Dear Student:

Emerson wrote: "There is properly no history: only biography." The history of our great nation certainly reinforces this view that what has been accomplished is due to the personal influence of men and women of wisdom, patience, and dedication.

The group, the organization, the political party, the government, the business is really as creative and productive as the individuals that comprise its membership. Before a person can possibly be an effective member of a group, he must be the master of himself. Self-identity, self-motivation, self-evaluation should precede the absorption of an individual into the groups of his choice. History, without individuals, is like the plot of a play which has no characters.

As a student of Boise College, we want you to be acutely aware of your present and future influence as an individual. The world cries out for people who have the skills, knowledge, and motivation to contribute. While you are here, develop as fully as possible all of these talents and attitudes. When you leave this college, give in full measure to whatever career you choose and in whatever city you live. Don’t be content to let history shape you. Make your biography help shape the unmolded history that lies ahead.

Cordially,

JOHN B. BARNES

Welcome to B.C.

On behalf of the Associated Student Body Officers, I would like to issue a warm, "Welcome to Boise College."

For most of you, your enrollment will result in an entirely new experience, probably the most enriching and memorable that you have yet encountered. As a student of Boise College, you are part of a team, one that stands on the threshold of future greatness, ready to accept the challenges that are offered.

I encourage you to take advantage of the activities such as student government, organized clubs, special interest groups, and social activities, all of which are designed to include you. Your participation may not bring about monetary rewards but you will profit greatly from your associations with other students.

The serious task of obtaining a degree awaits you. Higher education represents an investment in your future, an investment that can lead you along the road to academic and social success. Rise to this occasion of opportunity and fulfill it to the best of your ability.

Pride and achievement are characteristics of the Boise College student and we are anxiously anticipating your contribution to further the image and progress of Boise College. In this transitional stage, we will be faced with many problems, some of which will effect you. I encourage you to come and talk with me or any other student leader concerning these or any other problems. Our offices in the Student Center Building will always be open to you.

Good luck and best wishes for a successful year!

ERNIE WEBER
A.S.B.C. President
Dear New Student:

There are old axioms that the best prediction of future behavior is past behavior and that humans operate on what they feel, not on what they know. Assuming that these might be true, the Administration of Student Personnel Services suggest that you exert your best effort to obtain excellent scholarship and citizenship during your first semester to achieve your ultimate objective at Boise College.

To supplement the offerings of the instructional staff, Student Personnel Services offers our programs of counseling, testing, placement, off-campus part-time employment, social activities, club and organized activities, and student government. It is our hope that these services will add to your growth and development, pursuit of excellence, and the process of becoming an educated person equipped to make a significant contribution to our great republic.

J. ALFRED McCauslin
Dean of Student Personnel Services
I. THE COLLEGE
A. History

Boise Junior College was organized in the spring of 1932 in response to a demand for higher education in Boise. During the first years, the school operated as a private institution, first under the Episcopal Church and then as a non-profit corporation controlled by a board of public spirited individuals.

In September of 1939 BJC began its first academic year as a public institution. In February of 1939 an enabling act permitting the formation of Junior College Districts was passed by the Legislature and signed by the Governor.

In the fall of 1939 a district bond election for funds to build a college plant was approved by a 10 to 1 majority. The City of Boise donated the old municipal airport on the south bank of the Boise River for the new campus. By September of 1940 the Administration Building had been completed. During that school year a heating plant and gymnasium were built, followed by the erection of the Student Union Building, the Assembly-Music Building and Vocational Shops.

Following the Science Building, Dormitories, other Vocational Shops and the Physical Education Building were completed on the 110-acre campus. Also constructed were a 10,800-seat stadium and Campus Elementary School. The addition of the Library-Classroom Building and the Technical-Education Building followed in 1963.

In 1965 Boise Junior College became a part of a more inclusive institution, Boise College, a four-year degree granting school. Additions were made to the Science Building and to the Technical-Education Building. A new Student Center Building, new Dormitory, and new Liberal Arts Building will be completed by fall 1967.

In 1967 legislation was passed integrating Boise College into the state system of higher education. As of January 1, 1969, BC will become Boise State College under the State Board of Regents.

