Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. For assistance with this collection of student newspapers, please contact Special Collections and Archives at archives@boisestate.edu.
B. J. C. HAS BUSY SUMMER SEASON

During the Summer Session which ended August 17, Boise Junior College offered a full 12-week term, and many young men were able to complete a full term of college work prior to being called to the armed forces.

Thirty-two of the 67 summer enrollees were men and 57 were women students.

Faculty members for the summer session enrollees were nurses in training at St. Luke’s and St. Alphonso hospitals, most of whom are members of the U. S. Cadet Nurses corps.

Faculty members for the summer session included Adelaide Anderson, piano; M. Dale Arvey, Russian, physiology, and anatomy; Jacob Bauer, mathematics, botany, and micro-biology; Lucile Forter, voice; Joseph Spulnik, chemistry; Sergei Tarnousky, piano; James Wennstrom, theory, organ; Francis Wiley, history, sociology; and Camille Power, Spanish.

Ten students took music, eleven chemistry, eight Spanish, one botany, two Russian, one history and one sociology. Ten of the 67 enrollees were men and 57 were women students.

Climaxing weeks of negotiation, the fifteen-hundred volume Rookh Rockwell Memorial Library was presented to Boise Junior College last July. The library is now housed in the glassed bookcases which were purchased with the books and may be seen lining the upper walls of the college library. Rockwell served in the state senate from 1916-19 and was elected to it again in 1928. He was a member of the state board of regents and the state board of education. After he and his wife have been active in the field of public education for many years. He gave the library to Boise Junior College because the Rockwells consider Boise as their second home, Mrs. Mary D. Bed- ford, college librarian, said, adding the Junior college is a public-owned school and their work has been in public education.

Included in the collection of books are biographies, 71 books on Lincoln, government, books including reports, laws and statutes, histories, dictionaries and classical authors, books on politics and religion. The library also includes the complete works of Max Tarn, Thackeray, Balzac, Kipling, Chekhov, Shakespeare and Hugues.

The library will live forever and Mrs. Rockwell’s portrait unveiled at a junior college assembly is to be held in the near future, Mrs. Bed- ford said.

Full Dramatic Season Planned

A full season of dramatic entertainment is planned this year, drama director Harold Wennstrom announced today. In addition to the regularly scheduled assemblies and musical programs, two or more one-act plays, one full length three-act play, and many young men and women students will be participating in play production, acting, working on stage, and assisting in other school productions.

Comparison of College Receives 1500 Volume Rookh Rockwell Memorial Library

ELECTION NOTICE!

Election of A. S. B. J. Q. officials will be held on Monday, September 27. A notice of election will be posted Sept. 20. Classes will elect officers on Oct. 4.

To qualify for an office of the Associated Students of Boise Junior college, you must have a petition signed by not less than 25 student body members. Students may sign only one petition, since duplicate signatures are void and will be removed from the petition.

All Candidates Shoulduhl

Boise Junior College, Boise, Idaho, September 18, 1944

MANY FACULTY MEMBERS RETURN

The returning teachers report that the summer was spent in various places and manners. Mrs. Hatch was in Boise and vicinity except for a brief fishing trip and camping at Ponderwught Lake. Mrs. Austin spent the summer visiting her relatives in Cambridge, Idaho. She hopes to have a piano re-Žorganized Home Economics Club with school year. Mrs. Porter spent six weeks studying with Richard Hagemen in Beverly Hills, California. While there she heard the opera Pelleas et Mercadante, and The Waltz King. She also attended concerts in the Hollywood Bowl and saw the famous Mirage Play. Mrs. Porter related that the Women’s Ensemble would be chosen the first week from the choir. The trio will be selected soon. Mrs. Richardson taught during the summer season at the turner because she and the Major have turned bustling – the chickens have turned bustling – the chickens and the garden claiming their undivided attention these last months. Dr. Spulnik taught in summer school. Other than a visit with relatives in Portland for 10 days he favored Boise with his presence. Dr. Wiley also taught in summer school here. He spent ten weeks teaching at a junior college assembly to be held in the near future, Mrs. Bed- ford said.

