Roundup, October 16

Associated Students of Boise Junior College
Informal Dance To Be Held; Is First Date Affair of the Year

McLEOD OFFICIATES

An informal dance will be held Friday, October 18, at the Boise Junior College Auditorium. Jack McLeod, chairman of the dance, stated that the theme chosen for the dance is "Combination Dance" and is being sponsored by the Social committee. The dance will begin at 8 to 11.

Fred Griffin, music chairman, said that music will be furnished by the organists, Edith Hewitt, one of the veterans here at B. J. C.

During the intermission, a part of the program will be an exhibition of square dancing. Harry and Lois Rowe, winners of the jitterbug contest at the Mixer will be starred in a special number.

Committee members are: Jack McLeod include: Music, Fred Griffin, chairman; Bob Black, chairman; Harold Hanson, song director; Fred Black, song director; Mrs. Ada Burke, advisor; Dorothy Mathews, advisor; Dorothy Finder, Jim Lawhead, advisor; Violet Ebert, chairman, Sally McFarren, Jeff Lawhead, Bob Parker.

This dance is to be the first date affair of the year. Chairman McLeod stated that if any of the 300 women who was asked, that it would be all right for them to do the inviting.

The dance is open to all B. J. C. students and their dates. Mr. McLeod emphasized that this dance is sponsored by the social committee for the students and they are especially invited to attend. He also added that the idea of the dance is to let down your hair and have a good time.

Social COMMITTEE

Sets Calendar

Members of the social committee and representatives of various campus organizations met in the office of Mrs. Ada Burke, dean of women, last Wednesday night.

The purpose of the meeting was to plan the social activities for the coming year.

Brought under discussion were arrangements for skiting parties, hay rides and other sources for activity. The committee is striving to balance the social calendar with all types of activities, stated Mrs. Burke.

- Members of the social committee are Merle Collins, Judy Ward, Keith Edlefsen and Bud Beeterman. Miss Collins stated that the committee welcomed any suggestions for types of activities and that B. J. C. students "would enjoy through the privilege of their activity tickets."

The social calendar for the coming year is as follows:

Oct. 25—Football mid-term.

Mathews Explains Physical Exams

At the last meeting Monday, Dean Cosman explained that grades and credits might be withheld to enforce the physical examination regulations. Of the girls, only 60 percent at

The Common Student and
The Common Man

Thomas Jefferson was very reluctant to give the masses too much power in the government he helped to form. Although he is often referred to as the common man, the full extent of his political philosophy is not always clearly understood. It is hard to say whether he was more a democrat or a monarchist, but his ideas were based on the belief that the people are the ultimate source of power. Jefferson believed in the value of education and personal freedom, and he fought against the idea that the government should control every aspect of life.

In this article, the author discusses the idea of the common man and the common student. He argues that these concepts are important in understanding the democratic process and the role of education in society. The author suggests that the common man, like the common student, should be empowered to participate in the decision-making process and have a voice in the formation of policies.

The author also discusses the importance of education and personal freedom in the development of a democratic society. He argues that education is essential for the growth of an individual and for the advancement of society as a whole. The author suggests that personal freedom is necessary for the development of individuality and creativity.

In conclusion, the author emphasizes the importance of understanding the ideas of the common man and the common student. He argues that these concepts are fundamental to the success of a democratic society and that they should be taught in schools and discussed in political discourse. The author concludes that the common man and the common student are essential components of a healthy democracy, and that their voices should be heard in the decision-making process.

**EDITOR'S MAILBAG**

**MORE ABOUT FORM CLUB**

The lead editorial of last week’s issue was in response to a question about the role of the student body in the decision-making process. The editor of the student body noted that the club system is a valuable way for students to express their opinions and have a voice in the decision-making process. The editor also emphasized the importance of students being involved in the decision-making process, as it helps to ensure that the needs and concerns of the student body are taken into account.

The club system is designed to give students the opportunity to express their opinions and have a voice in the decision-making process. JOHN THE DEMIOJHN ... Get Your Date Early

By "Scampy" Taylor and Billy Klips

I called for her at seven--the butter's greeting was a bit frigid, as I hurriedly thanked, taking my last bottle of purple passion. I was admitted to the "Quazi" room, grinned on his straight-backed seat, but could not quite see lowering myself to addressing the slaves by their first names. Nervously he reached for a "s. emijo h--t" with "Trevellop's Delight" adorning the label and reluctantly poured a large charge in a flower case, I tossed it down and began pacing the floor waiting Judy's arrival. While "Quazi" slumped in his chair, Judy drew back a bloody stump on the electric bill is the soft favorite demijohn, Judy drew back a bloody stump on the electric bill is the soft favorite demijohn, the bartender entered bearing a tray and one champagne cocktail. Judy drew back a bloody stump on the electric bill is the soft favorite demijohn, the bartender entered bearing a tray and one champagne cocktail.

The aggressive wife of a monk little guy was raising the devil with him, when some friend dropped in for a visit. The little guy was sitting in a deserted silence in a corner, when his wife shouted: "And don't sit there making flotsam at me in your pocket."

"First Sailor: I would like to meet a girl who doesn't drink, smoke, pet, use make-up, or discretize in any way."  

"Second Sailor: "Why?"

"You see," said the husky voice which is indeed pleasant to hear.

Mr. and Mrs. Addison, who have been in charge of the physics laboratory work, and instructor in the right math classes. Her office is in room 216 and at the present time is residing at 1301 N. 15th street.

"You see," said the husky voice which is indeed pleasant to hear.