The enrollment the college in 1966-67 was 3,575 day students, and 2,175 attended classes during the evening program. These students came from 33 states and 17 foreign countries.

B. Academic Information

Grading System:
A — Distinguished work (four quality points per credit hour)
B — Superior work (three quality points per hour)
C — Passing work (two quality points per credit hour)
D — Passing work (one quality point per credit hour)
F — No quality points per credit hour
Inc. — Incomplete may be given in cases where work has been satisfactory up to the last three weeks of the semester. Work not
made up within the first half of the semester after the student returns to college automatically becomes a failure unless special extension of time is granted by the instructor and Dean of Faculty.

W – Official withdrawal during the first four weeks of the semester or while doing passing work. For procedure, see regulation below.

Changing Program or Withdrawals From a Class

A student may withdraw from a course or add a new course before or on September 15, 1967, and February 2, 1968, without any penalty. If a student withdraws from a course after the above dates and before November 24, 1967 or April 18, 1968 and is passing at the time, he is awarded a “W” on his official transcript; if he is failing, he must be awarded a mark of “F.”

During the last three weeks of a semester (including final examination week) a student may not withdraw from any course.

To withdraw from one class and enter another, a student secures a signed permit from his advisor and has it endorsed by each instructor involved. The permit is then presented to the Registrar for signature and then cleared with the Business Office. The date on which the Registrar signs the permit will be the official withdrawal date.

Withdrawal From College

A student may officially withdraw from College only by securing a withdrawal permit from the Dean of Men or Dean of Women and having it signed by same. He then must be cleared by the Dean of Student Personnel Services, Director of Buildings and Grounds office, the Registrar’s office and the Business office.

During the last three weeks of a semester (including final examination week) a student may not withdraw from college.

Attendance and Absence From Class

Students are responsible for their attendance in the courses for which they are enrolled. No absences whether approved by the College for participation in college-sponsored activities or necessitated by sickness or other personal emergency are “excused” in the sense of relieving the student of responsibility for work assigned or carried on by a class during his absence.

The week prior to and the week of semester exams is a closed period, i.e., no events may be scheduled.

Academic Probation and Dismissal

A student, whose work is of such character that it appears he cannot continue in the College with profit to himself and credit to the institution, may
be placed on probation and, subsequently, disqualified. In general, satisfactory performance means orderly progress toward graduation requirements with a cumulative grade point average of 2.0 or better.

He will be automatically placed on probation at the end of any semester in which he fails to achieve a passing grade in at least ten credit hours, exclusive of required physical education, if a full-time student, or, if he is a part-time student, fails to pass two-thirds of his courses.

Transcripts

Students transferring to another college should request a transcript from the Registrar’s office. The first copy is free; thereafter, the cost is $1.00 for the first and 50c for each additional copy. Payments must be received before transcripts are mailed. Only unofficial copies (without the signature of the Registrar and Seal of the College) are given to students.

Student Citizenship

Boise College expects students to be ladies and gentlemen. The College attempts to create the environment to further a student’s growth and development in all worthwhile areas. Particular emphasis is placed on preparing individuals to make significant contributions to our democratic society. Pursuant to this, students are expected to abide by the rules of the City of Boise, the State of Idaho, and the United States. In addition, your attention is drawn to Boise College policy regarding the use of alcoholic beverages—the possession, use, or serving of which is not permitted on the Campus or at any College sponsored function. Students who violate this regulation are subject to disciplinary action.

Soliciting

Any student, solicitor, agent, or sales person operating in his own interests and for any purpose not directly connected with College interests, is not permitted to solicit without the written approval of the Vice President of the College.

Pets

Animals and/or pets are not allowed in any College building: residence halls, Student Center, classrooms, and College Courts, because of health standards.

Parking and Vehicle Registration

Every student who is eligible to operate a vehicle in the college area must register such vehicle officially with the College at the time the student registers for classes. Students attending night classes only do not need to register vehicles but are required to observe safety laws and restricted areas. For complete details and regulations, refer to the BC parking brochure. Registration as a student does not involve any obligation on the part of the College to provide or reserve a specific campus parking space for automobiles.

