Interdisciplinary Explorations

The Idea of Nature

PUBLIC LECTURE SERIES
SPRING 2020

The Series

The goal of the series is to promote interdisciplinary inquiry about the environment and to foster dialogue across the campus and community, based on the premise that *big questions need interdisciplinary answers*.

How are conceptions of nature expressed in the sciences, literature, art, philosophy, music and other disciplines? How did ideas of nature change from 1660 to the present, a period of radical change and revolution?

These lectures are **free and open to the public** and will be followed by a reception with appetizers.

All events will be held in the **Simplot Ballroom, Boise State Student Union Building**. For information about **free parking** please email ideaofnature@boisestate.edu. Visit scholarworks.boisestate.edu/ideaofnature to view or download lectures.