Conan Mathews and Irvin E. Rockwell examine one of the gift volumes in front of the Rockwell home near Bellevue, Idaho. Mrs. Rockwell’s portrait unveiled in Rock well Memorial Library. The Rockwells consider Boise as their second home.

Boost the Broncs, Boost Boise

Mr. Baker, Mrs. Wenstrom and Mrs. Nielsen of our new Boise faculty members for the next school year, whom Mrs. Wiley, New for the 1944-1945 year, who has been an important factor in all phases of the Boulder Dam Project and who has served as Dean of the U. of Washington School of Dentistry and in the College of Dentistry of the U. of California, will direct the Medical School at Boise State College. Mrs. Nielsen will teach accounting and the charge of the bachelor of arts in business administration from the University of Idaho and Idaho State University in Boise. Her experience includes business and secretarial work in federal and private business of-

Student Co-operation
Needed To Improve
College Papery

How would you like to have a paper that is not only a news paper, but is also a combination of pictures, cartoons, campus comment, and everything you would want it to be? All right — tell you how to get one. First — newspaper boys don't just grow — they take lots of hard work and disappointments and many hard workers merely to collect the "stories". Then you must tell editors, find advertisers, write articles, "make-up" the paper, meet deadlines, and develop a bold front page that will sell newspapers.

By now your worries are just beginning. cost of printing the paper by soliciting the support of local merchants and businessmen. The merchants of Boise have shown their co-operation in publishing this paper by hearty support of the Round-Up and the Round-Up. If we want to continue support we must let them know we appreciate it by giving it your support.

The next time you make a purchase from any Round-Up advertiser, mention that you noticed his ad in the Round-Up. This is the best insurance for a regular newspaper.

The Round-Up is yours to help develop if you help in any way possible. This paper is yours to help shape. It's success depends upon your support and your contribution to its columns. We need help of all kinds. See some of the staff NOW!

PART TIME WORKERS NEEDED

Boise Valley is still caught with its "employment" pangs down. The manpower situation is as acute as it has ever been and it does not seem to be going to improve. Not only is it for our own good, but should all take care of our students, and what will be at that point? The Boise area businessmen have stepped in to offer help. The men who have gone to war have been replaced. But not yet in the same way. Boise Junior College is asking the students and area businessmen of Boise need help. They are overworked and are willing to work for a few hours each day, but in those few hours they are looking for help to take some of the "tired" business men's shoulders.

This extra work will help you through your school year. Any part-time work required only in a few hours of jobs in the Boise area, please contact Mr. Wennstrom of the Round-Up. We will put up a list of all jobs that have been referred to us. If you are interested in this work will be offered to you by the Round-Up.

HERSHEY ISSUES WARNING
TO WITHDRAWING STUDENTS

WITHDRAWAL

A student may officially withdraw from college only by securing a withdrawal permit from the Registrar, and having it signed by himself. He may then withdraw from individual courses by having the permit endorsed by his consultant and signed by the registrar, with whom it is filed. If a student withdraws before the end of the first four weeks of the term, his grade shall be a W. After that time a grade of W shall be given if he is doing passing work at the time of withdrawal; if not, a grade of F shall be given. Withdrawals from individual courses later than the end of the sixth week of the term is not possible. A student who withdraws without permission of an official withdrawal shall receive a grade of F.

ORDER: All withdrawals must be made in person.

Librarian Catalogs
Rockwell Collection

The fifteen hundred volumes include the following:
Forty-four Lincoln books; The complete works of John Burroughs and Edgar Allen Poe; Mark Twain’s complete works (32 vols.); 7 vols. of O. Henry Memorial Award Prize Stories; Bret Harte’s writings (6 vols.); George Washington’s Writings (4 vols.); Life and Works of Thomas Paine (10 vols.) and Photographic History of the Civil War (40 vols.).