Smoking

Smoking is permitted only in the Student Center, Residence Halls, and outside College Buildings.
Card Playing

Card playing is permitted in the Student Center, only in the designated area and during the posted hours, and in the Residence Hall recreation lounges by residents of the hall only. Card playing and any other type of gaming is not permitted on any other part of the campus. GAMBLING, in any form, is strictly prohibited on campus.

Firearms

Because of their recognized danger, firearms will not be kept in student living quarters. Possession of explosives, loaded or unloaded firearms on campus is strictly prohibited. Possession of explosives or a loaded weapon on campus will result in immediate dismissal from the College. The City Code interprets air rifles, pellet, or BB guns as being weapons or firearms.

Possession and use of fireworks in any College building or on campus is prohibited. Violators are subject to disciplinary action.

Occupants in College housing and off-campus housing, living within the city limits, are subject to Boise City ordinances and State laws.

Initiation and/or Hazing

The College does not approve of any form of hazing. Hazing is defined as any action taken or situation created intentionally to produce mental or physical discomfort or in any way degrade the dignity of the individual.

Honesty

That the individual student is honest is uniformly assumed as is the fact that he is capable of responsible actions as a mature adult. In cases of dishonesty in the classroom, most infractions will be handled by the faculty member concerned. Major infractions are referred to the Dean of Faculty.

Social Probation Committee

1. The Social Probation Committee is composed of a faculty representative from each academic division. This representative is appointed by the respective divisional directors and they serve for one calendar year, beginning with the fall semester. If the case being reviewed by the committee involves only women, the Dean of Women will serve as chairman; if it involves only men, the Dean of Men serves as chairman; if it involves both men and women, the Dean of Student Personnel Services serves as chairman, with the Dean of Men and Dean of Women serving as non-voting members.

2. The committee will review all cases involving possible suspension or dismissal for any reason other than academic disqualification. In addition, cases of a less serious nature will be reviewed by the committee at the request of the Dean of Student Personnel Services.
3. A student may appeal the decision of this committee to the President of the College, with the Board of Trustees being the final appeal.

4. The respective chairman of the committee must have at least three members present for any action. The representative from the division of the student in question must be one of the three members.
II. STUDENT AFFAIRS
Student Government

Your student body card makes you a member of the Associated Students of Boise College (ASBC) and entitles you to a vote in all student body elections.

The governing body of ASBC is the Executive Board (SEB). The president, vice president, secretary, and treasurer are elected each spring. Class presidents and two representatives from each class are elected each fall. The Dean of Student Personnel Services, or his representative, is the advisor for the SEB.

In addition to directing several important committees, the SEB fully controls the ASBC budget, which was about $100,000.00 in 1966-67. The ID card, which is purchased by students each semester for $13.11, provides the following benefits:

1. Free admission to all regularly scheduled athletic events at home.
2. Reduced rates at athletic and social events held at other colleges.
3. Reduced or free rates for many college functions, productions and publications.
4. The right to vote in elections.
5. Eligibility for membership in campus organizations.

Social Activities

Throughout the year, after-game dances, formals, concerts, etc., are sponsored by the social committee or various campus organizations. These functions are for all college students and admission is either free or at a reduced rate. In 1966-67 several big name entertainers appeared on campus. For example, Ernie Fields and his band played for Homecoming, Glen Yarbrough and Chad and Jeremy appeared in concerts, and the Pozo-Seco Singers were the guest stars for the Spring Formal.

The final social calendar is available at registration and you are cordially invited to attend all of these functions.
Procedure for Scheduling a Social Event

In the past, a great deal of confusion has arisen concerning the proper procedure in scheduling a social event. In order to facilitate the scheduling of social events, the significant steps are set forth below. Full details are available from the Student Personnel Services office, Room 108, Administration Building.

Club presidents and social chairmen should bear in mind that all meetings, social and/or activity functions involving under-graduates must be scheduled in the Student Personnel Services office.

Moreover, dates for all major social functions (organizational or all-campus) must be submitted in writing to the Student Personnel Services office during the first week in May prior to the academic year in which it is to be held. This is to facilitate assigning major dates and sending letters of confirmation to the groups involved before summer recess.

