Associated Students of Boise Junior College
Bronsos to Be Host to Vandals; Clash Set for Friday on JC Grid Field

BJC VS. IDAHO JR. VARSITY; KICKOFF AT 8:00 P.M.

This Friday night at 8:00 p.m., in the college stadium, the Broncos are playing the University of Idaho Junior Varsity football team. The Vandals Junior Varsity is the remainder of the 128 fellows out for football at the University. However, Harry Jacoby, Bronco mentor, stated that this does not indicate any sign of weakness on their part.

The Junior Varsity is coached by Steve Delvo who was in the same graduating class as B. J. C. assistant coach, Lou Smith. Smith stated that the team has had some recent changes due to a few players transferring or being injured. The team is expected to show a strong performance despite the absence of some key players.

A. W. Plans

Feature Assembly

First in a series of assemblies for all girls, under the sponsorship of A. W., will take place in the auditorium Oct. 30, at 11 a.m. The assembly is to be very informal and all girls are urged to attend.

In charge of the assembly is Sally McMullen, assisted by Vi Sargent and Freda Riggion. Miss. A. W. adviser, Ad Barkoe, dean of women, will represent the faculty.

A round table discussion of health, clothing, and the bringing out of talent, will be the main feature of the program. Mrs. Barkoe will speak on the necessity of girl and boy relationships.

A contest will be held between a men’s faculty quartet and a student quartet, with Bud Flesch, master of ceremonies, and Gis Hothcatt accompanying him.

In the future, a monthly assembly will be held for the girls. Watch the paper or the bulletin board for the time and date.

Blood Donors

In order to meet the increasing demand for blood to be used in supplying seriously ill patients at St. Luke’s hospital, Dr. Beeman, psychologist in the laboratory, has indicated the necessity for an increase in the hospital’s blood donor service.

Not only will this serve a blood bank, the blood donor service is in reality, a walking blood bank for the community. As one authority aptly phrased it: “The best blood bank in the world is a healthy walking donor.”

Those desiring to participate in the blood donor service are requested to call St. Luke’s laboratory, 1000 E. 5th, and arrange to have their blood typed and their Rh factor determined. The donor’s name and phone number are recorded in the laboratory, and when emergency arises, it is only necessary to call and to have his blood matched with that of the patient, which, if satisfactory, and with the consent of the donor, is drawn from him in the surgery. A local anesthetic is used, and the process is absolutely painless. The donor receives $25 for donation of 500 cc of blood, or the equivalent of nearly a pint.

Donors should be healthy adults without a previous history of venereal disease, and persons who have had malaria while in the services, or who have had blood transfusions, will not be used due to the danger of transmitting this disease. Donors under 21 years of age must have written permission from their parents before blood can be drawn.

It should be emphasized that the donor service is not a charity organization; the donors are paid for their blood unless they specify. Beeman says: “In many respects, the blood donor service fulfills a community need. Your family may need blood next time!”

Siebel Leads German Club

Twenty-five charter members of the newly organized German club met last Wednesday night, and elected Glen Siebel as president. Other officers are: Leo Leder, vice president; Jerry Lohwed, secretary; Barbara Terry, treasurer.

Plans for the coming year were formulated and a decision was made to meet once a week a day at noon. The remainder of the evening was spent playing games of German origin.

At the next meeting, recordings of German songs will be played by Dr. Robert DeNeufville who will sponsor the club.

Social Calendar

October 25—Alpha Mu Omega meeting.
October 26—Mary Hinchkinson.
October 26—Ishido J. V. dance.
November 3—Press Club dance.
November 7—Lyceum.

Monologue Artist

To Present Show

For Play-goers

When Mary Hutchinson talent of young American actors presents her program at Boise high school annual on November 12, under the auspices of BJC Drama club, the audience will see the type of entertainment in the field of dramatic monologues— "A nonstop show. Miss Eaton changes from character to character swiftly and easily without any pauses for costume changes. Yet, costumes—even who were elected last Thurs- day to head the Alpha Mu chapter of the Phi Delta Theta fraternity, are Lee Higgins was chosen as the office of president. Lee Center as vice president, Pat Liedel as secretary, and Pauline Brewster is chosen as the treasurer.

The group which sings and German (Lieder) Lieder is satisfactory, and with the consent of the donor, is drawn from him in the surgery. A local anesthetic is used, and the process is absolutely painless. The donor receives $25 for donation of 500 cc of blood, or the equivalent of nearly a pint.

The Odds Against Education are 20 to 1

Never before in history have so many owed to so few so much and failed to pay. According to a recent issue of "The Idaho Education News," two Burley high school instructors denoted their posts because they were underpaid and because they "had never seen such an old-fashioned school house, with so few equipment, and a very crowded classroom conditions."

In the same edition a story was printed that the Uni-
iversity of Idaho lost Dr. C. W. Hummer, head of the Phy-
sics department, to the Eastman Kodak company because that manufacturing company offered him a higher salary, a college fellowship, and offered the doctor an 88 per cent wage increase.