Book of portraits of presidents (Washington to McKinley), leather and gold binding. The Universal Anthology (33 vols.); Pocket Library of World’s Essential Knowledge (10 vols.); 86 vols. of Little Leather Library, World’s Wits and Humor (10 vols.); Works of Mary Roberts Rinehart (17 vols.); Analytical Concordance to the Bible; most of the books are in the fields of history, religion, political economy, literature, and fiction: Putnam’s Complete Book of Quotations, Proverbs, and Household Words; Great Men and Famous Women (6 vols.); and many others.

The Library Staff is now preparing a printed booklet that will contain a complete list of Rockwell books. Early in the year there will be a formal dedication of the collection at which time a portrait of Mrs. Rockwell will be unveiled.

A.C.E. Survey Indicates Post-war Trend Is “Back To College”

Figures recently released as a result of the survey of men in the armed forces conducted by the American Council on Education indicates that a majority of the men now in the service hope to continue or complete their education.

Survey results indicate further that the added influence of the “G. I. Bill of Rights” providing for educational benefits to most veterans, that between 25 per cent and 45 per cent will definitely return to college.

In round numbers, this would mean that upwards of 4,000,000 men may be expected to enroll in some institution of higher learning within two years after being demobilized.

With the end of the German struggle in sight and the consequent focus of firepower on Japan early next year, this hopeful sign can only brighten the enrollment aspect for B.J.C. The only question that remains is “What will we do with the 4,000,000 if they all decide to come to Boise Junior College?”

NEW TESTING PROGRAM INAGURATES FRESHMEN WEEK

Instituting a comprehensive pre-registration testing program, Boise Junior college steps ahead this year with other progressive colleges in recognizing the importance of thorough achievement, objective, and intelligence tests as a basis for vocational or educational guidance. Meeting the minimum requirements of the recommendations of the American Council of Education, the following tests were given to all incoming students:

1. Three types of achievement tests: natural sciences, social studies and mathematics.
2. Psychology.
3. American history.
4. English placement.
5. Contemporary affairs.

The purpose of the tests is to help the student understand his abilities, limitations and possibilities. All of the test were administered and scored by regular members of the faculty previous to the general registration on Friday, in order to give students and instructors a better basis for arranging courses than they have had in the past.

Mrs. Mary T. Hershey, speaking for the administration, stated that only the placement and the psychology examinations were given in previous years, and that satisfactory results were obtained from the first program, indicating that the program would be continued.

Each student's record is to be kept on file for future checking.

**College Entrance Simplified For Returning Servicemen**

Policies regarding veterans returning to junior colleges have been announced by Conlan Mathews, executive dean.

Admission will be granted to returning veterans who are high school graduates, high school non-graduates with a high grade record, and to high school non-graduates with a low grade record, providing they can pass achievement tests. Credit will be given on the basis of military experience and specialized training, Mathews said.

He pointed out that a study program has been arranged which will allow the ex-service men and women to make up for time lost while in the armed services. Under this arrangement, by taking an average credit load of 15 hours per term, the student can complete two years’ work in 12 months in most cases.

A special veterans’ guidance committee will be organized, Mathews said, adding that it would be headed by a staff member having had military experience.

Individuals who, through experience and training in war industries or in other civilian vocations, have achieved educational competence worthy of recognition by colleges, should have opportunities similar to those accorded members of the armed forces to demonstrate this competence, Mathews said. He reported that credit will be given at Boise Junior college for technical experience or education received along this line on the basis of tests or proper certification.

**Assisioun Women Schedule Year’s Activities**

With the beginning of “Freshman Work” last Monday, council members of the Associated Women made plans for the year’s activities for B. J. C. women.

Initiating activities was the general mixer held last Thursday, at which “big sisters” contacted their “little sisters” to help them get acquainted with B. J. C. halls and campus.

The annual tea to be held Thurs. Sept. 21, will highlight this year’s “big sister” activities. Under the chairmanship of Yvonne Rutten, the tea will be held in the Student Union from 2 until 4 p.m. Special guests will be faculty members from B. J. C. and Boise high school.

