Although this file was scanned from the highest-quality microfilm held by Boise State University, it reveals the limitations of the source microfilm. It is possible to perform a text search of much of this material; however, there are sections where the source microfilm was too faint or unreadable to allow for text scanning. DR. DE NEUVILLE ANNOUNCES PLAY

Dr. Robert De Neuville, of the language department, announced the presentation of two modern language plays to be held Friday, April 11 at 8:15 P.M. at Boise Junior College Auditorium. The plays will be given in French and German by members of the representative sections. Students will be admitted by activity ticket.

"Unter Vier Augen" (Just The Two of Us) by Ludwig Fulda is directed by Dr. De Neuville and J. Hoy Schwartz and will be the first presentation. The cast includes Melvin Demond as Herr Dr. Volkart, Carolyn Craddock as Hermine Volkart, La Verne Compton as Baron Rubert, Richard Boling as Baumann, the butler, and Opal Cole as Lotte, chambermaid. The action for this play takes place at the home of Doctor and Mrs. Volkart. The time of the play is about 1913 or before World War I.

"Les Deux Sourds" (The Two Deaf Men) by Jules Moinaux under the direction of Mrs. Camile Power and will be the 15th annual presentation (Continued on Page 6)

Faculty Members Meet At Spokane

Mr. Hildemanoser, Dean Mathews and Mr. Chatham motored to Spokane Monday to attend the Island Empire Educators Meetings which started Wednesday and which will be in session three days.

Leading educators selected from all over the United States will attend and serve as speakers.

The procedure will be to hold the morning sessions in Spokane's spacious Fox theater after which they will divide into groups having special interests and hold their afternoon meetings in the Lewis and Clark Hotel.

These meetings which are now being attended by from 200 to 4000 educators from all nearby states and the Pacific Coast, started many years ago merely as a meeting for (Continued on Page 6)

B.J.C. Receives Gowen Buildings

Two war-surplus buildings from Gowen Field are to be added to the BJC campus in the near future. One will be placed on the north lot directly north of the baseball plant, and will house the 11th-12th grade department. The other will be used for classes and offices and will sit just west of the baseball plant.

Such buildings are temporary and will be discarded when their use is no longer necessary. Placing them on the property eliminates the possibility of their being in the way of future permanent buildings.

Negotiations for these buildings began last November when President Chaffe and Mr. Potter went to Seattle for a conference with L. R. Durkee, Division Engineer of the Federal Works Agency. They succeeded in getting the needed buildings approved, but the deal was held up until two weeks later, since the army National Guard and the City of Boise had to come to an agreement on which buildings were to be declared surplus.

Most of the buildings will be done by the F.W.A., the cost to the school being limited to service connections. Dr. Chaffee and Mr. Potter chose two buildings which allowed the installations for water, heat, and electric radiation, the type of heating used in other campus buildings.

LARGEST GRAD CLASS IN HISTORY

This year's graduating class, approximately 120 students, will be the largest in BJC's history. The list, however, is not yet complete and will not be posted until the final exams are corrected.

Mrs. Horsley requests that any potential graduate see her if he is at all uncertain about his status and that he be given to every student with 90 credit hours and a grade point average of 2.0 or better. Those who have followed a definite curriculum can ask their school catalogues to receive the title "Associate of Arts."

A.S.B. OFFICERS TO BE ELECTED TUES.

Tovey, Barinaga, Athanasakos, Devlin Are Candidates

Nominations for officers of the Associated Students of Boise Junior College were made Tuesday in the special assembly held at 9 A.M. in the auditorium.

Harry Rowe, president of ASBC for 1946-47, opened the meeting by calling for nominations of nature and responsible students capable of handling the offices. The candidates must have 48 credits.

The election of the officers will be held Tuesday, April 14 in the main hall of the Administration building at 9 P.M.

Rowe declared that some of the student-body offices this coming year will necessitate much extra time, more than the present year, because of new rulings. He asked that the candidates be carefully studied for their qualifying ability and will have to use their best judgment in casting their ballot.

