The school recently purchased a new sound mirror for the language classes. Although it is expensive, and dramatic classes used a sound mirror last year, this year that is available for the language classes. The language teachers report that they are highly satisfied with the sound mirror as an aid to better pronunciation. Each class is also adapted from one to two half-hour reply to a soap box the sound mirror.

Les Bois Staff Is Named

Announcement was made this week by William Anna, student adviser of the editorial staff of Les Bois, of four new, 1949...

Engine Codd was appointed editor, and shares, editor with the staff are Alva Jean and Virginia Stevens, assistant, art editor; Leslie Campion, sports editor; Michael Park and Earl Brockman, photography editors, and Rose West, business manager.

All students wishing to work on the staff are invited to contact either Codd or Mr. Asen for assignments.

Mr. Ames particularly stressed the importance of having all the students portraits made as early as possible. To accomplish this, he said, a temporary studio will be set up on the college campus in the near future, and definite appointments with the photographers will be made for each student, so that there will be a minimum time of waiting and effort on the part of both the staff body and the photographers. All students will be advised of the times and dates of their appointments so that they may have their phones made at the time we have their portraits made.

Mr. Ames was enthusiastic over the prospects of the student photographers for this year. This year the student portraits are made by three professional photographers on the college staff, there will be a wide assortment of types. At the request of Mr. Thompson, the portraits will be published in the college paper.

Mr. Ames said, "I hope to welcome every student with a friendly face."

**Richter Reports**

Last weekend Coach Bill Richter traveled to Moscow to meet the University of Idaho Freshmen Football Team. The reason Coach Richter brought back to the Bronnoos hard at work this week. For Richter says this will be the strongest team we have played this year.

The U. of I. Freshmen started their season with a 27-7 win at the University of Washington Freshmen team, October 9. The game was a much better game than the one that followed. Consideration was given to the U. of I. Freshmen because of their lack of offensive tactics. They have built in practice against the varsity three and four nights a week, using defensive plays which the opponents of the varsity would use in coming week. Thus recruiting the time they needed to smooth out their own offensive system.

Coach Richter scored their second and third goals in which Idaho came out on the top of a 10-6 over the W. C. Kitos. The game was played in a cold wind which caused numerous fumbles by both teams. However, the Idaho playing was outstanding. The Idaho score came after four minutes of the second quarter when Glenn Christiansen was back, scored on a reverse from behind end. John Fregus started a 58-yard kick from behind his own goal.

Richter was very impressed with the two using Idaho lines which Coach Deutsch and the Idaho line alternated frequently during the game. Both teams are doing a great job in this regard. An Idaho player who was a standout was Ray Wittenberg of the Idaho Daily Banner. Wittenberg was a standout of the Idaho Daily Banner, and he and his fellow goalkeeper of the Idaho Daily Banner, Mike Dvorak, were outstanding. All in all as it looks if the Broncos will have a busy day Saturday.

"Who are you going to the home-

and cambi, "no one." I will have

decided whether her look was enor-

that either. In the former, it is made

not natural. In the latter, it is not made

be very smart, so it is.

I was sure that one same woman in my

Could you imagine the nerve of that