In addition to these facts the educational journal quoted state records that showed that Idaho allowed a smaller ap-
portionment to education than did any other western state. This, according to the editors, is the most remarkable fact of all. Hundreds of others available are not something we can ignore. We must do something about the situation ourselves. These conditions exist in BJC.

This week has been set aside as United Nations week which to be both political, religious and similar to that of the central govern-
ment. The opening shot is fired. The United Nations is now in a position very similar to that of the central government with which 13 colonies on the western shore of the Atlan-
tic Ocean have been operated as a nation for a few hundred years ago.

According to written opinions of any of the world leaders at that time, that nation was not frangible and had very little chance of success. Through the will of the common man in which reposed the authority of that government it grew until today we are rated among the largest and most power-
ful nation in the history of the world. With a little common sense and a lot of education and will to

Boise Junior College is most for-

their position. Miss Margaret Doyle, who has been in Boise since 1935, attended Bricliff school in Boise, Idaho, where she received her Bachelor of Science degree; and University of Colorado where she received her Master of Arts degree.

Miss Doyle came all the way from Pocatello, Idaho, and was very disappointed as she entered the city and saw all the same people. "but," she said, "I came into town and saw the whole city of Boise, it was much better." Although she is accompanied only with the engineering students here, I think Boise Junior College is very nice."

Hick Formal

"Plains for the Pross club decree. first club of its kind in the area, are being formed."

"President and chairman, Mr. Lee" said, "We have been waiting for this opportunity for the last two years."

Aside from the moral issue involved 30 million dollars is spent for liquor, cigarettes and slot machines, while only

VAKLYRIES Redeocrate
UNION LOUNGE

Plans for redecorating the club room in the Student Union were made last week by the Vaklyries. A rug and davenport will be placed up there and curtains are to be made by the girls. The card tables will be moved from the south lounge of the Union so that there will be room for dancing in the lounge. The Vaklyries plan to add four card tables to the number already being used. The girls are asking that everyone who uses these rooms keep them clean and respectable in every way possible.

The Vaklyries hayride originally scheduled for last Sunday was postponed until this Sunday. The hayride is a make-up affair for the Vaklyrie members only.

Attention Veterans!

Tomorrow evening, at 7:30 in the Student Union there will be a meeting of all interested veterans, for the purpose of organizing the veterans' club. Marshall Flaherhey, acting chairman of the organization, has announced that a constitutional committee has revised and brought to date the constitution of last year's organization. This revised constitution will be submitted for approval at tomorrow's meeting.

Other important business to be discussed during the noon hour, is the publication of the Voice, appointing committees, and enlisting a program for the remainder of the school year.

Inexperienced Northerner, Colonel, is there any cure for sneeze except whiskey? Colonel (Kentucky Varsity). Who cares!

A mixed drink is not harmful unless you drink it.

Broncs Lose Close Battle To Bengals

The Boise Junior College Broncs eleven lost a heart-breaker to the University of Idaho Southern Branch Saturday afternoon by a 7 to 0 score. The Bengals fleet-footed Negro halfback, scored the only touchdown of the game which he ran back a poor Boise punt from the 50 yard line early in the third quarter.

The Bronco machine started rolling in the second period as Don Burgener triple threat Boise high school, flipped two passes to the Bengal 15-yard line. The first was caught back on his 20 by both teams during the game. In the opening minutes Cecil Flint, Pocatello center, was carried off the field with a dislocated vertebrae. On the Boise team Winter, Boise right tackle, suffered a broken nose, Al Crossman hurt an old knee injury and Frank Blacker injured his leg in the rough play. Junior College outplayed the gate over 100 Different (made in America)

P. E. . . . and how!

Tennis Talent

Late autumn tennis matches were well on their way between Boise Junior College and Boise high school on October 17, at the Pahlow Field School. But due to unexpected showers, the matches were called off and tentative plans were made for them to be held today. Among those who are participating for BJC in the tennis matches are Howard Koppel, Glen Suebl, Pauline Brewster, Vi Elliott, Jerry Smith, Nash Barringer, Frank Cochran, Phil Bailey and Bob Hamilton.

Women at Bat

Who is the gal that played center forward for the yellow squad and made a score in the first half of the hockey game Tuesday night? She is D' 4½' tall, brown curly hair, brown eyes, 17 years old and a graduate of Meridian High. Her hobbies consist of skating, skiing, baseball and basketball. The man at her dreams looks like Clark Gable. She is none other than Delores Therell . Delores is majoring in art, and her greatest ambition is to be an interior decorator.

We send our deepest regrets to Chuck" Graham and her husband, Jack LaBane, who was killed in the crash of their twin-engine plane that went down in the ocean about 150 miles south of Hawaii.

White Stag, Gabardine Ski Pants

Wife: "Half past three." Husband: "Well, thank God, it's not me this time."