Detailed steps are as follows:

1. Pick up Social Permit at Student Personnel Services office at least three weeks before proposed event.
2. Fill out permit.
3. Have organizational social chairman sign it.
4. Have organizational faculty advisor sign it.
5. If the function is to be held in an on-campus facility, the person in charge of that facility must sign the petition.
6. Have the Office of the Vice President sign the permit to:
   a. clear the date on the College Master Calendar
   b. clear the date of the person in charge of the on-campus facilities used.
7. Have two chaperons sign the petition, making sure they also include their address and phone number.
8. Return copy No. 4 to the Vice President's office.
9. Return the completed remaining three copies of the permit to the Student Personnel Services office by 5:00 p.m. Tuesday, two weeks (12 days) before the proposed function for final approval or disapproval.

In addition, chairmen should also familiarize themselves with seven other simple rules.

1. NO PUBLICITY may be released until the permit is completed and approved. All posters must be removed on the afternoon of the event.
2. A $5.00 custodial fee must be filed with copy No. 4 in the Vice President’s office.
3. Times for decorating the Student Center Ballroom or Gymnasium must be scheduled with the Vice President’s secretary.
4. All decorations must be removed within three days following the event or be destroyed.
5. All functions for the student body, on or off campus, must be cleared by social permit.

6. A bona fide off-duty police officer (in uniform) must be hired and present to deal with civil matters.

7. The organization, in toto, is responsible for the conduct, control, and handling of the event at all times.

**Athletics**

Fine athletics have been traditional at Boise College. For example, in 1966-67, the Broncos compiled a 9-1 record in football and were ranked number one in the nation for several weeks. In the basketball wars, the Broncos journeyed to the NJCAA tournament and, as a result, the team finished the season ranked ninth, nationally.

In order to support the 1967-68 Broncos, the home football and basketball schedules are set forth below:

Miscellaneous

Clothing Tips

General Comments—If an individual’s general appearance fails to meet a “reasonable standard” expected of a College student he or she may be refused admittance to various areas on the campus; i.e., the library, student center, classrooms, dining room, laboratories, administrative offices, etc. There are a few items of apparel that are definitely not acceptable campus wear. Specifically, they cannot be worn in the above-mentioned areas, but obviously may be appropriate in certain leisure time activities.

Women—For campus and class, women should wear sport and casual dresses, sweaters and skirts, and low heels. For dances that are informal, sport dresses, sweaters and skirts are correct. For semi-formal or formal dances, dressy dresses (either long or short) are correct. Shorts or slacks are not acceptable attire and will not be worn to class. Slacks may be worn in the evening while studying in the library.

Men—For campus and class, casual clothes such as slacks, cords, sport shirts and sweaters should be worn. For an informal dance, a sport jacket and slacks are in order. For more formal dances, a suit or tuxedo (dinner jacket) with a tie are correct.

High School Sweaters or Jackets Are NEVER Acceptable!

Visiting Hours—Women’s Residence Halls

Women students at Boise College are expected to observe certain regulations in regards to hours and behavior that have been established by the Residence Hall Council and the College. Men students are expected to honor and assist the women in the observance of these regulations by behaving in a gentlemanly manner at all times and by seeing that the women are returned to their hall by the appointed hour. Men students will be held responsible if they encourage infractions.
Procedure—Callers may visit in the main lounges from 4:00 p.m. until 7:00 p.m. and from 9:00 p.m. until closing hours. Visitors may call for a resident before 4:00 p.m., but may not remain in the lounge to visit.

Men are requested to enter through the front door of Falk house and the right-hand front door of Morrison and Driscoll Halls, then report to the main office for the resident they are calling on and may wait in the main lounge.

Publicity and Bulletin Board Procedures

All banners, posters, or advertising of any type must be approved in room 103, Administration Building, and cannot be larger than 14” x 22”.

All publicity for newspapers, radio, and T.V. must be approved by the College Publicity Director in Building T-1b. (Note: you may also gain valuable assistance from the Student Public Relations Director located in the Student Center.)

Organizations requesting the College Print Shop to make up programs, invitations, posters, flyers, handouts, etc., must obtain a permit from the Dean of Student Personnel Services Office, Room 106, Administration Building.