Candidates for the offices are:

Idaho Education Isn't Too Bad · Mr. Fisher

Editor of the U of I newspaper, Mr. Fisher wants to wager the kind we now have. He devoted nearly fifteen inches of his weekly column mulling over his past and taking a crack at the Editor of the U of I newspaper. Mr. Fisher wants to wager his typewriter that offhand this editor could not answer a few simple questions such as, "Name one first rate sociologist of the nineteenth century." Well, Mr. Fisher, perhaps the College Editor can't answer those questions of yours off hand. However, I have a typewriter to wager too. Yes, Mr. Fisher, I'll wager that it wouldn't take the College Editor long to find those answers as I understand the University has a very good library. After all, what good are libraries if we can't look up questions we can't answer off hand?

Mr. Fisher, you also stated that it was a practice of yours, when you were a college professor, to write on the blackboard a sentence and say to your class, "Copy that exactly as written," leaving out nothing and adding nothing." The sentence you gave in your column was, "In John Doe's book, Fagan and Christian Creeds, pages 237 passim, Appendix VI, and the Introduction p. 1 repeat the hypothesis of Blank, Jones, et al." Then you wagered Tom Smith a bottle of whiskey that not more than five college students in a hundred could copy this sentence without error. Well, Mr. Fisher, one of our faculty members here at BJC tried this interesting test on one of his English classes last Wednesday. Out of a class of 34, only nine missed copying your sentence correctly. The rest of the students copied it exactly. A good percentage, isn't it, Mr. Fisher?

VETERANS ATTEND FOREIGN COLLEGES ON G I BILL

Up to the present time, 300 foreign institutions have been approved by the Veterans Administration for those veterans who wish to study abroad under the provisions of the G. I. Law. The veteran must obtain on his own initiative a letter from some responsible person in the institution to which he wishes to go, stating that he will be accepted under the Serviceman's Readjustment Act. Veterans who are already enrolled in an American college under the G. I. Bill must obtain approval of the manager of the Regional Office of the Veterans Administration before a change of course can be affected. Veterans not in school under the G. I. Bill should apply for a certificate of eligibility and enrollment at the Regional Office.

Students who have received a letter of acceptance to a foreign institution, or a foreign university may be issued passports, with the option of remaining in the United States. Students who have received a letter of acceptance to a foreign institution, or a foreign university may be issued passports, with the option of remaining in the United States. A passport is obtained by filling out the appropriate form through the State Department. An applicant for a passport must appear in the local Federal building with a birth certificate, two passport photographs, the 2% and 2%, and a copy of his letter of acceptance. He must explain the purpose of his projected visit and produce a citizen's card of identifying him. Fellowships are not needed for study in Canada, Newfoundland, Mexico, Cuba or Guatemala. For the present, no passports are being issued for those wishing to study in Germany, Austria, Japan or Korea. Visas must be obtained from the legation or consulate of the country which one intends to enter.

Again, it is necessary to restate the letter of acceptance, the purpose of the great demand for shipping space to America. The State Department will not issue passports to students to go abroad on leaves of absence or leave unless return passage is guaranteed. Space is largely booked up—most ships are booked at least through June. Moreover, embassies are not usually prepared to help out in obtaining shipping space. If they will refer interested students to those lines which operate between the United States and their country.

Tourist rates range from $160.00 to $350.00, plus federal taxes. The State Department expects that more than 300 enrolls. It's will take advantage of the opportunity for foreign study during the coming year.

COACHES SCAN POSSIBILITIES

Balls sailed off the end of both this week on an inter-squad game was played with Coach Jacoby and Smith keeping their eyes peeled for the best candidates. With the coaches unable to give the players a good work-out this week because of bad weather, next week will see every baseball potentiality fighting in rough competition in an attempt to land a spot on the BJC baseball. The pitching staff hasn't as yet been rounded out but there are plenty of possibilities.

Watch this section for the schedule of the coming baseball season.
