BOISE COLLEGE

Student Handbook

1965 - 1966
INTRODUCTION

For some time you have looked toward the day that you would be in college. As a result, you have developed some ideas of what a college is, what it offers, and what you want to receive from the experience. From a multitude of sources and people, you have built up certain expectations that may or may not be met by this particular institution that you have chosen to attend.

Now that you are in college you will find that some of your preconceived ideas are sound, and others are overstated, or even all wrong. If you visualize college as being much like high school or as merely a long succession of social success and fun, you are doomed to disappointment.

You are basically the same person you were two weeks or two months ago, but now in a new environment, you are involved in a complexity of different activities, people, and experiences. Before you can take your place on campus there must necessarily be an adjustment, a transitional period during which your expectations of college will be modified and during which you will develop new goals and objectives for yourself.

During this adjustment and orientation period you will learn about Boise College and its purpose, about yourself and your goals, and how the two will interact with each other. It is hoped that this STUDENT HANDBOOK will present guide posts to help you attempt a realistic look at both college and yourself. As a new student you must devise some system by which your new discoveries can meet and flow together. By using this handbook you will certainly save yourself many hours of confusion and will greatly enhance the opportunity of becoming a well organized college student.

Boise College is an EDUCATIONAL institution. offering programs to help you develop your potential as a person and as a citizen. In the final analysis, though, YOU must educate YOURSELF, for the most thorough curriculum cannot be taught to one who does not have the motivation to learn. Here is opportunity, it is your own responsibility to make the most of it.

I. BRIEF HISTORY

Boise Junior College was organized in the spring of 1932 in response to a demand for higher education in Boise. During the first years, the school operated as a private institution, first under the Episcopal Church and then as a non-profit corporation controlled by a board of public spirited individuals.

In September of 1939 BJC began its first academic year as a public institution. In February of 1939 an enabling act permitting the formation of junior college districts was passed by the legislature and signed by the governor.

In the fall of 1939 a district bond election for funds to build a college plant was approved by a 10 to 1 majority. The City of Boise donated the old municipal airport on the south bank of the Boise River for the new campus. By September of 1940 the Administration Building had been completed. During that school year a heating plant and gymnasium were built, followed by the erection of the Student Union Building, financed by the Student Body and the Board of Trustees of the Junior College, the Assembly-Music Building and Vocational Shops.

Following the Science Building, Dormitories, other Vocational Shops, and Physical Education Building were completed on the 110-acre campus. Also constructed were a 10,800-seat stadium and a campus elementary school. The latter was built by the Independent School District on ground provided by Boise Junior College and is used for the teacher education program. The addition of the Library-Classroom Building and the Technical-Education Building followed in 1963.

Last year Boise Junior College became, by legislative action, a part of a more inclusive institution, Boise College, now beginning its career as a four-year degree granting school. New buildings to be built almost immediately are a Student Union, new dormitory, a Liberal Arts classroom building. Additions will also be made to the Science Building and to the Technical-Education Building.

The enrollment at the college in 1964-65 was 2102 day students, and 2615 attended classes during the evening program.
II. STUDENT GOVERNMENT

Your student body card makes you a member of the Associated Students of Boise College (ASBC) and entitles you to a vote in all student body elections. The operation of the body is controlled by the constitution of ASBC.

The governing body of ASBC is the Executive Board (SEB). The president, vice president, secretary, treasurer, and Junior class representatives are elected each spring, as are the Sophomore class officers. Freshman class president, vice president, secretary-treasurer, and the freshmen representatives are elected each fall. The Vice President of Boise College, or his representative, is the advisor for the Executive Board.

The Executive Board has several committees that carry out major assignments during the academic year.

One of the major functions of the Executive Board is the operation of the ASBC budget. The activity ticket, which is purchased by students each semester for $11.00 is allocated on the following basis:

VI. GENERAL INFORMATION — ACADEMIC

A. Grading System

A — Distinguished work (Four quality points per credit hour)
B — Superior work (Three quality points per credit hour)
C — Average work (Two quality points per credit hour)
D — Passing work (One quality point per credit hour)
F — No quality points per credit hour

Inc. — Incomplete may be given in cases where work has been satisfactory up to the last three weeks in the semester. Work not made up within the first half of the semester after the student returns to college automatically becomes a failure unless special extension of time is granted by the instructor and Dean of Faculty.

W — Official withdrawal during the first four weeks of the semester or while doing passing work. For procedure, see regulation below.

B. Changing Program or Withdrawals from a Class

A student may withdraw from a course or add a new course before or on September 23, 1965, and February 4, 1966, without any penalty. If a student withdraws from a course after the above dates and before December 1, 1965 or April 21, 1966 and is passing at the time, he is awarded a "W" on his official transcript; if he is failing, he must be awarded a mark of "F."

During the last three weeks of a semester (including final examination week) a student may not withdraw from any course.

To withdraw from one class and enter another a student secures a signed permit from his advisor, and has it endorsed by each instructor involved. The permit is then presented to the Registrar for signature and then cleared with the Business Office. The date on which the Registrar signs the permit will be the official withdrawal date.

C. Withdrawal from College

A student may officially withdraw from College only by securing a withdrawal permit from the Dean of Men or Dean of Women and having it signed by same. He then must be cleared by the President's or Vice President's office, the Registrar's office and the Business office.

During the last three weeks of a semester (including final examination week) a student may not withdraw from college.

D. Attendance and Absence from Class

Students are responsible for their attendance in the courses for which they are enrolled. No absences whether approved by the College for participation in college-sponsored activities or necessitated by sickness or other personal emergency are "excused" in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence.
E. Closed Period

The week prior to and the week of semester exams is a closed period; i.e. no events may be scheduled.

F. Academic Probation and Dismissal

A student, whose work is of such character that it appears he cannot continue in the College with profit to himself and credit to the institution, may be placed on probation and, subsequently, disqualified. In general, satisfactory performance means orderly progress toward graduation requirements with a cumulative grade point average of 2.0 or better.

He will be automatically placed on probation at the end of any semester in which he fails to achieve a passing grade in at least ten credit hours, exclusive of required physical education, if a full-time student, or, if he is a part-time student, fails to pass two-thirds of his courses.

G. Transcripts

Students transferring to another college should request a transcript from the Registrar’s office. The first copy is free; thereafter, the cost is $1.00 for the first and 50c for each additional copy. Payment must be received before transcripts are mailed. Only unofficial copies (without the signature of the Registrar and Seal of the College) are given to students.

H. Graduation

Boise College confers the title of Associate of Arts upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in the curricula of art or music or who have majors in other fine arts, the social sciences, or humanities providing they meet the requirements in the General Curriculum.

The title of Associate of Science is conferred upon those students completing a minimum of 64 semester hours with a cumulative grade point average of 2.0 in one of the suggested professional or pre-professional curricula listed in the college catalog.

A diploma is granted to any student completing 64 semester hours of work for which the College gives credit. These must include four hours of physical education activities and six hours of freshman composition or communications. Semi-professional courses meet the requirements for a diploma. Accumulative grade point average of 2.0 or better is required.