At luncheon meetings held last week, A. W. council members formulated and discussed plans for the coming year, including monthly assemblies, including: Helen Jones, president; Ronnie Jean Pigg, vice president; Yvonne Rutten, social chairperson, and Geraldine Hettinger, treasurer. Mrs. Ada P. Burns, dean of women, is counselor for the group.

Next week marks election of remaining officers to the A. W. council. The secretary, sophomore It was planned to hold a series representative, and two freshmen representatives, will be chosen at that time. Elections are under the chairmanship of Bonnie Jean Pigg.

Present A. W. council members formulated and discussed plans for the coming year, including monthly assemblies, including:

*Ralph Davis*

*The Capital City*

What’s to be done and where to go in Boise these lovely fall days! Well—of course the skyline drive is out for the duration, and there won’t be so many picnics up Arrowrock way, but there are still plenty of excellent accommodations available. Now that walking as a pastime is back in style don’t overlook the beautiful Pilot Gardens at the upper end of the road. Enjoy picnicking and—while you’re there look over the city. This is an ideal spot for snapshots or for just sitting a while. Try it with a friend, there will even be a double feature in the form of two of these interesting spots.

The Valkyrie's Tradition

Every Thursday in the halls of B. J. C., you will notice girls clad in blue skirts and white sweaters, carrying the orange and blue "V" emblem. These girls are Valkyries, members of the Sophomore Girls Service organization.

You may wonder why the girls call themselves Valkyries. Well, so did L—until I ran across the story the other day. It seems that in Norse mythology, beautiful maidens who rode in battle to select fallen heroes and champion were the messengers of Odin and were called "Valkyries." The Valkyries rode through the air on horses which had clouds for manes, and the Valkyries struck sparks with their spurs. After each battle Odin would send the Valkyries out to find the dead heroes and carry their souls to Valhalla, the hall of the gloriously slain in heaven. Here the departed warriors lived, reveling in those joys which had been dearest to them on earth, fighting bloody battles by day and feasting by night, their wounds healing at once.

Theodore Nordenkampf believed that the men that had fallen in battle went to Valhalla where perhaps they were called "Valkyries." The sophomores only.

Chosen to receive the Valkyrie scholarship, Valkyries come to the front with paper drives and help sell puppies each year for the American Legion and Veterans of Foreign Wars. Last year the girls helped with Red Cross work.

Of course the girls sponsor some social life for the college. They cooperate with the Knights to have the Half and Half dance each year. In addition the girls honor their mothers with a Mother's Day tea. Also, in the spring is the Valkyrie dinner dance.

The officers for this coming year include president, Gerry Hettlinger; vice president, Carol Peterson; and secretary, Jean Ash-Inland. The position of secretary will be filled at the first meeting as Jean Ash elected last spring is not returning to B. J. C.

HOW TO WIN FRIENDS AND INFLUENCE PEOPLE

"Hello, Sugar: How's your conduct? Oh, you know me too well! I'm only trying to get you in line. You're the lucky girl I'm dating tonight! Now don't make me wait over here at the right sharp, so do the parter and get out... Now, now, you listen: I'll do the talking! And give me a kiss this time when I get a chance. You can't be growing old, can you? I'm going to take you to your mother and let her see how you are doing. I'll tell her that you are my girl and that I love you. And she'll be so glad that you are mine. And she'll give me a kiss and say, "Oh, my dear. What a lovely girl you have!"

Mrs. Adams was "sweating it out" in the heat, salt, and army with her husband Sergeant Thomas R. Adams at Wendover Field, Utah, this summer. Mrs. Adams says that she now has a liberal education on being an army wife.

To break the monotony of the salt flats, she made four more rag dolls for the collection.

Mrs. Burt spent a week in Salt Lake City and a few days camping, but spent most of the rest of her time in Boise, "just reading and around home.

Mr. Jacob Bauer taught in summer school, tracked in the wilds of Central Idaho all the way to Bellevue to get the Rockwell Library, and spent the remainder of the summer in Boise. Mr. Stcherban taught the sports and organ during summer school, but it was not available the statement on his other activities during the summer.

All together, the teachers put in busy and active summers.

