Mr. Lynn Driscoll gave an interesting speech on Banking to the assembly last Wednesday. He said that the most important duty of a bank is to see that funds are not poorly handled.

Integrity is the first and fundamental thing in banking, he stated. Second is quick handling of figures, dealing with situations, and reasonably good mathematics. One must be able to understand all human problems and types of business. A broad knowledge of finance and financial problems and industry as a whole is the training that goes to make up the banking business.

Salaries vary from $50 to $150,000 a year. Women also have a place in banking, because most stenographic positions are held by them. In larger banks, women are handling investments. The little "e really has on his classical black suit is a new shirtwaist dress of red and white polka dots. It seems as though Jack Harris has almost nervousness. But you'll attend the out-take of books from the library's spring classes. Mr. and Mrs. Mink, Mr. and Mrs. Homer, Jerome and Twin Falls. The group went to the Mystery Shrouds Trip. The group went to the Mid-State Art show. There were three present J. C. Branch, and began the return journey for the final concert of the tour at American falls. A short stop was made at the store before we arrived in Boise about 11 o'clock p.m. Tuesday. Well, it seems that one of those affectations which the art critic's typewritten column last night.

B.J.C. Studies Eligible for Co-ette the Contest

B.J.C. students are included among college undergraduates eligible to compete in an essay writing contest sponsored by Birdner's magazine. It has been announced that essays are to be not more than 3000 words long and on topics of the writer's choice.

Weather Delays Sports
Track, tennis and baseball have been held up at B.J.C. Because of the continuous showers in Boise. Track meets, tennis matches and baseball games have been scheduled if the weather will permit practice.

Aspirants have been doing some practice in spite of the April snow showers and many are nearly in mid-season form.

Mr. Haines is well pleased with the tennis turnout, but Jacoby expects to see more players than any one else, and better ones!

Worst of all the horrors, I think, are the shell-shocked men who are healthy, strong animals. They look at you—listen to you—but in their eyes is no life. The thing that makes a human soul is gone from them.

They said there would never be another war—21 years ago, when the black war horse ran wild with blood, and echoing with the sobes and prayers of broken-hearted women. That was the war, not this, but they were wars. They said, it was so terrible that no one would ever dare start another.

And finally it ended, and we took up the task of mending the loss and ruin and suffering it had caused.

Twenty-one years! Old Mother Earth has not had time to spread a green cloak over all the shell-torn fields; many heart stones lie broken and shattered. Soldiers who fought that last war ran wild with blood, and echoing with the sobes and prayers of broken-hearted women. That was the war, not this, but they were wars. They said, it was so terrible that no one would ever dare start another.

Too Bad it Happened, Pinocchio
Pinocchio's nose is a good example of the fruits of dishonesty. Pinocchio's nose added to the length of his nose. There have been a number of students lost property here at school. It seems some people are adding to their noses, figuratively speaking. The truly wise man knows it pays to be honest because it is very difficult to replace a reputation once it is lost.

Bibliographies Typed
Marion Murphy and Genevieve Grant, B.J.C. student librarians, have typed a bibliography of various occupations and professions at the request of C. B. McMath, instructor in economics and business, announced Mrs. Mary D. Bedf ord, librarian.

Already it has been used by May Bell, alumna, and now attending Whitman College. Mr. Bell found it helpful in his research on the New Deal.

that he was white. With a sigh of relief, he said, "Doctor Livingstone, I presume."—The Pulp Test.

Conclusus said: "Man who laugh at joke in Roundup, must be on staff."

Future Track Stars
Training For Meets
Coach Harry Jacoby's first call for track last Monday with a weak response, but some few promising athletes have been going through rigid training for the meet with the College of Idaho, May 1.

Darrel Parente, Steve Canning and John Begum have been practicing for the field events. Parente and Canning have been throwing the javelin. Begum has been tossing the shot with marked results. Caining is also the Junior Col lege's main threat in the pole vault and discus.

Marvin Osborne, holder of the state high school hurdle record, is in training for the 445-yard dash and the high hurdles. He looks promising in the 100-yard dash also.

John Gray, Jim Shaw and Parente are the chief contestants in the 100-yard dash. Bob Holman and Ted McChesney are out for the broad jump.

Armstrong Retains Title

Dick Armstrong, despite playing under the handicap of a badly infected hand, defended his Y. M. C. A. class C basketball championship successfully by defeating Ed Brown two out of three games.

Armstrong was the aggressor throughout the match. Brown and Armstrong debated every contest in the class C before meeting each other. Armstrong was the only player in the tournament to hold his title.

Four Valued Athletes

Leave Junior College

Boise Junior College's current registration shows the absence of four of its football players—Pops Curry, Mr. Baird, Orie Dudley, and Jack Thorpe.

"Pops," commonly known as "The Mighty Mite," was probably the most outstanding lineman Junior College fans had the privilege of watching this year. Curry won recognition for his role as a ball carrier, and his ability to break a tackle on the gridiron by being selected on the "All-Northwest" team.

Doyle Baird was first string tackle and vice president of the student body.

Harry Peterson, field general and blocking quarterback, was offered a job and decided to leave school. He was chosen as an "all-tournament basketball player" in the Gooding outlaw tournament.

Jack Thorpe played tackle on the football team and was manager of the basketball team.

Frazier Talks Peace

In Assembly April 19

Boise Junior College will participate with other colleges of the county in a peace demonstration.

Gene Frazier, sophomore class president, has been appointed chairman of a committee to plan an assembly for the occasion. Decision to join in the observance was made by the student body at an assembly April 10.
