

Any freshman member of the associated students of Boise Junior College (ASBJC) who is registered as a full-time student (ten or more semester hours) and has the recommendation of his advisor is eligible to run for election as one of three representatives of the freshman class, class president, vice-president, or secretary-treasurer.

Elections for freshman class officers are held not less than three (3) weeks nor more than five (5) weeks after the beginning of the fall semester.

HOW TO RUN FOR OFFICE

A student wishing to run for office must file a petition with at least 25 signatures of full-time students with the election board. The petition must be filed one week before the election in the office of the Vice President. This applies to all ASB offices; individual organizations have their own regulations.

ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

To be eligible to represent the college or student organizations in extracurricular activities a student must comply with the following:

1. For intercollegiate athletics: Eligibility will be based on the rules and regulations of the Intermountain Collegiate Athletic Conference. Such eligibility will be determined at each nine week grading period and will remain in effect until the next nine week grading period.

2. For other extra-curricular activities.
   a. General eligibility for participation: Eligibility will be granted if a student complies with each of the following:
      1. Is enrolled as a full-time student.
      2. Earned at least 10 hours of credit in his most recently completed semester or if an entering freshman, has the approval of his academic advisor.
      3. Not be on academic or social probation.
   b. Eligibility to hold an office or chairmanship: Eligibility will be granted if a candidate complies with each of the following:
      1. Is enrolled as a full-time student.
      2. Has a GPA of 2.00 or better.
      3. Has a GPA of 2.00 or better for the semester immediately preceding.
      4. If an entering freshman, has the recommendation of his academic advisor.

      3. Committee chairman appointed by the Social Committee of the SEB.
      4. Participants in school-sponsored, class-centered extracurricular activities unless such participation is required to earn credits in catalog courses. Such activities include plays (both all-school and language), publications, choir, band and orchestra, debate, and radio and television appearance. Not included in this regulation are periodic school promotion programs on radio and television, talent shows, and other special Student Body assemblies.
      5. Any other official representation of the school either by election or appointment.
   d. Eligibility will be determined at the end of each semester grading period and will continue for the semester following.
   3. It is the responsibility of the faculty activity advisor, director or coach to see that the eligibility of all candidates is certified by the

GENERAL INFORMATION - ACADEMIC

1. Grading System

A  Distinguished work---Four quality points per hour
B  Superior work----Three quality points per hour
C  Average work--Two quality points per hour
D  Passing work--One quality point per hour
F  No quality points per hour
Inc Incomplete may be given in cases where work has been satisfactory up to the last three weeks in the semester. Work not made up within the first half of the semester after the student returns to college automatically becomes a failure unless special extension of time is granted by the instructor and Dean of Faculty.
W  Official withdrawal during the first four weeks of the semester or while doing passing work. For procedure, see regulation below.

2. Changing Program or Withdrawals from a Class

A student may withdraw from a course or add a new course before or on October 2 without any penalty. If a student withdraws from a course after the above date and is passing at the time, he is awarded a "W" on his official transcript; if he is failing, he must be awarded a mark of "F".

In order to accomplish the above a student secures a signed permit from his advisor, which has been endorsed by each instructor involved. The permit is then presented to the Registrar for signature and then cleared with the Business Office. The date on which the Registrar signs the permit will be the official withdrawal date.

3. Withdrawal from College

A student may officially withdraw from College only by securing a withdrawal permit from the Dean of Men or Dean of Women and having it signed by same. He then must be cleared by the President's Office, the Registrar's Office and the Business Office.

4. Attendance and Absence from Class

Students are responsible for their attendance in the courses for which they are enrolled. No absences whether approved by the college for participation in college-sponsored activities or necessitated by sickness or other personal emergency, are "excused" in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence.

5. Closed Period

The week prior and the week of semester exams is a closed period; i.e. no events may be scheduled.

6. Academic Probation & Dismissal

A student, whose work is of such character that it appears he cannot continue in the college with profit to himself and credit to the institution, may be placed on probation and, subsequently, disqualified. In general, satisfactory performance means orderly progress toward graduation requirements with a cumulative grade point average of 2.0 or better.

He will be automatically placed on probation at the end of any semester in which he fails to achieve a passing grade in at least ten credit hours, exclusive of required physical education, if a full-time student, or, if he is a part-time student, fails to pass two-thirds of his courses.

7. Transcripts

Students transferring to another college should request a transcript from the Registrar's Office. The first copy is free; thereafter, the cost is $1.00 for the first and 0.50 for each additional copy. Payment must be received before transcripts are mailed. Only unofficial copies (without the signature of Registrar and Seal of the College) are given to students.
Boise Junior College confers the title of Associate of Arts upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in the curricula of art or music or who have majors in other fine arts, the social sciences, or humanities providing that they meet the requirements in the General Curriculum.

The title of Associate of Science is conferred upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in one of the suggested professional or pre-professional curricula listed in the college catalog.

A diploma is granted to any student completing 64 semester hours of work for which the Junior College gives credit. These must include four hours of physical education activities and six hours of freshman composition or communications. Semi-professional courses meet the requirements for a diploma. Accumulative grade point average of 2.0 or better is required.