I. K.'s Review History of Proud Service Record

On March 13, 1922, the Knights of the Hoop, University of Washington, under class service club became a national organization with a spirit of unity and cooperation, for the purpose of rendering all possible service, and maintaining the high traditions of the University. The name, "Knights" was chosen with great care and deliberation, such a title being selected because of the similarity between the duties of the members and the duties of the Knight of Old. During the service, service, and loyalty. In order to be a Knight it was necessary that one be primarily an outstanding student and athletic man, and his loyalty to his school and its undertakings beyond reproach. His college and what it stood for were to be always foremost in his mind. At no time was a Knight allowed to forget the dignity of his position.

Boise Junior College had its first meeting of the Knights on April 28, 1939. This was a meeting of the organizing committee. On the first of September, 1939, the board of trustees passed their approval allowing them to "remain on a Service Basis." April 1, 1940, Ernest B. Reichel was elected the first Duke of the Gold Plume society.

Before the building of the boise school, to present the war in the Great film dealing with the story of the war, and its effect on life, was the Canadian soldier learning the war story told by a young recruit, enlisted in the early days of the war. The combat with the enemy. (11 minutes.)

"BATTLE IS OUR BUSINESS:" from basic training to battle drill, see the Canadian soldier learning the war story in 18 minutes.)

"STRAEGY OF METALS:" the second part of the film deals with Canada's mineral wealth and the production of such metals as aluminum. (19 minutes.)

"WINGS OF YOUTH:" this film shows how Canada is preparing for a new future in the air. (35 minutes.)

"ON 7TH JUST NO. OF MAIN": the philosophy of the Knights as long as they remained members of the national organization. The I. K's are a national service organization promoting and fostering college spirit, in exchange and maintains friendship between several Alma Mater and other colleges conserve their respective traditions.

The first I. K.'s were called during the first school week to select the new members.

STRONG BASKETBALL SEASON INDICATED FOR BOISE JUNIOR COLLEGE

The spotlight on sports has grown brighter at B. J. C. this year as a result of the increased enrollment. In some departments there will not be much activity, but on a whole we look for some great games in all of the sports that will be played during the year. In football the spotlight is dimmest of all. We still fail to have a large enough enrollment of men students to warrant a scheduled season of eleven man football. If enough follows turn out, the sports department has high hopes of being represented by a six-man football team. Come on fellows lets put B. J. C. on the sports map.

An early basketball season is scheduled for B. J. C. as a war-time substitute for a fall season of football. The practice schedule has been set ahead and plans are being laid by the coaching staff for a complete schedule of games. Among the teams we will probably compete against are: Albion, University of Idaho Southern branch, Rick's, Gowen Field, City league, College of Idaho and Northwest Nazarene.

The Physical education department will offer instruction for both men and women in all types of sports. The charge of the W. A. A. and Mr. Delphine will be in charge of men's athletics. The sports included in the tentative schedule this year include football, basketball, volleyball, tennis, archery, badminton, ping pong, swimming and golf. The Physical Education classes are accredited courses and are compulsory for all students. These classes will give everyone a chance to participate in some sport of his own choosing.

The big news in the sports department of B. J. C. is the completion of the new tennis courts located back of the Gymnasium. These courts will open up a new field of sports on the campus. In order to have more tennis enthusiasm we have had to find other places to play, but now we have here on the campus complete facilities for tennis. The Roundup hopes to see lots of tennis racketts on the campus and keen competition among the different student organizations for the intramural championship. Three men are returning from tennis last year. In football the sport is play, but now we have here on the campus complete facilities for tennis. The Roundup hopes to see lots of tennis rackets on the campus and keen competition among the different student organizations for the intramural championship.

FIVE RETURNING SOPHOMORE MEN GREET FRESHMEN

Five sophomore men are returning to school this year. Lyle Hamilton, Dick Parker, Ross Pullum and Roland Ward. In football the sport is play, but now we have here on the campus complete facilities for tennis. The Roundup hopes to see lots of tennis rackets on the campus and keen competition among the different student organizations for the intramural championship.
