In this issue are found two letters in the Editor's Mailbag. One was written giving the girls point of view—the other, a fellow's opinion. Evidently both speak loudly about dating; the girls say that they don't date for their own sakes. The fellows say otherwise.

It is well known to most of us that the men outnumber the women in a large figure. Also that many of the men have been widowed in the past few years, having seen all classes of people and women from all parts of the world. It is generally agreed that a woman of femininity does not possess the exotic qualities that they have been accustomed to finding in many of their international acquaintances.

It seems that the girls here at home do not possess the extreme qualities of femininity that some of the women overseas have; the pale blonde of the Scandanavian countries, to the very dusky deeply tanned type of the South Pacific. Nor do they dress the same—eth nor rectory we noted a lot of "use the homeland left behind nearly 37,000 girls abroad. But in their education in France they have been accused, rightly or wrongly, of having average intelligence, in- stead of talking baby talk to them.

I can talk their language about football and baseball. I can swim and bowl and play tennis and ice analytically. What transpires? or no sense

b'you know. I've got a date with—oh, sorry. I hope you weren't thinking I was going to night school to settle something. Some of them is doing something about it. We are going to do.

To Kill the drowsy from the usual grind this week, we give Mr. Bob White a little break from his usual chores. We shall play by play our football game against the Idaho State on Friday night. The game should be tremendous help to the Idaho State team, especially now that the players know the playing field. So, there are still a few people who have been denied, lots of extra credit. Please hope that the program they are preparing for production or the new FM station next semester will be as fine as their past.

Student of the Week

With the accent on cute femininity, we present Margaret Adams as the student of the week. Margaret's accomplished pianist, much in demand to play at various student activities. She is a sophomore balling from the neighboring me- tropolis of Meridian.

In addition to neglecting in music, she seems to be politically inclined finding time to be president of the Valkyries and vice president of the French club.

In addition to her other duties, Miss Adams also teaches piano. Fortunately, we might add, for well-informed sources have it that two of her pupils have appeared in $-

clothes. Questioned on hobby, she stated that dancing was her favor-

ite hobby to date.

Five feet, six, hair of brown worn in bangs, she may be reached by phone at—oops! (Editor's note: full names and addresses are only file.)

Basketball Season Opens December 16

First Game to Be Played Against

NCC at Nampa

With approximately 50 fellows out for the first basketball practice last Monday night at BJC, many more are looking forward to a good season. The first few practices will be devoted to the fellows warming up, and the coach looking them over as they get into the swing of things. The games have been scheduled, with a possibility of several more being added.

The Northwest Nazarene College of Nampa is the first conference game, which will be played at Nampa on Dec. 16. The experience of the UiS in the last two years, several of the fellows played during the time they were in the service, others received their experience during high school days.

Last Monday night the Heart clinched its third straight championship and became the first basketball team to be nearing the end of its second season. There's plenty of good material and we should look for a few more wins over the next few weeks.

Coach Lyle Smith would like to see more attendence out for basketball this year. Some of last year's squad have departed, but most of the rest have shown up yet. These boys gave a good showing last season and should show even better work this year. This should be one of BJC's best seasons yet. There's plenty of good material and we should pull down a lot of victories, stated Coach Smith.

Spotlight on Sports

With some 45 cowboys out, and the prospects of a very rugged schedule as the horizons sharpen, Coach Lyle Smith, former All-Northwest conference man, is busily preparing for what may come. BJC will open against Northwest Nazarene College on the 16th. Coach Smith expects to cut the squad about 25 percent.

Men not making the first team are listed below. Some 34 games are scheduled so far, including a series with our traditional basketball enemies, Northwest Nazarene College. Other noteworthy games on the agenda besides a tilt with the U of I's Vandals, who are now on their way back from a tournament in Madison Square Garden, New York.

Speedsitters out this year, including: J. R. Root, Robert, Zimmons and Lloyd of last year's team, are Barronchelos, Deatherage, Dean, Brad Brown, Lamhoned, D. Smith, J. Alexander, P. Duy, Kevin O'Hare, R. Bohm, Elwood, B. Parker, G. Zimmerman, W. Brown, and Smith.

Several others include: B. Chilhomb, H. Kendall, G. Uberanga, L. Elwood, W. Brown, S. Luther, and Girdner.
